Baghdad (MND-B) [redacted]

Baghdad [redacted]

(b)(3), (b)(6), (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: The Team monitored the morning Guard Mount and observed IPs receiving their duty assignments. The Team met Global Security personnel and the IP Command Staff to discuss operations and security information. No Training is conducted on Fridays and Saturdays at the BIAP per request of the IP Station Commander. The BIAP security profile has increased and more personnel are required for additional posts. The Team continues observing the performance of IPs and provides mentoring as necessary. IPs are not allowed to carry their issued firearms at the BIAP and officer safety is routinely stressed by the Team. The Team conducts daily inspections of the Detention Facility to insure IP attendants are maintaining professionalism.

(BC0008) Al Adhamiya Traffic Police Station: The Team met the Station General and discussed Station operations. No Training was conducted due to Station FTO being off duty.

(BC0011) Al Dorah Local Police Station: The Team conducted Training for 13 IPs covering Reaction to Ambush. The presentation covered reaction to attacks on the Station by rockets and mortars. IED familiarization information was covered using hands on examples provided by the Team's Military counterpart. Picture examples were displayed of roadside bomb placements. Students were very attentive to the material presented and actively participated in classroom discussions. The students requested Training covering procedures for searching building.

(BC0012) Al Dorah Patrol Police Station (West): The Team received information from a Station IP regarding a suspicious vehicle that was possibly a VBIED threat, and residence near the Station. The Team investigated the matter with 5IPs and nothing of significance was located. The IPs were observed to be professional and showed respect for property being searched during the operation.

(BC0018) Al Jazaaer Local Police Station: The Team met the Station Commander and discussed Station operations. He advised the AOR remained quiet since the Teams last visit. He further advised IPs recovered parts of the RPG that was previously fired at the Team on the date of 18 July 2007. The material was turned-over to the Military. IPs recovered a UXO delivered same to the Station. The ordinance was delivered to the Iraqi EOD for disposal. The Team conducted Training for 7 IPs covering Police Survival Techniques.

(BC0021) Al Kadhimaya Local Police Station: The Team traveled to Camp Justice in and attempt to correct a communications problem with the Military vehicle. The Team was unable to correct the problem and RTB without incident.

(BC0026) Al Karamah Local Police Station: The Team met the Station Captain and conducted Training for IPs covering Police Survival Techniques. The Team conducted 1 Joint Patrol with 4 IPs and no incidents were experienced.

(BC0033) Al Karkh Patrol Police Station (West): The Team found that numerous Station vehicles remain sidelined due to the engines being damaged from bad fuel. 10 vehicles have remained at maintenance for over four months and are still not repaired. Some of the vehicles require transmission work. The Team learned 1 AK-47 was reported missing by an

IP during the visit and it remains unknown if the weapon was lost or stolen. The Station Commander ordered an immediate investigation into the matter. The Team will follow-up on the matter and report the findings in a future report.

(BC0042) Al Meshahadah Local Police Station: The Team conducted Training for 9 IPs and 1 Officer covering IED response and security. Students were attentive to material presented and actively participated in classroom discussions. Additional Training was provided covering Weapons Maintenance for PKC weapons. The Team conducted 1 Joint Patrol and recovered the body of a victim electrocuted as result of an accident. The Team inspected the Arms Room and identified weapons in need of repair. CF arrested and transported 1 IP to the Station for questioning. No further details were available concerning the matter. Information revealed the Station received SAF prior to the Teams arrival and no injuries were sustained.

(BC0052) Al Rashidia Local Police Station: The Team conducted Training for 12 IPs covering Vehicle Search Techniques. Students participated in practical demonstrations to demonstrate proficiency. The Team conducted 1 Joint Patrol with 3 IPs occupying 1 vehicle and no incidents were experienced. Information revealed 10 IPs were documented unauthorized absence for the day and 1 new recruit was fired for being AWOL. The PTT delivered sixty AK-47 magazines on this visit. The Team inspected the Arms Room and found 3 AK-47s missing from inventory. The Team discovered an unexplained roll of copper wire in the Arms Room. The Team delivered and additional 60 AK-47 rifle magazines for the Stations use. Information revealed only 2 IP vehicles were allowed to obtain fuel this date.

(BC0081) Bab al Sheikh Local Police Station: The Station Commander reported the AOR was quiet during the past 24 hours. Information revealed there were 3 Officers and 64 IPs scheduled for the duty shift this date. Further information indicated there were 6 mounted patrols and 5 unmounted patrols scheduled this date. The Team conducted 1 Joint Patrol with 2 IPs and no incidents were experienced. The Station Commander provided information that General [redacted] transferred 16 of the Stations IPs to other Stations due to personnel shortages being experienced. (b)(6), (b)(7)(c)

(BC0104) Major Crimes Unit (West): The Team met Colonel [redacted] and discussed the construction for several new buildings on the property. (b)(6), (b)(7)(c)

(BC0105) Major Crimes Unit (East): The Team inspected the Detention Facility and found 188 detainees incarcerated. The Team found that concerns previously brought to light concerning shortcomings at the Detention Facility are being addressed. The Team continues monitoring Detention Facility numbers and names for accountability. The Team observed other issues previously addressed with the Command Staff have been acted on (clearing barrels, holsters/slings for weapons and safety signs posted). The Team met the Station Lieutenant and thanked him for the progress being made.

Babylon (MND-CS/S) [redacted] (b)(3), (b)(6)

Al Qadisiyah [redacted] (b)(3), (b)(6)

FOB Echo: Training is on hold until 22July2007.

Babil [redacted] (b)(3), (b)(6)

(BB0043) Babil Iskandariyah IHP Station: IHP reported to PTT, that the eight IP's kidnapped from Iskandariyah were found murdered last night around 22:00 hrs, in the town

of Mahawil. PTT asked IHP if they had any information about the mortar attack on a convoy last night at checkpoint 15 and noted IHP did not have any information.

FOB Kalsu: The ERU students had a down day to perform maintenance. IPA's provided meals and supervision to students.

Wasit (b)(3), (b)(6)

FOB DELTA: The Team conducted preparations for two day investigations class to start 23July2007.

Dhi Qar / Al Muthanna (PIC) (b)(3), (b)(6)

PIC members attended a SSR meeting with Coalition Forces who passed on intelligence information to team members and discussed daily operations to the team. PIC members attended a patrol briefing with the Australian Military this morning. Discussion involved the PIC Teams future training goals and movement requests into the Al Muthanna Province. Team members met with the Australian Mitt concerning the scheduling of IPS meetings.

PIC members will continue to perform T3 (Train the Trainer) in the near future for the Al Muthanna Police Academy. Team members will be conducting an assessment of the Academy in the near future to help facilitate this training. PIC members are planning follow up meetings with the Dhi Qar PJCC Commander, Lt. Col. (b)(6), (b)(7)(c), to evaluate the security planning process in accordance with the NCC. Team members are awaiting notification from the MOI Badging Team in Baghdad to secure an availability date for the arrival of the MOI Badging Team to Dhi Qar. Meetings with the Dhi Qar financial officer are planned for the upcoming week in Camp Terendak. PIC members will continue to assess and distribute logistical MTOE (Military Table of Equipment) to help facilitate equipment distributed to the IPS (Iraqi Police Service) of both provinces. PIC members will be attending the provincial Security Council meeting in the Al Muthanna and Dhi Qar Province. PIC members also continue to prepare for table top exercises for the Al Muthanna PJCC Commander.

Tikrit (MND-CW) (b)(3), (b)(6)

Diyala (b)(3), (b)(6)

(TD0024) Diyala Provincial Police HQ: PTT-P visited IPS HQ today and a spoke with CPT (b)(6), (b)(7)(c) of Logistics, CPT (b)(6), (b)(7)(c) advised he was finishing up the MOI clothing allocation. He is checking on the number of stations that have already picked up their allocation. CPT (b)(6), (b)(7)(c) also advised that the Logistic office was working with the district stations, requesting that the stations examine their records and inventories to try and get a better accounting of district stations equipment inventory. COL (b)(6), (b)(7)(c), Chief of Logistics, sent out a memorandum last week to the district station addressing these logistical issues that needed attention.

PTT-P traveled to IPS HQ and met with the PDOP and members of the MOI Team that had arrived overnight. The purpose of the MOI visit is to check IP hiring packets that are normally submitted, to acquire hiring orders from MOI. The team arrived in Baqubah to hurry the process, since approximately 90% of all IP in Diyala Province do not have hiring orders from MOI. Once the packets are checked, they will be digitally scanned and brought to Baghdad when the MOI Team returns.

(TD0032) Kanan Local Police Station: PTT-D traveled to Kanan LPS and met with CPT (b)(6), (b)(7)(c) who advised that 31 IP were on duty and nine of those were manning a check point.

CPT [redacted] also stated that they were able to fuel all of their vehicles. PTT trained 12 IP on shooting positions and building clearing techniques.

(TD0006) Muqdadiya District Police HQ: PTT traveled to Muqdadiya Headquarters, COL [redacted] advised there were no IP to train as there were 150 IP working. COL [redacted] has requested ammunition and more magazines for his IP. Each IP is issued 1 magazine, which is not enough to sustain in a fire fight. [redacted] stated this has been an ongoing issue that has not been resolved. There was also a complaint of CPT [redacted], SWAT team commander, being corrupt and causing problems for all IP in the area. COL [redacted] states that [redacted] tactics has turned the community against the IP. COL [redacted] was advised on the proper procedure to handle the matter. COL [redacted] fears what may happen to him if he fires [redacted]. COL [redacted] advised that check point 331 has been under attack by sniper fire and this has caused a shut down of the check point. PTT team traveled to this location and met with the on site IP.

(No FFID#) Abu Saida Local Police Station: PTT team traveled to Abu Sayda DHQ. There were 20 IP working at the station. PTT team trained 12 IP on weapons retention

(TD0600) Zaherat Local Police Station: PTT team spoke with the Chief. The station has 93 total IP with 4 investigators; of which, 2 have been IP for more than 13yrs. In the last 30 days they have taken 11 reports with no arrests. PTT found that when an arrest is made, the subject is taken to Abu Sayda DHQ Jail and goes before one of their judges. PTT also found that if a case is not solved within 90 days, the report is then sent to Baqubah. Four IP from Zaherat LPS will be attending the Scorpion Academy.

Salah Al Din

(TA0034) Musafi ESU: (TRA Level 3) PTT conducted a station visit at the Musafi-ESU unit. The station was manned by approximately twelve ESU members and LT [redacted]. The Musafi-ESU has approximately fifty members on the ESU squad. The station was clean and the one vehicle that is in working order was in good shape. The other vehicles were looked over and inspected by the PTT members and possibly try to piece together one vehicle from three disabled ones.

LT [redacted] shared a video from a raid that occurred on July 17, 2007 in the Saniyah and surrounding areas that was responsible for thirty-nine arrests. The video was very impressive showing forty two vehicles involved in the operation.

The PTT then conducted training on vehicle searches and checkpoint operations with members of the ESU squad.

(TA0050) As Saniyah Police Station: (TRA Level 3) PTT instructed a class on Check points. The IP were instructed how to set up a regular check point, how to search vehicles and how to have the passengers exit the vehicle. The Team also addressed how to search the occupants and that they should have the driver of the vehicle leave the vehicle keys on the roof and open all vehicle doors to include the trunk and hood.

(TA0077) Salah Al Din IHP HQ: (TRA Level 3) PTT conducted a station visit and spoke with MAJ [redacted], he advised that he needed more vehicles so that the IP could resume patrols. IHP currently only has two vehicles. PTT spoke with and advised MAJ [redacted] on the concept of community policing. MAJ [redacted] also advised PTT that the insurgents were using the river for movement instead of the roadways and the IP had no way to patrol the river.

(TA0084) Samarra District HQ: (TRA Level 3) PTT met with LTC [redacted] who stated that he has three computers that are not working nor is he able to access the Internet with the one that was setup over 2 weeks ago to do this. The Team offered assistance in the matter. PTT also brought up the fact that CF wanted to train the IP at FOB 7, but he stated that they are still waiting for orders to move the IP to Tikrit as that is where GEN [redacted] wanted them to be sent. PTT explained that PTT still need to go to FOB 7 to do an assessment in case the training is conducted there instead of Tikrit. [redacted] stated that GEN [redacted] has the list of IP that are going to be sent off to be trained. PTT also met with WO [redacted] who stated that they need tools in order to repair the vehicles at the motor pool. WO [redacted] stated that he would provide a list of the tools that they need.

(TA0100) Tikrit Emergency Patrol: (TRA Level 3) PTT completed the PSMR routine questions through the Logistics Officer. Except for the need of training and patrol ammo, the station has enough working equipment for its Officers. The COL advised he will be removed from his Office in the next few days and transferred to work in the Juvenile facility. The Team is awaiting for the paperwork from the three contracting companies to finish their bid proposals to start repairing the building and secure the perimeter of the station.

Camp Bernstein (Tuz): PTT had an online ISF briefing on the FOB today. PTT discussed issues and concerns about our area and operations.

Mosul (MND-N) [redacted]

Ninewah [redacted]

(MN0020) Hassenqoi: There is no information available for the Hassenqoi DSR. PTT is on an overnight mission at Tall Afar DHQ.

(MN0076) Tall Afar DHQ: PTT met with LTC [redacted] in reference to logistics. PTT met with LTC [redacted]. PTT requested that LTC [redacted] make a list of IP that received a Glock 9mm from the last supply distribution. LTC [redacted] printed the list off from his computer and delivered the list to PTT. PTT also requested that LTC [redacted] make arrangements for Al Mumi LPS to receive a tent. LTC [redacted] advised he would make the proper arrangements with BG [redacted].

BG [redacted] arrived at Tall Afar DHQ and met with PTT. PTT inquired if the murder suspect involved in the shooting of a female in Tall Afar had been arrested. BG [redacted] advised the IP had conducted several raids on the suspect's home but have been unable to locate the suspect. BG [redacted] also advised that he had met with the two families involved and negotiated with them to end further violence between the two families.

PTT advised BG [redacted] that the information was needed for the two IP that were killed last week so martyr payments could be made to their families. BG [redacted] advised he would have all the information tomorrow. PTT then discussed training issues with BG [redacted]. PTT advised [redacted] at an earlier date, he would have to select ten officers for training at FOB Sykes. BG [redacted] delivered a list of eleven officers to be trained at FOB Sykes today. PTT also advised BG [redacted] he would have to send 150 IP to Mosul to the basic police academy. BG [redacted] advised he would start to select the IP for training. PTT also advised BG [redacted] to select five more officers for train the trainer training in Mosul. BG [redacted] advised he would select five officers and have the names tomorrow.

BG [redacted] then advised PTT he was awaiting an order from Mosul to move COL [redacted] from Bi'aj DHQ to Sinjar DHQ and send Col [redacted] to take command of Bi'aj DHQ along with 100 Sunni IP. BG [redacted] also advised that a small weapons cache had been found in

the Hassenqoi area. BG [redacted] turned over nine blasting caps and approximately four ounces of home made explosives to the PTT. PTT then turned over the explosives to EOD for disposal.

(MN0204) Al Tahadi: PTT traveled to Al Tahadi LPS, for the purpose of a station visit and training IP. PTT arrived at LPS and met with LTC [redacted], informed PTT of a raid that was done this morning by CF IA and IP. LTC informed PTT that the raid was conducted in the Mathany, Hassanqoi and Saria area. LTC stated there were four subjects detained during this raid by IP and possibly more detained by IA. LTC said there has not been any other significant activity in the area.

PTT trained nine IP in weapons handling. The IP training officer SGT [redacted] was present and involved in the training. PTT recommended to the training officer to put on more in-service type training for the IP.

(MN0209) Al Aladaya Avgani: PTT traveled to Avgani and met with CPT [redacted]. CPT stated an IP from the station was walking in the market area yesterday and AIF threw a hand grenade injuring three people and the IP. There are two subjects in custody at this time pending the investigation. They are being held at the Bughah detention facility. PTT and CF spoke to an anonymous subject concerning intelligence information within the Avgani area. The information obtained will be sent up the chain of command. PTT gained forced entry to the arms room. Several times the team has visited the station and the IP with keys to the arms room is never present. There was one AK47 rifle and one Glock Pistol in the Armory. Several empty ammo boxes were being used to store vests and helmets. The CPT also mentioned that each station should be receiving an amount of 1,500,000 Iraqi Dinar each month for Budgeting purposes, but they have not received this amount in ten months. PTT informed the CPT this amount was not noted or known at this time, but would look into the matter.

(MN0215) Mosul Al Gadeda LPS: PTT met with COL [redacted] who returned to duty today after being shot on 26JUN07 during an AIF ambush on a local road in Mosul. MAJ [redacted] was with COL [redacted] and MAJ [redacted] was still recovering from his injuries. COL [redacted] reported yesterday two dead bodies were brought to the station and one dead body was brought to the station on this date. All three victims were unidentified. COL [redacted] reported the IP have been conducting two TCP and two mounted patrols each day. COL [redacted] advised IP have been doing joint patrols with other LPS. COL [redacted] stated he was concerned with a plan from NPHQ to combine his station with Yarmook station. COL [redacted] informed PTT his station would not have the necessary facilities or equipment for the additional IP. COL [redacted] stated he was buying kerosene with his own money for the generator to power the station.

PTT spoke to COL [redacted] about sending an officer to the training officer school. COL [redacted] selected IP [redacted] to attend the training officer school. PTT was informed that IP [redacted] has attended MPSA. COL [redacted] stated he has not received any orders from NPHQ regarding the training officer school.

COL [redacted] advised he received the fifteen liters of fuel for the IP vehicles but he needs kerosene for the station generator. COL [redacted] further advised his station has a shortage of ammunition. The station received 1000 rounds of AK-47 ammo and 450 rounds of BKC ammo. PTT mentored COL [redacted] on the positive effects of foot patrols and having the IP contacting the citizens in the neighborhoods to help foster a positive relationship.

(MN0923) Al Yarmook: PTT met with CPT [redacted] who stated last week an IP from Anti-Crime, [redacted], reported an IED factory next to his house in the

Subabloon neighborhood. The IP and the IA, assisted by CF, raided the house and found sixteen tons of explosives, large amounts of chemicals, ignition devices, and functional IEDs. No arrests were made, but the house was completely destroyed along with the explosives. CPT [redacted] also received a tip from a civilian about insurgents making VBIEDs with three cars and a tanker truck in his jurisdiction.

The water main in front of the facility has not been repaired and the electricity has yet to be updated. The station will be moving because LTC [redacted] and the 5th ERB are relocating there. The station may be moving to the Al Jadita station until another building is found.

At Tamim [redacted]

(TT0022) Meghdad LPS: (TRA Level 2) PTT checked on electrical cable from the generator located at the vehicle Maintenance Shop to Meghdad Police Station. The Cable was already installed but needed to be buried. PTT checked the holding cell and there were eighteen inmates including a thirteen year old male that was arrested for violating a Judge Order, no medical issues. PTT also met with 1st LT [redacted] regarding the traffic incident that occurred on 19JUL07 when a Patrol vehicle struck a pedestrian. According to LT [redacted], the victim is back at home and did not want to file a complaint. PTT observed the change of shift inspection and briefing conducted by 1st SGT [redacted]. PTT spoke with Investigator SGT [redacted] regarding the thirteen year old juvenile in jail. He stated that the Judge has received the case and will make his decision sometime today. The juvenile will be released along with those who were arrested for violating the Judge's order regarding Livestock and selling fuel inside the City.

(TT0613) Multaka LPS: (TRA Level 3) PTT traveled to the Multaka Police Station and spoke with LTC [redacted] who was the OIC. PTT discussed the Night Guard with LTC [redacted]. He advised that Abu Saif will be supervising the Night Guard and that he will be hiring another 350 members. The Night Guard will be working out of the Mayors Cell and not from the IP station.

PTT inquired on the status of the Station Training Officer program. PTT was advised that LT [redacted] was going to change to a 24 on 24 off schedule. PTT strongly suggested that LT [redacted] be allow to work the Administrative schedule which would allow him to work during the day. PTT also advised LTC [redacted] that LT [redacted] will be required to return to the Kirkuk Police Academy once a month for training material, updates and program scheduling. PTT issued two weeks of pay to the IRD workers while at the station. PTT left the Multaka station and proceeded to review the area check points. Check point number seven located on Minneapolis towards Mosul was found manned with five members of the Night Guard and three IP. It was learned that the Night Guard members are only allowed to carry a weapon while at the check point and that they only have authority at the check point. Searches were limited to every other vehicle during certain hours of the day. A set schedule was given to them listing the dates and times of when to search vehicles.

Checkpoint six also located on Minneapolis was manned and the SGT in charge did an excellent job with the pass on book for the next shift. Names, dates, times and the messages were clear and organized. It was also noted that they too had a set schedule of dates and times as to when vehicle searches would be conducted. PTT will speak with COL [redacted] about the searching of vehicles and the patterns that would be easy for terrorist to recognize.

Other check points were reviewed however the number three check point raised concern over the Officer's comments. This CP is located east of the traffic circle on Denny and is made up of all IP. The pass on book was not well organized put it appeared that an effort

was being made to keep things up to date. During the conversation, the IP mentioned that they have recently been approached by men sent by [redacted] (b)(6), (b)(6)(c). This action took place because the IP were advised not to search vehicles at the check point by [redacted] (b)(6), (b)(6)(c) and apparently they did after they were advised not to. The IP advised that one of them was assaulted by [redacted] (b)(6), (b)(6)(c) men. No action was taken on the incident, but the IP spoke openly about what had happened. They also advised that they live in fear of being placed in jail for no reason by [redacted] (b)(6), (b)(6)(c).

(TT0910) Aydallah LPS: (TRA Level 2) PTT met with the shift supervisor of the detention facility for this shift. There are 35 people detained in the facility. PTT checked the log in book for prisoners and found ten had not been logged in right away. The SGT was able to complete this task while we were present. The books were checked and now appear to be in order.

(RA0080) Al Qaim (Husaybah) District HQ: (TRA level 4) Report from Hue City LPS (sub-station); Police Transition Team members are currently embedded at this station. Station reconstruction continues. VIPs visited the station with the mayor and a local judge. PTT used the time to plan classes for the coming days and put together additional training sessions for the week. PTT also procured more supplies for the living quarters. PTT members finished working on vehicle inspection sheets. Later in the evening, PTT was advised that they are to present a brief to the area Coalition Forces Commander on the progress of this station. The Team also produced a presentation for the briefing.

Training was conducted in the classroom and included React to Unexploded Ordinance. Classroom training was followed by a practical exercise. Two patrol groups were made and given beats on the base grounds. The IPs were instructed to practice their patrol maneuvers that they will be performing when CF are no longer present. A mock IED was placed in the area. The patrols looked very good and a PTT played the role of community members. This is a topic the PTT will continue to build upon in future training.

(RA0083) Hadithah District HQ: (TRA level 4) The PTT prepared for the continuation of PSU training. The PTT also convoyed to Haditha Dam to pick up lumber to possibly make repairs to the auditorium stage which could potentially be used for a classroom.

The IP have submitted fuel request through their chain of command, but nothing has been received. The IP continue to rely on the PTT for fuel. The IP Logistics Officer, with the assistance of the PTT, submitted a request through their chain of command for uniforms, radios, ammunition, as well as other equipment approximately 3 weeks ago. No reply has been received as of this date. The IP have not received any ammunition as requested through their chain of command. The PSU training schedule has weapons familiarization as part of the curriculum. However, there are no weapons or ammunition available for this training. The satellite phone assigned the Haditha's IPA is inoperative. The IP' don't have enough radios. The IP Logistics Officer has ordered radios but has not received any as of this date.

The two detainees held at the station showed no signs of abuse and had adequate amounts of food and water. There are no problems with the Haditha LPS Detention Facility at this time.

(RA0110) Rawah District Police HQ: (TRA level 4) Delayed reporting from an extended visit

17 July 2007: PTT members provided six hours of instruction to three officers and three IP sergeants on leadership and their roles. Chain of command was the priority of the topic. Other topics of review were: communication, decision making, interpersonal effectiveness, leadership styles, administrative effectiveness, flexibility, and planning. The PTT is working to develop a portfolio of all IP at the Rawah Station. Getting accurate information is difficult because as of this date IPA do not have an interpreter.

18 July 2007: Four hours of instruction was given to 2 officers and 5 IP. They were taught proper arrest techniques and proper handcuffing techniques. The 5 IP and 2 officers now have a clear understanding of their roles as police and not soldiers. The training outlined the different degrees of force necessary to effectively make an arrest. The PTT also responded with IP to a cache of explosives and established a secured perimeter until the arrival of EOD. Some explosives were detonated at the site location and the remaining were removed by EOD and transported to another unknown location outside the City of Rawah.

19 July 2007: Administration, Personnel and Documentation Practices training was provided to 2 IP Officers and 10 IP. The training lasted 6.5 hours.

20 July 2007: PTT members continued working on developing a portfolio of all IP at the Rawah Station. Additional PTT members stayed behind at Camp Rawah to attend a meeting with the JCC Officers. Getting accurate information is difficult because IPA do not have an interpreter.

16 July 2007: Training was conducted with 11 IP on Community Policing and Patrol Tactics. The IP were very attentive and responded by asking questions regarding different situations that they may encounter. Emphasis was put on community policing.

17 July 2007: Training was conducted with 5 IP on equipment accountability and responsibilities of maintaining all station issued equipment items. The IP were very attentive during the class. Weapons and uniform maintenance was discussed as well.

18 July 2007: Training was conducted with 4 IP officers on interview and interrogation techniques and evidence collection. The officers were very attentive during the class.

19 July 2007: Training was conducted with 6 IP on handcuffing techniques and arrest procedures. After classroom discussions the IP conducted practical exercises of the techniques they were taught. The IP were very attentive during the class and preformed well during the practical portion of the class.

(RA0915) Ma'laab: (TRA level 3) The interpreter was tasked with a First Aid class for most of the morning and afternoon. A limited amount of time was allotted for instruction. The PTT instructed 14 IP on domestic violence. The class was successful and presented without any issues.

(RA0920) Tway: (TRA level 4) The PTT organized the training schedule for the next few days.

(RA0933) Hamdiya: (TRA level 4) Delayed reporting from an extended visit.
18 July 2007: The PTT conducted training with 15 IP from the Zewea Iraqi Police Station and 11 IP from the Hamdiya IP Station. The training was held at Combat Outpost Warrior. The training topics covered were Temporary Checkpoints, Permanent Checkpoints, Pedestrian Stops, Apprehension and Prisoner Management. Both Zewea and Hamdiya IP participated in the hands-on training simulating vehicle checkpoints.
19 July 2007: The PTT conducted patrols with the Hamdiya IP. The PTT performed a mounted patrol to view several locations where construction is being preformed. The construction is meant to improve various areas and benefit the citizens of the Hamdiya community. These locations include a water pump station, the town hall meeting center, a community clinic, and a canal across from a primary and secondary school. The PTT performed a station visit to Hamdiya Iraqi Police Station. All detainees at the station were observed and none appeared to have any signs of abuse. The detainees had bed linen, food, and water. The PTT discussed several Hamdiya Station issues with the Station Chief and several of his officers. The force protection at this station is in need of improvement. The PTT, along with Hamdiya P, performed a second combined mounted patrol to the Hamdiya market place to purchase items needed for the station. Several small office supply items were purchased and other office items were ordered.

(RA0942) Al Obaid: (TRA level 4) Delayed reporting from an extended visit.
16 July 2007: The PTT performed a station visit and discussed many upcoming community projects with the Station Chief. Various topics were also discussed pertaining to the station. All detainees at the station appeared to be in good condition. The detainees have bedding, food, water, ice and are allowed hygiene time. The station's force protection has remained unchanged due to the lack of force protection materials being supplied.
17 July 2007: The PTT trained Albu Obaid IP at Combat Outpost Warrior on the topics of Temporary Checkpoints, Permanent Checkpoints, Cover and Concealment, Prisoner Management and Pedestrian Stops.
