CPATT IPLO DAILY SITREP

N11

July 18, 2006

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC001) Abu Ghraib District Police HQ: The Team assessment of HQ is now at TRA Level 2. Force protection issues have been rectified and ongoing. The renovation construction is due to be completed by July 31st, with all buildings and the detention cell. HQ and LPS will eventually be separated into their own compounds; but for now, problems still exist with equipment issues between both.

(BC002) Abu Ghraib Local Police Station: The station is currently under construction while in use. There are 149 IPs assigned and all have been Academy trained.

(BC0003) Airport Police Local Police Station: The Team conducted training in Basic Driving - 4 IPs, Patrol Procedures - 3 IPs, Suspect Search and Escort - 3 IPs.

(BC0008) Al Adhamiya Traffic Sector: Captain [redacted] (b)(6), (b)(7)c informed the Team of an upcoming meeting he has with the Company of Oil Protection, which is under the Ministry of Oil. The meeting is to address fuel issues that this station has for their generator as they are without power most of the time. An inspection of the generator is required to verify it is functional, and that the station is actually utilizing it properly.

(BC0009) Al Alawiyah Local Police Station: Four new vehicles arrived at the station and added to the patrol roster. The vehicles still need some equipment added before they are complete. There are now 13 vehicles mission capable.

(BC0025) Al Karada Patrol Police Station: The Team met with the Acting Station Commander who reported no unusual or significant events. The Team planned on meeting with the Training Officer; however, he was not at the station due to a threatening note that was delivered to his house stating he had 48 hours to relocate or he would face harsh punishment. According to the Station Commander, the training officer was not targeted due to his IP status; everyone in his community that is of Sunni affiliation received the same note. The Training Officer is on leave for three days in order to make appropriate arrangements.

(BC0028) Al Karkh Directorate HQ: The Team attended a meeting with Major General [redacted] (b)(6), (b)(7)c, subordinate station commanders and an Internal Affairs investigator from Al Monsour. MG inquired as to lack of new arrests, an attempt to break up the militia, logistics issues, additional personnel, and checkpoints and weapons. The Team then met with Captain [redacted] (b)(6), (b)(7)c who received a call from Al Yarmouk hospital that members of Sadr Militia had arrived to claim 30 bodies saying they were from the Ministry of Health.

(BC0056) Sa'adoun Patrol Police Station: The Team learned that LTC [redacted] (b)(6), (b)(7)c from Zaphrania LPS to Sa'adoon station transfer has been rescinded, and LTC [redacted] (b)(6), (b)(7)c is still the commander. The 519th MP Battaliion refused to follow up on the Team's request to have insurgent detainee [redacted] (b)(6), (b)(7)c, brought back to FOB Rustamiyah for further interview on potential insurgency attacks on coalition forces in the Baqubah region. They also deemed it is unnecessary for the Team to interview another detainee, [redacted] (b)(6), (b)(7)c, who is also allegedly involved in insurgent activity. The two holds that were placed on the detainees had to be lifted and they will now be transferred into the court system.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) **6/16/2008**

CPATT IPLO DAILY SITREP

(BC0052) Al Rashidiah Local Police Station: Rashdiah station came under attack twice on July 16th; Al Zahoor station once. The Team received information that the suspect vehicle occupants were wearing new blue government security uniforms. During a meeting with the District Commander, Colonel [redacted], and Colonel [redacted], they explained that a month ago, a man named [redacted], a very powerful member of the Bahder Militia, was the victim of an ambush to one of his PSD which resulted in several vehicles stolen. [redacted] believes the clan of two arrested subjects at the station is responsible for the ambush. [redacted] was to have influenced the judge in order to have the subjects remain incarcerated at Rashdiah station. The militia was then to lynch the prisoners and exact revenge for the ambush. [redacted] is a member of the Baghdad city council and a member of the Security Council.

(b)(6), (b)(7)c

(BC0062) Al Suleikh Local Police Station: The Team met with LTC [redacted] in his office who stated that they were still having fuel problems. He said [redacted] gave them two cruisers recently but they cannot drive them without fuel. Major [redacted] came in reporting an explosion in their jurisdiction. There were other IPs at the scene from another area, who radioed them for a relief. There was no one to send so the Major took a taxi to the scene due to this fuel shortage. The LTC stated that staffingl was also a problem because when IPs are wounded or go AWOL they are not replaced.

IPs stationed at a checkpoint along the canal shot the driver of a VBIED that came through at a high rate of speed at which time the car exploded, injuring three IPs.

(BC0073) Al Yarmouk Patrol Police Station: The Team met with Master Trainer [redacted] and assembled a training class of eight IPs. Training consisted of classroom and practical exercises on vehicle traffic stops.

(BC0089) Belat al Shuhadaa Local Police Station: The Team met with the IP manning the Operations room who stated that three murders took place since their last visit. The events were marked on the board along with the number of IPs working and documentation of the events in the district on a grid map. Five IPs were trained on attack/counter attack techniques.

(BC0090) Boob Al Sham Local Police Station: Colonel [redacted] advised that his IPs had been in Adahmiya District since last night, fighting insurgents. One IP was shot in the face. NFI

(BC0096) Karada Miriam Local Police Station: The Team was called to the convention center in reference to Triple Canopy and 732nd Air Force having three persons stopped for weapons violations. The subjects were brought to KMLPS. Two of the three suspects had weapons cards and were released; one subject did not. Paperwork was sent to the judge to decide whether to hold him for the weapons violation.

(BC0092) Baghdad IHP HQ: The Team provided an in-depth class on 'Search a Building' and 'Perform Individual Movement Techniques to nine IPs. The Team met with Colonel [redacted], OIC of the Training Section for the purpose of planning the next Joint Forces Station Defense exercise. There will also be a Force Protection Course taught. Emphasis will be placed on Command and Control and Mid-Level Management responsibilities during critical incidents.

(b)(6), (b)(7)c

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

(BC0101) Mahmoudiya District Police HQ: The Team met with the station maintenance and had six window air conditioning units taken to FOB Falcon for repair. An IP was smoking while putting fuel into his patrol unit at a local gas station. The IP and unit caught on fire causing minor burns to the IP. The vehicle sustained minor damage.

(BC0107) Medical City Local Police Station: The Team met with Colonel [redacted] (b)(6), (b)(7)c as a change in IP duty assignments were observed. He advised that the Medical City Director requested more assistance at the hospital for security reasons. The doctors have been receiving death threats and do not feel secure as they perform their duties. The station received four new IPs who reported for duty for four days, at which time they then reported for duty at Medain Police Station. Rusafa HQ was notified and said they will rectify the matter.

(BC0110) Nasir Wa Salem Local Police Station: Al Nasir has 104 IPs assigned to the station; all are Academy trained.

On July 14th, two IPs were killed and two vehicles destroyed in a rocket/small arms ambush during a patrol to Baghdad. There is a question as to whether the patrol to Baghdad was authorized, but as a result, Colonel [redacted] (b)(6), (b)(7)c will be transferred to Saab Al Boor, and that stations Colonel will be assigned to Nasir Wa Salem.

(BC0117) Risalah Local Police Station: The PTT assessment of this station is now TRA Level 2. Force protection issues have been rectified. The detention cell still has cosmetic problems to be finished. The Commander needs to address and enforce training issues with all shift commanders. IPs had one murder, one IED which exploded outside the compound, and one mortar attack near the station. There have been two attacks on IA checkpoints approximately 1,000 meters from the station, resulting with several IA casualties.

(BC0120) Rusafa Directorate Police HQ: The Team attended a station commanders meeting held by BG [redacted] (b)(6), (b)(7)c. Topics discussed included: proper investigations, evidence collection, arrest of individuals, refueling problems for patrol vehicles, ammunition and fuel shortages and problems with repair and maintenance of patrol vehicles. In a meeting with Internal Affairs, Major [redacted] (b)(6), (b)(7)c expressed a need for a color printer and cameras.

(BC0121) Saba Al Boor Local Police Station: The Team met with Colonel [redacted] (b)(6), (b)(7)c who is now the acting Station Commander who stated that Colonel [redacted] (b)(6), (b)(7)c had been transferred earlier today to Abghareb LPS for disciplinary reasons and will be the Station Executive Officer there. The former Abghareb LPS executive officer is scheduled to be the Saba Al Boor LPS station commander as soon as he is released from Jail at Abghareb. The fuel truck delivered gas for the station's police vehicles on this date. A joint foot patrol was organized during which patrol IPs handed out the telephone number to the JCC. Upon return to the station, the first emergency request for police service was received in the JCC.

(BC0122) Sheikh Saad Local Police Station: The Team met with LTC [redacted] (b)(6), (b)(7)c who said his IPs were fired at while on patrol by men in four dark or black GMC SUVs. The men were wearing the urban camouflage of the special police commandos. The Colonel believes the vehicles were the same ones that attacked Al Zuhoor and may have been responsible for attacks on Al Rashdiah.

Due to the fuel situation, the station is operating without electricity. ING advised they would help defend the station if they came under attack.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) 6/16/2008

CPATT IPLO DAILY SITREP

(BC0625) Mahmoudiya Patrol Police Station: Operations report two store keepers who sell agricultural products were kidnapped on July 15th; their bodies were discovered later that evening. Suspects are members of the local militia.

SPTT Team is working on status of Mahmoudiya Patrol Lieutenant [redacted], who was picked up by commandoes while visiting his brother at a Baghdad hospital. It was reported that LT [redacted] was observed in the company of a Syrian, who intelligence officials have been observing. Lieutenant [redacted] was incarcerated for possible terrorist activities.

(b)(6), (b)(7)c (b)(6), (b)(7)c (b)(6), (b)(7)c

An Najaf

(b)(3), (b)(6)

(RN0004) Najaf Provincial HQ: On July 16th, a vehicle distribution ceremony was held at Camp [redacted] in which the Najaf PTT turned over to the Najaf Provincial Police Service, physical control of forty 3500 series, Chevrolet Crew Cab pickup trucks. A Motorola mobile radio was also issued with each truck. During respective speeches, Governor [redacted] and Chief [redacted] expressed their deep appreciation to the International Police Liaison Officers of Camp [redacted], Coalition Forces and people of the USA for their support and generosity.

(b)(6), (b)(7)c (b)(6), (b)(7)c (b)(6), (b)(7)c

(RN0633) Manathera HQ District Police Station: The Team met with the BG [redacted] who stated that there are twenty two inmates being held at the present time, and 192 IPs on duty. The Team conducted training on weapons retention with six IPs.

(b)(6), (b)(7)c

(RN648) Zualfiqar Battalion Headquarters: IP Trainers began in-service training this week, instructing 40 IPs in baton and handcuffing. The Team also trained five IPs in searching vehicles. The sixteen detainees at the Fukar Station all appear to be in good health with no signs of physical abuse.

(RN0802) Najaf Provincial Patrol Headquarters: NCO [redacted] had just begun a training class with 20 IPs on arrival of PTT. IPs were trained on handcuffing procedures, contact officer, cover officer, straight baton, as well as shoot/don't shoot scenarios. NCO [redacted] advised the Team he would like to incorporate edged weapons defense into his training. The Team will work with him developing a lesson plan.

(b)(6), (b)(7)c (b)(6), (b)(7)c

Karbala

(b)(3), (b)(6)

(RK0028) Karbabla Provincial Headquarters: The Team met with BG [redacted], who expressed concern as to why Karbala was not getting any more vehicles when Najaf just received 40 new trucks. The Team also met with Captain [redacted], Commander of Vehicle Maintenance who is reporting Karbala has eleven blown engines with the Chevy pickups. He is having trouble getting parts for the vehicles. The Team met with Major [redacted] regarding selection of another fifty IPs to attend the training at Camp Duke on July 30th. This would be the last training conducted at Camp Duke. There will be 101 attending the Hilla Training Academy on July 23rd.

(b)(6), (b)(7)c (b)(6), (b)(7)c (b)(6), (b)(7)c

Babil

(b)(3), (b)(6)

(BB0500) Al Hillah Regional Police Academy: The Team continued preparations for the upcoming Riot/Serious Incident class to be conducted at the Academy on July 20th. LTC [redacted] was briefed on the lesson plan.

(b)(6), (b)(7)c

Compiled by [redacted] (b)(3), (b)(6), (b)(2) 6/16/2008

CPATT IPLO DAILY SITREP

Tikrit (MND-N) [redacted] (b)(3), (b)(6)

Diyala [redacted] (b)(3), (b)(6)

(TD0020) Buhriz Local Police Station: PTT met with the Station Chief who advised he now had 100 personnel working at Buhriz out of 190 authorized. At the time of the visit, 70 IPs were scheduled to work with no reported absences. Due to the recent increase of violence in the area, the number of personnel was increased from 40 to 70. In addition, 17 of the station's IPs are still in need of attending the basic police academy.

The Chief also reported that he now has a total of 5 vehicles out of the 19 authorized, and only three of those are functional. He also reported receiving 5 new vehicle radios. The Chiefs major logistics shortage is his number of AK-47 magazines. He currently has 113 functional magazines which is just over a ratio of 1 magazine per rifle.

There has been significant progress on the station's renovation projects. One building had been painted inside and out; new A/C units had been installed along with 4 new hot water heaters, extensive wiring, and 2 new electrical breaker boxes. A new generator had also been delivered, as well as 4 new water coolers. A large number of 12 ft concrete T barriers were also on hand to be placed on the outside of the current Hesco barrier perimeter.

PTT assisted with both a successful force protection drill and a class for 16 IPs on handcuffing, conducted by the stations' training officer.

(No FFID#) Khalis Local Police Station: PTT met with the station COL who stated he has received two additional IPs making his total manpower 305, with no reported pay problems.

The COL has made a request for repairs to the broken radio tower to the HQ, and has asked for assistance in receiving 25 handheld Motorola radio batteries, tools and spare tires to assist in fixing IP vehicles, as well as additional AK-47 magazines. The COL also advised he has 10 working IP vehicles. The COL reported that he has 296 Glock's, 215 Ak-47's, and 7 PKC's and all weapons are in working order. They have 16,300 rounds of 9mm ammo, 2000 rounds for the AK-47, and 6000 rounds for the PKC.

PTT observed IPs in front of the station making vehicle searches and observed that all guard posts were property manned.

(TD0026) Hibhib Local Police Station: PTT observed a well organized response to an anticipated attack at Buhriz. This response appeared to be well-organized by the supervising IP. This station has combined personnel of 525 IPs and officers

PTT met with COL [redacted] who said the generator given to the ERF station was missing and that COL [redacted] had taken it with him when he was transferred. The team advised that the generator was the property of the ERF station, and that if not returned within 48hrs, charges will be forthcoming. (This matter was bought to the immediate attention of the Provisional CF Commander who was present, who advised he will contact his counter-part). PTT will follow-up to confirm the return on their next visit. (b)(3), (b)(6), (b)(7)c

Due to the frequent violence and contact, the ERF IP command reported a shortage of PKC and AK rifle ammunition.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) **6/16/2008**

CPATT IPLO DAILY SITREP

Salah Ad Din [redacted] (b)(3), (b)(6), (b)(7)c

(TA0080) Salah Al Din Provincial Police Headquarters: PTT met with MG [redacted] (b)(6), (b)(7)c, PDoP who stated that he is responding to the increase in terrorist activities by stepping up raids in the area; even IA units are beginning to conduct raids in Tikrit and Ad Dawr. MG [redacted] (b)(6), (b)(7)c provided additional information concerning the IA units that were reportedly conducting operations in Salah ad Din yesterday. He said initially these units were not properly coordinating which caused suspicion, but now they are coordinating with IP and IA elements in the area.

MG [redacted] (b)(6), (b)(7)c agreed to issue a written order to all subordinate district stations ordering them to cease all IP equipment transactions to non IP entities.

PTT met with MAJ [redacted] (b)(6), (b)(7)c of the Provincial HQ and discussed force protection for the compound. The main wall around the compound is about 90 percent completed. Work has started on a guard tower which will be near the main entrance.

The Team also met with MAJ [redacted] (b)(6), (b)(7)c of the Communications Department and issued him laptop computer. This computer can be used when he goes to different agencies to program the radio systems.

(No FFID#) Mafry Highway Patrol Station: PTT went to the Mafry Highway Patrol Station to check on force protection improvements. They have a new building but are lacking funding from Tikrit. The Chief takes money from his policemen to pay for the fuel used in the patrol vehicles and they do not have enough ammunition for their weapons. Most of the patrols from the station remain on the highways. The Chief advised he has some of his forces working plain clothes in the local area to gain intelligence on AIF and Al Quada activities.

(TA0075) Massahag Local Police Station: PTT went to the Massahag station and met with the Chief who stated he had received AK rifles, handcuffs with cases and one riot helmet with face shield from Bayji about five days ago. CFs informed him he had more equipment there and needed to pick it up. The Chief has been issued nine AK-47 rifles but are not in good condition and he would like them replaced.

(TA0047) Al Zuwiah Local Police Station: There have been three new men assigned to this station; 2 from Tikrit and one from Saniyah. All three need to be issued pistols. Currently there are 7 people training in Jordan who will return in six weeks.

The station is experiencing a shortage of fuel. It was suggested by the PTT to keep a log of all fuel, distance driven and any expenses incurred.

The IP stated they have found flyers in the area with the names of IPs and sympathizers. The flyers are threatening physical harm to the people listed and the Executive Officer is afraid of an attack on the station. The team asked the XO to attempt to develop leads on the suspects and their locations.

CPATT IPLO DAILY SITREP

At Tamim [redacted] (b)(3), (b)(6)

No station visits conducted.

Mosul (MND-N) [redacted] (b)(3), (b)(6)

Ninewah [redacted] (b)(3), (b)(6)

(MN0056) Ninewah Provincial Police Headquarters: PTT Logistic members met with Gen [redacted] (b)(6), (b)(6)c who gave the team the distribution plan for the first 74 vehicles that just arrived. The logistics team told him that there were 28,565 complete IP uniforms and 572 ballistic vests on order for Ninewah Province.

PTT advised in development of a Weapons Safety Rules sign-off sheet are to be sent to every District and Station for every Officer and IP to read and sign. This was done in response to the many self inflicted accidental gun shot wounds and civilian injuries due to unsafe weapons handling by the IPs. This letter, in memo form, is working it's way up the chain of command from the Training Office at HQ to General [redacted] (b)(6), (b)(6)c Office. If General [redacted] (b)(6), (b)(6)c signs off on it, it will be sent out to the District and Stations immediately

(MN0022) Al Rabaein District Police Headquarters: PTT had an in depth discussion with the Colonel [redacted] (b)(6), (b)(6)c and were able to come to an understanding on several issues ranging from patrol policies and force protection at his station. PTT found that the station had a written policy on force protection. The plan was vague and didn't account for the treatment of injured and wounded IPs. PTT asked the Colonel if they could add to his policy. He said that PTT could and he was very helpful and cooperative.

PTT members acquired twelve IPs and began training them in regards to force protection, reaction to contact, tactical movement as a team, muzzle awareness, and target acquisition. The IPs were very motivated and paid close attention.

(MN0076) Tall Afar District Police Headquarters: Team members met with IP Officials and an IA Officer to finalize plans and strategies for the upcoming prisoner transport to Mosul which is tentatively scheduled to take place in the near future. The Military component of the Team is in the process of acquiring funds for needed supplies and equipment for IP stations district wide. IP leaders will contact each station in the district to inquire of their needs and submit the completed list within the next three or four days.

The IP Leadership was asked to prepare a roster with the names and duty stations of all of the recently hired 500+ IPs in the city of Tall Afar.

IP Leadership has learned a literacy committee is supposedly in Mosul testing IPs. A request was made to bring the committee to Tall Afar to test the IPs here. The Team is making attempts to learn more about this committee for possible literacy testing for IPs in Tall Afar in the future.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) **6/16/2008**

It was learned that an IP from the Al Salaam Police Station in Tall Afar was murdered on July 15th in Mosul while on vacation. After murdering the IP, the assailant(s) took the IP's personal vehicle, Glock, police ID and police uniform before fleeing the scene.

(MN0044) Ninewah Iraqi Police Academy: PTT observed that the force protection of the station was in place; all sections were manned with guards, gates, towers and armed police in stop vehicles blocking the entrance/exit.

The PTT inspected uniforms that were purchased and payment will be provided from TTIF money.

It was learned that a vehicle they had been towed in some time ago had the materials necessary to make a bomb (TNT, blasting caps). As a result, the IPA and PTT responded to a house and found a stockpile of TNT, large mortar shells and a bazooka. No arrests have been made.

(MN0220) Al Karama District Police Headquarters: PTT met with COL [redacted] (b)(6), (b)(7)c and Major [redacted] (b)(6), (b)(7)c and discussed the shooting of an IP at a traffic control point. The IP was wounded while manning a PKC in the left forearm and taken to Al Hamdania Hospital. The IPs did not see a suspect and there were no arrests. Operations personnel noted where the shooting took place and had it plotted on the operations map along with a written log of the incident. Personnel are still working effectively and tracking patrols, check points, plotting as required and maintaining a log of significant acts.

Major [redacted] (b)(6), (b)(7)c also said that there were eight new vehicles for the district that should arrive any day. PTT members told him vehicles which are not operational need to be taken to NPHQ. The Major stated that when the new vehicles arrived he would have the ones that needed to be fixed taken to NPHQ motor pool.

(MN0017) Al Namrud District Police Headquarters: PTT monitored training that was being conducted. In addition, the team was able to follow up on individuals that are being held in Al Sayyed Hamad. They are still being held pending background check.

PTT was informed that COL [redacted] (b)(6), (b)(7)c's vehicle was struck by an IED in Mosul this morning but he was not injured.

At the urging of PTT, station IPs are working on cleaning the station. Interior cleaning is going well and the team will equip them with shovels and rakes for the outside cleaning.

At this time there are enough personnel to perform the duties of this station. They have thirteen vehicles, twenty complete vests, and 53 hand held radios. Civil Affairs is currently working on a plan for station improvements for the entire district. There are currently eight IPs from DHQ in training and IPs from this station attend the weekly in service training.

Arbil [redacted] (b)(3), (b)(6)

(MI0936) Security Police Station: PTT met with Major General [redacted] (b)(6), (b)(7)c who stated that he would continue to cooperate with CPATT and appreciated all the support that his organizaton has received from the Irbil Team.

PTT conducted the Building Entries/Room Clearing portion of training for students attending the Special Weapons and Tactics Course. The students received instruction in the following Site Reconnaissance, Site Surveillance and Approach to the Objective.

CPATT IPLO DAILY SITREP

(No FFID#) Irbil Police Academy: IPLOs began the second of a three day course of instruction on the subject of Defensive Tactics to 41 KPs. The points of instruction for today's class covered arm bars, wrist locks, takedowns, punches, kicks, and ground fighting. Each student was required to demonstrate his ability to perform each section of the class. The KP performed well and stated that they enjoyed the class. IPLOs are being assisted by a KP instructor of the academy, 1LT [redacted] who will have the ability to take over the training for this course in the near future. IPLOs were asked to teach this course because they have no qualified instructor to teach Defensive Tactics.

(b)(6), (b)(7)c

(MI0001) Irbil Provincial Police Headquarters: Training was conducted at the Irbil Court on Report Writing with the class combined of Investigator's from MOJ, Investigating Judges, Investigators and MOI, and Provincial Police Investigators. Twenty two Investigators were in attendance.

(MI0606) Irbil National Crime Lab: PTT met with Lt.'s [redacted] and [redacted] and were provided with a copy of two separate composites constructed by the Crime Lab after witnesses to the crimes were brought to the Crime Lab. The first composite is a Burglary suspect; the Burglary took place in Irbil. The case is assigned to the Crime Combat District HQ Police Station. The second composite is the likeness of one suspect of a group of men that took a car at gunpoint between Kirkuk and Irbil. The case is assigned to the Vehicle Theft Police Station, (Crime Combat District). The composites were constructed from the FACES program training that was provided previously by the PTT-Investigation Team.

(b)(6), (b)(7)c

(b)(6), (b)(7)c

Sulaymaniyah [redacted]

(b)(3), (b)(6)

(TS0500) Sulaymaniyah Regional Police Academy: PTT met with the Academy Director again and continued discussions on the unloading of CPATT issued KP vehicles at his location.

PTT members discussed base number of Sulaymaniyah Province students which have attended the Sulaymaniyah Police Training Academy. A systems inquiry was completed, and although it conflicts with other KPS sources, including KPS Academy staff numbers, it has been decided to rely upon this number over all others for accuracy. The base student trained number for the Sulaymaniyah province prior to TIP training transition is currently 2711. An updated 'trained' number will be built from this data.

PTT members were advised of MG [redacted] decision not to avail himself of the opportunity to send KPS personnel to the Jordan International Police Training Center, nor to dedicate trainers to JIPTC. MG [redacted] is of the opinion that the Sulaymaniyah Police Training Academy is immediately available and sees no good reason to send his personnel to Jordan. This matter will be taken up again with MG [redacted] It is mutually agreed by the PTT and the Academy Director that a 10 seat Train-the-Trainer class should be initiated at the SPTA and that MG [redacted] can be persuaded to send at least five instructor candidates for local use. The need for a Specialized/Advanced Training curriculum was again discussed and it was mutually agreed that the area needs to institute this as soon as possible.

(b)(6), (b)(7)c

(b)(6), (b)(7)c

(b)(6), (b)(7)c

(b)(6), (b)(7)c

A check with the KPS In-Processing Unit determined that the numbers of arrivals for the current TIP/O-TIP class were: Sulaymaniyah: 120/15 of the required 130/30, Irbil (Dahuk) 122/10 of the required 185/20. Total: 242/25 of the required 315/50. Short: 73/25 or 98 total.

(b)(3), (b)(6), (b)(2)

Lieutenant [redacted] advised that no more students are expected to arrive and that there will be stricter cut-off times for arrivals in fairness to all students. This matter to be furthered with MG [redacted] and MG [redacted]

Additional data collection forms were issued to Lt. [redacted] for his convenience and use.

(TS0008) Sulaymaniyah Provincial Police Headquarters: PTT member met with MG [redacted] and again discussed previously arranged station specific serialized radio inventory resultant of the first issuance of Motorola Handheld radios. MG [redacted] was again resistant to this requirement but after a lengthy and heated discussion the matter was again agreed upon and MG [redacted] stated he would reluctantly comply. MG [redacted] cited the previous deliveries of equipment made by PTT member's predecessor wherein there was no requirement for this kind of detailed accountability.

MG [redacted] was again apprised that a serialized distribution/inventory plan would be imposed for all main pacing items issued, as well as for some other specialized items, such as computers.

MG [redacted] was advised that as soon as he provided, through his subordinates, the requisite distribution inventories, then more radios would be immediately delivered.

MG [redacted] was advised that after the radios were substantially delivered, vehicles would likely be available for delivery. MG [redacted] was advised that he would have to provide fuel for these vehicles upon delivery, and that there may be further requirements of him. MG [redacted] was advised that he needed to produce a responsible distribution plan for the first 30 vehicles and to begin planning for the remaining vehicles due him. MG [redacted] immediately inquired of the type vehicles being delivered, as this would impact his distribution plan. PTT members stated that this had already been asked, and that a response was pending. MG [redacted] was advised that these vehicles needed to be assigned where they were most needed by his operational assets, not his administrative assets.

MG [redacted] was also advised of the possibility of IBA and footwear being delivered and that a distribution plan was required for the IBA.

MG [redacted] and Commissioner [redacted] were engaged regarding the inadequate showing for the current TIP/O-TIP class. Both agreed that the incident of the previous week, wherein students were erroneously turned away from the Academy, had adverse affect as did the fact that pistols were no longer issued. This subject had been addressed countless times and MG [redacted] was again reminded that his directives were not being followed and his personnel were insubordinate. The value of training as it's own reward was again raised. It is perceived that the numbers demanded for this training are regarded as excessive by MG [redacted] and that he will not aggressively address this. This was a predicted development despite initial assurances that all quotas would be met. PTT will maintain pressure on MG [redacted] and [redacted] to keep the numbers high, although it is unlikely that quotas will be met.

PTT members discussed the recent indicators of a growing instability in the region; two car bombs were remotely detonated in the Penjwin District along the border. Details concerning this are typically received through the Asaish and this information flow is currently inaccessible. MG [redacted] had no information concerning this.

A second incident was discussed, wherein a May Al Shaheed resident KPS employed in the Garmian sub-provincial region of Sulaymaniyah Province, which includes the supposed Diyala Districts of Khifri and portions of Kanneqin, was targeted by a group of insurgents.

CPATT IPLO DAILY SITREP

Reports indicate that as many as seven insurgents led by [redacted], a reported Al Zarqawi lieutenant, appeared at the residence of KPS [redacted]. They had vocalized their intent to kill him for working for the Kurdish Police in Garmian. Reports indicate that [redacted] were armed with hand grenades and pistols, and that the apparent plan was to detonate the grenades inside the residence and follow through by shooting all of the residents with pistols. As [redacted] moved to pull the pin from the first grenade, KPS [redacted] shot him through the eye, killing him instantly. The remaining insurgents fled. Some of the others have been identified and the investigation is continuing. Reports further indicate that identified Diyalan police officers are directly involved. One such officer immediately deleted the cell phone numbers from [redacted] phone, and that two Diyalan police officers appeared at the gravesite mourning the insurgent victim. A report is being prepared by General [redacted] and will be forwarded.

PTT attended the Motorola Radio training final examination and closing ceremony which was overseen by MG [redacted]. Eleven of the 27 students attained instructor proficiency and will be utilized to train operators throughout the province. All radios will be programmed centrally in Sulaymaniyah prior to their outward dissemination. Captain [redacted] stated that a minimum of 30 additional repeaters were required to affect a communications network within the Province.

(TS0005) Sulaymaniyah Emergency Services Station: PTT met with Major [redacted] and advanced to the second day of the RKD, wherein two additional Intelligence officers were accepted into the class. This was done at the specific request of the Major. These two men were appropriately screened are very capable and have an appreciable background in defense tactics. Upon Major [redacted]'s observations of the course and the curriculum, he has come to appreciate that this is not a standard course of instruction, but something special. He has made a request to involve more students and is being accommodated in return for his generous allowance of use of the building.

A core of five officers have been screened and selected for instructor training, one being the Major's executive officer, a Captain. One is from the Emergency Police, two are from Intelligence, and two are from Security who will be provided a translated version of the outline material.

The group continues to impress instructors with their high degree of interest in that they understand that the proficiency testing is serious business, presenting risk of real injury to the inattentive or careless, and will require them to be focused in each days training.
It is a pleasure to work with a group such as this, which is a mix of several departments and whose participants have bonded through the focus of the material being presented.

Dahuk [redacted]

A meeting was conducted with Captain Ismond to confirmed testing for JITPC at Amedi Headquarters on July 19th. The Captain advised that he would provide as many IPs from the surrounding area as possible. At this time, General [redacted] stated that he would pay for the next 200 copies of the literacy test (in Kurdish). Future funding will not be available from the PCOP budget. Hopefully alternate resources will be located to allow testing to continue.

Ramadi (MND-W) [redacted]

Anbar [redacted]

Compiled by [redacted] 6/16/2008

CPATT IPLO DAILY SITREP

(RA0080) Al Qaim District Police Headquarters: The PTT conducted a station visit to facilitate delivery of equipment and supplies. This equipment consisted of furniture, uniforms and accessories. The PTT checked on the status of the JCC and Sa'Dah Police Station.

(RA0107) Trebil Local Police Station: The PTT conducted a station visit and delivered equipment and supplies to the station. The Team reorganized and separated equipment and supplies previously transported for distribution to District Stations to include 30,000 rounds of 9mm ammunition and 12,300 rounds of PKM ammunition.

The PTT also delivered furniture, uniforms and accessories.

(RA0092) Karabilah Local Police Station: The PTT delivered both equipment and supplies to the Karabilah Police Station which consisted of uniforms, accessories and office furniture items.

(RA0110) Rawah District Police Headquarters: The PTT team conducted a mission to the Rawah Police Station for the purpose of an Army Times reporter to interview Captain [redacted] (b)(6), (b)(7)c. The interview presented the IPs in Rawah as very promising. IPs continue to show their presence at checkpoints daily.

Babylon (MND-CS)

[redacted] (b)(3), (b)(6)

Qadisiyah

[redacted] (b)(3), (b)(6)

(BQ0029) Qadisiyah Provincial Police Headquarters: PTT traveled to Provincial HQ and met with BG [redacted] (b)(6), (b)(7)c, Chief of Engineering, to complete the facilities section on the PSMR. PTT also met with BG [redacted] (b)(6), (b)(7)c, the Provincial Operations Chief, to discuss leadership concerns in the Province. Per their conversations with the Generals, the team learned the Governor did not follow appropriate MOI hiring procedures when he hired the 1,000 IPs approximately three months ago. PTT was also informed that 400 of the hired IPs came from [redacted] (b)(6), (b)(7)c, [redacted] (b)(6), (b)(7)c and [redacted] (b)(6), (b)(7)c and were all members of Bader Corp.

PTT then met with General [redacted] (b)(6), (b)(7)c who reported that his relationship with General [redacted] (b)(6), (b)(7)c is deteriorating. General [redacted] (b)(6), (b)(7)c feels that General [redacted] (b)(6), (b)(7)c thinks he is working too closely with the PTT members, and as a result there is a possibility of General [redacted] (b)(6), (b)(7)c being transferred. The Training Unit has been without power for weeks and only recently, repairs were made to an old generator which has failed again, leaving the Academy without power. It has been impossible to make improvements at the Academy without power and little to no support from the Provincial Headquarters. Recently, General [redacted] (b)(6), (b)(7)c threatened to move the Training Unit to an open field behind Attica Prison.

According to General [redacted] (b)(6), (b)(7)c, there are no IPs in need of Academy training except for the female IPs. PTT Training discussed sections of the PSMR with General [redacted] (b)(6), (b)(7)c.

PTT met with Brigadier General [redacted] (b)(6), (b)(7)c, Chief of Provincial Operations, to discuss setting up a training program for substation operations officers. It was decided that substation officers would be selected and receive training at Provincial Headquarters. The training program would give the officers a hands-on prospective on the day-to-day functions of how their respective operations sections should be conducted.

Wasit

[redacted] (b)(3), (b)(6)

6/16/2008

CPATT IPLO DAILY SITREP

(BW0054) Wasit Provincial Police Headquarters: The PTT team made a visit to Provincial Headquarters to meet with the Provincial Chief to discuss upcoming projects and classes. The meeting was short due to the General being invited to the change of command ceremony at Camp Delta. The PTT team then met with the Deputy Chief to discuss classes and obtain paper work. In addition, the PTT inquired about the overall status in Wasit Province, and was informed that all has been quiet since the missile attack last Thursday on Camp Delta. Concerning this missile attack, the Deputy Chief advised there have been no arrests made but the case is still under investigation.

Basrah (MND-SE)

(b)(3), (b)(6)

Maysan

(b)(3), (b)(6)

No station visits were conducted due to the HIGH risk levels in Al Amarah City and due to other taskings by the military.

Basrah

(b)(3), (b)(6)

A planned visit to Camp Apache was cancelled due to military obligations. Members of CPATT met with there MNFs and IPA counterparts to coordinate station visits. The threat of increased IEDs planted throughout the Basrah area remains a growing cause for alarm. FOB Shatt al Arab remains under IDF threat and the threat level continues to remain high.

Al Muthanna

(b)(3), (b)(6)

PTT continues to assist Dhi Qar PTT with Op Blast 9.

Dhi Qar

(b)(3), (b)(6)

No station visits were conducted.
