CPATT IPA-OPERATIONS DAILY SITREP

L46

01 August 2007

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0001) Abu Ghraib District Police HQ: (TRA Level 4) The current Abu Grhaib District Headquarters Commander was kidnapped 18 July 2007 between Khark Headquarters and Abu Grhaib District Headquarters. No updated information is available but he is believed to be deceased. The Team met the newly appointed Station Commander and exchanged greetings. No PTT business was conducted today.

(BC0003) Airport Police Local Police Station: (TRA Level NA) The Team observed morning Guard Mount and IPs receiving their daily assignments. The Team met Global Security personnel and members of the IP Command Staff to discuss and exchange security information. The Team discussed Station operations with the Station Commander. The Team inspected the Detention Facilities to insure professionalism is being maintained. The Team Leader attempted to meet with the Global Security supervisor who was unavailable due to another unexpected meeting. General [redacted] (Director of Border Outlet) provided information indicating he will provide dates for make-up classes to cover missed weapons training for IPs during July 2007. The BIAP IPs were called away from BIAP classes to attend Academy Training during and General [redacted] advised he would re-schedule weapons training during the month of August 2007. The Team conducted 2 Training classes for IPs covering Officer Safety and Marksmanship. 1 class was conducted at the BIAP with 9 IPs present and 1 class was conducted at French Village Sub-Station with 3 IPs in attendance. The Team monitors IPs performance at the Terminal on a daily basis and provides mentoring when necessary. Special emphasis is placed on IPs practicing officer survival and weapon retention techniques.

(BC0009) Al Alawiyah Local Police Station: (TRA Level 2) The Team conducted Training for IPs covering Crime Scene Management and Security. The Team completed the ID Badge process for IP personnel. The current construction project remains in progress with the structures exterior walls completed. Information revealed IP damaged vehicles are scheduled for removal from the ECP area within 1 week. New T-Walls are expected to arrive after the damaged vehicles are removed from the area.

(BC0011) Al Dorah Local Police Station: (TRA Level 4) The Team met the Station Commander and notified him that all Division and Station Commanders have been charged by General [redacted] with being responsible for their subordinates actions. The Colonel attempted to 'change the subject' and requested CF to transport him to the American hospital at the IZ. He advised an old injury incurred in 2003 is causing him difficulty in performing his duties. The Military counterpart advised the Team was unable to provide transport and asked him if he understood General Kadums' order. The Station Commander advised he understood the instructions.

(BC0012) Al Dorah Patrol Police Station (West): (TRA Level 3) The Team met the Station Commander and discussed operations. He provided intelligence concerning a group of Jam members responsible for IED and EFP attacks on CF along Routes Vernon and Ash. The information contained the names of 10 JAM members including 1 IP assigned to Al Bayaa Station that currently works at a JSS. Additional details included possible locations of JAM activities where EFPs are produced and stored. The Team believes the information is reliable due to the source which is apparently close to the JAM group. The Station Commander expressed concern for the life of the source due to cooperating with CF.

(BC0022) Al Kadhimaya Patrol Police Station (West): (TRA Level 2) The Team met the Station Pay Master and obtained statistical data. He advised a memorandum from MOI advised all IPs that showed-up on payday would be paid. He was unable to provide the Team with a copy of the memorandum. The Team noticed a decline in the number of AWOLs from 46 to 8 reported at the Station. The Team inspected the Arms Room and removed several empty crates to better organize the area. The Team has set the goal of removing all weapons from crates and organized for easy accountability by Arms Room personnel.

(BC0025) Al Karada Patrol Police Station (East): (TRA Level 1) The Station Commander provided information 12 patrol vehicles listed as "in need of repair" were shipped to Rusafa Maintenance Facility for repairs. Additional details indicated the vehicles were to either be repaired and returned to the Station, or written off and a replacement vehicle supplied. The Colonel advised he has never gotten back any vehicle that was sent to this Facility, nor has he ever received a replacement vehicle. One of the Station's vehicles has been at the Rusafa Maintenance Facility for over 3 years. The Colonel advised the situation exemplified typical MOI incompetence and or corruption. The Team obtained a list of the 12 vehicles sent to the Maintenance Facility and will attempt to follow-up and investigate the matter further. The Team conducted Training for IPs covering Reaction to VBIED and Sniper Attacks.

(BC0026) Al Karamah Local Police Station: (TRA Level 2) The Team met the Station Captain and conducted Training for IPs covering Iraqi Terrorists Tactics. Students participated in practical exercises relating to bomb scenes and use of cover and concealment. The Team worked on processing personnel into the HIIDE identification system.

(BC0033) Al Karkh Patrol Police Station (West): (TRA Level 2) The Team conducted a follow up training with the training officer on the training given to Hasim was on training done on prior visit. He now has the basics to train his officers on the subject matter.

(BC0039) Al Mamum Local Police Station: (TRA Level 2) The Team intends to prepare a lesson plan for the Patrol Unit covering Arrest Tactics and Officer Safety. The Team will present a class to Station Investigators covering Basic Criminal Investigations. No Joint Patrols were conducted due no fuel being available for IP vehicles. The Team is continuing an effort to obtain fuel for Station operations. The Team will contact the IPA representative at Baghdad Headquarters in attempt to obtain assistance regarding the previously submitted written request for fuel.

(BC0042) Al Meshahadah Local Police Station: (TRA Level NA) The Team conducted Training for 10 IPs and 1 Officer covering Patrol Principles and Objectives. The Team met the Station Lieutenant who advised the AWOL problem was short term and being handled by the Station Commander. The issue of repairs for Station vehicles remains unsolved with the goal being to pressure MOI for a resolution. CF continues to supply limited amounts of fuel for operations due to MOIs failure to supply fuel. IPs are able to obtain fuel at Kadamiya LPS using 55 gallon drums. The Team requested the Station Commander provide copies of requests for supplies not received for resolution. The CF is assisting Station IPs with Force Protection manning. During the Team's visit, an injured Iraqi female was delivered to the Station by unknown people. The victim sustained a serious head wound and other multiple injuries. CF provided emergency treatment at the Station and the victim was transported to the hospital by IPs. The Team provided mentoring for IPs concerning the criminal investigation.

(BC0052) Al Rashidia Local Police Station: (TRA Level 3) The Team conducted Training for 11 IPs and 2 Officers covering Domestic Violence Investigations. The Team mentored Lieutenant [redacted] concerning the need for IP involvement in obtaining information concerning investigations. Treating female victims with respect and compassion was emphasized during investigations. The Team conducted 1 Joint Patrol with 10 IPs occupying 1 vehicle and no incidents were experienced. The Team conducted an Arms Room inventory and no issues were found. The Team observed 20 IPs manning Force Protection at the Station. The Team departed the Station with IPs following on Joint Patrol. IPs investigated 2 suspicious vehicles and located weapons and a hand grenade which resulted in 1 arrest being made. The suspect was transported to the JSS and Camp Taji for processing. The Team observed IPs displayed professionalism during the operation.

(BC0056) Al Sa'adoun Local Police Station: (TRA Level 2) The focus of the Mission was the preparation of IP badges. Information and photo of 62 IPs was collected. The badge process requires exclusive use of the linguist. Therefore, no Training was conducted.

(BC0073) Al Yarmouk Patrol Police Station (West): (TRA Level 2) The Team conducted 1 Joint Patrol and 1 Foot Patrol with 6 IPs occupying 2 vehicles. The Team observed IPs alert and observing their surroundings during the Foot Patrol. The Team mentored the IPs covering maintaining proper intervals during the operation. The Team conducted a debriefing after the operation and IPs displayed confidence in their efforts. The IPs were receptive to constructive criticism from the Team. The Team addressed deficient performance areas of becoming more familiar with neighborhood street routes. The Team encouraged IPs to conduct neighborhood independent Foot Patrols without the Teams assistance.

(BC0085) Baghdad Provincial Patrol Police HQ: (TRA Level NA) The Team met personnel at the Logistics Section and discussed written requests for uniforms. The Team is monitoring the process to insure the requests are being sent through proper channels. The Team met the Finance Officer (OIC) to discuss security issues regarding the transportation of payroll. The Team is currently conducting a follow-up on a request for furniture for the new Training Facility. The Personnel Section provided the Team with a breakdown of AWOL numbers at Provincial Headquarters.

(BC0086) Baghdad Main Provincial Police HQ: (TRA Level 1) The Team met the IT /Computer Officer and discussed operations. The Station had 14 computers broken during the past year and all were repaired. Additional information indicated 10 extra computers ordered were issued to other Stations by the Chief at Baghdad Headquarters. MOI financial spending was discussed and information indicated BHQ would receive their budget money. Further details revealed computers are purchased on the open market by BHQ, and not provided by MOI. The IP Lieutenant Colonel provided the Military counterpart with a request list for 24 desk-top and 4 lap-top computers. Information indicated Al Dora LPS, Al Dora Traffic, Tarmia Traffic, Tarmia Headquarters and Khahdrea Station do not have any computers operational due to all being damaged from past bombing attacks. There is no funding available for replacing the computers. The Lieutenant Colonel is familiar with new the purchasing of new computers but does not have information concerning how or where they will be dispersed.

(BC0093) Hy Al Amil Local Police Station: (TRA Level 3) The Team's Military counterpart Squad Leader and interpreter met the Station Commander and discussed intelligence information. The meeting lasted approximately 90 minutes and the IPA did not attend. The Squad Leader then met the Patrol Commander with the interpreter and discussed further information unknown to the IPA. After the meeting, the Team left the Station at RTB.

(BC0100) Mada'in Patrol Police Station (East): (TRA Level 2) The Team's Military Commander attended the visit and met the Station Commander. The Team discussed Chain of Command issues and proper procedures for requesting supplies. The Team photographed and processed several IP personnel into the Military database.

(BC0103) Major Crimes Unit HQ: (TRA Level 2) The Team met the Chief of Investigations and discussed detainee issues. The Team assisted MCU Headquarters with the transfer and admission of 25 detainees at Rusafa Main jail. No problems were experienced during the operation.

(BC0112) New Baghdad Local Police Station: (TRA Level 2) The Team conducted Training for 4 IPs covering Arrest Warrants, Search Warrants, Officer Safety and Weapons Handling. The Station Commander continues refusing to complete written requests for repairs and supplies.

(BC0113) New Baghdad Patrol Police Station (East): (TRA Level 2) The Team met the Station Commander and Lieutenant Colonel [redacted] to discuss proper procedures for requesting supplies. Information revealed they were 'afraid' to request equipment and supplies. The Team offered to assist with making the requests and the Station Commander advised he did not want to give the appearance of going over the Generals' head. The Team processed 30 IPs, including photographs, into the Military database.

(b)(6), (b)(6)

(BC0117) Risalah Local Police Station: (TRA Level 3) The Team was previously informed Staff meetings were being held weekly to discuss Station operations. The Station Commander has previously stated all of Officers under his Command were competent to handle any situation in his absence. The Station Commanders claim was tested. The Team requested a Station Lieutenant lead IPs during an impromptu Station Defense Drill covering response to an attack on the Station. The Team previously conducted Training and practiced the drill several times with Station personnel. The Team observed IPs performance in absence of the Station Commander and or Shift Captain was less than adequate during the 1st practice drill. The IP's conducted a 2nd drill and performed very well, but the 2nd drill was not unexpected. The Team mentored the Lieutenant on the importance of insuring Station personnel remained in the state of readiness for all emergency situations.

(BC0119) Al Rusafa Patrol Station (East): (TRA Level 2) The Team met the Station Commander and discussed operations. The Team met the Deputy Commander and provided him with a copy of the MOI Field Training Manual. The Team reviewed the 1st 10 pages of the manual with the Deputy Commander. This was the first time the Deputy Commander had seen this material. The Team inspected the Arms Room and mentored the Staff concerning proper procedures for keeping accurate records and maintenance of weapons. The Arms Room staff was attentive and receptive to the guidance provided. The Team found the Arms Room to be organized and clean during the inspection. The Team responded for QRF reference an EFP attack on a CF convoy near the Station. The incident occurred at approximately 1100 hours and the Team established a security cordon around the downed vehicle as towing preparations were being made. The Team towed the damaged vehicle to FOB Shield where 1 of the Teams vehicles developed mechanical problems. The vehicle had to be exchanged and the Team returned to Rusafa Patrol Station and proceeded with the process of creating IP ID badges. The Team processed approximately 20 IPs and documented the required information including Badge and Glock pistol serial numbers.

(BC0120) Rusafa Police Directorate HQ: (TRA Level 2) The Team collected information from 78 IPs for the ID Badge application process. The Team has processed a total of 222

applications. The Team met the Logistics OIC and learned he was promoted to Colonel. The Team discussed the required paperwork for disposal of damaged furniture being stored at the Station. The paperwork was completed and submitted through the Chain of Command for processing. The air-conditioning contractor has repaired 17 units at the Station and the work remains ongoing.

(BC0122) Sheikh Saad Local Police Station: (TRA Level 3) The Team met the Station Commander who recommended a Lieutenant for the STO position. The Team has observed the Lieutenant and feels he meets the qualifications for the position. The Station is experiencing a personnel shortage due to only having 86 IPs available and authorized 150 personnel. Information revealed an IP injured in an altercation with members of the IA remains hospitalized and is expected to recover. The Team conducted 1 Joint Patrol with the Station Commander attending and 3 IPs occupying 1 vehicle. The Team entered the Intasayr area and dismounted in the market near the school. The IP's were very friendly with the public and the Team met the school principle. The Station Commander and IPs met with several of the villagers and were professional with members of the public. The Station is experiencing a shortage of vehicle fuel and information indicated the problem was temporary. The Team inspected the Detention Facility and the only complaint voiced by prisoners was they needed haircuts. The Station Commander stated he lost his badge during a Patrol operation and requested the Teams assistance for obtaining a replacement. The Team continues efforts to provide Range Training for IPs at the Station.

Babylon (MND-CS/S)

Al Qadisiyah

FOB Echo: PTT prepared for the upcoming Swat class. The IP's, for the Combat Life Support Class, did not report for training. General [redacted] of PHQ and Captain [redacted] of the Police Academy were notified. Captain [redacted] stated the IPs will be disciplined.

Babil

(NP9904) Iraqi Camp Charlie National Police Compound: (TRA Level 3) The REO PTT arrived at Camp Charlie and set up for training. Training for this day included: control of combative persons and first responder treatments. The IP's were attentive and receptive which was evidenced by their enthusiastic participation in the exercises.

(BW0038) Tunis Local Police Station: (TRA Level 2) FOB Kalsu conducted a Mission; however, the DSR has not yet been submitted.

(BB0043) Babil Iskandariyah IHP Station: (TRA Level 2) FOB Kalsu PTT met with the shift Station Commander and began documenting the IP work force at the station using the BATS (Biometric Automated Tool Set) system. Five IP's were photographed and scanned.

FOB Kalsu: The PTT conducted training on FOB Kalsu for 192 Iraqi Police that will make up the North Babil ERU (emergency response unit). The IP's were trained in the operation of the AK-47, maintaining the AK-47, basic shooting fundamentals associated with the AK-47 and shooting positions with the AK-47. The AK-47 was fired on the range and classes on the Glock model 19 were covered in the classroom. This training will be mirrored until the IPs prove to be efficient with the weapon.

Wasit

(b)(3), (b)(6)

(BW0034) Wasit Check Point Headquarters: (TRA Level unknown) The PTT met with Lieutenant [redacted]. The Commander, Lieutenant Colonel [redacted] was not present. The team asked Lieutenant [redacted] if his men were making use of the search cameras they had been issued for checking the underside of vehicles. [redacted] explained that the cameras were in use, but only for a few hours each day as they were unable to charge the batteries when the power was off. He also said that the cameras were not any better for the task than a simple mirror mounted on an extendable pole, and were not worth the extra trouble. He was asked about the lack of seizures of any large caches of explosives or heavy weapons over the last several months, and if he had any explanations since intelligence indicates that there are such items moving through the area. Lieutenant [redacted] said one reason they haven't found anything was because smugglers use alternate routes where they can avoid the fixed checkpoints, and the mobile patrols are spread too thin to catch most of them. He also said that they have no means to check most of the large trucks. While they can search a few, they do not have the means to check the vast majority.

(b)(6), (b)(7)c

(BW0056) Wasit Maintenance Facility: (TRA Level unknown) The PTT went to the Maintenance Headquarters for a station visit, and met with Major Rahim. The Commander, Lieutenant Colonel [redacted], was not present. The team discussed with Major [redacted] the situation at the facility, and what kind of problems he was having. He said things were going well and they were very busy. The primary problem he was having was getting spare parts for repairs, especially for the Chevrolet vehicles. He explained that he did get adequate resources for normal maintenance, such as motor oil, filters, and tires, but could not repair some things that have been damaged. He also said that they do not get adequate supplies of gasoline or diesel fuel. The facility appeared to be reasonably well equipped and orderly, and Major [redacted] said he generally has the tools and equipment he needs to do the required work.

(b)(6), (b)(7)c

(BW0624) Al Balda District Police HQ: (TRA Level 2) The PTT Team met with Lieutenant Colonel [redacted], Commander of the Al-Belda Local Police Station in Al-Kut. PTT was provided information that the Station has 120 Total Personnel with 13 Officers, 27 warrant Officers and 80 IP's. The HQ has 108 AK-47s with 12,890 rounds of AK ammunition, 2-RPK and 1-PKC with no ammunition for either. The HQ also has 60 Glocks with 15,340 rounds of ammunition, 55 magazines, 2 RPG's with three rounds, and three Vehicles including 2 pickups and 1 car.

Lieutenant Colonel [redacted] stated that, since the last visit of the PTT, he has had no major incidents to report, and has had no IPs killed or wounded. [redacted] stated that the only problem he is having is with an Egyptian man that is in his jail. He was arrested last week for not having a passport and no ID. The problem is that they have only a holding cell and are not equipped for holding inmates for a long period of time. The inmate has family members in the Al-Kut area that bring the detainee food and supplies on a daily basis. Muhammad advised he has reported this to the Al-Kut PHQ Jail, but nothing has been done. PTT will contact the Al-Kut Jail and will try to solve this issue immediately.

Dhi Qar / Al Muthanna (PIC)

(b)(3), (b)(6)

PIC members reviewed recent requests sent by provinces to MOI. These requests are for a large variety of operational supplies including weapons, ammunition, body armor, etc. This will be discussed with Al Muthanna Logistics Officer in the next few days.PIC members are attempting to arrange a similar Logistics meeting with Dhi Qar Logistical Officer. PIC members met with Al Muthanna Logistics Officer and discussed logistical forecasting material that had been prepared. PIC members met with Al Muthanna PJCC commander and reviewed the Table Top exercise guide that had been given to him on a previous date.

PJCC commander will begin to utilize this guide. Copies of the Google Earth maps utilized by the PJCC were given to PIC members and reviewed.

PIC members are making arrangements to hold a meeting with Col. [redacted] (Dhi Qar PJCC commander) to discuss security planning, and table top exercises. Meeting has been confirmed for future date. PIC members attended a mission pre-brief for the next upcoming IPS Academy training session in Al Muthanna. PIC members made preparations for desert outing to Al Muthanna Academy to conduct T3 training. PIC members complied with Regional Logistics Officer in regards to vehicle identification numbers and requirements. PIC members attended a SSR meeting with CF who passed on intelligence information to team members and discussed daily operations to the team.

Tikrit (MND-CW) [redacted]

Diyala [redacted]

(TD0024) Diyala Provincial Police HQ: (TRA Level 3) PTT-P met with COL [redacted], head of the Training Department for the Diyala Province. COL [redacted] advised that there had been 5882 IP trained in the Diyala Province, with 2,806 trained in the 10 week course, 2,194 Trained in TIPS and 882 Trained in the 2 week Basic Course. These numbers were current as of 21 Jul 07. PTT-P also spoke with GEN [redacted] Chief of Personnel. GEN [redacted] advised that the personnel records for hiring the new IP were now at MOI at Baghdad. GEN [redacted] stated that MOI believed that once they received these records, MOI should be able to process the records within 1 month, and then MOI will issue hiring orders to IPS HQ. PTT-P also spoke with COL [redacted], Chief of the Vehicle Department, who provided a status report on the District's vehicles. This is a comprehensive report on the condition of the Vehicles assigned in the district.

(TD0104) Neshda Local Police Station (QRF): (TRA Level 3) PTT-D conducted a visit to the QRF station to obtain PSMR information for the month. Upon arrival, PTT contacted Chief COL [redacted] and obtained the needed information. During the visit, the PTT-D and the Chief discussed the need for an onsite training officers. The suggestion was made to use the two younger LT's already on staff, and to send four other young LT's the QRF station once they are assigned. The details for the pre-training requirements for the Officers to attend the Instructors course will be addressed by sending the two already qualified to the Instructors course in the upcoming class. The others will be sent in pairs to the pre-training requirement classes so they may attend the Instructors course at later dates, as not to impede man power at the station and checkpoint responsibilities.

(TD0012) Al Sharky Local Police Station: (TRA Level 2) PTT-D traveled to Al Sharky LPS and met with newly promoted MAJ [redacted] advised he had 7 investigators currently at work. However, they were not busy with any new cases. The judge was due to review all pending cases on this date. MAJ [redacted] told the team that he had 9 AK-47's that were not functional. PTT-D took 4 of the AK-47's in an attempt to get them repaired at the FOB. There were no available IP present for training. PTT-D conducted a force protection inspection. It was discovered that the PK on the roof in the southeast gun emplacement had a bent barrel and was a serious safety hazard to force protection personnel at that position. By the appearance of the weapon and the condition of its parts, it was apparent that the gun was not maintained and checked regularly. PTT-D conducted training for 10 IP on proper PK care and maintenance.

(TD0020) Buhriz Local Police Station: (TRA Level 3) PTT-D traveled to Buhriz LPS and conducted a station visit. PTT-D talked to LTC [redacted] who reported that 6 Buhriz IP would be going to IPS HQ to attend police basic training. 60 IP were present with 30 IP performing

checkpoint operations, 18 IP performing Force Protection and 32 IP were performing duties in their neighborhood area of Ambuhghia. Five detainees suspected of being Al Quida members were being held at the station. They were arrested 3 days ago and are scheduled to go to court soon. PTT-D conducted a training class covering the Iraqi Police Code of Conduct to 10 IP.

Tahrir LPS: (TRA Inactive) PTT-D traveled to Tahrir LPS and met with MAJ [redacted] (b)(6), (b)(7)c. He advised that he had 70 Officers and IP present for duty. Among those present were a team of 8 investigators that he has on constant patrol in liaison with concerned local nationals who provide intelligence to him regarding his area of responsibility. On the day prior to the team's visit, the investigative team discovered 4 AIF bearing suicide vests in the Jafil Mella region of Tahrir. After the arrest, the IA took custody of the four individuals and the station was not given the names of the offenders. He also stated that his team was working on a possible planed AIF weapons cache site in the area. He would provide more information as it developed.

PTT-D discovered that a SGT [redacted] (b)(6), (b)(7)c began to conduct close order drill training for 30 IP present for duty during the visit. The team offered Major [redacted] (b)(6), (b)(7)c the block of planned training that was prepared for his personnel by the PTT-D, but he deferred to the next visit. He did comment on the needed basic training for his new personnel. The team commented on SGT [redacted] (b)(6), (b)(7)c professional demeanor and ability to train on the subject matter presented.

(TD0006) Muqdadiya District Police HQ: (TRA Level 3) PTT-D traveled to Muqdadiyah DHQ to conduct training on Police Survival and Hostage Survival. GEN [redacted] (b)(6), (b)(7)c advised he had 10 check points and 8 patrols with a total of 130 IP working. GEN [redacted] (b)(6), (b)(7)c advised he had no IP to train because they were all tasked out. LT [redacted] (b)(6), (b)(7)c advised he was taking over training. PTT-D explained PTT assistance and resources to him, and that 50 IP could be trained every visit. He stated the IP would be waiting for our arrival next time. LT. [redacted] (b)(6), (b)(7)c also stated he wished to attend the next Scorpion Academy with 39 of his IP. Arrangements are being made to get his IP into the academy. The Team responded to the Bank on RT Ann for an attack that was in progress. Upon arrival, 3 IEDs were located and the Team came under small arms and grenade fire. There were no injuries or damage to report. A SIR report was completed in regards to this incident.

(No FFID#) Abu Saida Local Police Station: (TRA Level 3) PTT-D Team spoke with LTC [redacted] (b)(6), (b)(7)c who stated 150 IP were working checkpoints and 30 IP were working the station. 3 subjects were in jail for fighting. PTT-D trained 10 IP on first aid and 6 IP on patrol movement.

Salah Al Din [redacted] (b)(3), (b)(6)

(TA0037) Al Owja LPS: (TRA Level 2) Fifteen IPs were on duty including 8 officers. PTT instructed a class on firearms safety, shooting stance, sight alignment, etc. The IP participated in the class, demonstrating their stances and receiving critique from PTT. This training is of a basic nature, getting the IP ready to be taken to a live fire range. While on station, the IP received a call for service to a local gas station. The complaint was that there were 3 terrorist vehicles at the gas station. PTT followed the IP to their call, which turned out to be a false alarm. The IP responded appropriately to the call given the info they had received. Cordoning off the immediate area and using available cover. After returning to the station, PTT conducted a Station Attack Drill. The station's IP are quickly learning how to set up to defend their station. Weak areas were discussed and changes will be implemented.

(TA0073) Kalat Rayash: (TRA Level 3) The Team met LTC [redacted] (b)(6), (b)(7)c and 3 individuals from his staff to discuss the 32 AK-47's that are missing from the station. The LTC advised that

the officers were taking them home, but that they were going to return the rifles today and tomorrow. The Team advised to start a log so that they could sign out the rifles when starting shift and sign them in when ending their shift. There were 13 IP on duty and the Chief and 7 of the IP were conducting Community Policing by visiting and welcoming new families to the area. The Team conducted training in the area of Arrest and Apprehension with 6 IP in attendance.

(TA0050) As Sanyiah: (TRA Level 3) PTT spoke to the shift supervisor who stated there were 18 IP on duty. Later, 16 new IP reported for duty. Classes were held for the new IP on officer safety while working a check point. The class included what to look for when searching vehicles and how many vehicles to allow into the checkpoint.

(TA0077) Salah Al Din IHP HQ: (TRA Level 3) The team met with LTC [redacted] about bringing the IHP administrative headquarters up to standards, [redacted] advised the team he has started the process for obtaining the materials and needed equipment to be fully operational. LTC [redacted] asked the team to help him obtain the funds to design and build a new IHP station sign.

(TA0079) Salah Al Din Check Point HQ: (TRA Level 3) PTT conducted a visit to check point North and met with CPT [redacted] PTT observed the IP on vehicle searches and then trained 6 IP on techniques for vehicle searches with emphasis on officer safety. PTT tested a pen flare for possible use to warn civilian vehicles at night that approach to close to a CF convoy.

(TA0080) Salah Al Din Provincial HQ: (TRA Level 1) PTT met with COL [redacted] of the ERU unit in charge of force protection for this facility. Progress is proceeding on walls, observation towers and entrances of the facility. COL [redacted] is requesting about 700 Hesco barriers and some cable to improve protection of the walls and new vehicle search areas. PTT agreed to see what items could be obtained to help with this project.

PTT met with the Operations Chief BG [redacted]. He advised that the IP in Hatamiya had recently received a threatening letter from Al Qaeda advising them to not report to work or face being killed. Some of the IP did not come to work for five days, but the citizens convinced them to return to work. A copy of the letter was obtained and is being translated.

PTT went to the Provincial Warehouse and met with COL [redacted]. He advised that he had approximately two thousand uniform shirts in the warehouse and was awaiting the pants and two thousand other uniforms. In addition, a total of nine thousand uniforms are to be made before the end of the year. He said the uniforms are being made in Baghdad. He stated that MOI had told them to pickup 100,000 AK rounds, 150,000 BKC rounds and 50,000-9MM rounds. This ammo is to be used for all the departments in the Province and the TIPS Academy range. He stated that MOI has not advised of any other equipment to be released in the near future. The about 11,000 rounds of AK ammunition that had been in the warehouse a few weeks ago was still there. This is the ammo PTT-P was advised had been assigned to the TIPS Academy. The Team was told that only a portion of this will now be given to the Academy, and the rest will either stay in reserve or be distributed to departments in need.

PTT met with COL [redacted] from the training department. PTT learned that MOI wants 2500 – 3000 new IP trained by the end of 2007. COL [redacted] said he has met with PDOP and they plan on sending instructors to the stations in "HOT ZONES" such as Samara, Balad and Tuz. The plan is to create mini academies at those stations. He said it is unsafe to ask that many IP to come to the Tikrit Training Center. This plan has not been approved by the MOI

or CPATT. PTT asked what security measures were planned for the instructors going to those stations. He had no answer.

(TA0084) Samarra District HQ: (TRA Level 3) PTT assisted in Pay for the IP. This is a three day mission, and is being over seen by CF and IP commanders.

(TA0275) Salah Al Din PJCC: (TRA Level 2) BG [redacted] advised that GEN [redacted] has provided a budget for the PJCC of $200 monthly. The GEN has also agreed to fix the air conditioning system at the PJCC. Some of the PJCC computers are malfunctioning and PTT will try to fix them if possible. BG [redacted] stated the monthly budget given by GEN [redacted] is not enough to cover upkeep costs to the PJCC, but he was happy that something had finally been granted and agreed it was a good gesture.

Camp Bernstein (Tuz): PTT convoyed to the Tuz Mayors compound to attend a security meeting. This meeting was supposed to consist of the local area Sheiks and the Police Chiefs in the area. The Sheiks started the meeting without any Chiefs being present. The Sheiks discussed that no one from their villages were doing anything bad, and that all the crime taking place was being done by outsiders. Halfway during the meeting, Amerili Chief MAJ [redacted] arrived at the meeting. The Sheiks started to accuse MAJ [redacted] of improper practices, saying he is not following rules of law and is being ethnically biased because he is Shia. MAJ [redacted] quickly denied these accusations and told the Sheiks that they are the ones who are withholding information about criminals in their villages. Nothing was resolved from the meeting and the meeting ended.

S.W.A.T: Today's block of instruction included tactical convoy operations, vehicle recovery tactics and advanced vehicle operations. The entire day was spent in the class room with the students splitting their time between two separate 4 hr. blocks of instruction. Tomorrow will be spent working on the practical applications of what they learned in the classroom today, with the students driving an obstacle course that focuses on high and low apex turns, late apex turns, fast backs, threshold braking, evasive maneuver and serpentine. The students will also practice moving in convoys, providing blocking positions and vehicle recovery.

(NO FFID) 5th Emergency Response Battalion: PTT traveled to the 5th Emergency Response Battalion (ERB) and conducted a station visit. PTT conducted firearms training which consisted of classroom and hands on training with 18 IP on the AK 47 and Glock.

(MN0009) Al Hadba DHQ: (TRA Level 2) PTT traveled to Al Hadba DHQ and met with the District Commander, BG [redacted], who informed PTT that he has returned to duty from the wounds he sustained in the VBIED attack. He indicated that, in addition to the shrapnel wounds he received in both legs, he has lost partial hearing and has a ringing in his ears. He asked if permission could be obtained for medical personnel from FOB Marez to examine his ears. The PTT will speak with the medical authorities in question regarding BG Taha's request. BG [redacted] further indicated that, based on the recommendations of the PTT he has split the assignment at the outer ECP into two shifts with the first running from 0500-1300 and the second from 1300-2100. The PTT conducted a joint foot patrol within the market area adjacent to the police station. It was further reported that on 30JUL07, at approximately 1130 hours, a checkpoint within the Gizlani LPS was attacked by small arms fire and one IP was killed and two were wounded. None of the attackers were killed or captured.

Two CD's containing training courses for the Iraqi Police Services were provided to BG [redacted] for downloading on the computer of his Training Officer, LTC [redacted]. Once the lessons are copied, either BD Taha or LTC [redacted] will be able to choose the lesson plans they wish presented to their IP.

(MN0056) Ninewah Provincial Headquarters: (TRA Level 2) The PTT spoke with BG [redacted], NPHQ TOC OIC, and discussed the significant events occurring within Ninewah Province during the past 24 hours. BG [redacted] advised that AIF using SAF attacked an Al Hadba Police checkpoint and killed one IP, one civilian and wounded three civilians. MPSA was attacked by indirect fire from AIF and four mortar rounds impacted and exploded within the campus. In the Al Darkazlya neighborhood an Al Nasir DHQ patrol was attacked by AIF using SAF and they killed LTC [redacted] and SGT [redacted]. In the Al Borss neighborhood AIF attacked and killed the Director of Ninewah Elections, Mr. [redacted].

PTT spoke with LT [redacted], OIC Detention Center, who provided the daily jail count. He advised there were 414 adult males, twenty three IP and two IA being detained in his facility. PTT conducted a Police Pistol Course for the Staff Generals assigned to NPHQ at the Blickenstaff Range. PTT met with commander of MTU, Col [redacted] and continued discussing ongoing cases involving IP that are suspects in murdering Tal Afar citizens. PTT and Col. [redacted] reviewed the list of IP, criminal charges, complainant and victims information of the incident. PTT is mentoring and advising Col. [redacted] with this case to assist in resolving issues the IJ are having with evidence and moving cases at a timely matter through the Criminal Justice System. This action will stop evidence from becoming contaminated.

PTT met with commander of MCU, Col [redacted]. PTT and Col. [redacted] reviewed several of the current cases MCU is investigating. Col [redacted] continues to show improvement in his case management skills, Due to his past experience as an investigator. PTT continues to advise Col. [redacted] on the manner in which information is gathered must conform to strict rules of criminal procedure if defendants are to be prosecuted. Col. [redacted] has soon great improvement on sharing of information with other IP commanders to battle Terrorist.

(MN0076) Tall Afar DHQ: (TRA Level 2) PTT traveled from FOB Sykes to S[redacted] residence to meet with him. Upon arrival PTT spoke with the [redacted] in reference to concerns he has about BG [redacted] and the IP. [redacted] advised that BG [redacted] was making bad decisions for the IP and the community. [redacted] did not support many of the IP transfers that BG [redacted] had implemented. PTT advised [redacted] that PTT was working with BG [redacted] on these matters.

PTT then traveled to Tall Afar DHQ to meet with BG [redacted]. Upon arrival PTT spoke with BG [redacted] in reference to personnel changes. BG [redacted] advised he had transferred the logistics officer [redacted] and had replaced him with two more officers. PTT did not support the decision to replace [redacted]. COL [redacted] will be coming to DHQ to be second in command. The chief from Al Tahadi LPS will be moved to Al Salaam LPS. CPT [redacted] will be the new chief of Al Tahadi LPS. CPT [redacted] will be in charge of the Special Forces. PTT also advised BG [redacted] to make a list of supplies that he would need from Dahuk.

BG [redacted] will be in charge of moving the new academy graduates from Mosul back to Tall Afar. When the IP arrive back in Tall Afar, BG [redacted] will make a new list of 200 more IP that will be sent to the academy in August. BG [redacted] also advised that 140 IP will be sent to Al Kisik and then on to the city of Bi'aj within the next few days. All 140 IP being sent to Bi'aj are Sunni. BG [redacted] is still awaiting the order from MOI to send the IP. BG [redacted] is still having difficulty in coordinating the delivery of water to the city of Bi'aj.

(MN0099) Major Crimes unit / Major Terrorist unit: Col A[redacted] provided PTT with photographs and reports of incident on 6th July 2007, where a CF tank destroyed a MCU IP patrol vehicle. Col [redacted] stated he would like his vehicle replaced if possible. PTT presented this request report and photos to LT... PTT continues to check gold that is stored in MTU arms room. The Gold was to be released on July 31, 2007, but shipment of Gold has been postponed.

PTT met with the Intelligence Officer, Maj. [redacted] and was advised Mosul citizens have reported seeing males dressed in women's clothing walking through the Dewasa Market. Maj. [redacted] stated he believes these males are AIF and may be preparing to detonate suicide vest bombs. Maj. [redacted] advised PTT that a number of IP have been attacked and killed in the past several days by small arms fire in multiple attacks. Maj. [redacted] advised PTT that two IP and their patrol vehicle belonging to the 5th ERM have come up missing while on patrol. A search continues for the IP and their Patrol vehicle. PTT will continue to monitor and advised Maj. [redacted] on this on going investigation.

(MN0137) Al Saad: (TRA Level 2) PTT met with the officer-in-charge. PTT advised the OIC on ways to maintain accountability of the personnel assigned to the checkpoints. The OIC had no new information regarding operations or intelligence. PTT made contact with the communications officer and requested that he conduct a communication check with each checkpoint in the area. The communications officer was able to raise each checkpoint on the radio with the exception of one that was raised a short time later. PTT conducted an inspection of the arms rooms to check for weapon and ammunition accountability, as well as the cleanliness of the weapons. The IP reported that their water supply is nearly depleted due to lack of regular shipments. This is causing an issue with getting enough water to the checkpoints and the personnel at the station. The IP stated that this problem has been reported to DHQ but has not been fixed yet.

(MN0201) Ninewah SWAT: PTT contacted Ninewah SWAT giving the tactical commander a time line for meeting mission assets at FOB Marez. Upon arrival fuel was provided by CF for SWAT vehicles. PTT, Ninewah SWAT, Special Forces and CF elements met and a mission briefing was held by SF which included representatives from each participating asset. The mission included five separate target packages to be assaulted independently. After the brief each team met with their respective team leader to go over their mission responsibilities. PTT mentored and assisted the SWAT tactical commander on this and throughout the operation. At the appointed time all units went in convoy to their separate objectives. Six objectives were breached, three by Ninewah SWAT. Six individuals were taken into custody. They were wanted for emplacing IED's, VBIED facilitation and SAF against CF and ISF.

(TA0278) Ash Sharqat DHQ: (TRA Level 2) PTT conducted a station visit and reiterated the importance of force protection of the station. The PTT was advised the IP can only patrol for approximately one hour due to fuel shortages. These patrols are concentrated in problem areas in the town. The PTT noted that the station still lacks a generator and the city supplied electricity is intermittent at best. The power issue makes police functions difficult. The station visit was cut short due to the station commander and command staff attending the local city council meeting.

At Tamim [redacted]

(No FFID) ERU: (TRA Level 2) PTT went out with only one interpreter. As result, PTT was only able to enter IP into the Hyde system.

CPATT IPA-OPERATIONS DAILY SITREP

(TT0004) Aruba LPS: (TRA Level 2) PTT arrived at Aruba patrol station to observe roll call and the morning parade. IP SGT [redacted] conducted a training class on IED procedures. After the class, PTT conducted one on one training with IP SGT [redacted] in regards to training and inspecting the IP. PTT processed 25 IP through the BATS system.

(TT0007) Daquq LPS: (TRA Level 2) PTT traveled to Daquq LPS for the IRD payout. The team then met with SGT [redacted] and was advised that all 8MM crime scene videos have been transferred to CD's and would be cataloged under individual case names. The videos will also be entered into the investigative computer. SGT [redacted] is also attempting to transfer all bookings from as far back as 2005 onto the new booking form and into the computer. PTT also made an IRD payout at the Busheer substation.

(TT0021) Laylan LPS: (TRA Level 1) PTT convoyed to Laylan LPS and met with COL [redacted] for the IRD payout. PTT advised COL [redacted] that the team would be spending extra time the next few weeks preparing the station for possible validation in September. Several force protection issues will be resolved with extra CF funding during August. A new training officer will be assigned, as the current officer was unable to complete the STO training.

(TT0023) Azadi LPS: (TRA Level 1) PTT enter IP into the Hyde system.

(TT0034) Kirkuk Training Center: (TRA Level 1) PTT attended weekly staff meeting with COL [redacted] and the academy staff. The academy is training 269 IP in several classes including Station Training Officer, [redacted], Sergeant and Warrant Officer training Civil along with Civil Defense Students. COL [redacted] is awaiting word as to when the 1700 students will be allowed to start training. COL [redacted] has asked for PTT assistance in providing security when the new students arrive on opening day.

Power and water have been continuing issues at the Academy, COL [redacted] is in hopes that these matters will clear up once approval is given for repairs and new construction. The COL is still waiting for the ownership of the land to transfer over to the Academy after which the construction can start.

Station Training Officers were a major part of today's meeting. Many of the stations are still not using the STO's in their full capacity. The following stations refuse to use them at all: ERU, Alton Kupri, Arafa, and Rahemawa. The STO issue will be followed up by (CF name withheld) who will be visiting these stations to discuss the problems they are experiencing.

Training records will now be kept by the STO on all of the classes that are presented at the station. COL [redacted] spoke about the fact that there needs to be a Field Training Officer at each station to assist the STO. A formal request will be made to Headquarters to provide each STO with a computer.

(TT0099) Kirkuk Major Crimes Unit: (TRA Level 3) PTT met with COL [redacted] and various members of his unit today. COL [redacted] advised that the power has been on and off for the last 24 to 48 hours and the emergency power is not working properly. PTT inquired if the MCU had received the case on the most recent VBIED attack near the market and were told no. This incident took place on July 16th. PTT continued processing Officers using the HIIDE, there has been no resistance from the officers in providing the required information.

Case review was done with CPT [redacted] in reference to the arrest and detention of one LT and three IP for terrorism. These subjects have been in jail since 26May07 and are awaiting a decision from the Investigative Judge. The four IP are members of an ERU patrol, one of the members was seen in an area where IED making material was found on two separate

occasions. The source that provided the information was taken to the ERU Station and identified the subject during the morning guard mount. As a result, the remaining members of that patrol were also taken into custody. Evidence was sent to the Criminal Evidence Unit per the Investigative Judge to see if in fact the items located could be considered bomb making material. CPT [redacted] did not have the items dusted for prints because the judge did not order it to be done; the Case still pending.

(b)(6), (b)(7)c

The second case of interest involved twelve subjects that were dropped off at the MCU by IP from the Arafa Station on 30Jul07. These subjects were suspected of narcotics violations and were turned over to the MCU. It was learned that no narcotics were found, no witness statements were taken, nor any sources available to confirm the possession or sale of narcotics and the detainees denied any involvement with drugs.

PTT discussed the above cases in depth with COL [redacted] and will be discussing this with the PRT (Rule of Law), members in hopes of creating a policy on how the MCU will be receiving cases in the future.

(b)(6), (b)(7)c

(TT0614) Dibis District Police HQ/JCC: (TRA Level 2) The Team was scheduled to go Dibis LPS, but instead conducted spot checks of TCP locations for performance and manpower. The TCPs were undermanned as some IP were in "rest time" at the time of observation and were not conducting checks of vehicles very well, corrections were made.

(TT0616) Daquq JCC: (TRA Level 1) PTT convoyed to Meghdad Police Station AOR to take photos of all TCPs before heading out to Daquq JCC. PTT arrived and met with MAJ [redacted] at the JCC. According to the MAJ, he is still trying to meet with Headquarters regarding Logistic support for the Daquq JCC. They are having problems getting Ammunition and fuel for the generator. PTT also took photos of TCPs on the way in to the FOB.

(b)(6), (b)(7)c

Irbil [redacted]

(b)(3), (b)(6)

(MI0031) Emergency Police (SWAT): (TRA Level 3) The PTT met with the station commander and received a tour of the renovated SWAT building. The building is an upgrade over the previous building, but it is still seriously lacking and does not adequately support this unit. This unit requires additional support since it is a very active unit in Kurdistan and does conduct various administrative missions outside of Kurdistan at the direction of the Kurdistan Minister of the Interior (KMOI). This unit needs a complete equipment overhaul in order to safely and effectively conduct their missions. The most glaring deficiency is the lack of level IV protective vests. The current vests are worn and must be replaced. The station commander understands that support is not forthcoming from CPATT and is making a strong case to the Provincial Director of Police (PDOP) and KMOI to significantly improve the various logistical problems that are hindering the unit's operational effectiveness. The station commander did advise the PTT that CPATT has made a major error in not supporting the Kurdistan region with a better logistics program. The PTT advised the station commander that the PTT will continue to provide training to SWAT personnel and that this training can help to minimize the effect of the lack of logistical support from CPATT.

(MI0035) Irbil Provincial JCC: (TRA Level 3) The PTT met with staff and discussed the training session from the previous day on the database system for the region. The staff feels like this system is too complicated for them to use and that there may not be enough training given. The PTT advised them to please give it their best effort, and more training would come on the use of the system. The PTT asked about progress to implement a simplified emergency call number for the public and was told that the Colonel had not approached the

Governor with the idea yet. The PTT also asked about the staff keeping all their calls logged either on paper, then entered in the computer, or simply logging them into the computer immediately. The staff said they still haven't started doing this. The PTT advised them that it is very important to keep track of all their calls, the nature of the call, who made the call if possible, and the date and time of the call. The PTT advised that the team needed to take a look at their computers and at least set up folders to keep track of some of their information. The PTT also advised them they need to create a list of questions that are common to all calls for service and make sure that all employees are gathering all the necessary information possible.

(NO FFID) Soran Police Academy: PTT traveled to Soran Police Academy and met with 4 instructors. The PTT explained the importance of weapons safety and proper handling of the Glock 19. The PTT taught the instructors to completely take apart the Glock 19 pistol, properly clean each part and put the weapon back together. Each one of the instructors took apart the weapon completely several times and then put it back together. The PTT explained how the weapon functioned, what areas need special attention when cleaned and the instructors were told how frequently the weapon needs to be completely taken apart. The instructors were very excited to learn this operation because most of them have had their weapons for one to three years. The instructors told the PTT that they have not had any trouble with the Glock 19 but that they have no cleaning supplies of gun oil. The instructors told the PTT they use kerosene or diesel fuel for cleaning and motor oil or sewing machine oil for lubrication.

DSR (MI0100) Soran Directorate Headquarters: (TRA Level 3) Police Transition Team traveled to Soran and met with BG [redacted] and Directorate Logistic Officer, 1LT [redacted]. LT [redacted] advised the PTT that all of the generators that the PTT supplied to the Directorate have been assigned and hand receipts prepared but some have not been picked up by the District Logistic Officer. The generators assigned are to Soran Directorate, two (2), Soran HQ one (1), SWAT one (1), Choman District, three (3), Choman HQ one (1), one for at the Sub Station where detention facility is located and for use of Emergency Police at that Station, HajiOman LPS one (1), Similan Local Police Station one (1), Soran City District Police, two (2), Warte Local Police Station, One (1) and Kalifan Local Police Station, One (1). Mergasor District Police station is to be issued one (1) generator. Mergasor Directorate Headquarters, SWAT, Soran and Mergasor Disticts have picked up and signed for a total of five (5). LT [redacted] is awaiting the Choman District Logistic Section to pick up the three (3) generators to be issued in their district. BG [redacted] instructed her to contact them today. The stations in this directorate have the most unreliable public power in all of Irbil Province and are located in the most remote mountain region. Recent floods in the Choman Area are just one example of the need for the stations to be fully equiped to respond with emergency power.

Sulaymaniyah [redacted]

(TS0005) Sulaymaniyah Emergency Police: (TRA Level 3) Operations PTT conducted its second day of 1st Responders with 39 students. The class concentrated on students to use the perception method while on scene which consisted of using all fives of their senses. Students also participated in a class room exercise by using proper techniques when approaching a vehicle, which also demonstrated using their senses to anticipate what an individual will do before their actions take place.

(TS0008)Sulaymaniyah PHQ: (TRA Level 2) Today's class was on Various Interview and Interrogation techniques. The class was very well received for the most part but many could/would not accept the portion on interviewing/Interrogating the suspect. Many from a

particular group openly admitted to using physical force to obtain confessions, using the rationalization that they did not have the time to employ what PTT was advocating. They had a difficult time accepting the part having to do with being, "Innocent until proven guilty." The whole second half of the day was spent emphasizing the importance of concepts such as, Probable Cause, Due Process of Law, and Human Rights issues.

(TS0008)Sulaymaniyah PHQ: (TRA Level 2) Investigative PTT continued the second week of the advanced accident investigations course, which is being taught at the Sulaymaniyah Police Training Academy. The course is schedule for a period of six weeks, and includes both IP and Traffic Police Investigators.

(TS0024) Chamchamal DHQ: (TRA Level 3) The Investigations PTT from camp Tow traveled to Chamchamal District HQ to meet with the station commander. The meeting was to ensure students for and investigations class, were identified, and a location was prepared for the class. The Col stated currently they are having problems in the Jalawlaa neighborhood with insurgents.

Dahuk [redacted] (b)(3), (b)(6)

(MD0641) Semel District Police Headquarters: (TRA Level 3) PTT continued the instructor course for "Community Policing" at Semel DHQ. The students reviewed the principles and objectives of the course and went through several sessions of role playing to acquaint them with various methods of resolving disputes. PTT, along with the IP, then traveled to the villages of Kasafry and Tanahe where PTT met with each village chief and explained the concept of community policing. The IP discussed how community policing will benefit each village and teach them how to work closely with the local police in order to address problems while they are still manageable and before they escalate. The reception at each village was positive and arrangements were made to return and continue these talks in the near future.

(MD0633) Sarsing District Police Headquarters: (TRA Level 3) PTT met with Lt. [redacted] (b)(6), (b)(7)c and resumed the force protection classes. 10 IP were present for the classes along with Sgt. [redacted] (b)(6), (b)(7)c who was chosen to be the train the trainer instructor. Today's class covered handcuffing, pressure point techniques, tactical stances and escort positions. Students were provided classroom instruction and then required to complete practical exercises.

(NO FFID) Dahuk JCC: PTT met with GEN [redacted] (b)(6), (b)(7)c of the Dahuk JCC. The GEN advised PTT that Dahuk was safe and that no significant acts had occurred recently. He stated that the only area that has had problems was Zahko. He advised that Turkey had fired three rockets into the town of Darkar in the Zahko area. There were no injuries to report and it is still under investigation. The GEN gave the grid of LG 093242. The GEN advised that he has a daily meeting with his staff to cover intelligence. He also advised that he has a weekly meeting with all government offices once a week.

(NOFFID) Dahuk Civil Defense: PTT met with Hikmat, who is over the Civil Defense for Dahuk. The COL advised that he had only been in his position for the last eight days and was getting out to all of his stations. He stated that he did not have all of the information needed to make a proper statement on what to advise PTT at this time. He did advise that several of his stations were working out of their homes and that the Civil Defense was renting and some were working out of mayor buildings in towns like Zahko. He asked that the Team return in approximately eightt days, and he should have visited all of the stations and would have a better report to provide PTT.

Ramadi (MND-W) [redacted]

Al Anbar [redacted]

(b)(3), (b)(6), (b)(3), (b)(6)

(RA0002) IP Headquarters PHQ: (TRA level 3) Provincial Police Transition Team (P-PTT) members met with the leadership of the Jail Section and made arrangements for the purchase of logistical needs for that section. Schedule, manpower and Iraqi Police (IP) assignments were also discussed. Many security and quality of life items were purchased from the local markets. These items were brought to the Government Center and secured. The Administrative Section began working to obtain hiring orders from 2 of the districts in Al Anbar. Contact was made with the IP who are delegated with operation and maintenance of the IP generators. P-PTT discussed a plan to obtain more reliable power for the Government Center.

(RA0005) Amariyah Patrol Police: (TRA level 2) An extended visit is in progress. No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0007) Al Qaim Local Police Station: (TRA level 4) A station visit was conducted and the Police Transition Team delivered supplies for the station.

(RA0009) PSF-3 (Tway): (TRA level 4) The Police Transition Team (PTT) continues to conduct screening of Iraqi Police (IP) utilizing BATS. The PTT worked with the training officer and the Admin Officer. The topics covered included the organization of the administrative files for all IP and detainees. Folders were provided by the PTT for the officers and 2 IP to utilize. The participants completed the training and appeared to have a good understanding of the process. The PTT will continue to monitor the IP and check the files from time to time to make sure they are kept accurate and in order.

(RA0010) Tameem: (TRA level 4) The Police Transition Team (PTT) inspected the detainees and detention facility. The facility was clean and the detainees appeared to be in good condition with no signs of mistreatment. The Iraqi Police (IP) assigned to detention have been using the detainees to pick up trash and clean in and around the station compound several times a day. One detainee was released while PTT was at the station.

The PTT went to the JCC with the Tameem Payroll Officer to collect the IP pay and address an existing pay issue. The issue was resolved. The PTT assisted and observed payroll distribution for the station. The PTT conducted BATS screening and issued badges to approximately 10 IP. The PTT started an inventory of all AK-47s, Glocks and ammunition at Tameem Station.

(RA0016) Ferris Station: (TRA level 2) An extended visit is in progress. No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0018) Walid Local Police Station: (TRA level 4) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0020) East Station: (TRA level 4) Delayed reporting from an extended visit.
27 July 2007 The Police Transition Team (PTT) met with Station Chief in regards to upcoming station training. The Chief asked if the training classes could be provided in Arabic. The Chief wants his Training Officers to teach his Iraqi Police (IP) and be involved in the training classes. During this visit, the PTT and IP worked on various force protection

projects around the station. The Iraqi Police conducted patrols without incident. All of the patrols were conducted without any PTT assistance. It was discovered during this visit that an unknown number of IP had discharged their weapons after a soccer match. Today's training topics were Apprehension and Search Procedures. The apprehension class taught IP how to safely apprehend suspects. The officers learned how to work in teams and without backup. The search procedures class taught IP the proper techniques for searching persons/suspects, while keeping officer safety in mind. All IP preformed several practical exercises following the classroom lecture.

28 July 2007 The Police Transition Team (PTT) met with the Station Chief. The Station Chief advised he was very happy with the current training at the station. The Iraqi Police (IP) conducted patrols and security details without incident. The training is going very well and more officers are asking to be involved in the classes. The station sent 1 officer to the Officers Basic Course and 5 IP to the RTC IP Basic Training Course. The station's security looks good with all post properly manned. Today's training classes consisted of Crime Scene Management and Interviewing Techniques. The Crime Scene Management class taught officers the proper way to secure a crime scene. This class discussed the different possible crime scenes and various conditions that may exist at a crime scene. The class discussed the roles of the first responding officers to the scene. The Suspect/Witness Interviewing class taught officers the proper and legal way to interview suspects and witnesses. The officers learned how to introduce themselves to witnesses and how to take statements in a professional manner. The officers also learned how to interview suspects in a professional manner; without violating Iraqi law. Both classes were first presented via a power point presentation in Arabic. The students from both classes also participated in a mock crime scene. They conducted interviews with both witnesses and suspects.

29 July 2007 The PTT prepared classrooms for tomorrow's classes.

30 July 2007 The Police Transition Team (PTT) presented classes on Apprehension and Suspect / Detainee Searches with emphasis on officer safety. Practical exercises were preformed at the conclusion of the classroom lecture.

31 July 2007 No station visit was conducted. The Police Transition Team (PTT) preformed a personnel change. The PTT convoyed from Combat out Post (COP) Corregidor to Camp Junction City. Upon arrival the PTT discussed the training schedule for the following week. Supplies were gathered and the PTT transitioned back to COP Corregidor.

(RA0025) Al-Huryia: (TRA level 3) No station visit was conducted. Military members of the Police Transition Team (PTT) participated in mandatory rifle qualifications. 30 July 2007 The Police Transition Team (PTT) provided a course of instruction on firearms to the designated Training Officers. The detention center and the detainees were inspected with no issues found. The PTT met with the Station Chief and he was informed of all training conducted on this day. He was also provided an evaluation of his Iraqi Police who attended the training. While visiting with the Chief, a news crew arrived and requested to film the station and speak to some subjects being held in the detention facility. They wanted to film the process of arrest and follow the events until the subject was released or found guilty. The crew was given access to one subject for an interview that was to be released by order of the judge. During the interview he informed them that he had been involved in several events that had caused the death of others. He stated that he planed these events and was responsible for the deaths. The subject was arrested again and is going to be charged for the actions to which he confessed.
