Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0011) Al Dorah Local Police Station: Several PTTs met at the station to perform joint foot and motor patrols in the Al Dorah District. During a foot patrol, the IPs were observed conducting community policing through their interaction with the public and handing out of literature, pins, soccer balls and tee shirts. Ten IPs were mentored on firearms safety.

(BC0018) Al Jazaaer Local Police Station: Colonel [redacted] (b)(6), (b)(7)c advised of the dead body found last night, an additional seven bodies were found in and around Sadr City. He is suggesting a joint undercover operation with the MPs and IPS. The Team instructed 15 IPs on vehicle search and seizure.

(BC0039) Al Mamun Local Police Station: The Team was advised that Detective Captain [redacted] (b)(6), (b)(7)c was killed along with his father at his residence in the Ameriya neighborhood. Al Khadra LPS is assuming the investigation.

Colonel [redacted] (b)(6), (b)(7)c authorized an additional Master Trainer who would train alongside the PTT when station visits are made. A dismounted joint patrol was conducted in the immediate area around the station in order to pass out public information cards to the community.

(BC0047) Al Quds Local Police Station: The Team arrived on station to find more IPs on their posts than from the last visit. The Team did an arms room inspection and conducted an inventory. There were some discrepancies found on what was assigned to the station and what was actually in the arms room. Several weapons were confiscated pending the production of the proper paperwork showing legitimate ongoing investigations regarding these weapons.

(BC0050) Al Rasheed District Police HQ: All of the Glock pistols were issued to the IPs at the Dorah Local Police Station and were instructed on how to record the issued weapon's serial number with the IP. A list is still being revised on the equipment needed for the district.

(BC0068) Al Thahtheeb Local Police Station: Two more bodies were found in the same area as the others and Colonel was advised once again about placing undercover units in that specific area. This station still lacks PKC ammunition. They have 500 rounds for 13 weapons. The station received six new radios with only two chargers from MOI.

(BC0069) Al Thawra Local Police Station: The Team met with Station Commander, Major [redacted] (b)(6), (b)(7)c regarding staffing levels and AWOL IPs. The Major said he needed at least 60 additional IPs to be at an adequate staffing level for his station and does not have a real problem with AWOL IPs

(BC0071) Al Thawra Patrol Police Station: The Team met with Colonel [redacted] (b)(6), (b)(7)c and obtained a list of all the vehicles needing repairs. The Team conducted a joint patrol with four IPs and visited all eight checkpoints in the district.

(BC0096) Karada Miriam Local Police Station: The Team trained five IPs on Human Rights and Democratic Policing.

CPATT IPLO DAILY SITREP

(TA0084) Samarra District Police HQ: PTT informed LTC [redacted] of the issues that occurred yesterday with the QRF Battalion. LTC [redacted] stated that it was completely unacceptable for the QRF Battalion to not have fuel. LTC [redacted] stated that this indicated they must have been stealing fuel if they had none.

LTC [redacted] stated that a total of 115 new IP have arrived to work in Samarra. All the new IP have received uniforms and will be integrated into the department as soon as possible. LTC [redacted] expects more IP to trickle in over the next few days.

PTT introduced the police station building contractors to the Mayor of Samarra, LTC [redacted], and the Assistant Chief of Samarra Police, LTC [redacted] The contractors briefly discussed the work they would be doing and how it would benefit the city of Samarra as well as the Samarra IP. The contractors agreed to meet with them on a regular basis throughout the contract to provide them with updates about the construction.

PTT met with CPT [redacted] Chief of the Major Crimes Unit, CPT [redacted] advised that they had begun construction on their new detention facility located within the MCU. CPT [redacted] stated that he had several of the detainees working on building the new facility and that it should be completed within one week.

At Tamim [redacted]

No station visits were conducted on this date.

Mosul (MND-N) [redacted]

Ninewah [redacted]

(MN0056) Ninewah Provincial Police Headquarters: PTT met with the MOI badging personnel who just returned from Baghdad. MOI had added two people to increase the amount of badges that can be processed in a day.

MOI also addressed several communication needs, such as the need of a phone line and internet access to communicate with their counterparts in Baghdad.

Operations were notified of several IEDs, and possible IEDs throughout the day. Operations properly dispatched EOD to all the areas in question and provided as much information as was available about the incident to IP in the field. Log books were in proper chronological order and plotted accurately by grid coordinates on wall maps.

The jail inspection showed a total count of 347, five released from the jail, fifteen juveniles, three in MCU, and eight IP. All documentation in regards to tracking the movement of detainees appeared to be in order and accurate.

(No FFID#) Major Crimes Unit: PTT met with Major [redacted] and mentored him on the force protection issues that arose from the 8/23/2006 vest bombing on PHQ. It was discovered that MCU force protection personnel were not at their duty stations. The team also discovered the force protection were not at there duty stations again today. The team stressed the importance of having the personnel in place for the safety of the MCU and PHQ.

CPATT IPLO DAILY SITREP

PTT met with Colonel [redacted] of the NPHQ Intelligence Unit and discussed the vest-bomber/ AIF attack on the HQ yesterday. Colonel [redacted] advised PTT that he was contacted by a source who told him the second vest-bomber was en route to the area when he aborted the mission due to the re-enforced force protection at the NPHQ shortly after the initial attack. The unknown vest-bomber remains at-large.

The MCU still needs fingerprint kits that were requested over six months ago.

(MN0201) Ninewah SWAT: PTT met with the SWAT commander to arrange a detail to go to NPHQ to pick up requested supplies. SWAT detail then convoyed to NPHQ to pick up requested supplies. The SWAT detail was turned away from NPHQ and told the official paper work had been lost. Once the SWAT detail returned, PTT conducted inventory of NV gear that PTT delivered.

(MN0009) Al Hadba DHQ: The Team met with BGen [redacted] and discussed several issues. He advised that a bulk uniform issue (trousers and shirts) was received from Provincial Headquarters. He said that his Headquarters kept the requisite number of uniforms to equip his IP and officers, and that the rest were sent to the District sub-stations in an amount sufficient to affect a uniform issue to all the stations IP and Officers.

He discussed fuel distribution and advised that each vehicle in the District receives fifteen liters per day per vehicle, which he feels, is sufficient to maintain them operational for police duty requirements.

The Team learned that Provincial Headquarters had issued 5,000 AK, 5,000 BKC and 2,000 9MM rounds to the District Headquarters. This ammunition was issued to satisfy ammunition deficiencies at the District Headquarters and Al Waqaas LPS.

The Team also discussed several static TCP assignments within the District and their GPS locations were acquired for plotting on the map in the Operations Room.

The construction of the new Headquarters building is continuing with the work crews beginning to smooth walls and paint the interior doors.

(MN0017) Al Namrood DHQ: PTT was advised one IP from Humarah IP Station was shot while on duty in Mosul, and later died of his injuries. This IP was assigned temporary duty in Mosul to assist with the problems in that location. General [redacted] met briefly with PTT and later met with LTC [redacted]. Most of the IP and Officers were showing deep concern about the death of their colleague in Mosul.

District IP are now receiving equipment from NPHQ. New uniforms have been issued.

Training is still being conducted at HQ for the station IP. This is occurring every Monday. HQ reported 80 IP traveled to Jordan this week to attend the Police Academy.

(MN0226) Kahdrillias LPS: Operations at this IP Station remain the same. The Operations are effective considering the equipment they have. Most of the IP Officers were not at this location due to the death of the IP from Humarah IP Station. The weapons Amory is locked when the LTC is not at the IP Station.

CPATT IPLO DAILY SITREP

Payroll is delivered each pay period to the Iraqi Police by a "committee" of three officers from the district. The IP place their thumbprint and signature on the receipt and the three "Officers" sign at the bottom of the page. The "Payroll Committee" is comprised of three different Officers each pay period and the original receipts are sent back to One West with a copy retained at the IP Station.

The Al Namrood District Mayor today appears to be willing and ready to correct many of the issues that are arising over the distribution of logistical supplies to the IP stations. The Station is still in need of computers, vehicles, and many other pieces of police equipment.

There is currently 230 IP from the Al Namrood District attending training away from their AOR.

(MN0037) Debaga LPS: PTT met with Major [redacted] (b)(6), (b)(7)c and discussed future training needs for his stations and indicated that he would create a list of classes that they need. The MAJ indicated that they give classes on the following topics every two weeks at the station: Drill and Ceremony, IPC Skills, Searches, Weapons (9mm and AK47), Democratic Policing, Use of Force, Democratic Law and First Aid. PTT also met again with the local Tribal Leader and discussed the needs of the village and the needs in the Mahkmoor area.

(MN0042) Al Guer LPS: There were three subjects in jail. They appeared to have been treated well. They stated that they had been beaten when taken into custody but did not have any visible injuries, other than one subject that had a bandage on his jaw.

(MN0116) Hamam Alil Local Police Station: PTT met with the station commander, Major [redacted] (b)(6), (b)(7)c, who advised the checkpoints were being manned and regular foot and vehicle patrols were being conducted. He also stated there were a total of 175 IP at the Haman Alil LPS (167 IP and nine executive officers). A total of 65 officers were presently on duty at this time (60 IP and five executive officers). The PTT team is reconstructing the checkpoints to make the checkpoints safer and better to handle vehicle searches.

PTT-D team conducted training on Vehicle Inventory Procedures and gave the station commander a form written in both English and Arabic.

(NO FFID#) 3rd Emergency Response Battalion: The Team met with Colonel [redacted] (b)(6), (b)(7)c and discussed the positive observations from the previous joint operation, Boise. It was learned that as a result of the distribution of flyers and wanted posters, many citizens had been calling in useful tips concerning insurgent safe houses and the locations of hidden munitions.

The Team assisted IP in construction of a fighting/security position at the main entrance to the Battalion. The Team also assisted in deployment of Hesco barriers on the roadway at the same entrance, to provide an exclusion zone and a serpentine route for entrance to the Battalion area.

(MN0928) Abi Tamaam: PTT was re-tasked on a special detail in support of the infantry division, Iraqi Army and Iraqi Police. IP and IA conducted several raids in search of suspected terrorist. Three were reported captured and seven houses were reported raided. PTT was not actively involved in the search element and was instead utilized as a third cordon element, therefore the IP and IA operations were not observed.

Irbil [redacted] (b)(3), (b)(6)

No Station visits were conducted.

CPATT IPLO DAILY SITREP

Sulaymaniyah [redacted] (b)(8), (b)(6)

(No FEID#) Sulaymaniyah Internal Defense Battalion: PTT met with Colonel [redacted] Commander of the Sulaymaniyah Internal Defense Battalion, a 430 man unit similar in concept to Emergency Battalions established in other Provinces. Colonel [redacted] advised that although he falls under MG [redacted] as a police resource, he also answers directly to the Sulaymaniyah MOI when needed and works very closely with the Sulaymaniyah MOI. Colonel [redacted] explained that 80 of his men provide protective services and escorts for parties designated and as directed by the MOI, typically engineers pursuing a variety of projects of interest to the government. The remaining 350 personnel respond as needed to augment any type response unit, and travel the entire Province, more or less as a QRF. The Internal Defense Battalion has a fleet of approximately 22 vehicles and the personnel are broken down into three companies, each having a training lieutenant.

PTT and Colonel [redacted] discussed a variety of problems identified in the Province, to include a non-progressive leadership that resists change. Colonel [redacted] has ten years experience as a criminal investigator, has been through the investigative college, has a law degree, a master's degree, and is working toward receiving a professorship with the Sulaymaniyah University. PTT discussed the investigative dilemma facing the Province due to parochialism and resistance to both progress and cooperation. Colonel [redacted] agreed that new leadership is the key to the future success of the police but that such change will not likely be considered until January. PTT emphasized that all training efforts in Sulaymaniyah, to include the establishment of a viable investigative system, was time critical.

Dahuk [redacted] (b)(3), (b)(6)

(MD0002) Dohuk PHQ: PTT responded to Dohuk PHQ to contact Col [redacted] regarding the scheduled SWAT training for 27 August. The Col and the rest of the entire command staff were not at the HQ. PTT contacted Col [redacted] via cell phone to confirm the training date, equipment needed and personnel assigned to attend.

PTT followed up on the storage area for the new SUVs to be received this week. It was recommended to the PDOP that he provide a secure compound for the vehicles and any new vehicles they may receive. Upon inspection on this date, it appears part of the north wall of their training field was removed and the area graded to allow for the storage of vehicles.

Ramadi (MND-W) [redacted] (b)(3), (b)(6)

Al Anbar [redacted] (b)(3), (b)(6)

(RA0083) Haditha District Police HQ: IPLOs issued equipment to IP Officers and worked with them to get their temporary offices ready.

(RA0080) Al Qa'im District HQ: The PTT conducted training at Camp Phoenix for Iraqi Police from each station on Preventive Maintenance Checks and Conducting High Risk Vehicle Stops. In addition to this training, Iraqi Police vehicles were signed over to the District Chief of Police.

(RA0110) Rawah District Police HQ: The PTT team conducted a station visit to the Government Building, conducted a mounted patrol and performed an inventory of newly arrived IP equipment. The Rawah Police Station IP candidates are awaiting the next IP academy.

Compiled by [redacted] (b)(2), (b)(3), (b)(6) **6/16/2008**

CPATT IPLO DAILY SITREP

(RA0013) Fallujah District Police HQ: IPs and PTT worked on force protection issues at the station and began issuing free standing ballistic shields for use at ECPs. In addition, PTT began the issuing of ballistic glass to be installed in IP posts.

IP [redacted] was shot and killed near his home in Jolan Park on August 25th. He worked for Fallujah Local Police Station and was off duty at the time of his death. No suspect information was available.

PTT was advised that two IPs were kidnapped along with their cousin in the village of Al-Shaiahadi east of Fallujah on August 22nd. IP [redacted] and his cousin escaped from the vehicle as it approached an IA checkpoint. IP [redacted] remains missing at this time. IP [redacted] and his cousin were taken to the Jordanian Hospital by the IA to be treated for injuries sustained during the escape. Injuries were not life threatening. IA is investigating the kidnapping as it occurred in their area of operation.

(RA0025) Al-Huria Station Local Police Station: The station seems to be in good working order. The exceptions to this are a generator that goes out due to little to no maintenance. A request has been put in by the MP CO. to the C.O. of the Engineers CO. for generator maintenance/replacement.

IPs received information that an IED had been planted in the marketplace on Lopez West of Michigan. An undercover IP officer was dispatched with a camera, and was able to obtain a photograph of the site, as well as the descriptions and positions of the individuals who had planted the device, and were currently in over watch positions around the site. CF acted as liaison between the IPs on station and a squad of I.A. at CP. The units formulated a plan to capture the terrorists and cordon off the IED site. Upon execution of this plan, the terrorists had fled prior to the arrival of the teams, but the IED was cordoned, and an EOD team detonated the device on-site. A residence was also searched by Iraqi forces in connection with this incident. While the terrorists did, in fact escape, this was a significant step forward in regards to the cooperation of IP and IA forces that have had (at best) an agonistic relationship in the past.

Equipment appears to be in adequate supply and night vision was issued. A count of armament and ammunition is forthcoming.
