L4.7

CPATT IPA-OPERATIONS DAILY SITREP

02 August 2007

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: (TRA Level NA) The Team met Global Security personnel and members of the IP Command Staff to discuss security issues and exchange information. The IP Command Staff was reminded to encourage FTOs to take more initiative towards promoting the MOI Training Plan. The MOI Training Plan is designed for STOs to provide Training classes while IPA Team members mentor the Program. Team members will also insure progress is realized during the FTO Training Program. Team members inspect the French Village Sub-Station daily to insure efficient operations are being conducted. The Team met the Global Security Project Manager to insure arrangements were in place for the arrival of new IPAs. The Team made necessary arrangements with immigration officials regarding passport entry stamps and no problems were experienced. The Team met to discuss operations and developed training courses for the upcoming weeks. The Team attempted to meet General [redacted] (b)(6), (b)(7)(c) reference make-up training dates and was unable to do so. The Team continues to monitor IPs daily performance at the Terminal and provide mentoring when necessary.

(BC0009) Al Alawiyah Local Police Station: (TRA Level 2) The Team met the Station Commander who advised several requisition requests remain unanswered. The requests are for generator fuel, ammunition, office supplies and (2) for uniforms. The Team will obtain copies of the request and begin conducting a follow-up in attempt to resolve the matter. The Commander advised the requested items are needed to conduct effective police operations. The Team will copy the Headquarters Team with these requests for follow-up.

(BC0010) Al Bayaa Local Police Station: (TRA Level 3) The Team monitored the Station Guard Mount inspection and observed IPs wearing issued gear and receiving duty assignments. Team members questioned several senior IPs (team leaders) concerning their responsibilities and duties. The Team observed IPs uniforms in poor condition and a request for replacement uniforms has been submitted through the Chain of Command. The Team noticed several IPs without ballistic plates inserted in the vest compartments and it was unclear if same was by choice. The Team will address the matter with the Station Commander for needed correction.

(BC0011) Al Dorah Local Police Station: (TRA Level 4) A VBIED was detonated near the Station. The Team responded and found that an Iraqi Army patrol was targeted during the attack. Inspection revealed only 1 injury was sustained to a civilian. The civilian was transported to the hospital and the Team returned to the Station. The Team conducted Training for the STO covering Professional Appearance and Weapons Handling. The Team advised the STO a future Training Plan will include procedures for providing a more adequate response for an attack on the Station.

(BC0019) Al Juaifer Local Police Station: (TRA Level 2) The Landowner is currently conducting mounted and dismounted Joint Patrols in the AOR approximately 5 times a week. Landowner is also providing fuel for Station IPs to conduct vehicle patrols, and have also offered assistance to IPs while the serve warrants in the AOR. The Team met the Command Staff and addressed the issue of IPs failing to report for duty on time. A new Checkpoint was established at Routes Senators and Grizzlies in an attempt to quell recent violence in the area. The issue of moving existing Checkpoints to better cover high threat areas was forwarded to the Provincial General for review. The Station Commander is

planning for the upcoming Shia celebration march on 09 August, by scheduling additional Checkpoints and Patrols during the period covering 06-11 August 2007.

(BC0020) Al Kadhimiya District Police HQ: (TRA Level 2) The Team met the Station Commander who requested Weapons Training for Station personnel. The Team conducted a Train the Trainer Class with 3 personnel as other 4 scheduled students failed to show-up. The Team observed the Train the Trainer Class served as a confidence and relationship builder for the students.

(BC0022) Al Kadhimaya Patrol Police Station (West): (TRA Level 2) The Team conducted a follow-up inspection of the Arms Room. The Teams request for the removal of weapons crates from the room remained unsatisfied. The attendant advised he would need instructions from his supervisor before removing the crates. The Arms Room supervisor requested the Team return 2 previously confiscated AK47s as same were used to replace Station inventory weapons that became lost or stolen. He provided information that if an IPs weapon was lost or stolen, they would grind-off the serial number from a spare weapon not in inventory and re-stamp it with the serial number of the missing weapon. He further stated this was done to keep the IPs and Station out of trouble with MOI. The Team notified the Arms Room supervisor the 2 AK47s would not be returned and a receipt for the weapons would be provided through the Station Commander. The Arms Room attendant advised 131 AK47 weapons were confiscated several months ago by the Military and he is being charged for the cost weapons because he allowed the Military to take them. It remains unclear who authorized the described action or if same in fact occurred. The Arms Room attendant is supposed to have additional information concerning the matter during the Team's next visit.

(BC0036) Karrada Traffic Police Station: (TRA Level 3) The Team received information that General [redacted] was assassinated during the early morning hours near the IZ near Route Brewers. Additional information revealed Sergeant [redacted], Arms Room OIC, was badly injured earlier in the morning due to a VBIED attack. The Arms Room remained locked due to the Sergeant [redacted] having possession of the only key.

(BC0039) Al Mamum Local Police Station: (TRA Level 2) The Team provided a white-board and markers for the Detention Facility to assist with tracking prisoners. Additional supplies for the Detention Facility will be provided at a later date. Fuel issues continue to be a major problem at the Station and requests for additional fuel have been submitted through the Chain of Command.

(BC0040) Al Mansour District Police HQ: (TRA Level 2) A Team meeting with the Station Commanders of Mansour District Headquarters and Mamun LPS was cancelled due to both failing to show-up. The meeting was scheduled to discuss upcoming Training at the BIAP. The Team forwarded the names of 2 good STO candidates to the IPA assigned at Mamun LPS. Information revealed the names will be forwarded to the Station Commanders for consideration.

(BC0052) Al Rashidia Local Police Station: (TRA Level 3) The Team conducted Training for 16 IPs and 2 Officers covering Leadership and Teamwork. The Station Commander and Shift Lieutenant assisted in presenting the class. The Station Commander encouraged students to read books and gain as much knowledge as possible concerning the topics. The Team inspected Force Protection and found 15 IPs assigned to posts. The Team conducted 2 Joint Patrols with IPs and no incidents were experienced. The Station received fuel during the Teams visit and records indicated the Station has 3 vehicles operational. The Station Commander advised 2 IPs were recently shot by a sniper and both remain hospitalized. Additional information revealed the incident was relayed to CF along with information indicating possible locations the sniper is operating.

(BC0065) Al Taji Patrol Police Station (West): (TRA Level 2) The Team plans to mentor and assist the Station Commander with assigning an interim STO. The current STO will be assigned to FTO duties at the Station. The Team's Military counterpart continues processing IPs into the HIIDE system which required the use of the Teams interpreter. The Station Commander requested all Station personnel be entered into the HIIDE System for tracking purposes.

(BC0069) Al Thawra Local Police Station (Baghdad): (TRA Level 1) The Team continued collecting biometric information for the ID Badge process. The Team's interpreter was not available to discuss the Town Hall meeting and Training Room issue. No Training was conducted due to the Military ID Badge processing effort.

(BC0071) Al Thawra Patrol Police Station (East): (TRA Level 2) The Team processed personnel into the HIIDE and BATS systems. The process provided the opportunity for recording all serial numbers of weapons issued to IPs. The Team processed 58 personnel and discovered a false badge in possession of and IP. Information indicated he lost the original badge and made a false replacement badge on a home computer. The IP was directed to the Station Commander for disciplinary action. Approximately half of the 71 IPs have been processed to date.

(BC0077) Al Zohour Local Police Station: (TRA Level 3) The Team visited the Station for the 1st time after 2 months and re-established relationships. No Training was conducted due to the short period of time allowed for the visit. No personnel issues were expressed and the Station Commander advised the Station has 3 vehicles needing repairs. Information indicated MOI is providing fuel for operations. No equipment issues were reported.

(BC0079) Bab al Muadam Patrol Station: (TRA Level 2) The Team met the Station Commander and discussed operations. Information revealed IPs arrested a male homicide suspect yesterday for killing his former wife's (new) husband. The Commander also advised members of the IA beat-up an IP over a former (unconfirmed) incident. The Station Commander made a written report about the assault and has forwarded same to MOI for investigation. The Station Commander was advised complaints have surfaced at Rusafa Headquarters (Internal Affairs Section) indicating Station IPs are shaking-down local citizens for money. The Team mentored the Station Commander on the importance of documenting and investigating all complaints of corruption so as to maintain professionalism within the Department and in the eyes of the public. The Team recorded information and photographed personnel for temporary ID badge processing. Information included issued weapons serial numbers. Information revealed MOI notified the Station Commander no fuel would be supplied for the Station and he remained responsible for operations including Patrols and Checkpoints. The Team did not supply fuel for the Station during the visit.

(BC0088) Baghdad Provincial Traffic Police HQ: (TRA Level NA) The Team met the Brigadier General who voiced concern over the length of time required to obtain IP badges. MOI has set-up a biometric station on the Traffic Compound to begin processing badges. Additional information provided by MOI indicates approximately 20 can be processed daily. Background investigations are conducted on IPs and MOI provides the approval for badges. The approval information is forwarded to Adnon Palace where the badges are produced and then returned to MOI for distribution. The entire process can take anywhere from 2 to 10 months for completion. The Team learned the Brigadier General, Traffic Logistics OIC, was killed this morning while traveling to work. The Colonel, OIC Force Protection, requested 100 traffic vests for IPs. He was requested the items using proper procedures through the Chain of Command. The Team requested a copy of the requisition for follow-up.

(BC0093) Hy Al Amil Local Police Station: (TRA Level 3) The Team inspected the Detention Facility and found family members visiting the prisoners. Prisoners requested generator fuel for operating lights and the air-conditioning unit. The Team will forward the request to the Station Commander for whatever action he deems appropriate. The Team visited JSS Black Lion and RTB without incident.

(BC0094) Hy Al Amil Patrol Police Station (West): (TRA Level 3) The Team met the Station Commander and learned the Station did not have an STO. The Team's Military counterpart has been attempting to have the Commander fill the vacancy for the past 4 months. The Station Commander continues to give the excuse that he does not have sufficient personnel to fill the position. The Team continued to pursue the matter until he made 3 recommendations. The candidates were notified and 1 claimed to be a certified trainer. The Team requested a copy of his Training certificate for verification and will follow-up on the matter during the next visit.

(BC0103) Major Crimes Unit HQ: (TRA Level 2) The Team assisted MCU #2 personnel with admitting 45 detainees at Rusafa Main Jail. The Team met with the Chief of Investigations and discussed problems being experienced at Mada'en, Mahmodai and Yosfai Local Police Stations. The Chief of Investigations advised the Team of problems with IA falsifying information in cases involving witnesses. Investigating Judges recommended dismissing some of the 'bad IA cases' and Judges at the Central Criminal Court had over-ridden the recommendation. The Team met the Chief of Financial Crimes who advised he received 26 additional detainees charged with illegally selling fuel. The Team met the Commissioner of the Evidence Room who advised his Section received 'high marks' resulting from a recent MOI inspection and audit. The Head of Finance advised IPs will not be reimbursed for purchasing fuel for MCU Units. Information provided by the Colonel of Fleet Management indicated no reimbursements will be allowed due to IPs using-up the allotted fuel for both duty and personal use. He advised there would be plenty of fuel available if IPs were only using fuel for duty purposes.

(BC0107) Medical City Local Police Station: (TRA Level 2) The Team met the Station Commander who advised the AOR was quiet during the past 24 hours. The Administrative Commissioner at the Station has been missing for 3 days and the Commander advised it is unusual for him to ever miss work. The Station Arms Room Commissioner is under investigation by Internal Affairs concerning alleged weapons missing from a home raided during the month of May 2007. Information revealed the Commissioner was beaten and choked by an IA investigator during and interview accusing him of taking 6 pistols during the raid. The Team and CF were present during the raid and observed 6 long guns confiscated during the raid and all were placed in evidence where they currently remain. No pistols were observed or confiscated during the raid on the home and the Commissioner stated he was in fear over the investigation. The Teams Military counterpart Commander will draft a letter to the investigator stating CF was present during the raid and there was no impropriety observed on the part of the Commissioner. The Team mentored the STO on a Use of Force Matrix System covering the concept of Force Continuum. Special emphasis was placed on only using the amount of force necessary to gain control of suspects. The Team conducted a Force Protection assessment and found personnel properly manned and equipped. The Station seemed to be operating at a much higher level of professionalism today.

(BC0120) Rusafa Police Directorate HQ: (TRA Level 2) The Team processed 54 IPs for ID Badge applications which brings total to 276 personnel processed. The contractor repairing air-conditioning units continues working at the Station. The Logistics truck was returned to the station and it was discovered the truck-bed is insufficient for transporting the Checkpoint shelters recently constructed. Training continues for 128 new recruits at the

Headquarters and no issues were reported. City power problems remain an issue at the Station and not enough fuel is being supplied for generator operations.

(BC0122) Sheikh Saad Local Police Station: (TRA Level 3) The team assisted with classroom Training for 8 IPs covering Firearms Range Operations. Students conducted dry-run skills prior to live fire drills. The STO was tasked with other duties and unable to attend the Training session. The Team stressed the importance of STO Leadership to the STO for the success of the Training Program. The Training will remain ongoing and include personnel assigned to the Boob Al Sham Station. Two IPs assigned to the Station were shot by an IA soldier and they are both hospitalized. MOI is supplying limited amounts of fuel for operations and no Joint Patrols were conducted during the visit.

(BC0628) Rusafa Directorate Checkpoint Police HQ: (TRA Level UNK) The Team met the Station Captain who advised the AOR was quiet during the past 24 hours. The Captain is working on a plan with the Colonel to rotate IPs from work locations to the Station to accommodate ID badge processing. All posts were reported covered with 70 IPs on duty during the visit.

Babylon (MND-CS/S)

(b)(3), (b)(6)

Al Qadisiyah

(b)(3), (b)(6)

FOB Echo: PTT continued to prepare for the upcoming SWAT class and continued the Combat Life Support Class.

Babil

(b)(3), (b)(6)

(NP9904) Iraqi Camp Charlie National Police Compound: (TRA Level 3) The REO PTT arrived at Camp Charlie and set up for training. The areas of instruction were Use of Force, Search Techniques/takedowns and arrest scenarios. In observing the Iraqi Trainers, the instructors appeared confident in their training areas, they focused on the movements being trained and had cooperation and participation from ERU IP's. The planning appears to be well organized and separated into two training groups. BATT was ongoing to complete the identification of ERU IP's. A lack of electricity continues to be a problem in conducting training and processing students in the Biometric system. Generators and fuel have been delivered, but are not functioning. The team discussed this with the ERU staff.

(BB0038) Tunis Local Police Station: (TRA Level 2) The Kalsu PTT discussed the local Community Watch program. Currently, there are four citizens involved with a neighborhood watch that concentrates on the market area of Tunis during the evenings. While at the station, the Commander received a call from the check point southwest of town. A local farmer in that area had reported a UXO rocket in his field. The Station Commander led the PTT to the location. While the PTT secured the area, the IP's retrieved the rocket and it was returned to the station. EOD was notified and they picked up the UXO for a controlled detonation

FOB Kalsu: The PTT conducted training on FOB Kalsu for 192 Iraqi Police that will make up the North Babil ERU (emergency response unit). The IP's were trained in the operation of the AK-47, maintaining the AK-47, basic shooting fundamentals associated with the AK-47, and shooting positions with the AK-47. The AK-47 was fired on the range and classes on the Glock model 19 were covered in the classroom. This training will be mirrored until the IPs prove to be efficient with the weapons.

Wasit [redacted]

FOB Delta: No Missions were scheduled on this date.

Dhi Qar / Al Muthanna (PIC) [redacted]

PIC members reviewed recent requests sent by provinces to MOI. These requests are for a large variety of operational supplies including weapons, ammunition and body armor. Supply issues will be discussed with Al Muthanna Logistics Officer in the next few days. PIC members traveled to Al Muthanna IPS Academy to conduct T3 training. This is a multi day outing. PIC members finalized preparations to meet with Dhi Qar PJCC Commander and Logistics Officer. PIC members met with MiTT members for scheduling of events for next few weeks. PIC members are making arrangements to hold a meeting with Col. [redacted] (Dhi Qar PJCC commander) to discuss security planning and table top exercises. The meeting has been confirmed. PIC members made contact with Al Muthanna PJCC to obtain status of compiling a list of those IPS members that are in need of a MOI badge. This is in preparation for the MOI mobile badging team process. PIC members will continue to perform T3 (Train the Trainer) in the near future for the Al Muthanna Police Academy. Team members will be conducting an assessment of the Academy in the near future to help facilitate this and other training in the future.

Tikrit (MND-CW) [redacted]

Diyala [redacted]

(TD0024) Diyala Provincial Police HQ: (TRA Level 3) PTT-P spoke with GEN [redacted], Chief of Personnel, who provided a report as to how many IP have been rehired in the Province from January 2007 until June 2007. GEN [redacted] further advised that he has not received any word from MOI in Baghdad in reference to the personnel records being reviewed for the new IP to be hired. GEN [redacted] also stated that MOI was at Baqubah Center District HQ collecting biometric data on the outer Baqubah District IP. MOI uses this information to determine which IP is to receive hiring orders.

(TD0104) Neshda Local Police Station (QRF): (TRA Level 3) PTT-D conducted a training observation of the QRF station at the IPS HQ weapons training range. 65 IP attended the training using the AK-47 rifle. Due to the large number of IP, this was an all day training session. The training for the day was concluded after all shooters had gone through the training drills. The training was conducted by an Iraqi trainer who performed well.

(TD0103) Diyala ERF 1 Facility: (TRA Level 3) PTT-D conducted an inspection of the holding facility were 7 IP incarcerated in the cell for various punishments, along with a detainee that had been brought into the station earlier by the 1920 militia brigade. This man identified as [redacted] had been beaten, according to him for carrying an incorrect ID card. Pictures were taken of his injuries and he was escorted to BG [redacted] office. PTT-D asked that he be taken to the hospital for treatment, which they did. During the meeting, another citizen came to the station to report that he had been beaten as well by the same militia. Pictures were taken of his injuries as well. According to him, he was detained, kidnapped and beaten with a cable in the same manner as the other detainee. He states he was tortured because he is Shia. The men who did this stated they did not want any Shia in the area of Mufrek. BG [redacted] advised he has received other information about this militia group threatening people in the area that his station serves. BG [redacted] is concerned about the group because his IP have been doing a good job and the community is starting to trust his men. He is afraid this group will be associated with the IP. The detainee abuse investigation was turned over to CF.

Compiled by [redacted]

8/2/2007

(TD0110) Diyala ERF 2 Facility: (TRA Level 3) PTT-D met with COL [redacted] who stated he had 200 IP working on this date, approximately 100 IP on vacation and another 70 IP recovering from injuries. He also stated that the station was authorized an additional 100 IP from IPS HQ, and he was beginning the interview process of 50 applicants. He stated that he has not been issued any additional equipment for these newly hired. However. PTT-D delivered seven replacement AK-47 rifles and the repaired PKC. The rifles were a one for one swap with equipment that was beyond repair by the armorer here at FOB Warhorse. The documentation was also given to ERF-2 arms room personnel. No training was conducted due to time restraints by the military.

(TD0020) Buhriz Local Police Station: (TRA Level 3) PTT-D visited LT [redacted] who reported that the Station Chief, LTC [redacted], and 65 Buhriz IP were participating in an operation with CF in the area of Al Bahraz. The station had 163 IP on duty with 25 IP on Force Protection, 41 IP on checkpoint operations, 32 IP performing duties in their own neighborhood of Ambuhghia and 65 IP participating in a joint operation with CF. PTT-D conducted a training class on Police Report Writing to 14 IP.

(TD0032) Kanan Local Police Station: (TRA Level 2) PTT-D met with GEN [redacted] and CPT [redacted]. The GEN came from Baqubah to speak with CPT [redacted] about the security situation in Kanan and the lack of personnel, ammunition and fuel. GEN [redacted] advised that Kanan would be receiving an additional 25 IP this week but he would have to work with GEN [redacted] to provide the other supplies that CPT [redacted] is requesting. CPT [redacted] stated that there were 20 IP working at the station and 9 manning the check point. Eight IP received training on React to Ambush which included rehearsals of the battle drill. PTT-D also traveled to ERF 1.

(TD0018) Balad Ruz District Police HQ: (TRA Level 2) PTT-D traveled to Balad Ruz District to assist with training in a fingerprint and retinal scanning machine. The machine was unable to be used due to a password problem. Training was conducted on handcuffing and prisoner handling procedures with 17 IP. PTT-D was advised that a dead body had been found in a ditch west of town. Once at the scene about twenty IP were shown how to process a crime scene for evidence. The body was removed and found to have numerous gunshot wounds to the head and torso. The body also was flexed cuffed behind the back. A witness was located and five IP assisted in the interview and interrogation that followed.

(TD0038) Mandeli District HQ: (TRA Level 3) PTT-D visited the Mandeli DHQ to meet with the Mayor and IP Commanders. Also, 10 IP were instructed on weapons handling and station force protection.

(TD0006) Muqdadiya District Police HQ: (TRA Level 3) PTT-D met with GEN [redacted] who said he had 8 patrols and 10 check points with 120 IP working. Contact was made with CPT [redacted] who was transferred from Baqubah. He is an investigator and his primary job is to investigate terrorist activity. [redacted] prepares cases for the Judge. He stated there is no Judge in Muqdadiyah and all cases are being heard in Baqubah. There are currently 36 prisoners at the Muqdadiyah Jail. 12 IP were trained on Police Response and Community Policing. A joint patrol was conducted in the Brishta area where citizen contacts were made with local nationals.

Salah Al Din

(TA0017) Al Aswar LPS: (TRA Level 2) PTT met with Deputy Chief MAJ [redacted] who stated the generator was not working for the last two days due to a malfunctioning part and battery. When asked if they had requested support from DHQ, he said they did not send a request. PTT mentored him to submit requests to DHQ for replacement. The MAJ

expressed he was not expecting a positive response from DHQ. The MAJ, a CPT and six IP attended the class on vehicle check point procedures with police vehicles, equipment, and a privately owned vehicle. Their set up of the VCP was good. PTT observed poor search skills and made corrections. A class was also given to demonstrate a proper vehicle search and suspect apprehension.

(TA0029) Al Messirah: (TRA Level 3) PTT spoke to the Station Commander who stated only 4 IPs were present for duty. All four IP were on duty for force protection and they we were unable to conduct training.

(TA0034) Al Musafi ESU: (TRA Level 3) The Team met with LT [redacted] who advised things were good in the community and at the station. LT [redacted] stated he had 15 IP AND 1 officer report to duty today for a total of 16. Due to the interpreters lack of communication skills, no classes were conducted. CF was also unable to hold our have a decent meeting with LT [redacted].

(TA0050) As Saniyah: (TRA Level3) PTT contacted the on duty commander, LTC [redacted], and found that 59 IP on duty with 12 of those IP located at the check point. PTT conducted a three hour training session that included building entries, building searches and public contact. A second two hour practical training exercise was conducted on check point security, check point placement and searches of persons at check points.

PTT also met with CPT [redacted] regarding the conducting of a program that registers the business owners in the City of Saniyah in an effort to gain the support of business owners in reporting crimes and providing information to the police. This program would include the business owner's name, location, hours of operation and the types of products or services they render. This program would be implemented by the Saniyah Police Officers.

(TA0080) Salah Al Din Provincial HQ: (TRA Level 1) PTT-P met with COL [redacted] of the Salah Ad Din Provincial Motor Pool. PTT-P observed every parking bay was full of vehicles in various states of repair. This is the most vehicles ever observed being worked on here. COL [redacted] stated that he had recently sent some men to
Irbil to obtain parts for Chevrolet vehicles, but the men returned with no parts because they had nothing on hand of items they needed. He is very disappointed that so many American style vehicles are broke down and they cannot obtain parts for repair and can only scavenge parts from other vehicles. He is unsure how many vehicles are unusable in the Province due to parts shortages. He did supply a list of needed parts which will be translated. He also requested diagnostic machines for the American vehicles, of which he was advised to request them through his channels and MOI.

(TA0084) Samarra District HQ: (TRA Level 3) PTT checked on IP at their respective check points throughout the night and into the day. There is a joint mission between CF, IP and NP throughout Samarra and the AL_QALA area. All IP seemed to be manning their respective checkpoints as required. No incidents were reported from the IP. Water and food was being delivered by their commander in charge.

(TA0099) Tikrit District HQ: (TRA Level 2) PTT traveled to TDHQ and attended the Chiefs Meeting along with GEN [redacted] the Tikrit District Chief. PTT gained a significant response from all the Chief's in attendance concerning the Coalition Forces engagement with Shiek leaders throughout the Tikrit area. PTT-D contacted all TDHQ department heads and exchanged information concerning PSMR operations.

(TA0100) Tikrit Emergency Patrol: (TRA Level 3) Station Team 6 was at FOB Danger and was approached by MAJ [redacted] of Tikrit 911. He stated there was not

enough fuel for an IP vehicle and came by POV. He also added that other personnel were on missions. Given this information, Station Team 6 went to Tikrit 911 to do a station visit.

LTC [redacted] was at the station to greet the Team. LTC [redacted] verified everything that MAJ [redacted] had said. LTC also gave information about the District meeting that took place that day. He stated that they discussed several issues including training, fuel problems, ammo for training and weekly fuel allowance went down from five vehicles to two and corruption at the fuel pumps.

The issue about "corruption at the fuel pumps" was brought to GEN [redacted] attention. The Chiefs at the meeting stated that IPs at the Provincial level were taking fuel from an assigned gas station earmarked for IP use and the fuel was used for their POVs. In fact, the gas station manager would not allow the IP's from the other stations to fill up unless he got payment for the gas for the IP vehicles which should be free. There were also problems getting diesel fuel for the generators.

Camp Bernstein (Tuz): PTT set up a leadership training class on FOB Bernstein. Only two officers show up. The Team called the other Station Chiefs who advised they had forgotten about the class stated they would send the IPs immediately. No IPs reported for the training and the. PTT was forced to cancel the class and reschedule for another day.

Mosul (MND-N) [redacted]

Ninewah [redacted]

(NO FFID) 5th Emergency Response Battalion: PTT conducted firearms training which consisted of classroom and hands on training with seventeen IP on the AK 47 and Glock. The Training Division presented seventeen IP with certificates of completion for Fundamentals of Marksmanship Course.

(NO FFID) Highway Patrol Station: (TRA Level 3) The Police Transition Team (PTT) met with MAJ [redacted], command staff officer, who advised that station IP were currently manning six checkpoints on the main road into Qayarrah. The MAJ advised the IP at the checkpoint were in need of food, fresh water, vehicles, fuel and additional IP personnel. He also advised the IP have the proper number of Glock's and AK47's, but were in need of additional magazines and ammunition.

PTT noted that the station was in need of repairs. The station currently has electricity, but no running water. The MAJ advised they sometimes receive water from local citizens driving water tankers. The PTT advised they would work on this situation. The station currently has no holding area for prisoners and the MAJ advised that prisoners are transported to the station only until they decide the best location to transport the prisoner.

The PTT also spoke with LTC [redacted], command staff member, who advised he is working directly with BG [redacted] to resolve the issues at the new checkpoints. The PTT will follow up with BG Ali to ensure the IP's obtained the proper equipment and check on the status of hiring additional IP personnel.

(NO FFID) Highway Patrol Checkpoints 1-3: (TRA Level 4) The Police Transition Team (PTT) conducted assessments on three of the new IP checkpoints on the main highway into Qayarrah. The PTT observed that each of the checkpoints are in need of force protection, additional IP personnel, equipment for the IP's, vehicles and fuel for the one vehicle they currently use. The PTT observed that the IP have limited radio contact due to the distance between the checkpoints and lack of a radio repeater. The IP advised they are currently

using mobile cell phones in order to relay and obtain information. The PTT were also advised that water is delivered to the checkpoints by citizens driving water tankers. The PTT is currently working with BG [redacted] to ensure the checkpoints are fully equipped and operational.

(MN0056) Ninewah Provincial Headquarters: (Level 2) The PTT met with BG [redacted], NPHQ TOC OIC, and discussed the significant events occurring during the past 24 hours within Ninewah Province. BG [redacted] advised that a civilian was killed on Bridge #5 (Al Shoda) by SAF from an unknown source. One IP was killed and two civilians wounded by SAF at Al Zanjali traffic circle as AIF fired on an IP patrol. Al Habda DHQ reported that one IP was wounded as an IP patrol hit an IED. BG [redacted] continued by advising that an IP vehicle had been suspected to have been stolen by two IP, but later the burned IP vehicle, with the bodies of the two IP inside, was found in the Al Namrowd area south of Mosul. This incident is still under investigation. Investigators now believe that the two IP were kidnapped and murdered. It was reported that an IP captain had been kidnapped by AIF and intelligence sources stated that he was being interrogated in the Al Nowr area. BG [redacted] concluded by advising that several civilians had been killed primarily by SAF in various parts of the city by unknown assailants. BG [redacted] also described the planning and initiation of two major cordon and search operations that are scheduled for (date withheld). Elements from several LPS were taking part in the operations that are based on intelligence received from sources in the community. Three of the five computers scheduled for the operations room have been installed and are in use. Once they are all installed they will be networked together so the commander is able to observe what is being received from the various DHQ in the Province. BG [redacted] also asked the PTT to check on the status of an order for diesel fuel that NPHQ had submitted to CF approximately five days ago.

The PTT met with COL [redacted], Internal Affairs Commander, and discussed the force protection inspection conducted by the PTT. Issues such as deteriorating sand bags along defense lines, trash and human waste being deposited in some of the concrete defense positions, the need for keeping weapons clean and ammunition serviceable, as well as anchoring the "C" wire firmly to the surface it is laid upon. COL [redacted] made note of each of these things and committed to correcting them. COL [redacted] also spoke in a very angry tone about the failure of CF to bring pressure on MG [redacted] to exert more control over the district and station commanders. He feels many are very lax in carrying out their responsibilities, and allow many of the IP to stay at home and only come to the station to collect their pay. He opined the DHQ and LPS commander's staff check points with insufficient numbers of men. He added they do not demand discipline among the ranks and exercise very little discipline them selves. He felt that the leadership of MG [redacted] is extremely lacking and his failure to make decisions is causing serious problems throughout the Province. He feels that the insurgency in Ninewah is gaining a stronger foot hold each day.

The PTT met with LT [redacted], Detention Center OIC. The PTT observed that the overcrowding situation is still a problem, and apparently very little can be done under the current system to alleviate it. The PTT has explored the possibility of expediting the court process to move detainees through the courts more quickly; closer coordination with the detention center, MTU, and the CF in administering the BATS checks and releasing those without 'holds' more quickly; and the construction of a larger facility. Neither of the first two options has had a significant impact on the situation and at this point the construction of a larger facility appears to be the most logical answer. There are 398 adult male civilian detainees incarcerated today, with twenty three IP and two IA.
PTT met with staff members of the Auditing Department and requested information on KIA, WIA and civilian casualties. PTT was advised that there were 38 IP killed in the line of duty within Ninewah Province, and there were 105 IP wounded in action. PTT was advised there were four IP killed in action, who had been assigned to NPHQ with two NPHQ IP wounded in

action. In Ninewah Province during the month of July there were 104 civilians killed and 271 wounded due to terrorist activity.

PTT met with BG [redacted] (b)(7)(c), Training Officer and spoke of the need for MG [redacted] (b)(7)(c) to sign the food contract authorizing the payment for food for the students who would attend Training Center Spears. MG [redacted] has not signed the contract. PTT also discussed the need for BG [redacted] to issue an order to Tall Afar DHQ to provide students for MPSA Class 25.
In a meeting with COL [redacted], Training Division the PTT learned that 146 IP were transported to MPSA for Class 24. PTT noted that 338 IP had been requested for the class, but the district commanders failed to meet their individual IP student quotas. COL [redacted] opined that MG [redacted] has failed to encourage his commanders to support IP training. With approximately 4500 IP in need of Basic Recruit Training (BRT), the training staff and PTT discussed various avenues to utilize to train as many IP as possible. The suggestion by the training staff is to re-open the closed training center at Hamam Alil. COL [redacted] asked PTT, if IP with more than one year of service as an IP could attend a TIPs course. He related this would aid in reducing the number of IP in need of attending a BRT. At MPSA, Class 22 has 130 students from Tall Afar attending the academy. Class 23 is composed of 94 students from Mosul. Class 24 began on this date with 146 IP.

(MN0076) Tall Afar DHQ: (TRA Level 2) PTT traveled to Tal Afar DHQ to meet with BG [redacted] about upcoming meetings and classes as well as to get an update on the IP at Sinjar and Bi'aj. BG [redacted] advised that the IP of DHQ were on the way to Mosul to pick up graduates of the police academy there and that they had gone unescorted by coalition forces. PTT advised BG [redacted] of the upcoming class and that he would need two hundred names of IP to send. BG [redacted] said he would work on the list, he also advised that COL [redacted] should have the list of IP for Biaj available in two days. PTT spoke with the BG [redacted] about trying to buy more supplies from the merchants of Tal Afar rather than traveling elsewhere. BG [redacted] said that he thought that was a good idea and that most supplies could be bought here or ordered in from local businesses. On the way back to FOB Sykes, PTT stopped at the IP training site at Najda and delivered rolls of C-Wire. PTT inspected the force protection and found that it was seriously lacking. There were no armed outside guards or patrols and the towers had no weapons in them. PTT addressed this issue with the Major on sight who assured PTT this would all be rectified immediately.

(MN0099) Major Crimes Unit/Major Terrorist Unit: (Level 3) PTT met with COL [redacted] (b)(7)(c) and discussed the Al-Rabeain DHQ IP coming to his unit to provide their statements to the Investigative Judges. COL [redacted] stated that they have given their initial statements to the MTU Investigators on 29Jul2007 and were due back on this date to give their statements to the Investigative Judges. COL [redacted] also stated that the Tall Afar DHQ IP were coming in the next few days to pick up seven detainees that had been released by the court. PTT also received a list of IP suspected in the murders of dozens of civilians in the Tall Afar area following a VBIED attack against the IP in Tall Afar on 27Mar2007. These IP have refused to appear before the Investigative Judges to answer possible murder charges. PTT will attempt to have MG [redacted], PDOP, give an order to the Tall Afar DHQ and have these IP report to the Investigative Judges. PTT was provided a list of suspects/witnesses to the aforementioned incident from COL [redacted] and is vetting the list with the assistance of NPHQ Personnel to determine which names refer to IP.

(MN0201) Ninewah SWAT: PTT met with Special Forces in reference to an upcoming joint mission with S.F and Ninewah S.W.A.T. IP S.W.A.T commander was contacted and was briefed on equipment and manpower needed for the mission. PTT will meet S.F on (date withheld) to finalize mission plan.

At Tamim [redacted] (b)(3), (b)(6)

(No FFID) Multaka Local Police Station: (TRA Level 3) PTT has received information over the last five days from two separate reliable sources about the general mood of the populace in the Kirkuk region. The information was given to PTT by the sources at different times, and the sources were not aware that the other was providing information. Both sources stated that there is a general unrest over the conduct of the US Military on the streets of Kirkuk. The Kirkuk people are beginning to voice a strong opinion that CF is not supporting them as promised, and that Article 140 maybe in jeopardy of passing because of this. Civil war may breakout in the next few months between the Kurds and other political/ethnic groups in the area if article 140 does not get approved. Many of the Kirkuk people are waiting for direction from various leaders as to what action to take. The sources were not inferring that civil war was going to breakout at any minute. But they stressed the fact that there is a low underlying unrest and that things could get out of hand in the near future.

(TT0018) Highway Patrol Tamin: (TRA Level 2) PTT convoyed to Highway LPS and met with COL [redacted] (b)(6), (b)(7)(c). PTT conducted a check of the training records and continued HIDE photographs. COL [redacted] (b)(6), (b)(7)(c) said that he had implemented another method for discipline concerning IP who have unexcused absences from work. He said that for each day of unexcused absence, he is docking their pay four days. He said that the method of putting IP in jail for unexcused absence was not very successful because the offender IP were so lazy they did not mind being in jail, and also because they had to be cared for and fed while they were in jail. He said he is anxious to see results after next payday.

COL [redacted] (b)(6), (b)(7)(c) also advised that some of the less educated and less intelligent IP, as well as similar citizens, were being led to believe that the US military was responsible for the large VBIED explosion two weeks ago, as well as local IED activity. Referring to the large VBIED, he said that some of them believed that the US military had dropped a large bomb from an aircraft, or fired a missile. He said that he unsuccessfully argued at great lengths to convince them otherwise.

(TT0024) Qarah Anir Patrol Police Station: (TRA Level 2) PTT arrived at Qara Hinjeer to process IP through the BATS system. PTT met with LTC [redacted] (b)(6), (b)(7)(c) about doing joint patrols on a weekly basis. PTT then went on joint patrol to one of the local villages in the area for a meet and greet. PTT toured the village and talked with the elder about security issues in their area.

(TT0031) Shwan Local Police Station: (TRA Level 2) PTT met with BG [redacted] (b)(6), (b)(7)(c) and the IRD workers were paid. UXO was discovered sometime on 31Jul07 by a sheep herder and IP responded to the scene. The UXO was discovered at SME 469 470 and the IP returned to the Schwann Station and stored it there. There were eight 155MM rounds, two 60MM rounds, two RPG rounds and some fuses. The Team took photos of the UXO.

Team members met with CPT [redacted] (b)(6), (b)(7)(c) of the investigation section and went over lesson plans for beginner criminal investigation training to be conducted to his newly appointed investigators. CPT [redacted] (b)(6), (b)(7)(c) stated he would like to also go over interview and interrogation with his people. CPT [redacted] (b)(6), (b)(7)(c) was advised that those lesson plans would be secured and given to him by Team members. Area of Operation maps for Schwann IP Station was discussed and the Team will work on that issue. BG [redacted] (b)(6), (b)(7)(c) discussed the need for a GPS for tracking locations. BG [redacted] (b)(6), (b)(7)(c) is attempting to secure one.

Irbil [redacted] (b)(3), (b)(6)

MI0035 Irbil Provincial JCC: (TRA Level 3) PTT met with staff and discussed the implementation of the computers for the daily logs of calls received and made. Most of the staff is not familiar with the use of their computers at all. PTT explained to them how they can enter their documentation into a spreadsheet, file them in folders, and then save them to their documents. PTT also suggested to the staff members that each person create an email list of all the remaining staff members and send a copy via email to each other. PTT explained that this would insure that each person working in the operations room would be aware of what is happening in the Province. PTT advised that this would work until a budget is approved and other means are available. PTT also cautioned the staff members about leaving their work stations unattended unless absolutely necessary.

(M10041) Kani Kirzaala Local Police Station: (TRA Level 3) PTT traveled to the Kani Kirzaala Police Station to inquire about a traffic fatality that had occurred there two days before.

(MI0606) Irbil National Crime Lab: (TRA Level 2) PTT traveled to the Irbil National Crime Lab and met with General [redacted] (b)(6), (b)(6), (b)(6), Director of the Crime Lab. General [redacted] (b)(6), (b)(6), (b)(6) explained that the Lab with its fourteen (14) Officer/Investigators conducts all the Scientific Criminal Evidence Analysis and a vast percentage of the evidence collection and preservation of evidence for the Kurdistan Regional Police Agencies located in the area. They also process Crime Scenes, conduct analysis and assist other Crime Labs, including but not limited to Kirkuk and Mosul. He stated that most of the calls for technical assistance from the Lab are by summons from the Investigative Judges at the District and Station Levels through the District and Directorate Authority of the Police Directors. General [redacted] (b)(6), (b)(6), (b)(6) agreed to provide PTT with statistics of cases the Lab worked during 2006. He related that Investigators for his Lab are selected by committee, of which he is a member, based upon experienced investigators applications. He related that his staff has adequate investigative evidence collection material but some of the Directorates and Sub Districts lack adequate kits to provide adequate timely evidence collection. He related that additional personnel staffing would allow him to place liaison first responder investigators in the outlying Provinces, Directorates and Districts and he would welcome the opportunity to staff these positions. He advised PTT that current procedures include himself and his staff assisting with the training and presentations of new investigators assigned to the Directorate and District as well as with the annual refresher training sessions that are presented. He advised PTT that he will continue to supply the Investigators with kits and material as his supply and funding will allow. General [redacted] (b)(6), (b)(6), (b)(6) agreed that efficiency of evidence processing could be greatly enhanced with computer networking between his office and all of the supported stations. He said the new crime lab will have the networking system included in the planning. He has requested that CF and CPATT continue to assist him and his staff with training and equipment. He expressed appreciation for past efforts of PTT and CPATT.

Sulaymaniyah [redacted] (b)(3), (b)(6)

(TS0005) Sulaymaniyah Emergency Police: (TRA Level 3) PTT conducted its third day of 1st Responders class with a total of 39 students. Today's class lesson concentrated on crime scene protection and crime scene sign in log. PTT used numerous different situations to help illustrate the importance of making the scene safe before establishing the crime scene. Students also learned how and why to maintain a crime scene sign in log.

(TS0008)Sulaymaniyah PHQ: (TRA Level 2) Today's instruction was presented by Sulaymaniyah's Chief Medical Examiner, Dr. [redacted] (b)(6), (b)(6), (b)(6). The Dr. lectured on various causes and affects having to do with gunshot wounds, stabbings, burning, strangulation, poisoning,

and numerous other un-natural causes of death. He cited many actual case studies that he has performed in the Sulaymaniyah Proper. The students were fascinated by his knowledge and examples cited, and asked many good thought provoking questions. The Dr. stayed after class for over ½ hr to continue answering the many inquires of the students. Dr. [redacted] will continue his lecture series (date withheld), at which time he will show numerous slides of actual dead bodies and will point out/discuss the various causation leading to death.

(TS0008)Sulaymaniyah PHQ: (TRA Level 2) PTT continued the second week of the advanced accident investigations course, which is being taught at the Sulaymaniyah Police Training Academy. The course is schedule for a period of six weeks and includes both IP and Traffic Police Investigators.

(TS0024) Sharbazher DHQ: (TRA Level 3) The PTT traveled to the Chwarta DHQ and scheduled a two week Community Policing course set to begin (date and time withheld). The commander was asked to provide at least two IP from each of the four stations in his District to travel to the DHQ for the training. The commander advised the PTT that he would assist in any way possible to ensure a successful two weeks of training.

Dahuk **Unassigned**

(MD0641) Semel District Police Headquarters: (TRA Level 3) PTT continued the instructor course for "Community Policing" at Semel DHQ. A debriefing was conducted for the two village visits which were completed on 31 July. The main focus of this debriefing was building a rapport with the village chief and the importance of a close relationship with him.

PTT and students traveled to Khanke, an "Azidi" village in the Khanik area. IP and instructors met with the village chief and elders of the tribe, where the community policing concept was discussed. The ideas were accepted quite well and the overall feeling was one of a good relationship with the people in that community. PTT then went to another area of Khanke and stopped in the market area where a discussion with some elderly shop owners and a number of young men who happened to be present was initiated. The community policing program was explained to them and PTT asked for their response as to building the police/community relationship. They all felt this would assist in making the area safer and volunteered their full support. At this time the class was adjourned for the day and will be continued on (date withheld).

(MD0633) Sarsing District Police Headquarters: (TRA Level 3) PTT met with Lt. [redacted] and resumed the force protection classes. 10 IP were present for the classes along with Sgt. [redacted] who was chosen to be the train the trainer instructor. Today's class covered escort positions, takedowns and strikes. Students were provided classroom instruction and then required to complete practical exercises. Once students were proficient in the practical exercise, they were taught the next topic.

(NO FFID) Dahuk JCC: PTT met with GEN [redacted] of the Dahuk JCC. General [redacted] stated that PTT needed to be present at the formal meeting once a Month in order to keep abreast of current happenings within the Dahuk Government and more specifically the Police and JCC services. PTT will continue follow up visits with General [redacted] and assist in his progressive JCC leadership.

(NOFFID) Dahuk Civil Defense: PTT met with Hikmat who is over the Civil Defense for Dahuk. The COL, along with General [redacted], reiterated the desire to develop an emergency management program consisting of fire and rescue services, dive teams, emergency planners and all other disaster services. Colonel [redacted] stated that they were not seeking

funds at this point, but training. They both went on to say that there was no need for funding programs if they could not receive any training. Both were in agreement that too much equipment and funds have been wasted because no training has been provided to other departments. Colonel [redacted] has been introduced to emergency management in the United States and is extremely progressive and wants to develop this system into the JCC.

(b)(6), (b)(6)

Ramadi (MND-W) [redacted]

Al Anbar [redacted]

(b)(3), (b)(6), (b)(3), (b)(6)

(RA0002) IP Headquarters PHQ: (TRA level 3) The Provincial Police Transition Team (P-PTT) observed as the Iraqi Police carried out a shift change. Roll was taken and deficiencies in uniforms, weapons, and badges were noted. The supervisors were advised on how to divide the group into manageable squad elements for future inspections. The Chief Judge of Al Anbar arrived and was given a tour of the PJCC building, which will be temporarily used as a courthouse. Coordination between the judicial and detention centers was also discussed. The Provincial Chief of Police departed for his trip to the FBI Academy for a two week training course. Administrative and Finance sections traveled to the Rafadain Bank in an attempt to secure a procedure that would allow for the transfer of police payroll and budgetary funds to from Baghdad to the Bank. As of this time, they have not been successful.

(RA0005) Amariyah Patrol Police: (TRA level 2) An extended visit is in progress. No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0007) Al Qaim Local Police Station: (TRA level 4) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0009) PSF-3 (Tway): (TRA level 4) The Police Transition Team (PTT) visited Observation Post (OP) 293, a position manned by Iraqi Police (IP) from this station. Training was conducted with the Officers at OP 293 on Administrative issues and Records Maintenance. BATS screening was also conducted by the PTT. All IP at this station now possess a valid badge.

(RA0010) Tameem: (TRA level 4) The Police Transition Team (PTT) inspected the detention facility and detainees. The facility was clean and the detainees appeared to be in good condition with no signs of abuse or mistreatment. The PTT continued to assist with payroll operations. The PTT also continued with an on going inventory of Tameem Station AK-47s and Glocks. During the visit the PTT went to an apartment complex near the station in reference to a report of some Tameem IP involved in an argument with an IHP Officer (Iraqi Highway Police). The argument resulted in AK-47 rounds being exchanged (prior to PTT arriving) between Tameem IP and IHP. There were several officers involved in the incident. No injuries were reported and the incident was defused at the scene by Coalition Forces and the PTT. It has not been determined as to what started the dispute between the IP and the IHP.

(RA0016) Ferris Station: (TRA level 2) An extended visit is in progress. No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0018) Walid Local Police Station: (TRA level 4) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0022) IHP-7: (TRA level 2) The Police Transition Team (PTT) provided training for 18 Iraq Police (IP) and 2 IP Officers on building and room clearing techniques. PTT met with the Station Chief and his Staff to discus personnel, supplies, and refueling issues. PTT was informed that the last supply requisition was submitted on June 5, 2007 to Iraqi Highway Patrol Station 6 (IHP-6). PTT advised the Station Chief and staff that supply requisitions must be completed and forwarded weekly to the next higher headquarters until the supplies that they need are made available. A supply requisition was completed during this visit and is being forwarded to IHP-6. The station staff advised PTT that the IP did not want to be insulted by asking for supplies every week and not receiving anything. PTT explained to the Station Chief and staff that being persistent with IHP-6 is the only way they would ever receive any supplies. Follow up is the key to ensuring that IHP-6 is tracking their needs.

PTT discussed the fuel expenditures report and learned that the station staff has never completed a fuel expenditure report. The Station Chief and staff were advised that this report must be completed each week and forwarded to IHP-6 in order receive fuel re-supply and to report the fuel that has been expended. A fuel expenditure report was explained in detail to the station staff. PTT will provide a vehicle and refueling excel spreadsheet for the Station Chief to use in the future.

PTT discussed the equipment issues with the Station Chief and staff. The Station Chief informed PTT that they were in need of uniforms, flashlights, boots, batons, vests, and ammunitions. PTT requested an accurate count of supplies needed and sizes to assist in preparing a supply requisition to be forwarded to IHP-6.

(RA0025) Al-Huryia: (TRA level 3) The Police Transition Team (PTT) met with 22 Iraqi Police (IP) from the Al Huriya Station at Camp Ramadi. The IP were trained in Sensitive Site Exploitation. The instruction involved how to construct crime scene diagrams, locate and photograph items of evidence / intelligence, and the techniques and procedures for securing and tagging all items seized. They were also instructed on how to maintain the chain of custody on all items seized while transporting and logging them into the evidence room. IP were tasked with demonstrating the skills learned with practical exercises.

(RA0032) Karmah Station: (TRA level 4) An extended visit is in progress. No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0060) Saqlawiyah Station: (TRA level 4) Delayed reporting from an extended visit.
31 July 2007 The Police Transition Team (PTT) met with Iraqi Police (IP) assigned to communications and received the current number of IP on shift and their status. PTT inspected the detention facility and found 7 detainees. Six of the detainees appeared to be in good health and there were no signs of abuse or neglect. One detainee had an injury to his head. These injuries reportedly occurred when the citizens of Saqlawiyah took the detainee into custody as a suspect for multiple rapes. The detainee's head was bandaged, and he complained of pain to one of his legs. The detainee who was complaining of his injuries was removed from the jail for treatment by a Coalition Forces medic. At this time, the IP made the decision to take the detainee to the hospital for further treatment by a doctor.

01 August 2007 The Police Transition Team (PTT) provided training to Iraqi Police (IP) on the combat application tourniquet (CAT) and Defensive Tactics. The training was followed by practical application exercises. PTT informed the Training Officer he would be instructing a class on the correct application of the CAT tourniquet to other IP at a later time.

PTT conducted a joint patrol with IP to Fallujah District Headquarters to meet with the Station Chief and discuss problems related to Saqlawiyah Station. PTT also traveled to Camp Fallujah to obtain supplies.

The PTT inspected the detention facility. The six detainees appeared to be in good health with no signs of abuse or neglect. PTT inspection found that the detention facility was clean and free of debris. Mattresses and adequate rest room facilities were accessible.

(RA0072) Rutbah District Police HQ: (TRA level 3) Delayed reporting due to limited communications.
31 July 2007 The Police Transition Team (PTT) met with the newly assigned Iraqi Police (IP) Operations Officer. The PTT familiarized the Operations Officer with duties and answered several questions. The PTT has scheduled additional mentorship.

01 August 2007 A station visit was conducted. The Police Transition Team provided firearms training for 10 Iraqi Police (IP) and 3 IP Officers. The training began fairly basic and increased in difficulty as the IP demonstrated an understanding of the concepts. The PTT explained aiming, trigger control, weapons safety, weapon retention, and weapon cleaning.

(RA0080) Al Qaim (Husaybah) District HQ: (TRA level 2) A station visit was conducted. The Police Transition Team issued sand bags and wood for force protection upgrades at the station. Badges were issued during the visit. The PTT met with the assigned Field Training Officer to explain his duties.

(RA0081) Hit Dist HQ: (TRA level 4) Police Transition Team (PTT) members traveled to Blue Diamond regarding Iraqi Police pay operations.

(RA0083) Hadithah District HQ: (TRA level 4) The Police Transition Team assisted with payroll operations. The detention facility was inspected during the visit. There were a total of four detainees in the detention facility; all detainees were released during the visit.

(RA0084) Baghdadi Local Police Station: (TRA level 4) The PTT conducted a station visit to Sub-Station Albu Hiatt to assist with pay operations.

(RA0086) Anah District Police HQ: (TRA level 3) The Police Transition Team conducted 3 station visits. The visits were to the Courthouse Training Facility and Station, Reyanah Sub-Station, and the District headquarters. The PTT assisted with pay operations during the visits.

(RA0089) Barwanah Local Police Station: (TRA level 4) Delayed reporting from an extended visit.
28 July 2007 The Police Transition Team conducted recruiting drive for PSF at the Barwana Station.

29 July 2007 The Police Transition Team conducted recruiting drive for PSF at the Barwana Station; 60 recruits were successfully screened.

30 July 2007 The Police Transition Team (PTT) provided 8 hours of static security for an electric company at the Haditha dam. While providing security, the PTT located blasting caps and detonation fuses. EOD was notified and disposed of the caps and fuses. PTT also met to discuss training for PSF. The lack of interpreters at the Barwanah Station was addressed with Coalition Forces commanders.

31 July 2007 Military members of the Police Transition Team (PTT) was tasked with operations not related to the PTT mission at Haditha Dam

01 August 2007 A station visit was conducted. The Police Transition Team assisted with pay operations. There was 1 detainee in the detention facility. There were no signs of mistreatment.

(RA0092) Karabilah Police Station: (TRA level 3) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0093) Rumana Local Police Station: (TRA level 2) The PTT visited the Sub-Station to conduct a joint foot patrol with the Iraqi Police (IP). The foot patrol was part of training to transition to a community oriented approach. The foot patrol was productive and the IP were very good at this type of community policing.

(RA0095) Baghdadi DHQ: (TRA level 2) PTT conducted pay operations at Albu Hiatt Sub-Station.

(RA0100) T-1 LPS: (TRA Level 3) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0102) Husaybah LPS: (TRA Level 2) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0103) Sadah Local Police Station: (TRA level 2) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0104) Al Furat (Zawaya) Local Police Station: (TRA level 4) No station visit was conducted. New military members have been assigned to the Police Transition Team (PTT) and station visits are scheduled to resume.

(RA0106) Tal Aswad Local Police Station: (TRA level 4) No station visit was conducted. New military members have been assigned to the Police Transition Team (PTT) and station visits are scheduled to resume.

(RA0107) Old Al Ubaydi LPS: (TRA Level 1) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0110) Rawah District Police HQ: (TRA level 3) No daily station report was obtained due to limited communications. A comprehensive report will be submitted upon return.

(RA0134) Khaladiyah Police Station (Habbaniyah): (TRA level 3) The Police Transition Team (PTT) met with Iraqi Police investigators and provided mentorship on current cases. The PTT discussed proper collection of evidence, statements, diagrams and photos. Lack of equipment such as computers, digital cameras, and printers for the investigators became another topic of discussion.

(RA0901) West Ramadi: (TRA level 4) The Police Transition Team (PTT) provided training on defensive tactics and first Aid. The classroom instruction was followed by practical exercises and the participants had to meet minimum requirements to pass the course. The station's detention facility was inspected as were the detainees with no issues or concerns were noted. The PTT purchased supplies requested by the station. The station still requires additional supplies and they will be obtained when funds become available. The Station Chief was briefed on today's training. The PTT convoyed the IP to the fueling station

and provided security during the refueling process. The local judge is in the process of hearing cases at the station. He will release detainees being held with insufficient evidence and transfer those who will be held over for trial.

(RA0905) Warrar: (TRA level 4) The Police Transition Team (PTT) provided training for 3 newly assigned Iraqi Police (IP) Training Officers. The training consisted of formations, IP inspections, accountability, and physical fitness training. The newly assigned Training Officers were shown how to hold a formation and inspect the IP while they are in formation. The PTT also explained the importance of conducting accountability during the shift formation.

(RA0920) Tway: (TRA level 4) The Police Transition Team (PTT) inspected the detention facility and checked the welfare of detainees with no issues noted. The PTT spent the day assisting with payroll operations.

(RA0933) Zaweah: (TRA level 4) The Police Transition team provided training for 10 Iraqi Police at COP Warrior on Crime Scene Management, Crimes Against Persons, Crimes Against Property, Crime Categories, and Criminal Attempt.

Ramadi Training Center: The Police Transition Team (PTT) taught day #4 of the Basic Detective's Course. One member of the PTT is visiting Forward Operating Bases in the Region. He is presenting other PTT with the Basic Detective's Course information and the Site Sensitive Exploitation Course.

Iraqi Police Professional Leadership Development Course (IPPLDC): Today was day 10 of the 11 day course. The Cadre at the Iraq Professional Leadership Development Course (IPPLDC) started the day by doing a run with the Iraq Police (IP) students. The Cadre then gave a block of instruction on the Rule of Law. Rule of Law classes teach the IP about Iraqi Laws and how they apply to IP during the course of their duties. The students had a final examination to end the day.

PSF-4 (Fallujah): Police Transition Team (PTT) prepared 50 Provencal Support Force recruits for training by interviewing, processing, conducting registration and issuing uniforms as well as equipment to the new recruits.

PSF Haditha: Ten PSF members were trained on building entry and building searches. The training focused on how to properly enter a building and then how to search the building once it is clear.
