CPATT IPA-OPERATIONS DAILY SITREP

04 August 2007

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: (TRA Level NA) The Team monitored the morning Guard Mount inspection and observed IPs receiving daily duty assignments. The Team met Global Security personnel and members of the Command Staff to discuss and exchange security information. The Team monitors IPs performance at the Terminal and provides hands-on mentoring as required. Special emphasis continues to be placed on officer survival and weapon retention skills. The Team conducted inspections of the BIAP Detention Facilities to insure professionalism is being maintained.

(BC0007) Al Adhamiya Patrol Police Station (East): (TRA Level 2) On 02Aug2007, the Team met the Station Captain who advised the AOR was quiet during the past 24 hours. The Team met with the Commander and discussed a previous EFP attack on a CF convoy. The attack occurred near an IP Checkpoint which was unmanned during the EFP attack. Information indicated all personnel manning the Checkpoint had left the post for a dinner break and the EFP, which struck the CF convoy, was planted by insurgents during their absence. The Station Commander expressed regret for the Shift Commander not having better control over the personnel responsible for manning the Checkpoint. He assured the Team it would not happen again. The Team met the STO and conducted Training for IPs covering First Aid. Information covered tourniquet application, head injury treatment, heat casualty treatment, abdominal and chest wound treatment procedures. The Team observed the STO was a fast learner and displayed interest in providing training for the IPs. The Team visited the Station on 03Aug2007 and met the Station Captain to discuss operations. He advised 1 of the IPs was kidnapped while traveling with his family to visit his girlfriend. Information revealed the family was stopped by an unknown Militia or insurgent group. Details indicated the IPs family was released and the group of kidnappers fled the area with the IP. Additional information indicated the IPs family is currently negotiating by telephone with the abductors for release of the IP. The team requested the JSS be notified as soon as possible reference any additional information concerning the matter.

(BC0009) Al Alawiyah Local Police Station: (TRA Level 2) Training was conducted for 5 IP's covering Uniform Dress and Equipment. Fuel continues to be an issue at the Station. The Station has not received fuel in 5 consecutive days. Colonel [redacted] (b)(3), (b)(6) stated he has made several verbal requests for fuel to be delivered for the IP vehicles but has received no response. Colonel [redacted] (b)(3), (b)(6) also stated when fuel is delivered it generally is not enough for conducting police operations. IPs are purchasing fuel on the Black Market with their own money, which encourages corruption. Written request for fuel through the Chain of Command remain unanswered. Generator operation is essential for the Stations operation as municipal power is only provided approximately 1 hour per day.

(BC0011) Al Dorah Local Police Station: (TRA Level 4) The Team met the Station Colonel and Shift Captain to discuss operations. The Team suggested for plain-clothes officers to be assigned to the market areas for obtaining intelligence information. A construction contractor delivered a tent which is scheduled for installation on (date withheld). The Team conducted Training for 14 IPs covering Weapons Handling. Instructions included dry-fire exercises and tactical weapon use in preparation for Range live-fire Training. The Military counterpart is scheduling delivery of 3 large containers for weapons and other storage while construction is undertaken at the Station.

(BC0018) Al Jazaaer Local Police Station: (TRA Level 1) The Team met the Station Commander who advised the AOR was quiet during the past 24 hours. The Station has not received fuel for the past 5 days. The Team provided 20 liters of fuel for Station operations and will conduct a follow-up concerning the fuel issue. The Team is scheduling 35 IP personnel for entry into the HIIDE System as part of the ID Badge process. Information will include photographs and issued weapons serial numbers.

(BC0022) Al Kadhimaya Patrol Police Station (West): (TRA Level 2) The Team visited the Station and found no Command Staff present due to the Muslim day of worship. The Team observed 24 IPs on duty at the Station. The Station Commander is wanted by CF and information indicates he will be difficult to locate. No Training or Joint Patrols was conducted.

(BC0033) Al Karkh Patrol Police Station (West): (TRA Level 2) Four Station IPs sustained injuries due to VBIED and IED attacks. Details indicated 1 incident involved a gas-tanker truck VBIED and a 2nd incident involved a road-side bomb attack on a IP patrol vehicle. The officers were attacked by SAF after the explosion and suspects fled the area shortly thereafter. 1 IP from another Station was KIA during the attack and the patrol vehicle sustained heavy damage.

(BC0042) Al Meshahadah Local Police Station: (TRA Level NA) The Team conducted Training for 11 IPs covering Leadership and Teamwork Principles. The Team observed 18 IPs on duty during the visit and information indicates there are 121 personnel assigned to the Station. The Team conducted 1 Joint Patrol with IPs and visited Checkpoints on Route Tampa. The Team observed 1 IP practicing poor muzzle discipline and made the correction on the spot. The Station requires an efficient system for tracking maintenance and repair for Station vehicles and the Team will address the matter for corrections. The air-conditioners transported to Camp Taji have not been repaired. The Team inspected Force Protection and found same to be adequate. The Team delivered supplies for IPs to shine their shoes so they could present a more professional image. The Team learned a injured female was left at the ECP, apparently the victim of an attack by insurgents attempting to kidnap villagers and kill the female victim. Insurgents killed 2 children during the attack.

(BC0049) Al Rashad Local Police Station: (TRA Level 2) Training was conducted for IPs covering Vehicle Search, VBIED Recognition and Associated Body Recovery Procedures. No progress has been observed concerning appointment of an STO. The Detention Facility was inspected and found overcrowded due to same being shared with Khansa Station. The Detention Cell needed cleaning and trash was visible on the deck. Detainees are allowed outside for fresh air 3 times per week. The Station Commander is considering using detainees for a clean-up detail around the Station.

(BC0056) Al Sa'adoun Local Police Station: (TRA Level 2) The Team proceeded with processing 19 IPs for the ID Badge project. The Team supervised a reorganization of the Arms Room. Weapons were identified and pertinent information recorded for reference. The data was transferred to a computer spread sheet and the Arms Room attendant was instructed on how to maintain the computer file. The Arms Room attendant was mentored on weapons cleaning and maintenance along with proper use of a sign in-out log book. Plans are being made to purchase racks for weapons storage.

(BC0058) Al Saliyah Local Police Station: (TRA Level 2) The Team met the Station Commander to discuss operations. A Officer asked assistance in repairing his Glock pistol. The Team could see the weapon was dirty and had sustained considerable damage. The officer complained no cleaning supplies were available for weapons maintenance. The Team provided a list of cleaning supplies available for personnel at the local market. The

Team plans to conduct Training for Station personnel covering weapons maintenance after observing the incident. The lack of fuel continues being an issue and is having a negative impact on operations. The Teams Military counterpart is planning on supplying diesel fuel during the week for generator operations. The approved MOI fuel tanks have not been delivered and information indicates IPs continue to purchase fuel through the Black Market for conducting vehicle patrols.

(BC0063) Al Saliyah District Police HQ: (TRA Level 2) The Team met the Station Commander and discussed a VBIED attack on Kindey Street which killed 2 IPs on 01 August 2007. The Commander requested a Training class covering VBIED awareness and the Team will address the request as soon as possible through the STO. The Team met the STO and discussed preparations for the upcoming Training. The Team's Military counterpart provided cleaning supplies for sanitizing the Stations' Detention Facility. Office supplies were also provided for the Administrative Section.

(BC0071) Al Thawra Patrol Police Station (East): (TRA Level 2) The Team met the Station Lieutenant and discussed operations. The Team conducted 1 Joint Patrol with 3 IPs occupying 1 vehicle and no incidents were experienced. The Team processed 8 IPs for ID. Badge applications using the HIIDE System provided by the Military. Information regarding badge numbers and issued weapon serial numbers were recorded for future reference.

(BC0075) Al Zaafaranyah Local Police Station: (TRA Level 3) The Team met the Station Commander who advised the Station has not received fuel for the past 8 days. He attempted purchasing fuel with his own money at a local gas station and the IA Officer (in charge of guarding the gas station) advise he had received orders not to allow IPs to purchase fuel. Due to the Military objective of processing personnel for ID Badges, the Team was unable to conduct Training.

(BC0079) Bab al Muadam Patrol Station: (TRA Level 2) The PTT met with the Lt. Col. who gave us the manning number for the day. The Team then went on check points with no IP's, no joint patrols and no incidents to report.

(BC0107) Medical City Local Police Station: (TRA Level 2) The Team met the Station Commander who advised there were no significant incidents to report. The Commander advised the previously reported missing Station Commissioner was being held by a local gang or militia. Details indicated the wife of the Commissioner received a phone call from the abductors and she was briefly allowed to speak to her husband. The abductors did not make any requests or demands for ransom during the conversation. The Station Commander advised there is no one at the Station capable of handling his responsibilities when he is away from the Station. He has contacted MOI through the Chain of Command with a list of requests which includes assignment of a Deputy Station Commander. The request includes assignment of additional personnel, equipment and Police College Training for 2 Officers. Information indicates the Officers were transferred to to the Station from the IA and do not possess any police job knowledge. Additional radios were requested and he advised he has no means of communicating in event of an emergency. It was determined this is the primary cause for his lack of concern and his unwillingness to attempt to make positive changes. It was explained to him the IPs can see the fact that his attitude has changed and his lack of concern has grown which causes poor morale. The Team suggested he control his frustrations and not allow the IPs to be affected. No Joint Patrols were conducted due to the conflict between IPs and members of the Iraqi Army. The Station has not received fuel in several days and information indicates fuel is delivered every 5 days.

The Team requested a fan inside the Detention Facility (cell) be removed to avoid parts being used as weapons by prisoners. The Station Commander refused to remove the fan.

The Team visited the Station on 03 August 2007 and discussed operations with the Station Commander. Information revealed an IA investigation concerning missing weapons from the Arms Room was now focused on a IP Arms Room assistant. The IA investigator was provided information Coalition Forces were present during the home search in question, and no improprieties were observed. The IA investigator seemed not to care about the information provided. The Team inspected Force Protection and determined morale and motivation was very low at the Station. The IPs seemed to be dedicated and advised there is little supervision provided to them during their shifts. The Team mentored the Station Commander regarding the matter by providing suggestions to improve his supervisory skills. This mentoring seemed to have a positive effect and the Team hopes it will be lasting. The Team will continue monitoring the situation and provide extra effort to supply logistical support not being given by MOI at the Station.

(BC0112) New Baghdad Local Police Station: (TRA Level 2) The Team conducted Training for IPs covering Weapons Familiarization and Safety. The Station Commander has made a written request to District Headquarters for supplies. The Station Commander voiced concern the OIC at MOI responsible for fuel is not issuing fuel to the Stations. Additional information indicates corruption is the issue regarding the matter.

(BC0119) Al Rusafa Patrol Station (East): (TRA Level 2) The Team met the the Station OIC who provided statistical information for records. The Team processed 5 IPs for ID Badge applications which included recording their badge and Glock pistol serial numbers. The Team inspected the Station's Force Protection and found same to be adequate with all guard towers manned.

(BC0122) Sheikh Saad Local Police Station: (TRA Level 3) The Team provided Training for 2 Officers covering Administrative Equipment and Record Keeping Procedures. Training consisted of computer records maintenance for MOI requisition requests. The Team delivered a digital camera, printer/scanner and copier to the Station and provided instructions on their use. The Team is attempting to have internet access installed at the Station and within the District. The Station Commander advised he would like additional personnel to provide more patrols in the AOR.

The Station Commander is actively attempting to recruit a female IP for handling female issues at the Station. The Team commended the Station Commander for his planning concerning the matter. The Station has not received fuel during the past 5 days. 1 Glock pistol was issued to replace a weapon that previously malfunctioned and documentation will be forwarded to MOI. The Team observed 12 IPs manning Force Protection duties and all appeared attentive to their duty and surroundings.

Babylon (MND-CS/S) (b)(3), (b)(6)

Al Qadisiyah (b)(3), (b)(6)

IPAs continued to prepare for the upcoming SWAT class; the Combat Life Support Class will resume on (date withheld).

Babil (b)(3), (b)(6)

Kalsu PTT conducted training on FOB Kalsu for 192 Iraqi Police that will make up the North Babil ERU. IPAs were responsible for providing meals and supervising various duties such as cleaning, serving food and shower details. Remedial training was provided to several students at their request.

Wasit [redacted] (b)(3), (b)(6)

No missions were scheduled and no FOB training was reported.

Dhi Qar / Al Muthanna (PIC) [redacted] (b)(3), (b)(6)

PIC members attended a SSR meeting with CF, who passed on intelligence information to team members and discussed daily operations to the team. PIC members met with MiTT members for scheduling of events for next few weeks. PIC members are awaiting final copies of the badging list from Al Muthanna PJCC so that further progress and formal requests can be made to the MOI badging team. PIC members continued the development of the Resource Planning Guide to assist the PJCC in their emergency planning. PIC members completed reports outlining their recent outing at the Al Muthanna IPS Academy and subsequent meeting with the PDoP. PIC members continued work on Weapons forecasting materials and guides. These guides will be discussed and provided to the Logistical Officer of each province in the near future. PIC members continued work on materials to be handed out to the IPS Academy staff who have been attending the T3 course over the past few weeks.

Tikrit (MND-CW) [redacted] (b)(3), (b)(6)

Diyala [redacted] (b)(3), (b)(6)

(TD0003) Al Hurryaih Local Police Station: (TRA Level 2) PTT-D traveled to Al Hurryaih to gather information in reference to IP personnel numbers and for a station assessment visit. The Team was advised that this station has 197 IP. 50 were on duty at the time of the visit with 24 distributed between 9 check points and 26 of the 50 were assigned to the station as force protection. Al Hurryaih has 8 vehicles 5 of which are broken. 15 IP were collected and a joint dismounted nighttime foot patrol was conducted in Bald Ruz. The Team was advised by a local resident of armed insurgents in the area. He advised that he and his wife had seen insurgents in his back yard. The back yard was cleared and the patrol continued. PTT-D team returned to FOB Caldwell without incident.

(No FFID Abu Saida Local Police Station: (TRA Level 3) PTT-D traveled to Abu Saida DHQ where COL [redacted] advised PTT-D that Asalam residents are being kicked out of their homes and then the house destroyed with the IP are doing nothing about it. PTT-D found that 142 IP are working on this date. There were 120 IP working checkpoints and 22 IP working at the station. PTT-D trained 6 IP on combat first aid and awarded a medic bag to 1 IP that retained the most knowledge on the subject. (b)(3), (b)(6), (b)(7)(c)

Salah Al Din [redacted] (b)(3), (b)(6)

(TA0037) Al Owja LPS: (TRA Level 2) PTT visited Owja IPS and spoke with a 2LT Quaees Sammee Davaif, shift commander. PTT spoke with the LT about a kidnapping in Owja. The kidnapping occurred at 1100hrs on this date and approximately 8 men wearing Iraqi National Guard uniforms took the victim from his home. The IP were called a half an hour later with the vehicle descriptions and set up checkpoints around the city, but apprehended no one. There were 12 IP on duty, PTT conducted a Checkpoint Vehicle Search class, along with a practical exercise. The IP listened very well and performed their searches proficiently.

(TA0050) As Saniyah: (TRA Level 3) There were 61 IP on duty with the majority of those on patrol or working checkpoints. There were 9 IP available for training which consisted of Defensive Tactics. The Team attended the class being taught by IP LT [redacted], who is also their intelligence officer. (b)(6), (b)(7)(c)

(TA0069) Hal Al Nafit: (TRA Level 3) There were 11 IP on duty. All on duty personnel were put through the HYDE system of the military for tracking purposes. There was also a weapons accountability check and the serial numbers were recorded. While at the Al Nafit Station, the Team heard sounds of gunfire in the area and received a call from Bayji JSS in reference to incoming fire from the Al Nafit area. PTT sent out a patrol of 4 IP from the station to look for suspects and or evidence. PTT also patrolled the area looking for evidence of the same.

(TA0077) Salah Al Din IHP HQ: (TRA Level 3) The team met with CPT. Only six employees were at the station and the team worked on the employees profiles for the next military unit.

(TA0084) Samarra District HQ: (TRA Level 3) The IP are assisting CF in clearing IED's in the city of Samarra. They are manning their check points around the city including AL-QALA and from the IP perspective the mission appears to be going good. The IP check points are setup in several locations throughout the area, which includes AL-QALA and the edge of Samarra. No incidents were reported today. PTT met with Taha, the chief of Thar Thar who stated that he is been out on these missions with the rest of his personnel.

(TA0100) Tikrit 911 Boat Patrol: (TRA Level 2) There were only five IP on duty including the Chief, MAJ [redacted] (b)(6), (b)(7)(c). Training consisted of weapons handling, swimming exercises and boat rescue scenarios. The Chief advised his area of operations has been quiet since the team last visited. Administration appears to have their information well documented. The main concern the station has is the lack of boat fuel. The team was able to provide 10 gallons of fuel for the boat. The Logistic supervisor was not present to account for weapons and their conditions. The Chief advised the station needs are vests, a boat, scuba diving gear, computer, printer and a camera. The team informed the Chief there are no funds available through the military and he will have to go through their chain of command to acquire items needed.

Camp Bernstein (Tuz): PTT scheduled no new missions due to a current RIP process for incoming unit.

Mosul (MND-N) [redacted] (b)(3), (b)(6)

Ninewah [redacted] (b)(3), (b)(6)

(MN0009) Al Hadba DHQ: (TRA Level 2) The team met with the District Commander, BG [redacted] (b)(6), (b)(7)(c) who provided the following, in summary: On 01AUG07, IP had an occasion to discover a VBIED and take the driver into custody. The VBIED was subsequently detonated by the IP, however, the size of the VBIED was underestimated and a child approximately 200 meters from the blast was killed and eight other citizens were injured.

BG [redacted] (b)(6), (b)(7)(c) advised Provincial Headquarters has informed him that plans are being made to open a new police station in the Raz Al Koor neighborhood. The previous police station that existed there was destroyed in an AIF attack in November of 2004. In response to an earlier request from the PTT, BG [redacted] (b)(6), (b)(7)(c) provided a copy of a list of equipment requested for his police stations. The PTT will make efforts to provide these items through the use of the TTIF funds. The PTT informed BG [redacted] (b)(6), (b)(7)(c), that his earlier request for medical attention from the CSH was denied. However, medical personnel from the CSH issued him medicine. An effort will be made by the PTT to bring a medic to Al Hadba DHQ to examine BG [redacted] (b)(6), (b)(7)(c) and possibly provide him with follow-up medications. Accompanying the PTT to Al Hadba was a member of the Psychological Operations Unit, who provided flyers to BG [redacted] (b)(6), (b)(7)(c) for

distribution. In response to questioning, BG [redacted] indicated that Provincial Headquarters has not provided him with any wanted posters or reward flyers. The PTT will make efforts to obtain these items for Al Hadba DHQ.

The PTT spoke with LTC Saad and learned that the station currently has 252 IP and on the most recent payday of 29JUL07, 246 were paid. There were no payroll irregularities. BG [redacted] returned the two training CD's provided and indicated that the training courses have been downloaded to LTC [redacted] computer. However, LTC [redacted] has been on extended vacation due to a member of his family being recently murdered.

(MN0022) Al Rabaein DHQ: (TRA Level 4) PTT met with the District Commander, COL [redacted], who advised the IP and the Iraqi Army conducted a joint operation raid on 02AUG07. During the raid over 50 subjects were detained. COL [redacted] further advised that during the operation, an IED was detonated on a dirt road striking one IP vehicle. COL [redacted] advised no reported injuries and the IP vehicle sustained some damage. COL [redacted] related on 01AUG07, an IP at a checkpoint was shot in the leg. COL [redacted] further stated that the IP died from his injuries. COL [redacted] advised PTT his station is working with the Al Jamouri station in an effort to arrest a suspect for murdering an IP. The suspect frequents the area patrolled by the Al Jamouri IP.

COL [redacted] advised PTT the IP did not receive pay for food and they did not receive any food this pay period. COL [redacted] stated they are low on PKC rounds and Provincial HQ stated they do not have any PKC ammunition. PTT advised COL [redacted] to continue requesting the ammunition and PTT would note the shortage. COL [redacted] stated they need an electrical wire about 600 meters long to hook into a main servicing a medical area which would supply the station with electrical power.

(MN0215) Mosul Al Gadeda LPS: (TRA Level 2) The PTT met with MAJ [redacted] who reported that, on 02AUG07, IP and the Iraqi Army conducted raids in the Al Rabiean District. MAJ [redacted] further reported over 50 subjects were detained by the IP and the Iraqi Army. MAJ [redacted] advised the raids were very successful. During the raids, one of the IP vehicles was struck with an IED, but no injuries by IP or Iraqi Army. MAJ [redacted] reported an IP was shot in the face by a sniper on 01AUG07. The IP lost hearing in his ear and is expected to return to full duty. MAJ [redacted] stated the IP did not receive their pay for the Security Plan. MAJ [redacted] stated the IP were promised 100,000 Dinar for the Security Plan. IP also did not receive pay for food and they did not receive any food.

MAJ [redacted] advised PTT that his station has been receiving 60 liters of fuel for four IP trucks. MAJ [redacted] further advised his station needs kerosene for the generator. His station only has power for approximately two hours per day. PTT advised MAJ [redacted] to make the proper request through the district headquarters for the kerosene. MAJ [redacted] stated his station is extremely low on ammunition for the PKC. He advised the station has enough ammunition to last maybe three or four days. MAJ [redacted] advised he has requested the ammunition from the district headquarters and their response was they also do not have any PKC ammunition and the supply problem is in Baghdad. PTT informed MAJ [redacted] the ammunition shortage would be noted.

MAJ [redacted] advised PTT the station is receiving information from the citizens regarding insurgent activity. MAJ [redacted] further advised, the IP are conducting mounted and foot patrols in the area. PTT mentored MAJ [redacted] in the area of Community Policing and advised him to have the IP to continue conducting foot patrols in the area. Foot patrols allow the IP to interact with the citizens in their patrol area, which improves the relationship between the community and the IP. PTT advised this helps in gaining the trust of the

citizens, and the citizens will be more willing to pass on information about insurgents in their neighborhood.

(MN0982) Abi Tamaam DHQ: (TRA Level 2) PTT traveled to Abi Tamaam District HQ. District commander COL [redacted] was on vacation. PTT delivered mattresses and blankets to IP. PTT trained IP in felony arrest procedures as well as basic defense tactics. PTT connected desk top computers. The hard drive did not have a memory chip and has to be replaced. PTT will replace the hard drive and train IP on computer skills next station visit. There is not enough fuel being issued to conduct adequate patrols. There are no night patrols being conducted at this time.
