CPATT IPLO DAILY SITREP

N36

August 19, 2006

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0007) Al Adhamiya Patrol Police Station: The Team met with LTC [redacted] (b)(6), (b)(7)c regarding the police vehicles that were taken to Karrada for repairs. Arrangements were made to insure the vehicles will be fixed. In addition, nine more vehicles were sent. A total of 17 vehicles are scheduled for repair from this station.

The Team met with IPs regarding issues they may have. They stated they do not get uniforms from the station so they purchased them on the local market. No ID or badge is required to purchase the uniforms. The food they receive from MOI is not adequate, expired, and often bad. The contactor gets $7 per IP per day. They would rather get the $7 and get their own food. The have not received 9mm ammunition in three months. They purchase their own on the local market. IPs allege militia is a problem in the area and in MOI. IPs also allege militia working at the station receive better assignments and treatment from the officers of the station. Other IPs are afraid of militia at the station and do not confront them for fear of what may happen. LTC [redacted] (b)(6), (b)(7)c was advised of some of these complaints and how this station is perceived by other stations.

(BC0011) Al Dorah Local Police Station: Sixteen IPs received Glock handguns, one 15 round magazine, and 15 rounds of ammunition.

(BC0045) Al Nasir Local Police Station: Following a joint patrol, the Team attempted to verify all the vehicles at the station. For an unknown reason, one patrol would not return. Even at the insistence of Colonel [redacted] (b)(6), (b)(7)c, the patrol did not return. It appears some IPs do not respect the officers or fear punishment. The influence and interference from the tribal leaders and militias is thought to be part of this problem. Colonel [redacted] (b)(6), (b)(7)c was advised to report the behavior to Colonel [redacted] (b)(6), (b)(7)c and the necessity to deal with this type of discipline problem.

(BC0050) Al Rasheed District Police HQ: District HQ implemented a new policy with the issuing of 16 Glocks to the Al Dorah LPS. Per the new policy, IPs were given one 15 round magazine and 15 rounds of ammunition. 100 other magazines were numbered and are to be stored in the arms room. IPs requesting more bullets must check out the magazine and return it after shift. If any rounds are missing in the magazine, the IP will be required to submit a written report on the missing rounds. This is a district wide policy; each station's magazine is marked with a different color for tracking purposes.

(BC0064) Al Taji Local Police Station: Four joint patrols were done with eight IPs.

Two mortars hit a few hundred meters from the IP station, but it was not believed the station was the target. IPs located the area where the mortars were fired and talked with civilians. They gave the IPs information about the suspects.

CPATT IPLO DAILY SITREP

(BC0086) Baghdad Main Provincial Police HQ: The Team met with Logistics Chief about equipment needed at PHQ. The Colonel advised the Team of a committee that had gone around to the IP stations to check on ammunition and weapons. He advised they had taken AK-47 ammunition from some of the stations and redistributed it to stations that are in need of it.

(BC0111) New Baghdad District Police HQ: The Team talked with Colonel [redacted] about the fuel issue and the letter stating he was no longer to go through Rusafa, but directly through MOI. The Colonel said he sent IPs to the fuel point and they were told they needed different paperwork from the Deputy Minister to get fuel from the Ministry of Oil, Fuel Distribution, and they were turned away without fuel.

(b)(6), (b)(7)c

(BC0112) New Baghdad Local Police Station: Station Commander stated he was having trouble procuring fuel for the generator. MOI instructed the local fueling station not to provide fuel for the generator. He further stated that the station manager was instructed to tell the police officers they would not be reimbursed if they use their own funds to buy fuel for the generator. The Team advised Colonel [redacted] to contact MOI and communicate directly with them regarding this matter.

(b)(6), (b)(7)c

(BC0120) Rusafa Directorate Police HQ: The Team spent the day working on force protection. The lift truck has been repaired and the cement barriers that were moved during the failed and abandoned sewer project last fall were placed back in position. The Team is still working from various directions to try to get the sewer line repaired in front of the station.

(BC0121) Saba Al Boor Local Police Station: The Team delivered a generator and two air conditioners for the JCC room.

There where four patrols conducted on this station visit.

An Najaf [redacted]

(b)(3), (b)(6)

PTT program and missions to Najaf have been suspended pending the Camp Duke closure and relocation to another FOB.

Karbala [redacted]

(b)(3), (b)(6)

PTT program and missions to the Karbala Province are cancelled until the FOB closure and relocation is complete.

Babil [redacted]

(b)(3), (b)(6)

(BB0032) Babil Provincial Police HQ: The seven IP vehicles the station received have been dispersed to the appropriate stations.

(BB0500) Al Hilla Regional Police Academy: The Team conducted training on Critical Incident Management. The exercise was completed successfully with the assistance and participation of the Iraqi SWAT Team, Provincial EMS, Fire and Rapid Response Force. The Team demonstrated how the incident was to be handled, and then the IPs and additional emergency services conducted the same exercise without assistance. IPs will be required to conduct a training exercise on their own on a later date to see that they can maintain the level of training on own as it pertains to this block of instruction.

Compiled by [redacted] **6/16/2008**

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

Tikrit (MND-CW) [redacted] (b)(3), (b)(6)

Internet and power problems reported in several areas in this region.

Diyala [redacted] (b)(3), (b)(6)

No movement off of FOB, military counterparts performing weekly vehicle maintenance.

Salah Al Din [redacted] (b)(3), (b)(6)

(TA0080) Salah Al Din Provincial HQ: PTTP had an administrative day on the FOB and planned out the coming weeks events.

At Tamim [redacted] (b)(3), (b)(6)

No movement today, military had other obligations.

Mosul (MND-N) [redacted] (b)(3), (b)(6)

Ninewah [redacted] (b)(3), (b)(6)

(MN0022) Al Rabeain DHQ: Colonel [redacted] informed the PTT on 16th Aug. his station was contacted by Provincial H.Q. about the possible hijackers in the sheep market area, as the IP responded to the scene, they observed several individuals with RPGs. The individuals were challenged and an altercation occurred leaving several suspected terrorist killed. No IP were injured. (b)(6), (b)(7)c

Colonel [redacted] stated the station had conducted a temporary fix to their electrical power problems by running wire from the Al Jamouri Hospital to their station. He advised their generator should be repaired and back on the 19th from the shop. (b)(6), (b)(7)c

(MN0044) IPA/ERU: PTT discussed ways to improve the force protection at the station. The team suggested bringing in more Hesco Barriers and having them filled by a private contractor. The coalition forces cannot fill them for safety reasons.

PTT checked on LT [redacted] who was having a pay issue as a result of not receiving his salary for the last 5 months. Today after leaving MN0044 the team traveled to Al Hadba DHQ and talked to Colonel [redacted] After having told him of the pay problem, he assured the team that he was well aware of the situation and that DHQ is looking in to it. Colonel [redacted] even showed the team documents concerning the issue. He said the officer should get his full pay, to include past months wages this pay period. (b)(6), (b)(7)c

(MN0928) Abi Tamaam DHQ: The IP major at this station told PTT three of the new vehicles they recently received have already been damaged by recent attacks. They were instructed to contact the IPA to have the damaged vehicles picked up for repairs.

(MN0023) Al Rashedia LPS: PTT traveled to the police station for inspection on this date. PTT met with Colonel [redacted] and a group of seven Muhkturs. This station was well (b)(6), (b)(7)c

staffed and was operating very professionally on this visit. The station appears to have no issues at this time.

(MN0381) Al Zuhoor LPS: PTT spoke with 1LT [redacted] he said approximately twenty of the thirty IP that quit came back to work today.

There are nineteen prisoners at this time. The inmates told PTT that they are receiving plenty of food and water. The inmates are able to take showers every day because of the new water lines. This is a Major improvement for the station and the jail.

Irbil [redacted]

IPLOs did not go out and handled administrative duties IPLOs are responsible for financial affairs of the FOB. These issues include the record keeping, accounts payable, and receivable. IPLOs also conducted maintenance in and around the facility. IPLOs conducted maintenance on the vehicles. IPLOs viewed plans for a team movement to Region 3 HQ for the following day.

Sulaymaniyah [redacted]

Nothing significant to report

Dahuk [redacted]

(MD0002) Dahuk PHQ: PTT did not respond to PHQ today. Military traveled to Mosul and the PDOP and staff were not available.

PTT used time to set up and connect a communications/ops room, discuss training plans, and develop a plan for the next JIPTC selection process.

Ramadi (MND-W) [redacted]

Al Anbar [redacted]

(RA0084) Baghdadi Local Police Station: The Baghdadi PTT convoyed to the District Headquarters. The PTT issued uniforms and equipment to qualified IPs. No training was conducted today.

RA0083) Haditha District Police HQ: IPLOs assigned to Hadithah District HQ today received corrected information that the number of successfully screened IPs was 177 and 12 Officer Candidates.

(RA0097) Kubaisa West: PTT conducted foot Patrol tactics, contact with suspicious persons, station security, and PKC machinegun training.

T-barriers are reported to be delivered within 2-3 weeks. Current Hesco barriers are not filled.

CPATT IPLO DAILY SITREP

(RA0080) Al Qa'im District HQ: The District Headquarters element of the PTT conducted a OTIP's and TIP's screening. The PTT screened 17 OTIP's candidates and 5 TIP's candidates.

The Headquarters element of the PTT is also coordinating placement of the PTT at the JCC station. The PTT expects to deploy an embedded element to the Joint Command Center within the week.

(RA0093) Rumana Local Police Station: The PTT reports conducting classes to the Iraqi Police on Identifying Evidence or Contraband, and the Iraqi Judiciary system.

(RA0092) Karabilah Station: The PTT observed that the Police are making progress, in reference to movement from their temporary station location, to their next door location. The PTT observed that contractors were actively working on the station.

(RA0013) Fallujah District Police HQ: No training was conducted by Iraqi Training Staff or PTT due to the current manpower issues. PTT members are still sorting through numbers provided by the new Admin Lt in hopes of securing the most accurate staffing figures. Absentee issue continues but is mostly confined to the Patrol and QRF units.

(RA0029) Jazerra: We see a decrease in manning at the station. We feel this is due to the manning of the OPs. The IPs have refused to man them from fear of insurgents. IPLOs and their military counterparts are holding regular meetings with the station chief to resolve these issues.

Babylon (MND-CS)

(b)(3), (b)(6)

Al Qadisiyah

(b)(3), (b)(6)

The PTT-P team and the PTT-D team did not go out today. On today's date the PTT worked on the August PSMR.

Wasit Province

(b)(3), (b)(6)

There were no station visits conduct this date by the PTT-P and the PTT-D teams. It was maintenance and paper work day on the military side of PTT.

IPLOs spent the day taking language assistants, two at a time, to Polish Headquarters to renew their base passes which expire at the end of this month.

IPLOs also changed tires on one of the vehicles which had bad tires by rotating them off a vehicle that has been broken down now for several months.

CPATT IPLO DAILY SITREP

Basra (MND-S)

(b)(3), (b)(6)

Basrah

(b)(3), (b)(6)

On August 18, 2006 PTT conducted a visit to the Al Farahidi Police Station. While at the station the MNF that were providing security had glass and stones thrown at them. MNF responded by throwing a smoke grenade at the crowd. No one was injured and the matter was discussed with the Station Commander. The Commander responded by sending out two IP foot patrols to stop the throwing of objects.

On our arrival at the station we noticed that the guards at the front had PPE on and were friendly to MNF. The area inside the station was in bad condition with sewage all over the court yard. Trash covered the entire back of the station. The generator was in poor condition, stopping sporadically while we assessed the station. The perimeter wall had no lighting, and some of the sangers were easily accessible to the ground out side the station. Theses issues will be addressed in a request for the use of the QRF funds.

The PTT discussed using IPs from this station to conduct joint patrol with the MNF. The Captain was reluctant to allow this request because he felt that it would leave the station unguarded with little manpower. PTT assured him that manpower would not be an issue and a few minutes later the Captain allowed MNF two Iraqi policemen to assist MNF on patrol.

PTT spoke with the commander about training and equipment issues. He stated that he would like more vehicles, radios, and more policemen. The commander requested repairs for the station. He was assured that these requests will be addressed and discussed by team members. The PTT stated that they would like to assist in rebuilding his station.

Dhi Qar

(b)(3), (b)(6)

Dhi Qar PTT met with Major (b)(6), (b)(7)c of the 134th for planning on future station visits in the province.

The PTT held a meeting with the British Armor Group. Armor Group informed the PTT that they would like an office in our building to enable us to network closely together for the betterment of the province. The PTT and Armor Group are trying to accomplish the same goals within the Dhi Qar Province. Team members escorted Armor Group to meet with Major (b)(3), (b)(6) who is located within the Mayors cell at Talill AFB. The PTT and Armor Group held discussions with Major (b)(3), (b)(6) about Armor Group obtaining an office next to our office. Major (b)(3), (b)(6) informed Armor Group and CPATT that he will contact us in the future about this request from Armor Group.

Al Muthanna

(b)(3), (b)(6)

Nothing significant to report

Shaiba Logistical Base

(b)(3), (b)(6)

Compiled by (b)(3), (b)(6), (b)(2) 6/16/2008
