Summary Intelligence Report
18 March 2010

~~(S//REL TO USA, FVEY)~~: Haqqani Network (HQN) and Al Qa'ida Joint Training Camp: Late FEB (b)(3), 10 U.S.C. 130 reporting: As of late February 2010, the HQN and Al-Qa'ida jointly ran a camp near the Afghanistan-Pakistan border in Tani Khel Village, lwara, North Waziristan Agency (NWA), Federally Administered Tribal Areas (FATA), Pakistan, from which the HQN and Al-Qa'ida would stage attacks into Afghanistan. **Analyst Comment:** Past reporting has indicated HQN's desire to collaborate with other terrorist organizations to carry out attacks in Afghanistan. HQN's joint efforts with Al Qa'ida are commonplace. Although friction between these groups may be apparent at times, the overall goal of destabilizing GIRoA and pushing CF's out of Afghanistan gives the HQN and Al Qai'da a universal ground.
