CPATT IPLO DAILY SITREP

September 1, 2006

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0001) Abu Ghraib District HQ: The Team arrived on station and reviewed the construction work since the last visit on July 18th. The station is approximately 90% complete in renovations. The Team met with General [redacted] and staff to discuss several issues covering force protection and training. General [redacted] appointed LT [redacted] as the new training officer. (b)(6), (b)(7)c (b)(6), (b)(7)c (b)(6), (b)(7)c

(BC0003) Airport Police Local Police Station: The Team completed their first 2 day Live Fire exercise training with 12 IPs at Baghdad Police College.

(BC0016) Habibya Local Police Station: The Team met with LT [redacted], senior officer present, regarding station and district issues. MP medic checked prisoners (7) for their well being. No joint patrol was done due to no fuel. The Team provided fuel for the generator so there would be power for the visit. (b)(6), (b)(7)c

(BC0026) Al Karamah Local Police Station: The Team met with Colonel [redacted] regarding station and district issues. He would like to improve on his staffing levels, as he has IPs assigned to other areas; 8 to MOI, 5 to the Hospital and 3 to his old Police Station. No joint patrol was conducted. (b)(6), (b)(7)c

(BC0040) Al Mansour District Police HQ: The Team met with the station executive officer regarding the construction. He stated that the construction has been completed and there were no outstanding discrepancies to his knowledge. A short session on community oriented policing was given to eight IPs before going out on a joint military and IP patrol.

(BC0045) Al Nasir Local Police Station: The Team arrived to find the station with no electricity. The Team began taking measurements of the area where the military wants to improve the force protection wall in front of the station.

(BC0051) Al Rasheed Local Police Station: There were 70 IPs assigned to the shift, 5 were absent from work. The Team trained two IPs on investigations. Furniture was delivered to the station: 2 couches, 1 desktop computer, 24 chairs and a table. Detention cell currently has 14 inmates and were seen by the Army medic.

(BC0056) Al Sa'adoun Local Police Station: The Team learned that the station has tentatively been approved for construction of the facilities. This will include T-walls, guard buildings and other materials for force protection. Detainees were evaluated by the company medic.

(BC0071) Al Thawra Patrol Police Station: The Team met with LTC [redacted] regarding 14 vehicles that need repair. The Team asked on 25Aug06, that the vehicles be prepped with wheels and tires, the radios taken out, and moved to the street, and they would be picked up on 30Aug06. Today's visit, the Team found that none of them had been prepped to be taken to the garage. (b)(6), (b)(7)c

(BC0094) Hy Al Amil Patrol Police Station: The Team went over training curriculum prepared by IP Sgt. [redacted] and conducted patrols at two checkpoints. (b)(6), (b)(7)c

(b)(2), (b)(3), (b)(6)

Compiled by [redacted] **6/16/2008**

CPATT IPLO DAILY SITREP

(BC0085) Baghdad Provincial Patrol Police HQ: The Team continues to train the "Tiger Team" (32 IPs). Lecture and practical sessions on Foot Patrol. OPSEC, and Custody were taught this visit. A new officer was appointed to take control of the class and handle logistical and training issues with the Team.

(BC0086) Baghdad Main Provincial Police HQ: The Team made the rounds of various department heads and introductions were made with the personnel from the 89th MPBDE. Personnel section advised that assignment orders for the JIPTC class #30 were not yet signed. Desertion rate is averaging 80 per month for last three months. Officers desert at a rate of 2-4 per month. Training section advises applications from BHQ and the Security Council still have not been signed and approved. A copy of the receipts for the Motorola 360 hand-held radios that had been issued to subordinate stations was turned over to Communications section. The Team delivered a request for office supplies from Patrol HQ. Internet is operational in PTT office at BHQ. Twenty five wheelchairs were delivered to the WIA/KIA office.

(BC0088) Baghdad Provincial Traffic Police HQ: The Team met with Major General [redacted] (b)(6), (b)(7)c Brigadier General [redacted] (b)(6), (b)(7)c, and two US officers from the core engineering brigade. The Team also met with Colonel [redacted] (b)(6), (b)(7)c, Commander for the Al-Tahreer Traffic Station which is co-located with the Traffic Police National HQ. Information was gathered for PSMR.

(BC0096) Karada Miriam Local Police Station: The PTT Team discussed the best way to handle the juvenile problem developing in the IZ with investigators and police officials. The Team will monitor this problem.

(BC0101) Mahmoudiya District Police HQ: The Team participated in joint patrols in Yousifiya district with other PTTs from the Mahmoudiya Patrol and Police stations.

(BC0102) Mahmoudiya Local Police Station: The Team participated in joint patrols in Yousifiya district with other PTTs from District HQ and the Mahmoudiya Patrol Station.

(BC0105) Criminal Investigation Directorate Unit 2: There are currently 174 prisoners being housed at the station with five of the prisoners under a death sentence. There is a skin disease and lice problem making the rounds of the inmates. The Team requested MedCap be organized to ascertain the overall health of the inmates. The station received its fuel allotment of 5800 liters of gasoline for their vehicles.

(BC0112) New Baghdad Local Police Station: The Team met with Colonel [redacted] (b)(6), (b)(7)c regarding station and district issues. He had 78 officers on duty, of these 4 teams were on motor patrol, 4 teams were on foot patrol and 21 were assigned force protection. The station is currently housing 41 detainees.

An IP was killed by four masked men in a barber shop in Al Abede. His badge and Glock were taken.

(BC0120) Rusafa Directorate Police HQ: Station Guard Force and ECP guards have shown improvement in their duties as the Team approached the station. IPs from the Rusafa Prison sent their bobcat loader and driver to the station where the Team assisted in the removal of more dirt and debris from the ECP, entry and exit lanes, and pedestrian walkway. The Team met with LTC [redacted] (b)(6), (b)(7)c in the Maintenance yard. His men were busy painting ID numbers on the newly issued trucks.

CPATT IPLO DAILY SITREP

(BC0123) South Karkh Traffic Police Station: The Team discussed the juvenile problem that is developing in the IZ with the Traffic Supervisor and the traffic police in general. The Team will monitor the problem in an attempt to neutralize the problem.

(BC0622) Rusafa Patrol Intervention: The Team met with Colonel [redacted] regarding the vehicles that needed to be repaired and if they were ready to be picked up.

(b)(6), (b)(7)c

(BC0625) Mahmoudiyah Patrol Police Station: The Team participated in joint patrols in Yousifiya district with other PTTs from District HQ and Mahmoudiya Local Police station. Forty-seven assigned to shift, two authorized absence, five unauthorized absence.

An Najaf [redacted]

PTT operations are suspended until the FOB closure and relocation are complete.

Karbala [redacted]

PTT operations are suspended until the FOB closure and relocation are complete.

Babil [redacted]

(b)(3), (b)(6)

(BB0032) Babil Provincial Police HQ: The USMIL QRF, "Automatic" escorted the JCC and the IPLOs to IP Main. The Team met with General [redacted] to discuss the status of the new Hilla Jail and the equipping of the Jurf Local Police Station. Jurf LPS should be open in ten days. Hilla Jail should be ready in two or three days.

(b)(6), (b)(7)c

Tikrit (MND-CW) [redacted]

Diyala [redacted]

(b)(3), (b)(6)

(TD0020) Buhriz Local Police Station: PTT traveled to the Buhriz IP Station to conduct a DSR visit with the Chief, LTC [redacted] and to gather the latest logistics and personnel numbers, check on the ongoing station renovation work and conduct first aid training. 17 IP were in attendance for the training.

(b)(6), (b)(7)c

Chief [redacted] stated he now had 122 personnel (190 authorized) assigned to Buhriz. This number includes 2 civilians, 24 officers, 20 NCOs, and 76 regular IP. Today, 40 personnel were scheduled to work, with no reported absences. At the time of the visit 4 IP were reportedly at the Baqubah IP Headquarters attending firearms instructor training and 17 IPs were in Amman attending the IP basic academy with 59 still needing to go.

The Chief only reported minor changes to his logistics numbers since the teams August 8th visit. The main item mentioned was the number of station vehicles, which is now 5 (19 authorized), all operational. The team was able to drop off several new CF provided items for the station, including 2 uninterrupted power supplies, 2 digital cameras, 6 flashlights, 1 pair of binoculars, and 1 printer. The team also picked up a copy of the stations latest logistics request to Baqubah IP Headquarters.

PTT was able to observe the continued progress of the station's renovation projects. The main concern was the fact that the new generator is in place but still not hooked up and operational. Chief [redacted] estimated that the work on the projects should be completed within 5 days.

(b)(6), (b)(7)c

(b)(2), (b)(3), (b)(6)

Before leaving, the PTT visited the stations administration office to check on the status of 10 names on the Baqubah parole list for Buhriz. All 10 names were on the stations books as reporting weekly, including 2 other individuals ([redacted] and [redacted] that were not on the PTT-P list. The team also examined the stations personnel and duty roster logs while in the office and found them in order and well maintained.

(TD0046) Zaganiyah Local Police Station: PTT traveled to the Zaganiyah Police Station and met with the Chief, LTC [redacted], to conduct a DSR and gather current personnel and logistics information. It was learned that the Zaganiyah station currently has 66 personnel assigned (140 authorized).

The Chief reported that he currently has two men attending the academy in Jordan, and that another two are scheduled to leave today for the same academy. Chief [redacted] advised that two officers from his station are still in custody of MOI for insurgent activity, and that the two are still being carried on his roster, as he has not yet received authorization to remove them. The two are not being paid.

During discussion of current contracts for improvements to the Zaganiyah station, it was learned that the Chief has decided against any addittions to the existing building. He has been obtaining estimates for repairs and improvements to the current building and will submit them to PTT. PTT delivered equipment to the station which included a digital camera and an uninterupted power supply for the station's computer system. The Chief advised that he is concerned about increasing hostile activity in his area and that there is an increase in hostilities between the Shiite and Sunni population, with an increase in the use of firearms. He also stated that there has been an increase in insurgent activty. He stated that on August 30th, an IED damaged a police vehicle and caused minor injuries to one of the IP. It was also reported that on August 26th, there was a drive by shooting directed at the Zaganiyah IP station in which one civilian was injured.

The chief requests more concrete barriers for the roadway in front of the station to slow traffic and help prevent future such attacks..

Salah Al Din

(TA0080) Salah Al Din Provincial Police HQ: PTT went to the Check Point HQ on this date and spoke with LTC [redacted] on equipment issues. LTC [redacted] said that all of his IP have vests and all they need are the SAPPI plates to put in them. He also said that he has a hard time getting his men to wear the vest while on duty because they get too hot. LTC [redacted] said that he has a plan in place to punish all the IP that do not wear the vest.

While at the station we were without power. LTC [redacted] said that they just recently received a smaller generator and they are working to get it hooked up correctly. He said when they had the larger generator they were going though a barrel of gas a day whichwas too much fuel.

LTC [redacted] said his station had almost all of the required equipment. He said that once there becomes an abundance of equipment he would like to get some extra vest and other items to have on hand in the event that they are needed.

(TA0084) Samarra District Police HQ: PTT met with LTC [redacted] Chief of Police who stated that he is drafting a letter to give GEN [redacted] where he is formally requesting back all the equipment GEN [redacted] took from the Samarra PD when he resigned. LTC [redacted] said that the list includes vehicles, weapons and radios. LTC [redacted] will provide us with a copy of that request once it is completed.

CPATT IPLO DAILY SITREP

PTT informed MAJ [redacted], Motor Pool Chief, that the fuel tank has been placed near the motor pool, but there are several small improvements that would need to be fixed in order to get it functional. MAJ [redacted] is working on those small improvements and should have them done within the next few days.

PTT met with CPT [redacted], Major Crimes Unit Chief and assisted him with the release of several citizens that were wrongly captured yesterday at a checkpoint. PTT also assisted CPT [redacted] with the acquisition of bricks for further construction of several secure rooms for prisoners within the MCU.

PTT met with MAJ [redacted] who is currently in charge of the QRF due to CPT [redacted] being on leave. MAJ [redacted] discussed his displeasure with the current lack of radio security. MAJ [redacted] continued stating that the QRF have at least 4 radios missing and believes that some have fallen into the hands of AIF.

PTT met with MAJ [redacted] at the headquarters building who is in charge of all radios for the Samarra IP, to include the Thar Thar Police Department. PTT advised MAJ [redacted] of recent events surrounding the lack of radio security. MAJ [redacted] stated that he also agrees that we must change frequencies or at least change channels. MAJ [redacted] continued stating that all IP use the same channel and entirely too much radio traffic is devoted to non essential talk. MAJ [redacted] suggests giving the QRF its own base station and having only the JCC to monitor their activities for missions. MAJ [redacted] continued stating that once QRF has its own system in place he will attempt to do the same for all stations. PTT asked MAJ [redacted] his plans for changing the frequency and how long that would take. MAJ [redacted] stated that he needs approval from LTC [redacted], Chief of Police. PTT will track this issue until it is resolved.

PTT conducted the third day of a 3 day joint IA & IP period of instruction covering check point procedures. Classes were given covering "interacting with the public", "pat-down searches of individuals," and reiterating "use of force continuum." Present for the classes were 14 IP and 3 IP instructors as well as 14 IA and 1 IA OIC.

At Tamim [redacted]

(TT0034) Kirkuk TIPS Academy: COL [redacted] advised that there are two courses being conducted at this time; a new TIPs course with 52 students and a Sergeants Course with 20 students.

COL [redacted] stated that he received a call from police HQ advising that there should be a water truck at the training center later this week. COL [redacted] further stated that a crew from the electric company arrived and stated that they were going to replace the transformer with a larger one. This should alliviate the electric problems making it a 'GO' situation.

COL [redacted] stated that his instructors are getting prepared to start a 3 day First Aid course that was taught to them last month by members of 101st.

The most critical issues being addressed by PTT and HQ are water for the Training Center, a stable electrical supply and more buses to transport students. One problem that will be addressed this week with PTT and HQ is fuel for the back up generator. At this time the academy only gets 720 liters of diesel per month and the Training Center has been using on average, over 50 liters a day. This is well short of what the Training Center requires.

CPATT IPLO DAILY SITREP

(TTOOO5) Tamim Provincial Police HQ: The PTT team convoyed to PJCC and met with COL [redacted] (b)(6), (b)(7)c. PTT discussed the contract for the future building of the new jail and advised him of the approximate start date.

Mosul (MND-N) [redacted] (b)(3), (b)(6)

Ninewah [redacted] (b)(3), (b)(6)

(MN0056) Ninewah Provincial Police HQ: PTT met with members of the Iraqi Police EOD section and coalition EOD to coordinate training and to set up a training schedule for those IP that have completed pervious training in Basrah.

PTT members talked to COL [redacted] (b)(6), (b)(7)c in the personnel department who stated that they received four new computers and computer desks. COL [redacted] (b)(6), (b)(7)c advised that he is waiting for the legal department to move to another location in order to make room for the new equipment. PTT members also discussed some personnel issues and talked about how IP and officers are transferred from one department to another and from station to station.

In the finance department PTT members were advised that the pay day went well and all departments and stations received their pay.

PTT sent emails to determine the location of the issued Glock and PKC ammo since the ammo should have already been delivered.

(No FFID#) Al Hammandant Local Police Station: PTT met with CPT [redacted] (b)(6), (b)(7)c (Assistant Station Commander) due to LTC [redacted] (b)(6), (b)(7)c being on vacation. CPT [redacted] (b)(6), (b)(7)c advised the PTT on August 29th, the IP and the IA conducted a joint operation to locate AIF in the Mash Market. During the operation, they encountered several AIF which resulted in a gun battle. Several AIF were killed. CPT [redacted] (b)(6), (b)(7)c said they recovered brand new AK 47s and PKCs. The weapons were turned over to the Provincial H.Q.

(MN0381) Al Zuhoor Local Police Station: PTT spoke with 1LT [redacted] (b)(6), (b)(7)c and worked with him and 2LT [redacted] (b)(6), (b)(7)c on managing the logistical operations of the department. They are keeping better personnel records and records of items on hand and items needed.

The Al Zuhoor Station is in need of gas to run the generator. On a good day it's possible to have two hours of power. Yesterday the Zuhoor Station received one hundred new uniforms. This is a good example of the IP at Zuhoor following the proper procedure in getting essential items through the chain of command. This has helped the morale of the IP at Zuhoor. PTT taught the Officers of the Zuhoor Station proper management of their logistics.

(MN0229) Tal Kaef District Police HQ: PTT arrived on station and conducted a surprise reaction drill. The station was short on personal due to IP being assigned to other locations throughout Tal Kaef. Coverage of the station and there defensive positions looked good. Response time from the time the PTT informed the commanders that a drill was being conducted took approximately thirty to forty minutes for all positions to be manned, which is unsatisfactory. PTT discussed options for the command staff to conduct to improve response times.

PTT met with COL [redacted] (b)(6), (b)(7)c who advised he has had a number of IP quit from various stations (Al Quash 34, Wanna two, and Mosul Dam nine). COL [redacted] (b)(6), (b)(7)c advised the thirty four from Al Quash are ZiZide and over the past month he has lost approximately fifty two IPs. COL [redacted] (b)(6), (b)(7)c showed PTT a request that he had sent to Mosul for additional personal

to replace individuals but no actions have been taken in sending replacements. COL [redacted] advised that he needs fifty IPs and ten officers.

The need for additional fuel is still an issue, as it is region wide. COL [redacted] was informed that he should receive new vehicle sometime next week.

(MN0009) Al Hadba District Police HQ: The Team spoke with BG [redacted] and discussed organization restructuring to allow more delegated authority to members of his Command Staff. The Team discussed the need for a daily incident log to be maintained by the Duty Officer which will outline all major and minor incidents reported to the Headquarters daily.

The Team discussed the MOI SOP for disciplinary action regards IP. The Team again suggested that BG Taha issue a District wide SOP elaborating upon, standardizing infractions, and expected punishments.

The Team spoke with the Headquarters Training Officer who issued a written memorandum directing the sub-station Chiefs of Police to appoint in writing a station training officer.

(MN0115) Hamam Alil District Police HQ: PTT met with the station commander and determined the station had a total of 196 IP and sixteen officers at Hamaam Alil HQ. This station has one check point which was manned by six IPs. The station commander advised that he has three IP in plain clothes patrolling the market area. Vehicle patrols are being conducted in the evening only between 2000 hrs and 0600 hrs.

PTT discussed the building of a new jail and storage facility. The station commander advised that no word from PHQ had been received as of this date on when building would commence.

Two generators were delivered to this station by the PTT Team; both generators may need some mechanical repair before they will be operational.

(MN0962) Al Salaam Local Police Station: PTT traveled to the Al Salaam Police Station and met with station leadership and asked them if there were any significant changes to report reference base, manning, equipment, or training. It was found that some repairs had been initiated on base concerning damage done to walls during electrical work. This work was paid for by station personnel as funds have not been made available from other IP leadership.

The station is still in need of 141 Glocks and many pairs of boots for new IP who have been assigned temporarily to the station but have never been issued boots, or pants or any uniform items. The station still maintains the 39 recently received hand held radios, three PKC's, 40 Ak-47's, 50 sets of handcuffs, two tires, one color printer, 24 pairs of pants, twelve pairs of boots and 60 pr of socks. The station still has 100 protective vests that are defective and will not hold the protective plates. Additional IP vehicles are also needed for proactive law enforcement. Proper requisitions have been submitted to his chain of command.

(MN0070) Al Suwear Local Police Station: PTT visited Al Suwear LPS and talked with MAJ [redacted] and MAJ [redacted]. Assistant Chief MAJ [redacted] advised the PTT that the IP had conducted both patrols and checkpoints today. MAJ [redacted] reported to the PTT that there were no joint patrols with the IA and no arrest were made.

MAJ [redacted] reported that the station received a water cooler from NPHQ but had not received some other items that had been requested. The PTT asked the MAJ to provide a copy of all request for equipment from NPHQ to the PTT so that they could follow-up through PTT chain of command to see why the request was not filled. MAJ [redacted] advised the PTT that he didn't need to request the items again because he had done it before and didn't get anything. The PTT advised MAJ [redacted] that the PTT could not provide assistance in getting the items if the MAJ didn't make the request from NPHQ in writing and provide the PTT a copy.

(MN0201) Ninewah SWAT Team: PTT went to PJCC to meet with LNO's where we discussed the SWAT compounds water situation and some additional force protection issues. PTT then returned to the SWAT compound and conducted a weapons maintenance course.

(MN0103) Al Hamdania Local Police Station: PTT was informed by HQ Chief that they were still in need of vehicles, and all equipment listed in their request forms. PTT met with the training officer of the new IP that were hired. PTT also met with the XO, COL. [redacted] The chief of police was in court at the time of this district station visit. Therefore PTT were unable to meet and discuss operations of previous meetings with the chief. PTT did an observation tour of the jail, station, as well as the substation. The observation tour was to follow up on station structure problems, sanitation, force protection, as well as the jail standards. At the time of this visit, there were no outstanding issues to be addressed. PTT also conducted a walking patrol in conjunction with the IP in and around the surrounding market areas.

Irbil [redacted]

(MI0001) Irbil Provincial Police HQ: PTT met with General [redacted] concerning the JCC and how the set up of the chain of command structure. PTT also discussed obtaining information on a tracking system that is being installed in the Police vehicles within the Province. General [redacted] was unable to obtain any information about the system while PTT was present. PTT contacted the MOI advisor [redacted] who was able to give limited information about the tracking system. [redacted] advised that the system was being installed in all vehicles within the Province and was being handled by the MOI personally. MOI advisor Schute explained that the MOI is out of the country at the present time and will return on Monday, 4 September. PTT will follow up at that time.

Sulaymaniyah [redacted]

(TS0031) Darbandikan District Police HQ: PTT members met with BG [redacted] and discussed the Kalar District Headquarters new construction site. BG [redacted] did not possess the proper "deed" for the site. The property belongs to the government and an application has to be made through the Govemate Municipality for approval to have the property dedicated. This process is relatively easy and the property has already been verbally approved. BG [redacted] will secure the paperwork and deliver it to MG [redacted] by September 3rd. Members also discussed local training initiatives, further training needs, local security issues and several area arrests.

(TS0044) Kalar District Police HQ: PTT members met with Major [redacted], KDH Commander, and discussed the Kalar District Headquarters new construction project. Major [redacted] reviewed the design plans and checked the dimensions and the available acreage; finding all to be compatible and suitable.

CPATT IPLO DAILY SITREP

(TS0045) Kalar Local Police Station: PTT members met with Captain [redacted] Station Commander, and discussed the habitability and suitability of the existing station which is the former Kalar District Headquarters, which is in shambles. Team members also discussed their lack of equipment, lack of training, lack of mobility, lack of resorting and resultant lack of activity.

(b)(6), (b)(7)c

(No FFID#) Kalar Regional Asaish Headquarters: Members met with BG [redacted] and discussed local training desires. The Asaish is requesting drug recognition training, fingerprint training, and crime scene investigative training.

(b)(6), (b)(7)c

(No FFID#) Interior Defense Battalion: The Tactical PTT met with Colonel [redacted] IDB Commander, and discussed a month long training curriculum for the IDB personnel. Training will consist of PSD, Firearms and several forms of Tactical Defense training. PTT members surveyed the IDB compound and met with the Company Commanders to organize the initial training sessions.

(b)(6), (b)(7)c

(No FFID#) Asaish Main HQ Sulaymaniyah: The Asaish PTT contacted LTC [redacted] the Chief of Narcotics and Brigadier General [redacted], Commander of the southern districts of the province.

(b)(6), (b)(7)c

As a note of concern; starting on September 1st, Sulaymaniyah will have electricity cut to the province for 10-12 hours per day due to power being sent to Baghdad and other southern areas of the country. Mass protests are expected throughout the province in the near future due to this situation.

(TS0065) Piermagruen Local Police Station: The Community Policing PTT met with six IP of the Piermagruen Police Station of the Dukan District and conducted a foot patrol in the community park. The park is a place for the local police to meet with and interact with the general public in a positive way. One of the goals of the PTT is to build a real trust and a real respect of the Iraqi police by the community they serve.

The patrol went well and the IP kept order and maintained control while having a good positive experience. The public was very happy to see the police patrolling and the IP heard many positive comments from the citizens.

(TS0005) Sulaymaniyah Emergency Service Station: The Community Policing PTT met with Col. [redacted] for the purpose of familiarizing him with the Community Policing concept. The PTT dropped off some policing programs and literature covering neighborhood watch and a hot line program for the Colonel's review. The Colonel agreed to look over the information and meet the PTT at a future date.

(b)(6), (b)(7)c

(No FFID#) Ministry Of Justice Sulaymaniyah: The Investigation PTT traveled to the MOJ offices and met with Chief Justice [redacted] and twelve other regional Judges. Each had studied PTT prepared Major Crime Scene SOP that had been presented to Judge [redacted] the day before. The subject of a SOP for crime scene investigation was discussed for about one hour.

(b)(6), (b)(7)c

The Judges were very positive and hopeful but expressed many concerns that were discussed at length. The main concern was over the inadequate number of Legal Investigators, and how they could not be forced to respond to the crime scene after their daytime eight hour work shift. PTT suggested that an on call Investigator position be considered. That was countered with the fact that the majority of the legal investigators are women who can not go into the community after dark, per community standards.

(b)(2), (b)(3), (b)(6)

Compiled by [redacted] 6/16/2008

PTT offered a temporary solution in suggesting that a Crime Scene Investigation Team be assembled comprised of IP, Asaish, and Legal investigators. They would respond to each Major Crime using the above SOP as their Standard to follow. This team would be trained to be knowledgeable in all aspects of investigations and any one of them could fill in for an absent team member until more male Legal Investigators could be hired and trained. This proposal seemed to resonate with the Judges and they indicated they would talk it over amongst themselves and come to a workable conclusion.

At the conclusion of the meeting, the Judges were very supportive and optimistic, and committed to sending five Legal Investigators to attend the upcoming training. They expressed a hope that if the training and implementation of the proposed SOP was successful they would fund more spots and hire more Investigators and propose that the SOP to become a Standard to follow country wide.

Dahuk (b)(3), (b)(6)

(MD0002) Dahuk Provincial Police HQ: PTT responded to Dahuk PHQ to contact Col (b)(6), (b)(7)c to obtain the full list of the next two hundred JIPTC candidates. PTT was informed by him that Capt (b)(6), (b)(7)c was responsible for obtaining this list and that it would be ready in three days.

PTT met with Col (b)(6), (b)(7)c regarding the remaining five SUVs which were left in FOB Diamondback. He was advised that the military was attempting to have a mechanic check and make needed repairs so that they could be brought to Dahuk. Some of the vehicles were checked by PTT and found some of the Federal Light Bars were not operative. It was suggested that they have an electrician/mechanic check the vehicles.

PTT SWAT trainers conducted a four hour review and assessment of five more IPs which included basic entry movements and shooting skills. No serious deficiencies were noted.

Ramadi (MND-W) (b)(3), (b)(6)

Al Anbar (b)(3), (b)(6)

(RA0084) Baghdadi Local Police Station: The PTT conducted a detainee release in Baghdadi. No IP training was conducted. The PTT convoyed back to Al Asad without incident. Glock pistols have been issued to all qualified and trained IPs. The IPs are continuing construction on the armory and offices within the District Headquarters; the holding facility is complete. Discussions regarding additional security of the facility were conducted.

(RA0083) Haditha District Police HQ: IPLOs assigned to the Hadithah District HQ, met with various Military Personnel regarding Force Protection of the new Police Station; met with Marine PTT members and IP Officers regarding pay issues, supplies and an upcoming Recruitment Drive; met with Marine PTT members regarding upcoming Specialized Training; and met with various Military elements who desire to support the Police Mission Program.

Additionally, IPLOs completed the Training Rosters and pre-planning of upcoming training classes that were initiated yesterday. One of the IPLOs convoyed to Haqlaniyah with Marine PTT members and several IP Officers to advice on an Op and to assist with a Recruitment Drive.

CPATT IPLO DAILY SITREP

(RA0093) Rumana Local Police Station: There is no change to the information previously reported. The PTT Military element has limited resources due to RIP which is directly causing coordination and support problems. Reports on training will be made upon return of the PTT element.

(RA0013) Fallujah District Police HQ: The PTT team attended roll call and observed and monitored the shift briefing. The team met with the Patrol Captain who advised that IPs on his shift were present and the shift was at full strength. Several Patrol units were assigned various patrols throughout the city. PTT met with a major crimes supervisor and was advised that a sufficient amount of investigators are reporting to work to sustain the operation. Major Crimes is following procedure regarding submitting requests for equipment and supplies. PTT continues issuing off duty ballistic vests to IPs.

(RA0048) Ramadi District Police HQ: According to the IPs, the manpower should rise within the next week or following week. This is due to the murder of the local Sheik and negotiation for the return of his body and others involved in the murder. A large majority of IPs are involved in this and will not return to work until they have recovered the bodies of the slain victims by a local insurgent group.

The whip tail for the mobile radios was brought today and the remaining radios are being installed in the vehicles and programmed.

(RA0052) Al Anbar IHP Station 6 - HQ: Provincial Chief Colonel [redacted] was not present and refused to come to the station. He also sent word through a Lieutenant that he wanted all patrols and checkpoints cancelled immediately. Captain [redacted] of the District level agreed to provide patrols to two gas stations and keep all personnel at both OP 4 and OP5. All IPs at the Provincial level follow Colonel [redacted] orders and have been remaining at the station and not providing police services. The District level has been providing all police services with the remaining personnel they have. Inventory and training are difficult to accomplish without Colonel [redacted] cooperation. AK47s recently delivered to Colonel [redacted] are not at the station and cannot be accounted for.

Colonel [redacted] ordered all Provincial IPs to return to the station and stop providing police services. Captain [redacted] at the District level used all available District IPs to man OP 4, OP 5 and the foot patrols to the gas stations.

Babylon (MND-CS) [redacted]

Al Qadisiyah [redacted]

(BQ0029) Qadisiyah Provincial Police HQ: PTT traveled to Provincial Police HQ accompanied by the Danish Colonel. The leadership of the PTT met with the Provincial Police Chief MG [redacted] and learned that all IPs in the Province have been placed on high alert and have been staying at their respective Police Stations.

The General informed the Team that in reference to the fighting two days ago between the militia and the IA, the IPs were told by the IA to remain at their posts. The IPs protected the Police HQ, the Government building and the banks. They were allegedly told by the IA not to participate, that the Iraqi Army was going to secure the city of Diwaniyah.

The General stated that one IP was killed when a mortar round hit his house and supposedly there were two others wounded, but he had no further information on them.

CPATT IPLO DAILY SITREP

While in the General's office, a MG from MOI who is supposedly the Deputy Minister of MOI and his staff came into General [redacted] office. They held a meeting with the General and then went to the conference room where the MOI General met with the IP leadership of the Qadisiyah Province. While the above meeting was taking place, members of the PTT met with the two SWAT leaders about coming on base to receive ammunition and other equipment they need.

The PTT training team met with General [redacted] and discussed the situation with screening At Al-Hilla. He advised that Al-Hilla was vetting FSP this week and he would resume sending Diwaniyah IPs next week. He stated that the problem reported by Morris and McDaniel had been resolved and his men would once again be allowed to dine in the Al-Hilla Chow Hall.

The PTT operations team met with General [redacted] and discussed the progress of having the 500 radios programmed. Gen [redacted] stated that he had been awaiting the arrival of the radio programmer and that was the cause of the delay. General [redacted] assured the team that the process of programming the radios would start today. The team stressed the importance of the radios, and advised that the district stations were in need of them as soon as possible.

Wasit Province [redacted]

(BW0054) Wasit Provincial Police HQ: The PTT team went to Provincial Headquarters to meet with General [redacted], Colonel [redacted] and Major [redacted]. There was a brief conversation about the problems that were occurring in Diwaniyah. Colonel [redacted] who keeps track of criminal intelligence stated that there has been interaction with Diwaniyah as to requesting help from the Al Kut police and Iraqi Army stationed in Al Kut. Members of the 1st Quick Response Unit was sent to Diwaniyah as a stand by to assist when requested. Colonel [redacted] stated things were settled and there was no need for his officers so they returned to Al Kut. Members of the local Iraqi Army was also sent to the area of Diwaniyah but they also have returned to Al Kut. The Colonel then gave the team a copy of the report indicating on how much ammunition had been used in the past month and the report included why the ammunition was used. The meeting then ended.

The second meeting was with General [redacted], the Provincial Chief and he also was informed about equipment that is forthcoming. The PTT Deputy Chief then discussed the matter about the Iraqi Police who failed to show up for the test given by Morris and McDaniels.

Basrah (MND-S) [redacted]

Al Muthanna [redacted]

The Muthanna P.I.C team completed Op Don #4. They were able to visit Muthanna Police Academy and met with Training Officer, Captain [redacted] During this meeting several areas were discussed; including, the 180 current students, courses offered, on going bribery, recruitment, literacy rates, and outside influence.
