**16 July 2007**

**Baghdad (MND-B)** [redacted]

**Baghdad** [redacted]

(b)(3), (b)(6)

**(BC0003) Airport Police Local Police Station:** The Team conducted Training for 6 IPs at the French Village Sub-Station covering Weapons Safety. The class covered assembly and disassembly procedures for the Glock pistol and special emphasis was placed on safety while handling the weapon. The Team met the Global Security Supervisor to discuss and share security information. The Team met with several military support units to discuss operations and training needs. The Team conducted and inspection of the BIAP Detention Facility and no problems were found. The Team continues to monitor and mentor IPs during their daily activities at the BIAP. The Team learned another BIAP IP was killed this weekend while on his way home after duty. No further details were available concerning the matter.

**(BC0008) Al Adhamiya Traffic Police Station:** The Team met the General at the Station and advised information indicated a Station Captain (assigned to the JSS) was possibly involved with insurgent activity. The Team's Military counterpart is investigating the matter and no further information was available. No Training was conducted due to the Station FTO being busy with administrative duties.

**(BC0010) Al Bayaa Local Police Station:** The Station Commander and Deputy Commander have not returned for duty at the Station. The Team observed the out-going Station Commander present but not in Command. The Team observed the Station appears to be dysfunctional due to the current situation. The Team met with the ranking officers and reminded them of their responsibilities. Team members met MOI Intelligence Officers assigned at the Station and insured they were familiar with the current situation. The Team met members of Operations and reviewed activity during the past 24 hours. Information revealed 1 murder occurred and 1 IP from Dorah Station was killed approximately 1 hour prior to the Teams arrival. Details revealed the IP was killed as he was leaving the ECP at Dorah Station and no further information was available.

**(BC0042) Al Meshahadah Local Police Station:** The Team conducted Training for 11 IPs and 1 Officer covering Reaction to Sniper Attacks. Students participated in practical exercises involving response to hand and arm signals. The Team conducted 1 Joint Patrol with 8 IPs occupying 2 vehicles and no incidents were experienced. IPs set-up 1 Hasty Checkpoint on Route Tampa and were observed alert during the operation. The Team conducted an inventory of the Arms Room and removed damaged items. The Stations Detention Facility is currently being used as an Aid Station.

**(BC0046) Al Quanat Local Police Station:** The Team met the Station Captain who advised the AOR remained quiet during the past 24 hours. The Team conducted Training for IPs covering Crime Scene Management and Procedures. Students participated in practical exercises to enhance learning. The Team conducted 1 night Joint Patrol (2130 hours) and no incidents were experienced.

**(BC0052) Al Rashidia Local Police Station:** The Team conducted Training for 8 IPs covering Police Survival. Students were attentive to the material presented and participated in practical exercises related to the topic. The Team conducted 1 Joint Patrol with 4 IPs occupying 1 vehicle and no incidents were experienced. The Team is conducting an inquiry into an issue involving 50 personnel failing to report for work (AWOL), however; they remain being paid through the Station. The Team is implementing a photo registration process for

all personnel assigned to the Station. Force Protection deficiencies continue to be an issue at the Station.

**(BC0058) Al Saliyah Local Police Station:** The Team inspected the Detention Facility and found overcrowded conditions with lack of ventilation and no air-conditioning. The observed conditions inside the Detention Facility are critical with temperatures rising over 110 degrees during the day. The request for air-coolers and exhaust fans for the jail (submitted several months ago) remains unanswered. The Team found several prisoners have body rashes and other health conditions. Information revealed members of the NP (from Rasheed District) have been attempting to obtain release of 2 detainees incarcerated at the Station. Information revealed members of the MOI NP previously attempted to extort money from the 2 detainees in exchange for not arresting them for the same crime they had already been charged with. Details revealed the 2 detainees had already been sentenced for the crime and released from custody. The Team has kept both individuals in custody at the Station since May 2007 until MOI Internal Affairs completes an investigation into the matter. The Station Commander is fully aware of the situation and is communicating with Judicial Officials and MOI Investigators concerning the issue.

**(BC0071) Al Thawra Patrol Police Station (East):** The Team met the Deputy Station Commander and discussed operations. He advised fuel is not being received and the Station is following proper procedures to obtain fuel. He further advised the lack of fuel is having a negative impact on daily patrols and generator operation. The Team conducted Training for IPs covering Suspect Search and Handcuffing Techniques. The Team inspected the Arms Room and no outstanding issues were found.

**(BC0074) Al Yarmouk Traffic Police Station:** The Team discussed the incident involving an IP being shot by a member of the IA at a nearby Checkpoint. Information revealed Captain [redacted] (Legal Affairs Officer) is awaiting official orders to begin and investigation into the incident. Captain [redacted] advised he expects to receive orders to begin the investigation soon. The Team identified the need to expedite repair for Station vehicles requiring minor repairs (tires, batteries, etc.) so as to improve daily patrols in the AOR. The Maintenance Officer advised vehicles requiring major repairs were directed to the Headquarters Repair Facility and some repairs may take up to 1 month before the vehicles could be returned.

**(BC0079) Bab al Muadam Patrol Station:** The Station Commander advised the AOR had been quiet during the past 24 hours. The Team conducted Training for 6 IPs covering Crime Scene Management/Security and Evidence Collection/Documentation. The Team conducted a Joint Patrol with IPs and visited Checkpoints with no incidents experienced. The Team conducted a Foot Patrol with IPs and IPs were observed interacting with the public in a professional manner.

**(BC0093) Hy Al Amil Local Police Station:** The Team arrived at the Station and found most Command Staff Officers not present. The Team met the Arms Room OIC who advised the Station needed 9mm ammunition.

**(BC0105) Major Crimes Unit (East):** The Team discussed operations with the Station Commander. He advised the incident involving Lieutenant [redacted] is under investigation and he remains jailed. The Team conducted Training for IPs covering ASP Baton. The FTO assisted with the Training and his performance was acceptable.

**(BC0120) Rusafa Police Directorate HQ:** The Team discussed procedures for acquiring and replacing weapons for the Logistics Section. The Team attempted to gather information

regarding a shooting incident involving IPs and CF at Adhamiyah District. The Team discussed procedures used for tracking Daily Patrols in the AOR.

**Babylon (MND-CS/S)** [redacted] (b)(3), (b)(6)

**Al Qadisiyah** [redacted] (b)(3), (b)(6)

There were no missions scheduled on this date due to a CC mandated stand down as a result of threat level.

**FOB Echo:** Colonel [redacted] (b)(6), (b)(7)(c), Chief of Al-Diwaniyah Training HQ, sent 15 IP's to Camp Echo for a Combat Life Support class. The training was approved by General [redacted] (b)(6), (b)(7)(c), of Provincial HQ. The IP's that were sent to FOB Echo for the CLS class included ten from Shamiyah FFID #BQ0035 and five from Afak Police station FFID #BQ0002. The IPA's assisted their military counter parts in training 15 IP's. After the IP's qualified in their CLS class, the military handed each IP a Medical Bag to take back to their unit.

**Babil** [redacted] (b)(3), (b)(6)

**(NP9904) Camp Charley:** Upon arrival, the Team noted there was no power within the compound. The explanation received was a valve at the main fuel tank had been left open and all the fuel had run out onto the ground. The Team inspected the fuel/generator site and verified fuel had been spilled. As a result, no entries into the BAT system could be made for the day. All ERU IP's were involved in PT training. The IP's then broke up into squads and the day's training began. The IPA Team observed Medical Training including initial assessment and transportation of wounded or injured personnel and SWAT Tactics.

**(BB0043) Babil Iskandariyah IHP Station:** On 14JUL2007 IHP received reports that the militia was planning an attack on the IP station at Jaballah. IHP responded by sending a 25-man contingent of IP's led by CPT [redacted] (b)(6), (b)(7)(c). The IHP squad arrived, spent the night and returned back to the IHP station on 15JUL2007. There was no attack. 38 new IP's from the academy have arrived at the IHP station. They are receiving in service training on the 9mm, AK-47 and PKC. They are scheduled to receive training next week on Human Rights and First Aid.

**FOB Kalsu:** The Team conducted ERU training, which included Glock operations, shooting positions, shooting fundamentals, shooting operations and range safety.

**Wasit** [redacted] (b)(3), (b)(6)

There were no missions conducted due to a shortage of military personnel.

**(BW0047) Wasit Police Academy:** Day one of the five-day Crucible Training was conducted by the team. Twenty-eight IP's from various stations in the Wasit Province were trained on Self Defense (weapons retention and take-away techniques), Check Point Operations and Vehicle searches. A presentation by Major [redacted] (b)(6), (b)(7)(c) of PHQ on Community Relations was conducted.

**Dhi Qar / Al Muthanna (PIC)** [redacted] (b)(3), (b)(6)

Several meetings were held in Camp Terendak with Al Muthanna IPS Personnel concerning logistics, PJCC, Finance, and the NIIA. Reports are attached. Meetings were also held with

the combat units concerning an upcoming desert operation. Team members prepared for another upcoming desert operation along with another key leadership engagement meeting.

**Tikrit (MND-CW)** [redacted] (b)(3), (b)(6)

**Diyala** [redacted] (b)(3), (b)(6)

**(TD0024) Diyala Provincial Police HQ:** PTT-P attended the IPS HQ Command & Staff meeting. Weekly reports were obtained from various department heads. COL [redacted], Chief of Logistics, provided a list of IP stations that have requested supplies and equipment. but have failed to pick up the items at IPS HQ. COL [redacted] continues work on the ammunition distribution list. COL [redacted], Chief of the Vehicle Department, provided an inventory and distribution list of vehicles in the District.

**(TD0109) Al Hawaidir Local Police Station:** PTT- D met with Station Commander MAJ [redacted] and LT [redacted] who reported 50 IPs on duty. MAJ [redacted] stated that he would like to have training in the future. The MAJ also stated that he needs is 2000 rounds of PKC ammo. PTT-D informed the Major that they will arrange a time for training in the following weeks to come and that he should send in a request to IPS head quarter for the ammunition.

**Salah Al Din** [redacted] (b)(6) (b)(7)(c)

**(TA0500) Tikrit Tips Academy:** PTT met with COL [redacted] and learned that the training classes are proceeding normally. The basic class lost 4 members leaving 150 in the class. COL [redacted] said that, due to a lack of ammunition, he is canceling the upcoming range date. PTT is attempting to find ammunition for this weapons familiarization class. if ammunition is located, the range will be re-scheduled. COL [redacted] was also asked about the 250-270 IP who were to be hired from the Tuz area and if any were currently at the academy. He stated that he was aware that they were hired, but none present at the academy at this time.

PTT spoke to MAJ [redacted] of the Samara National Police who confirmed that the recruits have not received pay. The Major contacted a GEN [redacted] at the MOI. According to the Major, the GEN claimed he had no knowledge of these National Police being hired or needing to be added to payroll. MAJ [redacted] also said there were 385 National Police recruits from Samara who were hired at the same time being trained at the academy in Sulaymaniyah. Those recruits have been paid and are experiencing no problems.

**(TA0139) Salah Al Din ERU 1:** Operations were conducted in Bayji and Al Sherquat. Twenty-three insurgents were arrested in Al Sherquat on information developed by the IP. Check points, raids and enforcement of curfew were conducted in Bayji. (TA0140) Salah Al Din ERU 2 and (TA0141) Salah Al Din ERU 3 reported the same operational information.

**(TA0100) Tikrit Emergency Patrol:** PTT went to FOB Danger to conduct training for 13 IPs from Tikrit 911. 1LT [redacted] taught the Internal Affairs class; he taught effectively and already knew the subject matter. CF component purchased items for some of the other IP stations.

**Camp Bernstein (Tuz):** Iraqi police instructors gave power point instruction in Iraqi Law and Police Ethics to 15 new IP students. Instructors were able to explain the meaning of the information and assured the students understood the information given. This is the start of our sixth training cycle and with each cycle the instructors seem more confident to teach.

**(TA0073) Kalat:** There were 19 IP present for duty including 7 Officers and 12 Patrolman. Classes were given in the areas of vehicle stops and search. PTT went on a patrol with the IP through the local area of responsibility. The IP responded well to training and they appear to be highly motivated.

**(TA0050) As Saniyah Police Station:** There were 18 IP present at the station, mostly from Bayji. PTT met with the CPT in charge of the IP and instructed him on schedule establishment for all the IP. It was determined that as there were numerous IP from both Bayji and Saniyah that each group would work with.

The Team provided training on the topic of Check points. PTT instructed the IP on how to set up a regular check point and how to search vehicles. PTT then instructed how to set up different types of check points to include temporary and sudden check points. Each type was discussed and the advantages and disadvantages were discussed. PTT also conducted a class on the Glock pistol. The IP were instructed on firearms safety, care, maintenance, cleaning, oiling, disassembly and reassembly. This class primarily focused on the 9 new IP that had recently repoted for duty from the two week academy at Bayji.

**Mosul (MND-N)** [redacted] (b)(3), (b)(6)

**Ninewah** [redacted] (b)(3), (b)(6)

**(MN0201) Ninewah SWAT:** PTT met with SF regarding opening a Provincial SWAT academy. The academy in most likelihood would not be finished until the spring of 2008. The academy would serve to train IP in the province in tactical operations. This operation would have PTT instructors which would provide a training curriculum that is relative to all aspects of tactical operations in Iraq. A separate operational unit would be housed on the compound maintaining mission readiness to respond to target packages for SF. Also discussed was an upcoming mission which SF requested Ninewah SWAT participation.

**(MN0222) Rabiyah DHQ:** PTT traveled to Rabiyah DHQ to check on the preparations for the delivery of a bulk fuel tank. The IP have accomplished the tasks assigned by the PTT and have the site prepared. PTT is coordinating the delivery and placement of the tank. The bulk fuel tank was delivered and is now in place.

**(MN0144) Rabiyah:** PTT traveled to Rabiyah LPS and conducted two training sessions; which included a course on Checkpoint Operations and Vehicle Searches. The IP demonstrated an excellent level of understanding and the ability to apply their knowledge.

**(MN0134) Abu Maria:** PTT spoke to LT [redacted] and was advised the following: Two off duty IP were attacked on 14Jul07. The IP attacked are believed to be from Tall Afar area. One IP was KIA, the second IP was WIA. The incident was investigated by the IA. Abu Maria IP also responded. Three AIF were engaged in a firefight, and pursued to a home in the area. Two AIF were apprehended, the third AIF was able to escape. The two captured AIF are in the custody of the IA. LT [redacted] arrived at LPS while PTT was conducting classes. LT [redacted] advised he continues to submit requests to DHQ for ammunition, vehicle repairs and other equipment. DHQ has not provided any items that were requested. PTT advised LT [redacted] to continue to send out requests to DHQ. PTT conducted a class on cultural differences and the responsibility of the IP to protect the rights of all Iraqi's. There were eight IP in attendance. (b)(6), (b)(7)(c)

**(MN0140) Checkpoint Company:** PTT went to the Checkpoint Company Station for the purpose of conducting a station visit. PTT met with the officer in charge and spoke with him about the station's current operations. The officer in charge advised the PTT that two IEDs

were detonated in the area of the Al Shahydin Checkpoint. According to the officer in charge, one IED was detonated on a vehicle carrying Iraqi civilians and the other on a CF convoy. One Iraqi civilian was killed and two were injured as a result of the IED attack.

The IP noted the lack of ammunition at the station. The PTT spoke with the IP about positively identifying targets before engaging the threat in an effort to conserve ammunition and maintain a safe environment for the citizens in the area. The IP also noted a lack of power at the checkpoints as well as a lack of water. PTT advised they would assist the IP in finding a solution for these problems. PTT conducted handgun handling training with 10 IP during this visit. PTT also met with the training officer to discuss the recent training that has been conducted at the station.

**(MN0962) Al Salaam:** PTT is on an overnight mission in the City of Tall Afar. No information is available for reports at this time.

**At Tamim** (b)(3), (b)(6)

No station visits were conducted on this date.

**Irbil** (b)(3), (b)(6)

**(M10079) Irbil Traffic Police Highway Patrol:** PTT noted a new asphalt driveway was being constructed and additional construction on the facility was in progress. PTT then met with the station chief, newly promoted Col. [redacted], who had been transferred from his position at the Irbil Traffic Police Training Academy. The PTT and Col. [redacted] discussed ways in which it would be possible to increase public safety and the effectiveness of the Traffic Police, in the areas of police training, public education, equipment, and development of the infrastructure. In particular, Col. [redacted] advised he felt one of the most pressing problems was the lack of clear and visible directional signs and roadway markings, particularly in the downtown area, as the streets in this area are heavily used and have restricted width and appears to be in poor condition. He stated he was sure many of the traffic related deaths that occurred in the city could be attributed to the confusion. Col. [redacted] further advised that he would like a traffic speed indicating device, so he could assign a dedicated team to run a moving checkpoint around the region.

**(MI0606) Crime Lab Station:** PTT continues to work on a list of products available form Sirchie Fingerprint Laboratories for the Irbil Crime Lab. PTT is gathering product details and pricing information to format the list for the ROKA ISF Cell, who will purchase the products. The list is quite extensive and time consuming due to the detailed instructions and product descriptions needed to get approval for the purchase. PTT will continue to develop this list over the next week. Meetings with local vendors must also be arranged to purchase some products from the local economy. The Crime Lab is currently working with local wood and metal workers to get three bid proposals for the construction of the workspace inside of the mobile crime van. Once these estimates are complete, PTT will turn them over to the ROKA ISF Cell for approval.

**(MI0065) Shaqlawa District Headquarters:** PTT traveled to Shaqlawa District Headquarters and met with LT [redacted]. MAJ [redacted], District Director of Police was attending a staff meeting in Irbil. LT [redacted] was also present during the meeting. LT [redacted] advised the PTT the district has ten stations and fifteen investigators who hold the rank of LT. They also have twelve other LT and Commissioners who have been trained and considered qualified to conduct investigation. They are assigned to the stations by MAJ [redacted]. Major criminal matters are referred to the Crime Combat Unit from Irbil with assistance from the Irbil Crime Lab for the collection and preservation of evidence. Currently

there are three completed investigations pending review of the judge. MAJ [redacted] advised they have investigated 72 cases this year. Most of the cases are Traffic Accidents and neighbor/family disputes. All the cases have been completed to date with none at present pending further investigation. He further advised the district on average will only have one or two major criminal matters a year that are investigated by the Crime Combat Unit. Lastly, He advised the District previously had its own Crime Combat Unit but the personnel were reassigned to the Irbil Unit due to the lack of case load. LT [redacted] advised pending the approval of MAJ [redacted] and MG [redacted] they would have IP attending advance criminal investigation courses that became available in Irbil.

**(MI0001) Irbil Provincial Police HQ:** PTT met with PDOP to get information about the possibility of a River Patrol Police unit. PDOP advised they presently have no boats or other equipment necessary to start a River Patrol unit. He advised he thinks there is a need for more than one unit because of the distances between the areas where the units would be needed. He advised there are many deaths each year on the river near Soran and the need for rescue units are needed. Another area is west of Irbil near Khabat where the Kalak River runs through. PTT requested a letter from PDOP to transport a Nissan patrol vehicle recently issued to the IPT assigned to the Irbil PTT. He advised the letter would have to be issued by the MOI.

## Sulaymaniyah

**(No FFID) Assaish Check Point Dukon:** PTT met with Assaish check point IP at the Dukon check point. PTT instructed two, two hours classes on officer interview stance and first aid. This schedule is necessary due to the officers working two hour shifts. The check point was extremely busy. The IP manning the check point are over worked and not working as efficiently as they should due to heat and exhaustion. PTT met with Persh Merga MAJ [redacted] concerning force protection training for Camp Fumandy. The Persh Merga has 90 new Persh Merga who need tactical rifle range training and are asking for PTT assistance in training them.

**(TS0010) Sulay Traffic PHQ:** PTT met with [redacted] the Director of Asayesh Police and discussed his participation in the upcoming Investigators Class. The class will begin on the (withheld). [redacted] advised he was prepared to send twenty to thirty IP to the class. PTT also advised him the Motor Cycle Course would begin in (withheld) and the Security Class he requested is scheduled for (withheld). [redacted] informed the PTT he just received information of a terrorist group by the name of [redacted] who allegedly attacked the Border Patrol near a town called Mariwan. The attack killed five Border Patrol officers.

PTT traveled to the Emergency Police HQ and met with COL [redacted]. PTT advised COL [redacted] of the upcoming Motorcycle Course. COL [redacted] advised this was a great idea and he is willing to send twenty officers for the course. COL [redacted] also stated this will give him time to gather twenty motorcycles for the course. COL [redacted] also expressed he would like to have a First Responders class for his officers.

**(TS0034) Dukon DHQ:** PTT conducted crimes scene scenarios and had the students approach and develop each crime scene. The students were evaluated and critiqued on their performance.

**(TS0010) Sulaymaniyah Traffic HQ:** PTT met with COL [redacted] in reference to the Police Advocate board. The COL was advised that this board will meet on (date withheld). He was advised the board will deal directly with the MOJ for the problems of the

IP. Members of the board will consist of: PTT, Traffic IP, IP and a member of the MOI. COL [redacted] advised he and GEN [redacted] will be present.

**(TS0008) Sulaymaniyah PHQ:** PTT was advised that PDOP [redacted] had been in Irbil and had spoken to CF about setting up a radio network for all of Kurdistan and its surrounding areas. PTT was not aware of this meeting and will try to find out the full nature of the meeting at a later date and time. PTT advised computers promised to Sulaymaniyah are currently in transit to Iraq, and a distribution list for them should be coming out in the near future. PDOP Jamal was also advised that PTT is currently working on trying to find a route for weapons and ammunition for Sulaymaniyah.

PTT met with a third contractor for the Vehicle Maintenance Facility and a third bid will be submitted in the near future. PTT will submit all three bids to CF. PTT worked on developing visual training aides in preparation for the next Traffic Accident Investigations course, scheduled to begin (date withheld). This is being accomplished through taking photographs of various tire marks found on the roadway to compile a power point presentation to coincide with the various lectures given during the course. If possible PTT will obtain photographs of actual accident scenes, evidence of such found on the roadway and photos of damage to vehicles as a result of collisions.

PTT learned it would have to obtain the photographs through their own initiatives; the pictures are not currently available through the traffic IP. These training aides will ultimately be provided to the traffic police, to assist in their own internal investigations course to be taught in the future. PTT met with GEN [redacted] and GEN [redacted] in reference to the Police Advocate board. The Commanders were advised this board will meet on the (date withheld) at 0830. GEN [redacted] and GEN [redacted] accepted the invitation to be present. Both Commanders advised this is what is needed to get all security forces to work together.

**(No FFID) Peshmerga HQ:** PTT attempted to meet with [redacted] of the Peshmerga. PTT was advised that he could not have a meeting today.
