MEMORANDUM FOR RECORD

SUBJECT: AR 15-6— Meeting Notes with MAJ (b)(3), (b)(6)

1. I conducted a meeting with MAJ (b)(3), (b)(6) , at the (b)(2)High (b)(2)High on FOB Fenty at 1400 hrs on 18 September 09 regarding the events in Ganjgal on 08 September 2009.

2. The purpose of my meeting with him was to gather information about the rotary wing aircraft planning and support for (b)(2)High on 08 September 09. MAJ (b)(3), (b)(6) stated that he was not physically present in the (b)(2)High during (b)(2)High and that no aircraft had been requested for the mission beforehand.

3. I inquired about the feasibility of the proposed (b)(2)High (b)(2)High that CPT (b)(3), (b)(6), (b)(2)High (b)(2)High mentioned during the operation briefings with the ANA, ABP, ETTs, and BMTs on 06-07 September 2009. MAJ (b)(3), (b)(6) stated that CPT (b)(3), (b)(6) timeline was incorrect and that a more realistic scenario would require a (b)(2)High approval by TF Mountain Warrior, mission brief, travel and check-in with (b)(2)High The arriving aircraft time on station would be limited by existing fuel and ordnance. The optimum timeline would most likely require (b)(2)High prior to check-in with (b)(2)High

4. MAJ (b)(3), (b)(6) also stated that (b)(2)High typically requires (b)(2)High minutes from initial notification to (b)(2)High and that for pre-planned missions requiring a faster response time, the (b)(2)High . This was not planned or scheduled for this mission.

5. The point of contact for this memorandum is the undersigned at DSN (b)(6) or (b)(3), (b)(6) @afghan.swa.army.mil.
