CPATT IPLO DAILY SITREP

N10

July 17, 2006

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0007) Al Adhamiya Patrol Police Station: The Team met with Colonel [redacted] (b)(6), (b)(7)c. From the last visit, the Team heard from other IPs that the new Colonel, Colonel [redacted] (b)(6), (b)(7)c was actually working for MOI and possibly was not going to be staying at this station. Colonel [redacted] said Colonel [redacted] (b)(6), (b)(7)c came from MOI to work for Adhamiya Patrol, and was put in charge of the patrol shift, a job Captain [redacted] (b)(6), (b)(7)c was in charge of. Colonel [redacted] (b)(6), (b)(7)c does not like the job assigned to him and has requested to go back to MOI. The station should know the status of his transfer in a few days. Captain [redacted] (b)(6), (b)(7)c was moved to maintenance to fill Captain [redacted] (b)(6), (b)(7)c position. Colonel [redacted] (b)(6), (b)(7)c advised the station was getting 30 new IPs on Saturday from the graduating class in Baghdad.

(BC0011) Al Dorah Local Police Station: The Team arrived on station to little activity. IPs were out with Coalition Forces in the market area doing patrol. The IPs set up a checkpoint outside the front gate on Route Sonic and conducted vehicle stops. Ten inmates were taken to a secure area outside the jail to collect trash. Five IPs were assigned guard detail. IPs were mentored on weapons clearing at the station entrance using the clearing barrel.

(BC0037) Al Khadra Local Police Station: IP personnel were involved with a homicide suspect that was taken into custody for killing three Iraqi police officers. A joint patrol of Khadra jurisdiction was conducted with no reported incidents.

(BC0042) Al Mishahidah Local Police Station: LTC [redacted] (b)(6), (b)(7)c, the new station commander, was on site. He stated he intends to spend as much time at the station as he could, at least until the manpower situation improved. Six IPs resigned, primarily in response to the recent assassination of a station IP. The JCC was fully manned and operational.

(BC0049) Al Rashad Local Police Station: Colonel [redacted] (b)(6), (b)(7)c still has not returned to duty after being detained for a corruption case. He is still being held at Al Quanat LPS on the charge.

(BC0050) Al Rasheed District Police HQ: Administrative staff was present and performing regular HQ duties. Twenty eight employees are on the payroll, twenty were present, five quit over one year ago, and three were on loan to another station. The Lieutenant stated the five are still on the payroll because no one has sent orders for them to be fired or taken from the roster.

An IP Lieutenant spoke of problems in the Al Dorah station that he felt needed to be addressed. He spoke of the Colonel not having any control of the IPs especially the new ones. They are such big supporters of the Mahdi Militia. The Colonel cannot discipline or conduct any investigation as the Militia will have repercussions that will be very severe for the Colonel. They threatened to kill the Colonel about every other day for any disciplinary action he or his staff may initiate against IPs.

(BC0064) Al Taji Local Police Station: The Team checked on the Joint Communications Center and found one IP, one IHP, and two IA on duty. The Team delivered a cell phone for use of the JCC along with cards containing the telephone number to be given out to the community for emergency service.

CPATT IPLO DAILY SITREP

(BC0067) Al Tarmiya Local Police Station: The Team met with 1LT [redacted] (b)(6), (b)(7)c, Acting Station Commander. Among problems discussed was the lack of assistance from MOI on vehicle maintenance. The Station has 6 vehicles, with only one operational. Numerous requests have been submitted. The newly hired IPs have not received pay since completing the Academy; this too has been reported to MOI.

(BC0090) Boob Al Sham Local Police Station: The Team met with LTC [redacted] (b)(6), (b)(7)c regarding station events. There were no new problems since the Teams last visit. The Team conducted training in civil disturbance, IP patrol, field investigation, incident control and command and vehicle checkpoint operations.

(BC0101) Mahmoudiya District Police HQ: The Team met with the Station Commander and the new IP assigned to the Operations section. Confidential information obtained about station personnel and insurgent activities in the area was turned over to the Team Commander. The Team attended a ceremony at the Iraqi Army Compound where new IA troops are being assigned.

(BC0102): Mahmoudiya Local Police Station: Operations is in need of replacement film/cartridge for fax (this is still an open request from May 27th), also requesting a new city map of Mahmoudiyah area. The generator is back at the station but the station is not running off of it. When power goes down, the base radio is also down.

(BC0109) Nahrawan Local Police Station: The Team met with LTC [redacted] (b)(6), (b)(7)c who advised the district has been quiet for the past week. Ten IPs were trained on Basic Crime Scene Investigation. When the class was completed, the LTC was asked to listen to his men as questions were asked about the information given in class; the IPs responded with correct answers and explained what they had learned.

(BC0401) Baghdad Taji IHP Station: Colonel [redacted] (b)(6), (b)(7)c reported an incident which occurred on July 12th. Two of his off duty patrolmen were stopped at an IA checkpoint and taken into a trash field south of the station to be executed. On duty IHPs saw the abandoned vehicles of their co-workers and were able to rescue the two before the IA could shoot them. The Colonel said he reported the incident through his chain of command as well as MNFI. The Team presented an award to one of the IHP personnel. IHP, [redacted] (b)(6), (b)(7)c, was given an award for his outstanding performance at work. He was also on duty in the JCC when the Team arrived. Five gallons of fuel was delivered for the IHP vehicles.

An Najaf [redacted] (b)(3), (b)(6)

(RN0005) Traffic HQ District Police Station: The Team conducted a class on vehicle and person search with five IPs. After demonstrating the proper way for both searches, each IP demonstrated what they just learned.

(RN0014) Karrar Local Police Station: The Team conducted a class on shooting techniques for the Glock. This included proper stance, proper grip, sight alignment, reloading in a shooting situation, covering the target and safety.

(RN0020) Balda HQ District Police Station: The Team gave instruction to the Balda HQ Training Officers and General Sajeed's bodyguards, in AK-47 breakdown/inspection and Glock handling. Both demonstrated proficiency in completing the task as taught. Armory requests gun cleaning solvent and lubrication oil for weapons.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) **6/16/2008**

CPATT IPLO DAILY SITREP

(RN0026) Al Waffa Local Police Station: Due to heightened security levels, there were no IPs available for training. The Team observed prisoners being escorted with hands cuffed in front of their bodies instead of behind. The guards at the gate were conducting poor searches of people entering the police compound. The Team will focus on these topics during future visits.

Karbala (b)(3), (b)(6)

No station visits made.

Babil (b)(3), (b)(6)

(BB0032) Babil Provincial Police Headquarters: The Team met with General [redacted], Provincial Commander and discussed numerous issues which included: the impending reassignment of General [redacted] an intoxicated IP taking one of the police cruisers and shooting randomly out the window, personnel training and radio equipment. The Team also attended a District Chief's Meeting. General [redacted] discussed concerns regarding grooming standards, uniform cleanliness and overall appearance of IPs, sharing and passing on information to all their IPs, ensuring station is on alert all the time and they have sufficient manning and Abilah District is to be watchful of force protection for Abilida Jail. (b)(3), (b)(6), (b)(7)c (b)(6), (b)(7)c

Tikrit (MND-N) (b)(3), (b)(6)

No reports received on this date for Tikrit

Diyala (b)(3), (b)(6)

(TD0019) Kan Bani Saad District Police Headquarters: PTT met with the Chief and discussed several administrative topics at the station. The Chief advised he now had 154 total personnel (396 authorized), including no civilians, 27 officers, 8 NCOs, and 119 IPs. At the time of the visit 42 IPs were scheduled to work with no reported absences. Currently 6 IPs are attending basic IP academies, 4 in Baghdad, and 2 in Sulaymaniyah.

The Chief stated that the station still has 5 vehicles total (40 authorized) with 1 out of service in Baqubah for repairs, which is expected back within the week. The IPs have repaired 2 of their hand held radios themselves and bought a back up battery for the station's base radio with their own money. The Chief also spent his own money to repair a non functioning sewer line to the station's bathroom. There are currently no CF funded station renovation projects underway at the facility.

PTT was able to observe and assist in the preparations for a successful force protection drill at the station, simulating an insurgent ground attack on the Police HQ facility. PTT reported a high level of IP participation in the pre-drill briefing and their demonstrated knowledge of their positions and duties in the event of an attack on the facility.

Salah Ad Din (b)(3), (b)(6)

(TA0080) Salah Al Din Provincial Police Headquarters: PTT met with COL [redacted], Director of High Crimes. The team inquired as to what actions were being taken in response (b)(6), (b)(7)c

and 50 IP per shift to safely complete the missions tasked to him. He also stated that he would like 6 RPGs since he has 6 IP that are trained to use them. CPT [redacted] stated that he would also 6 IP trained as snipers. He stated that he would like to be given training and

equipment to help with the investigation of suspects and their probable use of explosives.

PTT distributed some equipment to the Samarra PD Logistics Officer, WO [redacted]. WO Saeed signed for and accepted various office supplies.

PTT inspected Al Kadraa 1 and 2 and observed the IP at work. Several issues were brought up and then immediately corrected with the assistance of the QRF Battalion IP.

PTT began a five day weapons training course with 10 IP. The course will be conducted by two IP instructors with PTT providing minimal assistance.

PTT met with WO [redacted] who stated that he has approximately 90 ballistic vests that are in need of repair. The stitching on the vests has deteriorated from the excessive use. PTT asked WO [redacted] to prepare a report to see what would be more economical; purchasing a sewing machine or having a local vendor repair the vests.

Camp Paliwoda (Balad): PTT obtained the final translated copy of all IP in PTT-S5 AO. This list includes the Officers names, rank, station assigned and issued handgun serial numbers. The list did not include the serial numbers for their issued AK47 Rifles or their total ammo count issued to each IP. These later items will be addressed and obtained during the next visit. PTT took information given and began to work on getting 100% accountability started.

Checkpoint 9 had adequate manpower, weapons, body armor, and one vehicle. The on-site LT said that their major concern was getting equipment to the guys on the checkpoint. Also, they do not have any place for shade and rest. PTT advised them that we would work with the IHP to get sheets of plywood out there for them to construct something. They were also encouraged to engage their chain of command for the items. The NVGs that they had, were working, but very blurry. PTT found that it was a problem at all of the checkpoints. PTT is not sure if it is a problem with the model or something else with the product. The batteries were changed and the problem still existed.

Checkpoint 28 we found that not all of the IP were wearing their body armor; PTT told them it was for their protection and the problem was corrected.

Checkpoint 49 was visited. The LT said that he had more than enough men during the night shift, but that he could use more during the day shift to assist in the increase of patrols north and south of his checkpoint. Numerous vehicles were searched while PTT was on site. PTT feels after observing the checkpoint that the IP need work on safely stopping and checking vehicles which will be addressed at a later date.

CPATT IPLO DAILY SITREP

At Tamim [redacted] (b)(3), (b)(6)

(TT0022) Meghdad Patrol Police Station: PTT observed the IP training officer present a class on Community Relations to six IP's.

(TT0025) Qoria Patrol Police Station: LTC [redacted] advised that Qoria Police Station has a Force Protection Issue in regards to the power supply. LTC [redacted] stated that the power provided by the city goes off regularly resulting in the generator becoming the main source of power. LTC [redacted] stated that due to the generator running most of the time, the fuel that is provided to the station is not sufficient. LTC [redacted] stated that they currently receive 800 liters per month and advised that they need approximately 1600. PTT advised LTC [redacted] that he needs to request the fuel from HQ and advise HQ of the situation. (b)(6), (b)(7)c

LTC [redacted] stated that the station has five patrol vehicles and two of them are not operational at this time. LTC [redacted] verified that the station currently has 135 IPs assigned.

(TT0003) Arafa Patrol Police Station: COL [redacted] stated that he currently has problems with the station in regards to the plumbing and the size and ventilation in the armory. COL [redacted] further stated that there is only one restroom for the entire station. PTT advised COL [redacted] that he needed to file requests with HQ in reference to the issues with the station.

(TT0005) Tamim Provincial Police Headquarters: PTT assisted CFs in the off loading of 113 new IP Police vehicles that arrived in Kirkuk this morning.

Mosul (MND-N) [redacted] (b)(3), (b)(6)

Ninewah [redacted] (b)(3), (b)(6)

(MN0056) Ninewah Provincial Police Headquarters: There are currently 1224 IPs and 301 officers assigned to PHQ. 25% of them have been to the academy. M and M test did go on today.

The team spent most of the day with there IP counterparts mentoring and training them. The team focused on areas that are below par on the PSMR.

PTT Logistic members met with Logistics today and discussed the distribution plan for the 74 pickup trucks that came in last night. The team also discussed the fuel problem that will occur because these trucks get very poor gas mileage.

(MN0928) Abi Tamaam District Police Headquarters: PTT is currently attempting to get the IPs and the Iraqi Army to work together on joint patrols, etc. The IA wants to work with the IPs; however, getting the IPs interested has been a challenge. PTT has encouraged the IP District Chiefs to become more involved in the weekly IA meetings. No joint CF patrols were conducted on this date.

(MN0923) Al Yarmook Local Police Station: PTT is currently attempting to encourage the working relationship between the IPs and the Iraqi Army. The IA appears willing to work with the IPs however getting the IPs interested has been a challenge.

There are currently 28 persons in jail; none suspected AIF. Two were IPs who resigned their positions and failed to turn in their issued Glock pistols. They had been in jail for four days and are expected to see a judge within the next two days.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) **6/16/2008**

NPHQ is not providing enough fuel to run the power generator consistently. The station reportedly receives two hundred liters of fuel per week for the generator which doesn't last through the week. PTT brought the station eighty liters of fuel today.

(MN0022) Al Rabaein District Police Headquarters: PTT arrived and met with the LTC that was in charge due to the station commander being on vacation. PTT weren't able to complete much business due to the Colonels absence for his vacation. PTT was able to assist IPs at DHQ with an ongoing generator problem.

(No FFID#) Hammandant Local Police Station: PTT met with the station commander and discussed training and logistics issues. PTT team member conducted a training class on self defense that consisted of twenty IPs. The Station Commander reported to PTT that on July 14th after PTT had left the Hammandant station, he received a phone call and was told that

two insurgents were planting an IED on the bridge that PTT uses to travel to the station, approximately one mile from the station. The Colonel and an IP Captain arrived at the bridge and arrested two males who stated that they had planted the IED but that they were only fighting coalition forces. They further stated that they were not fighting with the IPs and were therefore not doing any thing wrong.

This station is not receiving equipment that they requested and PTT will follow up on this matter with Al Rabaein DHQ.

(MN0009) Al Hadba District Police Headquarters: The Team spoke with BG [redacted] in reference to Traffic Control Points which are conducted on a daily basis by IPs assigned to his Headquarters. BG [redacted] explained his desires and instructions provided to the IPs but admitted that they needed additional training. He remarked that they were too lax while performing their duties and would appreciate the Teams' assistance in conducting some in-service training. It was also suggested to him that the OICs of the TCPs prepare a short memo at the end of each shift explaining what their IP detail discovered and how many citizens were contacted and searched.

(b)(6), (b)(7)c

(b)(6), (b)(7)c

The Team inspected the new headquarters construction and noted that it has progressed to the point where the contractor is beginning to smooth finish the walls and install tile on the floors. The contractor explained that the new completion date is a week or so prior to August 20th.

IPLOs discussed the two IPs who were incarcerated in the Headquarters detention facility. It was discovered that they had become disorderly at a local gasoline station and had tried to use their authority as policemen to 'jump ahead' of other customers in line. It was noted that the IA Officer had submitted a report about their detention to the Provincial Police Headquarters.

(MN0044) Ninewah Iraqi Police Academy: Upon arrival at the Academy, it was observed that the force protection of the station was in place. All sections were manned with guards, gates, towers, armed police in stop vehicles blocking the entrance/exit. The mission this morning was to meet with the 257 awaiting IP candidates at the IPA and escort them to Hamaam Al Ali Police Training Academy. This event took eight hours to complete.

(MN0076) Tall Afar District Police Headquarters: The PTT Team went to the DHQ and found that General [redacted] wants to do literacy testing on the new IPs. He advised that when he checked with the leadership in Mosul, he was told to get the Coalition to assist him.

(b)(6), (b)(7)c

(b)(3), (b)(6), (b)(2)

Academy. MG [redacted] rejected the invitation to send his personnel to JIPTC, stating that Sulaymaniyah had its own Academy and it was unnecessary to travel to Jordan to be trained. MG [redacted] also rejected the invitation to send instructors to JIPTC, whether certified as instructors or as instructor-candidates.

MG [redacted] was asked about the possibility of sending an application for a particular officer to a specific US Law Enforcement Training Academy. MG [redacted] rejected this invitation, stating that all such opportunities need be sent to him from Baghdad along formal channels and that he would choose the officer candidate.

(TS0004) Sulaymaniyah District Police Headquarters: MG [redacted] advocates strong scrutiny with respect to equipment distribution and believes that the equipment should be distributed where it is most needed and not issued to placate superiors or peers.

A lengthy discussion was had regarding criminal investigations and investigative training. The existent problems were addressed without immediate resolution. It was recommended that the Investigative Trainer meet with MG [redacted] and discuss model student group to integrate with Crimes and Evidence since Anti-Crime had been removed from violent crime investigation work.

A training budget was also discussed, and MG [redacted] found no problem with the amount of funds sought for the items considered. It was agreed that Crimes and Evidence Major would submit a detailed request.

(TS0084) Sardow Local Police Station: The Operations PTT met with Major [redacted] and his station personnel and the 3 week Force Protection Course resumed with station Group B (10 students) receiving instruction in Vehicle Searches and Station Defense. Lectures and interactive class work was followed by practical demonstrations.

(TS0005) Sulaymaniyah Emergency Services Station: The Tactical PTT met with Major [redacted] and discussed the three week overview of the Countermeasures program that will have his personnel trained in the majority of the basic course curriculum. The Major was advised that Instructors will be developed that will be able to cover all the course subject matter.

The Tactical PTT then began the first session of specialized defensive tactics training at the Sulaymaniyah Security Center. The class focused on physical countermeasures related to reactive knife defense (RKD). KPS from the Emergency Police and the Traffic Police were also in attendance, as trainers from both departments are being groomed as advanced trainers in these subjects and are assisting in the instruction.

The overview of the program was addressed, including proficiency testing and the design of the program. The attitude of the participants was excellent and their interest in the program was obvious. Candidates to be groomed as instructors were identified and will be provided translations of the written material

Dahuk [redacted]

No station visits were conducted.

Ramadi (MND-W) [redacted]

Anbar [redacted]

Compiled by [redacted] **6/16/2008**

CPATT IPLO DAILY SITREP

(RA0110) Rawah District Police Headquarters: The PTT team had another successful patrol with the IPs today and they were able to use their new patrol vehicle. A total of 7 IPs, one being an officer were used on this patrol. Each day there is improvement being made and citizens are beginning to share information with the IPs about criminal activity in the area.

The PTT team turned over the 2nd vehicle received along with AK-47 magazines and 3 AC units to Chief Mohammed.

(RA0002) Provincial Police Headquarters: The P-PTT arrived at the Blue Diamond IP HQ this morning to engage, once again, the IP Command Staff personnel. Approximately 25 IPs had arrived by 0900 hrs. Many were there solely to get a new badge. Getting a new badge

has become the incentive to get IPs to come to the Blue Diamond HQ facility. While they are there PTT is able to give them one or two classes before they leave.

The PTT was given information about the possible arrest of the Provincial Police Chief, Gen. [redacted], in Baghdad yesterday. Gen. [redacted] was to have been in Baghdad on Saturday to meet with representatives of MOI. Apparently during this visit he was detained by Baghdad Police and taken to a police station there. His PSD left Baghdad and arrived at Lt. Col. [redacted] house to advise him of the detention. Lt. Col. [redacted] is the Legal Section Commander. This detention/arrest involved the possible misappropriations of 9.9 billion Dinars from MOI in February of this year.

(b)(6), (b)(6)c (b)(6), (b)(6)c (b)(6), (b)(6)c

PTT was able to spend some time in their new training SWA hut today in which KBR installed a new air conditioner to increase the comfort level so the IPs don't have to swelter while sitting through classes.

Babylon (MND-CS)

(b)(3), (b)(6) [redacted]

Qadisiyah

(b)(3), (b)(6) [redacted]

(BQ0029) Qadisiyah Provincial Police Headquarters: Today the PTT traveled to Provincial HQ and met with MG [redacted]. The training issue of the 478 IPs was discussed. This will be a recurring problem until a solution can be found. The lack of intelligence being generated and shared by the Intelligence Section at HQ was also discussed. The General stated that MOI has told him LTC [redacted] and his deputy will be replaced. Also discussed was the manpower and number of vehicles that will go to Al Kut on Wednesday to pick up communication equipment.

(b)(6), (b)(6)c (b)(6), (b)(6)c

The meeting with the general was interrupted due to 50-60 IPs that were sent back from BPC coming onto HQ grounds and demanding answers as to why they have not been given assignment papers by the MOI. The Provincial General and the PTT addressed the group who seemed content and left.

The PTT Operations section discussed deficiency elements on the PSMR. The most notable problem was the lack of effective communication with subordinate stations. This matter is being worked on with the addition of new radios which will hopefully be assigned in the next few weeks. The team discussed establishing an effective communications process for emergency notification. The meeting also covered the maintaining of daily logistical and manpower effectiveness.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) **6/16/2008**

CPATT IPLO DAILY SITREP

The training section met with General [redacted] (b)(6), (b). The team learned that the resent 1000 IPs hired and assigned to ESU by the Governor were trained at the Diwaniyah Academy and had attended a thirty day course at the Academy and received their official papers from MOI. It is apparent that these IPs were never screened. If this information is correct, several current training issues could be resolved by allowing or certifying the Diwaniyah Academy to train IPs. This would also satisfy the fear the female IPs have concerning travel to Al Kut. The 1027 IPs employed without official papers could also attend for certification.

The Intel team met with Captain [redacted] (b)(6), (b)(7)c and reviewed the PSMR for this month. Captain [redacted] (b)(6), (b)(7)c asked about procedures for handling a crime scene involving a grenade or an explosive. The PTT explained the concern for officer safety and gave a brief instruction on crime scene investigation and preservation.

Wasit [redacted] (b)(3), (b)(6)

No station visits were conducted.

Basrah (MND-SE) [redacted] (b)(3), (b)(6)

Maysan [redacted] (b)(3), (b)(6)

No station visits were conducted due to the HIGH risk levels in Al Amarah City and due to other taskings by the military.

Basrah [redacted] (b)(3), (b)(6)

(BE0043) Basrah Provincial Police Headquarters: BG [redacted] (b)(6), (b)(7)c is currently the commander of FPS and is from the former Iraqi Army were he served as a pilot in the 'Iraq-Iran War". It is obvious that Brig [redacted] (b)(6), (b)(7)c is a strong leader by looking at the performance of the FPS as a whole. FPS has been responsible for the arrest of Suicide bombers at hospitals, maintaining the security of the water treatment plants, power stations, as well as over 100 other facilities in Basrah. They (FPS) have been involved in numerous attacks against the location assigned to protect and they've always prevailed; Brig [redacted] (b)(6), (b)(7)c stated this is due to their allegiance to their job and not the tribes or political parties.

Discussing the issues of equipment and training Brig [redacted] (b)(6), (b)(7)c indicated his unit was in dire need of PKC's, AK-47's, Pistols, Body Armor, and Uniforms. He stated he would have specific numbers and sizes at the next meeting.

The meeting was set to address the rumors that he has been appointed to the position of Provincial Chief of Police. On the issue of CoP, the team waited for BG [redacted] (b)(6), (b)(7)c to bring that topic to the table, which he did a half hour into the meeting, for the following two hours we discussed the issues plaguing Basra's deteriorating security condition. Issues discussed: Lessons learned from former CoP, Political pressure from Provincial Council, Corruption among the ranks in IPS, Roll of MNF and Brig [redacted] (b)(6), (b)(7)c outlook

Concerning the topic of political pressure from Provincial Council, BG [redacted] (b)(6), (b)(7)c stated he is aware that in any command position there is going to be political pressures, but a good commander is able to direct this pressure for the good of the people, and not allow them to affect his duties or the duties of his staff. He stated this is easier to do when you have a working relationship.
