CPATT IPLO DAILY SITREP

September 7, 2006

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: The "Live Fire" exercises at BPC were cancelled by the Mayor of Camp Shield because of a water shortage. Basic Glock and Range Safety class was conducted with four IPs. Three IPs attended a class on "Patrol Procedures" and "Basic Baton" and "Metal Detector (Wand)".

(BC0007) Al Adhamiya Patrol Police Station: PTT is reporting station at TRA-3. Twenty IPs were reported as AWOL this visit. Food issued to IPs is inadequate in content, amount, and unfit. The Team trained the Training officer with the use of his computer, input of records, and installing a printer and software for the station. Joint patrol was conducted with 7 IPs. The station is assigned 56 vehicles, 21 are operational, 35 need repaired, 3 are beyond repair. It does not appear the 29 disabled vehicles that were sent to Karrada HQ for repairs will be fixed or returned for spare parts. Colonel [redacted] is asking for 5-side post car batteries for his patrol vehicles along with disc brake pads. Fuel remains a problem. 25 gallons of diesel fuel for the generator was delivered by CFs. (b)(6), (b)(7)

(BC0011) Al Dorah Local Police Station: Two Teams participated in joint patrol in Al Dorah district. IPs interacted with the community well and are becoming more proactive. During the contacts, IPs discovered identification violations. Two expired ID cards were confiscated.

(BC0012) Al Dorah Patrol Police Station: The Team participated in a four hour mounted and foot patrol with IPs. They performed in a professional manner to include force protection and interacting with the public. A second PTT performed foot and mounted patrol.

(BC0015) Al Ghazalia Patrol Police Station: PTT reporting station at TRA-2. Station Commander states his station needs 300 more officers to be fully staffed. AWOLs reported: (1) officer, (5) IPs. Training in handcuffing techniques was conducted with (2) officers, (9) IPs. Mounted and foot patrols were done with IPs and IA. Station has 60 vehicles assigned; 29 are fully operational, 20 need repairs, 12 are beyond repair. The commander asked for bids on the cost of repairs and also requested MOI to give them 20 new patrol cars.

(BC0016) Habibya Local Police Station: PTT is reporting station at TRA-3. The station currently has 8 vehicles assigned; 6 are operational, 2 need repair. They are authorized nineteen vehicles. There are more vehicles awaiting delivery to Habibya; however, the truck drivers are receiving death threats and refusing to transport. Communication section reports station does not have base station. It is authorized 63 handheld radios but only have seven on hand. The station is getting insufficient amount of generator fuel, no motor oil, and 30 liters per vehicle per day. It has been suggested that a fuel point be made available in Sadr City or arrange with a private fuel station for the IPs to get fuel. IPs face danger the distance they travel to get vehicle fuel, and many are purchasing it themselves from street vendors. The detention cell is currently holding 9 inmates. Two detainees need medical attention. One has a head wound and a bullet wound in the hip/buttocks area. He was treated and released from the hospital several days ago; however, needs periodic care. The other has a foot injury which needs attention. MP medic evaluated both. Force protection issues are being addressed by the military.

CPATT IPLO DAILY SITREP

(BC0020) Al Kadhimiya District Police HQ: PTT reporting station at TRA-3. Mentoring was conducted with (1) officer and (1) IP on leadership and administration duties. District Training officer, Major [redacted], implemented a district-wide training program. IP Training Officers are directed to have their men do physical fitness exercises for 45 minutes, and then 15 minutes on Human Rights training at the start of the IPs shift. Station has 4 vehicle assigned to them; 2 are operational, 2 need repair.

(BC0021) Al Kadhimaya Local Police Station: PTT reporting station at TRA-3. Station has 14 vehicles assigned to them; 9 are operational, 4 need repair, 1 is beyond repair. Colonel [redacted] advised the (4) that need repair work are scheduled to be taken in for service. Kadhimaya LPS is in the same building as District HQ. Colonel [redacted] advises generator fuel was ordered a month ago, but none was delivered. The fuel they have been getting is purchased with personal funds.

(BC0039) Al Mamum Local Police Station: PTT reporting station at TRA-3. There were five AWOLs on the current shift. Training was conducted with seven officers on "Introduction and Selecting a Tactical Team". IP Master Trainer, [redacted] participated and gathered information required to establish the team and documenting the equipment each IP will need.

Eleven IPs in two patrol vehicles led a joint patrol through problem areas where the bodies of murder victims have been recovered. IPs displayed competent officer presence and acceptable weapons handling. The station has 15 vehicles assigned to them; 8 are fully operational, 2 are disabled, 5 are beyond repair. Forty-five prisoners are housed in the station detention cell. Due to the recent accidental discharges inside the station, a clearing barrel was set up near the main entrance to the building. A policy was established to have all assault rifles to include heavy machine guns, be cleared of ammunition before entering.

(BC0045) Al Nasir Local Police Station: PTT is reporting station at TRA-2. There was (1) officer and (45) IPs on duty this visit, with (1) IP AWOL. LTC [redacted] said the absent IP asked for leave which they could not grant. The IP will lose three days pay for his absence. He said there is a need to increase the number of IPs on each patrol from 7 to 10. Written requests have been forwarded to the HQ. Training complaints from Major [redacted] indicated that the selection process for applicants going to Jordan should be improved. He and other officers have applied several times, but never get selected. Station has three operational vehicles, two disabled, and one beyond repair. The station is rated for 19 vehicles. Station has no base radio, 2 vehicle radios, and 7 handheld radios; one is not working. LTC [redacted] said the station will receive 1350 liters of fuel for the generator each month from MOI once Colonel [redacted] signs the necessary paperwork. This is a new program. However, with the station having one hour of electricity per day, the fuel won't last long. 30 liters of gas per vehicle per day is authorized. IPs will use that getting to and from Adhamiya to get fuel. Due to the danger in travel, IPs buy it locally at illegal fuel points. Motor oil is not provided by MOI. Manning of Force Protection was lacking; however, LTC [redacted] feels it is sufficient.

(BC0049) Al Rashad Local Police Station: PTT is reporting station at TRA-3. Joint patrols were conducted with Team reporting satisfactory performance of IPs for the time spent on patrol. The station is assigned five vehicles, all are fully operational. Fuel issues have been addressed through the proper chain of command to MOI. Station is still not receiving generator fuel or vehicle gas. Full time power has not been worked out yet. The Fire Department is not supplying water to them anymore. The station does not have adequate drinking water. The generator is not working and they agreed to work with Khansa LPS to get this resolved. Khansa is getting quotes for fixing the generator.

(b)(3), (b)(6), (b)(2)

Compiled by [redacted] **6/16/2008**

CPATT IPLO DAILY SITREP

(BC0060) Al Shulla Local Police Station: PTT is reporting station at TRA-2. The Teams goal is to institute train-the–trainer. The station still has problems getting generator fuel. The station is holding 24 inmates in the detention cell. No problems reported.

(BC0062) Al Suleikh Local Police Station: The Team conducted joint patrols for two hours with 8 IPs covering the entire area the station is responsible for.

(BC0068) Al Thahtheeb Local Police Station: PPT reporting station at TRA-2. The station has six vehicles assigned; five are operational, one is in need of repair. The Team compiled and checked a number of weapons against the inventory that is currently known. Weapons no problem, ammunition is a problem. Station does not have an operational generator. The Team brought mechanics to try and fix it.

(BC0071) Al Thawra Patrol Police Station: PTT reporting station at TRA-2. There were 7 IPs that did not report for work on this visit. During the joint patrol, the Team observed a BMW with 4 subjects holding AK-47's out of the window and driving through a checkpoint. The patrol attempted to stop the vehicle, and it pulled into the Badir Militia compound. During the course of this investigation, two IPs were found in an IP vehicle without identification. Their weapons were confiscated and the vehicle was towed pending further investigation. The station has seventeen vehicles that need repair. Ten have been taken to a garage for service work and seven more will be taken when more truck drivers are hired to deliver them.

(BC0073) Al Yarmouk Patrol Police Station: PTT reporting station at TRA-3. Sixty-five personnel assigned to current shift with 8 AWOLs this visit. Training was conducted on weapons safety and PKC with (8) officers and (2) IPs. IP Master Trainer, [redacted], participated in the training. Joint mounted (1) and foot patrols (1) were conducted. The patrol stopped three men with AK-47's. IPs did a good job locating them, but did a poor job of weapons safety during the stop. The station is assigned 51 vehicles. PTT reporting 23 operational, 3 disabled.

(b)(6), (b)(7)c

(BC0085) Baghdad Provincial Patrol Police HQ: The Team continued training the "Tiger Team", on beginning pistol marksmanship, with IP instructors combining their efforts and methods with those of the Team.

(BC0092) Baghdad IHP HQ: The Team met with BG [redacted], the new OIC of IHP Training Section, on establishing a firing range on the HQ compound. The proposed range would be constructed of Hesco Barriers and T-walls. The Team delivered the Hesco barriers to encourage the construction of the range. The design, funding and construction will be completed by HQ personnel at the discretion of BG [redacted]. The Team will be assisting in developing a course of fire and safe operation of a firing range. BG [redacted] also expressed an interest in conducting an Officer Training Program that runs concurrently with the weekly Patrolman training course which is conducted each week by IHP instructors.

(b)(6), (b)(7)c, (b)(6), (b)(7)c

(BC0094) Hy Al Amil Patrol Police Station: PTT reporting station at TRA-2. AWOLs: IPs are reporting most of the AWOLs are due to being scared to come to work. No numbers available.

(BC0096) Karada Miriam Local Police Station: Six Iraqi juveniles were detained in the vicinity of Sina Hospital for initiating a confrontation with local citizens. Juveniles are apparently practicing aggressive merchandise selling tactics. Juveniles were taken to the station as IPs attempted to make contact with guardians.

(b)(3), (b)(6), (b)(2)

Compiled by [redacted] **6/16/2008**

CPATT IPLO DAILY SITREP

(BC0103) Criminal Investigation Directorate HQ: There is no electricity at the station. The detention facility is holding 144 inmates, with four sentenced to death. Investigators do not have vehicles for official use; they are renting taxis at their own expense to conduct investigations. They are currently working on 50 dated cases from the Wolf Brigade. There was a total of ten investigators, but four have been transferred to a different investigatory assignment.

(BC0111) New Baghdad District Police HQ: PTT is reporting station at TRA-2. Food issues for station personnel were addressed. IPs say they have to buy their own food. They were told originally that MOI would purchase their food, but that has not occurred. Joint patrols focused on makeshift checkpoints to enforce curfew violations. Two IP patrol vehicles and 8 IPs were used in the exercise. The station has 3 vehicles assigned to them; all are operational. PTT is reporting inadequate sleeping quarters for IPs. 30 IPs sleep at the station at any given time. There is one sleeping room with no beds, just thin mats on the floor. There are 13 prisoners detained. The cell was extremely hot and stuffy without air movement in the building. There was no power at the station or detention cell. PTT provided fuel to run the generator.

(BC0120) Rusafa Directorate Police HQ: 204th MP Co. PTT, 519th MP BN Commander, 49th Brigade Commander and staff including the new incoming Brigade Commander participated in the media event. Twenty five members of various Iraqi and American news agency representatives arrived to observe new equipment on display and demonstrations at various display stations. A ceremony was hosted by LTC [redacted] presenting the first up-armored Chevrolet Colorado truck to BG [redacted]. Twenty five of these specially armored trucks are to be issued to various Rusafa stations for patrol use.

(b)(6), (b)(7)c

(BC0123) South Karkh Traffic Police Station: The Team mentored/counseled IP Lt [redacted] on not advising his newer officers about the guidelines in existence at the ECP's in the KZ. One of his officers had some property taken from him due to insufficient documentation.

An Najaf [redacted]

PTT operations are suspended until the FOB closure and relocation are complete.

Karbala [redacted]

PTT operations are suspended until the FOB closure and relocation are complete.

Babil [redacted]

(BC0500) Al Hilla Regional Police Academy: The Team attended the Provincial Judicial Conference. Discussion was held on the status of the Province in regards to crime statistics compared to the year before. Other items discussed included: Investigative Judge responsibilities, Iraqi Police Officer responsibilities, Judicial investigators responsibilities, needs of the departments, and suggestions on how to deal with issues regarding inter-agency cooperation. Also mentioned was giving the IP the authority to conduct preliminary investigations which, by understanding, they are not doing because of the direction of the IJ or PJ, even though by law they are permitted to do so.

Tikrit (MND-CW) [redacted]

(b)(3), (b)(6), (b)(2)

Compiled by [redacted] 6/16/2008

CPATT IPLO DAILY SITREP

Diyala

(TD0024) Diyala Provincial Police HQ: The PTT-P Training Advisor provided training for 6 IP from Baqubah in the Firearms Instructor Course. The training consisted of weapon familiarization with the Beretta 9 mm Pistol, pistol qualification with the Glock 19. The qualification consisted of fifty rounds, distances from from three meters to twenty-five meters.

PTT-P Logistics Advisor met with COL [redacted] of the Diyala Provincial Logistics Office. The COL is still not complying with the PTT-P request for a list of damaged issued property and equipment that is in need of replacement. This is the third request that the Team has made for this list and as before the COL promised to have the list ready for Sundays Staff meeting. Team members have also offered to participate in an audit of all equipment he has on hand at HQ. To date the Team not been notified of a schedule inventory date.

PTT-P Logistics Advisor also conducted a meeting with COL [redacted] and his district staff for vehicle maintanence. The purpose of the meeting was to explain the importance of reporting the running, repairable, and destroyed vehicles within Diyala Province. The staff was advised to begin reporting the vehicle data on the 1st and 15th of each month. The information obtained at the meeting provided an additional 29 vehilces, that had not been perviously reported, bringing the total to 138 destroyed vehicles. The COL advised he would try and get the seven departments to report there vehicle data within the next four days. During the meeting the districts voiced their concerns of making the IP which are untrained in maintanence to fix the damaged vehicles. [redacted] advised he wanted to hire maintanence people within the ditricts but was unsure if it would be approved by the Chief. The IP have trouble finding parts for the newer vehicles which are not available on the local market and not provided for by MOI.

GEN [redacted] turned over a list of the District Commanders to the PTT-P that listed every IP employee by rank name and location of deployment. In addition, a request was made by the PTT-P to form a list of names of IP that could be sent to an Excel and Power Point training class held at the PJCC. This training is being put forth by the PTT-P to increase the efficiency of the IP.

PTT-P MCU Advisor conducted a meeting with BG [redacted], Chief of the Major Crimes Unit for Diyala Province, regarding the seventy seven IA prisoners dropped off at MCU HQ. BG [redacted] said that his officers had prepared paperwork on all of them and had forwarded it to the judge responsible for MCU cases. As a result, four of the prisoners were released due to lack of evidence and the remaining suspects were remanded to the Provincial Prison for further investigation. The BG had determined that six of the suspects were deserving of immediate attention and held them in the MCU detention area.

BG [redacted] is taking an active role in the inception of operations directed against insurgents in Diyala Province and the reassignment of personnel to Bagubah MCU from the Districts has already had a positive effect on the Units performance. He has also implemented a change in operational procedure whereby arrests are reported to Baqubah HQ on a timely basis which prevents local officials and leaders from arranging their early release prior to a complete investigation of their suspected criminal acts. This was a regular practice two months prior to this date.

BG [redacted] provided a list of four names for submission as candidates for the next Basic Intelligence Course to be held at the Baghdad Police College. Coordination will be effected with CPATT and the military element responsible for this activity.

CPATT IPLO DAILY SITREP

Salah Al Din [redacted] (b)(3), (b)(6)

(TA0080) Salah Al Din Provincial HQ: PTT-P was accompanied today by the rule of law representatives of the PRT team. PTT-P met LTC [redacted] (b)(6), (b)(7)c Deputy Chief of Training and discussed the current TIPS training rotation. We discussed how and when the remaining classes would be run. We also talked with the Chief of instruction at TIPS about the rule of law training currently being conducted during the course. The Chief assured the team that the training followed the guidelines established by CFs two years ago, and that he had extreme confidence in the capabilities of his professors. The team conducted a cursory inspection of the class rooms. It appeared as though the IP were conducting training to standard.

PTT-P also visited the High Crimes detention facility. The facility is currently holding 62 inmates under investigation. This is approximately 30 more than the preferred capacity. The cells were up to human rights standards and there were no complaints about food or abuse at this facility. The Investigative Judge is at the facility as much as twice a week to evaluate the cases. He also explained that inmates typically stay in this facility less than six months while they are being investigated. Once their case goes to trial, they are transferred to the Provincial Jail.

PTTP met with MAJ [redacted] (b)(6), (b)(7)c at the Boat Patrol Unit at FOB Danger. During the meeting, PTTP and MAJ [redacted] (b)(6), (b)(7)c discussed several issues. Among the issues discussed, was fuel deficiency. PTTP asked MAJ [redacted] (b)(6), (b)(7)c if he had received the order from PHQ for increased fuel allocation for his department; he stated that he had the order but the problem was with the officers and personnel at the fuel station. PTTP advised that this would be discussed with PHQ as soon as possible. MAJ [redacted] (b)(6), (b)(7)c also expressed a need for ammunition and more personnel so that he could more effectively patrol the river. MAJ [redacted] (b)(6), (b)(7)c also indicated that illegal arms and items used by the insurgency are being smuggled across and down the Tigris River which makes this department a valuable asset to the IP that needs continued support from the PHQ. PTTP and MAJ [redacted] (b)(6), (b)(7)c also discussed the possible purchase of a motor for a boat hull that the Boat Patrol currently has in their inventory to better augment the capabilities of this unit to help achieve their mission.

PTTP met with GEN [redacted] (b)(6), (b)(7)c at the Motor Pool on FOB Danger. During the meeting the issue of equipment was brought up and discussed. Engine equipment is a vital issue facing the Motor Pool with spare parts being in short supply. PTTP and GEN S[redacted] (b)(6), (b)(7)c discussed parts for the Chevy Trucks being in short supply; in particular pistons. PTTP directed the GEN to contact the General Motors representative in Baghdad and was given contact information. Other equipment issues were discussed and tentative dates of delivery were determined. PTTP reviewed the completed shelving project at this venue and all parties involved were satisfied with the end result of the project.

(TA0084) Samarra District Police HQ: PTT, IP, and the CF did a joint walking patrol in the city of Samarra. The patrol went very well. The IP on the patrol positively interacted with the public throughout the patrol.

PTT went to Headquarters and spoke with LT [redacted] (b)(6), (b)(7)c about a training session being offered by the CF & IA at the nearby water treatment plant, next to PB Olson. 10 IP had been invited to take part in a week long training exercise that included First Aid, Responding to an Ambush and some Close Quarters training. The training would run for a few hours daily. The LT felt this would be a good idea. At QRF, PTT gathered 10 IP and LT M[redacted] (b)(6), (b)(7)c and then went to PB Olson for the class.

PTT and IP participated in a tour of the Electric Plant south of PB Razor. While there, PTT observed various guard posts and other security measures that were in place.

LTC [redacted] stated that he is constantly visiting the checkpoints during the day because of all the problems occurring at them. LTC [redacted] is currently working on a plan to improve security at the checkpoints.

LTC [redacted] stated that many IP have weapons issued to them but they do not have a valid weapons card (badge). LTC [redacted] stated that 290 IP do not have badges or weapons; 15 IP have a valid badge, but they do not have a weapon issued to them. He said that 148 IP do not have a valid badge, but they do have a weapon issued to them. LTC [redacted] also requested assistance in getting more Emergency Battalion uniforms (urban camouflage), sandbags for BP4, and a secure channel on the radios for the IP to communicate over.

At Tamim [redacted]

(TT0009) Domies Police Station: PTT-S-2 went to the Domies Police Station and met with the station commander who advised that he had nothing new to report at this time. The Team conducted a Train the Trainer class on Officer Survival. Upon completion the trainers requested a DVD player to use has a training aid.

(TT0022) Meghdad Police Station: PTT-S-2 convoyed to Meghdad Police Station and met with the station commander. The Team found that the station was lacking enough ammunition to equip IP's to go out on patrol. When asked, the station commander advised that when the Mayday officers were taken out of the station they took all of the ammunition with them. The station commander further stated that he has put in several requests to replace the ammunition with HQ.

PTT-S-2 conducted a Train the Trainer class on Officer Survival. The class was very well received.

(TT0034) Kirkuk Training Center: COL [redacted] advised that the water truck assigned to the training center has still not arrived. The engineer assigned to fix the water well has not shown up and the two twenty passenger buses assigned to the training center have not arrived. COL [redacted] further advised that he has contacted HQ concerning these matters.

PTT-D was also told that the CFs arrived today and took possession of the only bus that the training center had which leaves the training center with no means of transporting students to and from the firing range.

Mosul (MND-N) [redacted]

Ninewah [redacted]

(MN0056) Ninewah Provincial Police HQ: PTT members met with General [redacted] and MOI personnel to help expedite the credentialing process. Certain areas were address such as the need for internet and phone cards so communication could be more effective to and from their counterparts in Baghdad. Further PTT was told that between 12,000 and 13,000 ID cards were ready but could not be picked up due to changes in the process. More background information was to be given to the Ministry of the Interior to verify those badges are already completed.

CPATT IPLO DAILY SITREP

In the Finance Department, PTT members spoke to Major [redacted] about a pay problem for three SWAT team members. PTT team members were informed by Major [redacted] that the officers in question are not recognized as IP by MOI. Major [redacted] advised that the finance would need MOI to send them something in writing before this problem could be resolved.

PTT was notified by Coalition Forces that the Areea District Station had a fuel shortage and all the fuel rations were being held back by the Logistics Office at Provincial Headquarters. PTT investigated the complaint and found that there was no fuel shortage anywhere in the Ninewah Province. General [redacted], in the presences of PTT, contacted Provincial Headquarters Operation Section and informed them to contact all the District Stations to pick up their allotted fuel Rations. PTT was informed by General [redacted] that the Areea District Station is so far away that they refuse to make the long drive for fuel thus causing them to have a fuel shortage.

Major Crimes Unit today requested 100 sandbags from the Logistics Department at Provincial Headquarters for force protection issues in their area. Their request was approved and their sandbags picked-up.

(No FFID#) Major Crimes Unit: Colonel [redacted] has requested 100 sandbags for the roof of MCU. The MCU still needs fingerprint kits that were requested over six months ago.

(MN0017) Al-Namrud DHQ: A great deal of work was done in reference to completing the PSMR. Several questions were addressed in reference to the citizens in the community to include the population and their income status.

The arms room was completed. Railings to hold the rifles were placed around the walls along with name tags for each slot. The IP had done a good job on the room.

A training class was held today at district HQ and was conducted by the lead criminal investigator, Major [redacted]. All of the IP involved in the investigative process attended the class. There were eighteen in attendance. An outline of the basic steps involved in conducting a thorough investigation had been written in English and translated in Arabic. Ten copies of the basic SOP were given to the lead investigator to pass out to those involved in the investigative process.

(MN0068) Al Somer LPS: PTT-D met with Lt. [redacted] who reported that an IP patrol was attacked by SAF at approximately 1015 hours this morning with numerous rounds exchanged by AIF and IP. No injuries were reported and no suspect information available.

PPT-D conducted a joint vehicle patrol in their AO with IP. The patrol made two stops in market areas, which were initiated by IP patrol supervisor, Lt. [redacted]. These were observed to be positive, in that IP were making direct contact with shop owners to inquire about criminal activity in the area; no intelligence was received.

There were no issues reported or discussed, however, staffing levels for this station remain critically low to support effective operations. This will be discussed with station command (Maj. Allah) on the next visit.

(MN0115) Hamam Alil DHQ: PTT-D met with the station commander. The station had a total of 196 IP and sixteen officers at Hamm Ail HQ. This station has one check point which was manned by six IPs.

PTT-D discussed building a new jail and storage facility which was referred to in recent reports. The station commander advised that he had intended going to Provincial HQ on this date to follow up on the plans; however, due to being attacked by an IED he was unable to make it.

There were seventeen prisoners in jail with no major problems. In addition, 26 men were being detained for questioning in connection to the aforementioned IED.

(MN0116) Hamam Alil LPS: PTT met with 2nd Lt. [redacted], who is currently running station operations since the station commander Col [redacted] was visiting the Kaef district station. The station is currently operating with 60 IP and five officers. However, as of this date seven IP have been assigned to Mosul. Additionally, twelve IP each day are assigned to provide security for the Mayor Cell. 2nd Lt. [redacted] was able to account for all weapons and ammunition currently in the station's inventory. 2nd Lt. [redacted] stated there are no pending issues at this time.

(b)(6), (b)(7)c

Currently the IP station operates with a total of 60 IP. All IP have uniforms and badges. The station has three vehicles and two of them are in the Mosul area and one vehicle is currently not working.

(MN0928) Abi Tamaam DHQ: PTT-D conducted a station visit this morning to review a target objective operation scheduled for the following night mission. The IP personnel involved in the raid and search element conducted themselves professionally. PTT-D was present during the search and instructed the IP as they conducted their mission. The overall result of the mission was a success. The IP appear very confident with CF support.

(MN0204) Al Tahadi: Today was set for training several IP so they could train other IP at the station at a later date. They were given a class in vehicle search and voice command. The training took approximately one hour. They did a very fine job and were given minor corrections in suspect control.

(MN0226) Kahidrillias LPS: PTT delivered Force Protection equipment to Kahdrillias IP Station for the shooting range. The items included Sand bags and razor/"C" wire.

PTT spoke to Lt Col [redacted] in ref to the 2nd Lt providing basic investigative training courses to IP. The courses will be conducted by 2nd Lt [redacted] and Major [redacted] who is assigned to District HQ. He agreed to this arrangement and advised he is willing to assist in any way he can to facilitate these courses.

(b)(6), (b)(7)c

A list of seventy five names was delivered to PTT. This was the names of IP that qualified with their AK's on 29 August 2006.

Irbil [redacted]

(b)(3), (b)(6)

(MI0275) Irbil Provincial JCC: PTT continued with research into the operations center and its function within the overall Police role in Irbil. PTT is devising a list of questions and observations related to the operation of the JCC in anticipation of a meeting with the Governor as well as the Minister. PTT is working to create an overall plan of how the JCC should work within the current Police system. This plan will be the focal point of discussion at the meeting. A meeting date is still pending until more research is complete, however PTT does anticipate a meeting within the next seven to ten days.

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

(MI0079) Irbil Traffic Police Academy: PTT met with Major [redacted] (b)(7)c to inquire about the motorcycles that were illegally brought into the country through the Turkey / Iraq POE. He said the motorcycles that met with the regulations for import into Iraq were taken back to the border. He still has 39 motorcycles that do not meet the regulation for import. No discission has be made about these motorcycles at this time.

PTT asked Major [redacted] (b)(6), (b)(7) if he had a new Basis Traffic Class scheduled. He advised 100 traffic policeman resigned over the summer due to low pay. Traffic IP is planning a recruiting campaign for more traffic policeman. [redacted] (b)(6), (b)(7) advised that because of the shortage of traffic policemen and officers, he can not spare assets for training throughout the rest of this year. PTT will reassess the Traffic IP man power in the future.

Sulaymaniyah [redacted] (b)(3), (b)(6)

(No FFID#) Sulaymaniyah Asaish Main HQ: (No rating) The Asaish PTT for the second day met with the Asaish PSD team at the Sulaymaniyah Police Training Center for firearms training.

(TS0085) Azadi Police Station: (No rating) The Community Policing PTT met Major [redacted] (b)(6), (b)(7)c and Station Commander Captain [redacted] (b)(6), (b)(7)c at the Azadi Police Station. The PTT presented training to IPs on several subjects designed to build confidence and trust in their own abilities as police.

The IP and PTT then went over the local problems in the Azadi area with the PTT making suggestions on ways to over come those problems.

(No FFID#) Sulaymaniyah Crimes and Evidence Directorate: (No rating) The Investigations PTT presented instructions on crime scene security. The IP was introduced into the proper procedures, equipment, and management of the crime scene. The equipment to secure a crime scene was discussed as well as the students developing the equipment with locally used materials.

(TS0009) Sulaymaniyah Internal Defense Battalion: (No rating) The Tactical PTT met with the Internal Defense Battalion of the Sulaymaniyah Police. The purpose was to start the third day of a month long training course.

(TS0015) Bakrajo Police Station: (No rating) The Force Protection PTT presented a block of instruction on the use, proper care and storage of handcuffs within the handcuff pouch.

Dahuk [redacted] (b)(3), (b)(6)

MD0002) Dahuk PHQ: PTT responded to Dahuk PHQ to deliver 700 Glock pistols. The weapons were signed over to the PDOP Gen Wa Abdulla. PTT was advised that they still required additional 9mm ammunition. This has been their request for the past several months. They were advised that the ammunition is difficult to obtain; however, every attempt would be made to procure it when it becomes available.

PTT also discussed sending 50 IP/officers to TIPS training every week beginning September 10th. Gen [redacted] (b)(6), (b)(7)c was reminded of his agreement with PTT and Col [redacted] (b)(6), (b)(7)c to send his personnel as requested. The PDOP agreed to send them.

PTT met with Col [redacted] to request a list of the first 50 personnel to be sent to TIPS training. He stated that he would comply, but reminded PTT of Ramadan. He stated that this could be a problem for some of his personnel in the coming weeks.

Ramadi (MND-W) [redacted]

(b)(3), (b)(6)

Al Anbar **unassigned**

(RA0116) Akashat Local Police Station: The Akashat PTT reported traveling to Wahleed to meet with the local Sheiks, in reference to securing information relating to IPs in the city. A follow-up meeting will be held later in the month. The PTT also met the Chief and discussed securing a contract for fixing the Police station.

(RA0084) Baghdadi Local Police Station: Baghdadi PTT convoyed to the District Headquarters and conducted screening operations. Eighty IP candidates were screened.

(RA0106) Tal Aswad Local Police Station: PTT inspected station records, Duty Log, Attendance records and supply records for accuracy and conformance to basic accountability standards. The records appeared to be sufficient. The team conducted Training in M-127, Vehicle Search and Check Points. The IP Station building farther off the road is now clean. Electrical service is still pending. IPs are looking into QRF funds to facilitate the electrical work, but no answer has been received.

(RA0013) Fallujah District Police HQ: IPs discovered additional damage to the water tank at the QRF building whic occurred during the mortar attack on September 3rd. IPs have purchased a new water tank but it is not installed at this time. PTT conducted a joint patrol with IPs to observe and discuss force protection issues at the Post Office. The patrol was conducted without incident. PTT met with IPs from the QRF Unit to conduct training. IPs requested flashlights and were advised to submit written request to their supply officer. Patrol Capt. requested ammunition for the AK-47 and PKC. He was advised to submit written request to the Supply officer.

Training was conducted with the QRF Unit. Training consisted of Building Entries and Dismounted Patrol Techniques. Firing range training day is planned this week with IPs from the QRF Unit and Patrol section. The station continues to have issues with IP absences. The numbers of IPs showing up for work has dropped slightly over the last week. PTT is continuing to monitor this. IP Recruit training class #29 is awaiting hiring letters from MOI. This will help with the IP absence issue.

(RA0025) Al Huria Local Police Station: PTT discussed establishing written documentation stating two specific training times per day. The station chief was very pleased with the establishment of a SWAT on one of his shifts; PTT would like to establish a second team on the other shift as soon as manpower permits. Station was visited by the Brigade Commander, who also met with the station chief. IPLOs and the CF are still trying to perfect the detainee packages that need to be completed in order to send detainees to the RDIF. Training covered pre-planning mounted patrols, addressing specific duties of each member of the patrol, and contingencies that they may face during mounted patrols.

(RA0029) Jazerra Patrol Police Station: Force protection issues are being addressed at this station. Jazerra Station has AK-47s, PKC, RPK, and Flare guns.

CPATT IPLO DAILY SITREP

Al Qadisiyah

(b)(3), (b)(6)

(BQ0029) Qadisiyah Provincial Police HQ: On today's date the PTT traveled to the Provincial Police HQ. While there the Team met with a local national contractor to get prices on an assortment of police equipment and uniforms for the IPs and also spare parts and tools to work on their vehicles.

The team then went to the Government building to meet with BG [redacted] PTT learned that the BG received his official notification from MOI appointing him as the new Provincial Police Chief, replacing MG [redacted]. The new Police Chief stated that the Provincial Council has to approve the appointment, but he anticipated no problems.

The PTT Operations Team met with General [redacted] Chief of Provincial Operations. During the meeting with Gen [redacted] the team was advised that there were no radio antennas, coaxes and other assorted equipment that is needed for the District and Substations for the radios which were issued to the Provincial Headquarters. General [redacted] said that the HQ did not have money budgeted for these additional expenses and requested that we assist them in this problem. The team asked him to submit a list of equipment needed and they would see what could be done if anything to assist the Province in this matter. The problem is that the team is assigned to support and supply Provincial Headquarters and not the rest of the district even though the Provincial Headquarters is the main supply conduit for all substations.

The Training Team met with General [redacted] and was given additional documents pertaining to TIP and OTIP Training. This included dates the training was available as well as locations. The team was advised that 60 IPS were sent to Al-Hilla today for the screening process.

The Intelligence Team met with Gen [redacted], and suggested to him that his office needed to start a database of information pertaining to the local militias and their members. The team suggested that it would be good to try and start compiling names, photos and affiliations of know militia in the area, so that it would be easier to identify suspects when crimes are committed. General [redacted] was receptive of this idea and the team assured him that they would assist him in anyway that they could in gathering and setting up this program. The team also discussed moving the Intel Division to a separate location so that informants could feel safe about coming to that area and providing information.

Wasit Province

[redacted]

(b)(3), (b)(6)

(BW0034) Wasit Checkpoint HQ: PTT Operations met with General [redacted] Commander of Traffic Police. Issues addressed where placement/deployment of his officers throughout the City, primarily at the 3 main bridges used by Coalition Forces. These are considered to be danger areas and should be manned 24/7. We also discussed the actions that his officers take in the event of an incident.

PTT stated that all bridge traffic should cease and containment of the area should begin immediately until Coalition forces take over control. General [redacted] informed PTT that he has made several public announcements over the Al Kut Television station channel about giving right of way to coalition forces that move though the city. The public address was informed to move off the road way as far as possible and stop until coalition forces have passed.
