CPATT IPLO DAILY SITREP

N59

September 13, 2006

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: The Team trained (17) IPs during various training sessions which included: Live Fire, Patrol Procedures, and Basic Baton. The Team attended the weekly meeting at the "French Village". The Mayor is requesting IPs resume their patrols in the Village. Baghdad Main HQ PTT procured $220. for Airport LPS so they could purchase a printer for the training section.

(BC0005) Al Adhamiya District Police HQ: There were 7 officers and 20 IPs on the current shift, with (1) AWOL. There is a shortage of water at LPS and HQ. IPs bring their own food or send someone out to get it. AWOLs are an on-going problem. The newer IPs are afraid to work in Adhamiya. The Team went on joint patrols for six hours.

(BC0007) Al Adhamiya Patrol Police Station: The Team conducted five plus hours in joint patrols with station IPs and a Stryker unit. There were 4 patrol vehicles and 20 IPs involved in the assignment. Foot patrols were done in the Shamasha section. Some of the IPs need work on their people skills and 360 security.

(BC0011) Al Dorah Local Police Station: PTT continued with joint patrols in response to Operation Together Forward. A moderate size IED exploded inside a sewer drain near one of the convoy vehicles. There were no injuries or damage to CF or IPs in the explosion. IPs reacted to this stressful situation very well and in a much disciplined manner. They did not start shooting their weapons as observed in the past, but immediately took defensive posture to their location in defense of small arms fire and started looking for a trigger man and possible secondary IED.

(BC0012) Al Dorah Patrol Police Station: PTT continued with joint patrols in response to Operation Together Forward

(BC0013) Al Dorah Traffic Police Station: Station had 13 officers and 57 IPs scheduled for the current shift. There were 4 AWOL's. Station commander will dock three days pay of AWOL personnel. Communications section needs printer toner. The station is still not receiving generator fuel from HQ. The station shares a compound with Yarmouk Traffic Police and occupies a 16'x40' room. All administrative officers work in this room. The station does not have an armory, supply room, or sleeping quarters.

(BC0026) Al Karamah Local Police Station: There were 6 IPs reported KIA and 7 IPs WIA since last visit. The Team had difficulty obtaining a patrol due to the death of several IPs. They were also afraid of retaliation by the Militia if they were seen with Stryker units. The station has no operational vehicles at this time. A vehicle was borrowed from Al Thawra to provide the requested patrol. Eight Strykers came with approx. 5 light infantry troops with each. They initially request 20 IPs and four vehicles, these numbers could not be met due to the IP deaths and destruction of the only running vehicles they had.

(BC0039) Al Mamum Local Police Station: The station had 37 total personnel assigned to the shift. 17 were AWOL. Command will be handing out disciplinary sanctions ranging from withholding pay to termination. The majority of those AWOL reside in Basra. Joint patrol was conducted with 2 patrol vehicles and 8 IPs. There are 47 inmates being held in the jail. No training was conducted for the Tactical Team due to the shortage of IPs. Other than the 17 IPs that failed to show for duty, the IPs looked as professional as can be

expected since the majority are new IPs with no or ill-fitted uniforms, no Glock pistols, and poor hygiene practices.

(BC0043) Al Muthana Local Police Station: The station had 8 officers and 80 IPs assigned to the current shift. 0 AWOLS. LTC [redacted] stated he would like an additional 41 IPs for his station so he would have 100 men on shift at one time. Station had (1) KIA and (2) WIA since last visit. Two IP vehicles were destroyed by a VBIED outside of MOI (09Sep06). One was towed to the station, the other was burnt and damaged so severely it was left at the site of the explosion. There are 13 prisoners housed in the jail. On this visit, there was no power to the building and detention cell. A few prisoners asked to go outside for fresh air, it was learned they have not been out for two weeks. IPs were assembled for guard duty and prisoners were allowed out for 30 minutes. LTC [redacted] complained that information from the Intelligence Section of MOI that is based out of his building is not being passed along to him or any of his investigators. He does not know what they are doing in his area as they have not spoken to his intelligence people.

(BC0060) Al Shulla Local Police Station: Station had 3 officers and 114 IPs assigned to the current shift. The station has 10 vehicles assigned, nine are fully operational. There are 21 prisoners housed in the detention cell. The Team will be working on a force protection SOP for the station. Significant events in district was one body (female, early 20's) found dead by IPs.

(BC0067) Al Tarmiya Local Police Station: There were 3 officers and 25 IPs on duty this visit. The low number of IPs on duty involves pay issues. There is a group of 15 IPs that were assigned to Tarmiya since June 06 and they have yet to be paid. They graduated from the Jordan Academy. MOI evidently does not recognize this Academy because it is operated by a private company and not a government agency. There is another group of 45 IPs that have not been paid for the same reason. These IPs have stopped showing up for work until the matter is resolved. Another ongoing issue is the lack of leadership at Tarmiya LPS. Colonel [redacted] has been fired as District Commander. The assistant commander is Major [redacted] and he has not been seen at the station in several weeks. General [redacted] was to be officially assigned district commander, but failed to accept the position and rapidly departed Tarmiya. The disposition of former station commander Najah is currently undetermined.

(BC0073) Al Yarmouk Patrol Police Station: There were 8 officers and 38 IPs working the current shift. Joint patrol was conducted in the Ameriya district. The IPs patrolled residential and business areas. The station has 490 total assigned personnel (114 officers, 95 warrant officers, 174 IPs). The station needs three computers and printers; Finance officer is submitting a request.

(BC0085) Baghdad Provincial Patrol Police HQ: The Team met with Colonel [redacted] to prepare an agenda for the Community Affairs meeting on Thursday. The Team did a power-point presentation on Human Rights, international law, and the prohibition against torture and mistreatment of suspects.

(BC0086) Baghdad Main Provincial Police HQ: The Team met with General [redacted] regarding the IP application packets that were stalled in process. He stated the packets were finished and the names were suppose to be on their way to the Academies. The Team discussed the 40 IPs working at Tarmiyah and Al Zohour. They were transferred to Al Rasheed district when it was previously stated they would be assigned in Tarmiya permanently. General [redacted] rescinded the order. Vehicle fuel problems and budgeting was also discussed. There was a budgeting issue between BHQ and Patrol HQ. General

CPATT IPLO DAILY SITREP

[redacted] stated that if PHQ needs something, they get it from BHQ. If they do not have it, he signs an order for it and issues a check if the request is approved.

(BC0102) Mahmoudiya Local Police Station: The Team visited supply, operations, personnel and armory sections of the station and conducted a logistical inquiry to asses the station's readiness status. An inquiry regarding an issue of inmates not being provided meals was made. Inmates are reporting the issue was resolved and the station is providing them with meals on a daily basis.

(BC0112) New Baghdad Local Police Station: The station had 8 officers and 72 IPs on the current shift; 0 AWOLs. The detention cell has 48 prisoners being housed. At the direction of Colonel [redacted], IPs set up random checkpoints supported by foot patrols. This activity resulted in the confiscation of four handguns and the arrest of four suspects. Colonel [redacted] informed the Team of an altercation that occurred on 09 September with a US soldier. The events are detailed in the DSR and is being reviewed by IPLO LNO and the MP Team Leader.

(BC0120) Rusafa Directorate Police HQ: The Team met with the Commander of ERF who showed the Team his design for adding armor plating to the bed area and cab of the new Chevrolet pickups. He obtained scrap metal materials for constructing the basic framework of the armor, but will have to purchase plate steel from the market to complete the design. Logistics officer received the three cases of BKC ammunition and automobile paint from PTT. He said he will be picking up a supply of AK and BKC ammunition from the Baghdad Main warehouse.

(BC0123) South Karkh Traffic Police Station: The station power grid was down for 24 hrs plus. The emergency generator is operational, however, fuel is cost prohibitive. The Team monitored random traffic control points as the traffic police only did two out of the three checks. Traffic officers said they were ordered into the Red Zone by BG [redacted] The Team will be meeting with BG [redacted]

(BC0147) Baghdad River Police Training Center: Colonel [redacted] conducted a 2 hr. block of instruction to the IPs that are scheduled for the Stennis, MS training. He went over military/law enforcement conduct and things they need to pack for MS. The Team met with the Embassy TOC to discuss duties and responsibilities of the IPs conducting patrols in the area of the Embassy.

(BC0401) Baghdad Taji IHP Station: JCC advised that four of the new Chevrolet patrol trucks (assigned to Taji IP) needed to be returned to Camp Cooke. JCC also advised there would be four repaired patrol vehicles that needed to be picked up. These vehicles would be assigned to the IHP. A joint patrol was gathered for the transfer. The total number of vehicles assigned to IHP is eight (with two still needing repair). A night patrol was also conducted with IHP escorting the PTT to Camp Cooke to drop off the JCC generator for repairs.

An Najaf
No Station Visits conducted on this date.

Karbala
No Station Visits conducted on this date.

CPATT IPLO DAILY SITREP

Babil (b)(3), (b)(6)

(BB0500) Al Hilla Regional Police Academy: The Team accepted LSR deliveries 2606 and 2607 for Al Hilla. The Team counted the ammunition (PKC, 9mm). The Team contacted Babil Provincial Logistics Officer, where he verified the shipment of ammunition and accepted it as complete.

Tikrit (MND-CW) (b)(3), (b)(6)

Diyala (b)(3), (b)(6)

CAMP DAWES - FOB WARHORSE -Governate Center PTT: A meeting was held with BG [redacted] Chief of the National Information and Investigations Agency (NIIA), of Diyala Province. BG [redacted] said that he expected that the higher level of violence and insurgency activity in Diyala Province would continue through the upcoming Ramadan religious holiday. He stated that it has been his experience that the disruptive elements use the occasion to undertake violent activity supposedly directed against violators of religious prohibitions, but, in fact, designed to terrorize the local population.

The proposed syllabus for a basic intelligence course was approved by the BG and twenty of his officers will begin this training on 17 Sep at the local Joint Communications Center (JCC). The course will include rudimentary information concerning agent acquisition, handling, and reporting and, hopefully, will encourage some of the NIIA Officers to initiate some independent intelligence collection activities. We will collect detailed biographic information on these twenty officers for future reference.

(TD0275) Diyala Provincial JCC: PTT met with the Internal Affairs Department (IAD) chief COL [redacted] During the meeting COL [redacted] discussed with the team his method of investigations. He stated that once enough information (intelligence) is gathered to bring forth a case against a police employee, he will request that the Chief of Police form a committee to investigate the charges further. He then turns the case over to the Chief for prosecution. [redacted] was concerned about leaks of confidential information that could exist within the Chief's office.

Ali was also concerned about his equipment. He is in need of weapons both rifles and hand guns. He needs computers and power regulators, office supplies, vehicles and other misc. equipment. He prepared a request of these items.

He reports that his department is 100% trained.

(TD0016) Mufrek Local Police Station: MAJ [redacted] did advise of one incident that occurred several days ago in his area of insurgents distributing leaflets in the area that told the women to dress appropriately or they would suffer the consequences. The leaflets were collected by his IP and sent to the HQ.

(TD0607) New Ba'qubah Local Police Station: PTT conducted a station visit at New Baqubah Local Police Station for the purposes of conducting a PSMR evaluation. The team conducted the interview with newly appointed Chief, COL [redacted] who has only occupied his current position for the last three days, having just been reassigned from a logistics position at the Diyala IPS HQ.

The Chief advises that his staff currently totals 37 (9 officers, 28 IP). No training is currently ongoing.

Compiled by [redacted] (b)(3), (b)(6), (b)(2) 6/16/2008

CPATT IPLO DAILY SITREP

PTT advised the chief, that prior to his assignment, there was a contract approved for renovation of the entire station. The Chief asked if it would be possible to advance force protection, primarily through the erection of barriers on the hospital side of the complex, and the placement of four large spotlights on the four corners of the compound. He was advised by CF that such improvements could be funded if he obtained a contractor estimation bid. The chief further advised there is no generator; the facility is currently powered through a hook-up to the hospital.

While touring the station, it was noted that one prisoner had been held in lock-up for 15 days. It was bought to the Chief's attention that no prisoner could be held in the station lock-up for more than 48 hours, and that it would be necessary to transfer the prisoner to the appropriate facility by tomorrow morning at the latest. The Chief assured that this would be done, and CF advised that they would verify this at that time.

Salah Al Din (b)(3), (b)(6)

Camp Speicher PTTP Salah Ad Din-(TA0080) Salah Al Din Provincial HQ: PTT met with LTC (b)(6),(b)(7)c on this date in the absence of MG (b)(6),(b)(7)c and BG (b)(6),(b)(7)c. The topic of the discussion for this meeting was the protection of the city of Tikrit during the upcoming TOA.

Camp Kaufman-(TA0084) Samarra District Police HQ: PTT met with CPT (b)(6),(b)(7)c and LT (b)(6),(b)(7)c of QRF to discuss several issues. LT (b)(6),(b)(7)c explained to PTT that salaries for Samarra IP and Tikrit IP differ by approximately 9 thousand Dinars. LT (b)(6),(b)(7)c advised this is a big problem with the IP because of the work that is being done in Samarra by QRF IP, but they are getting paid less than Tikrit.

PTT coordinated with CPT (b)(6),(b)(7)c on a mission using intelligence provided by informants. The mission was to capture a known AIF member who was currently working in the SDI Plant. After receiving the information, PTT assisted CPT (b)(6),(b)(7)c with putting a plan together to ensure success. CPT (b)(6),(b)(7)c executed the mission and was able to capture the suspect without incident.

PTT met with WO (b)(6),(b)(7)c PD Main Armor. WO (b)(6),(b)(7)c stated that he had received an ammunition re-supply request from the QRF Battalion. As part of the request, it had noted that the IP had fired 4,000 rounds yesterday after the IED detonated on the IP vehicle. WO (b)(6),(b)(7)c stated that this was completely unacceptable, for so many rounds to have been fired and PTT agreed. WO (b)(6),(b)(7)c stated that CPT (b)(6),(b)(7)c had already addressed the IP from the QRF Battalion in reference to the issue.

At Tamim (b)(3), (b)(6)

(TT0022) Meghdad Police Station: PTT convoyed to Meghdad Police Station and met with the Executive Officer who advised the station did not have the PSMR data that was requested.

PTT observed that the station is not being administered as it should be since the Chief went on vacation. This is the second time the team has tried to obtain the PSMR data.

(TT0034) Kirkuk Training Center: PTT convoyed to the Kirkuk Training Center and met with COL (b)(6),(b)(7)c. COL (b)(6),(b)(7)c stated that all classes are proceeding well and there are no current issues to address.

PTT observed the IED Recognition & Reaction course that included a controlled detonation, this class now has a total of 52 students.

Compiled by (b)(3), (b)(6), (b)(2) **6/16/2008**

CPATT IPLO DAILY SITREP

COL [redacted] (b)(6),(b)(7)c advised that there will be no classes Wednesday or Thursdays due to a mandatory accountability inspection on Wednesday. COL [redacted] (b)(6),(b)(7)c stated that classes will resume on Sunday.

(TT0005) Kirkuk Provincial HQ: PTT convoyed to the Kirkuk Provincial HQ and met with GEN [redacted] (b)(6),(b)(7)c, he reports that on a specified day all IP including those holding rank positions will report to their assigned Stations to complete a personnel form that will reflect their name, rank, badge number and duty assignment. Once this is complete, it will be compared with the MOI payroll roster to verify both employment and rank. This process will be under the direction of LTC [redacted] (b)(6),(b)(7)c MAJ [redacted] (b)(6),(b)(7)c and COL [redacted] (b)(6),(b)(7)c and will also be monitored by the PTT.

At the request of the Kirkuk Water and Plumbing Management, a letter will be presented by the CF with an explanation as to the immediate need to rectify the water and septic situation at the Kirkuk Training Center. Once this has been submitted, the installation fee of $2,240 will be waved and the work will proceed.

PTT was advised that the two detainees that had been held in Hawijah for the past 18 months are being transferred to Kirkuk for transport to Baghdad.

PTT was advised that there was a joint IP/IA operation in Hawijah yesterday evening that erupted in a fire fight with insurgents. It is reported that a high level member of the insurgency was injured. The insurgent was identified as, [redacted] (b)(6),(b)(7)c who was transported to Kirkuk for military care of his wounds. PTT was advised [redacted] (b)(6),(b)(7)c will survive his injuries and will be held pending criminal charges. No IP or IA were injured during the conflict.

There was a demonstration in Taza in reference to the change in administration at the oil industry. IP responded and the demonstration remained peaceful, there were no incidents to report.

Mosul (MND-N) [redacted] (b)(3), (b)(6)

Ninewah [redacted] (b)(3), (b)(6)

(MN0056) NPHQ: On 12 Sep 06, PTT traveled to and from NPHQ without incident. Upon arrival, PTT met with PDOP Wathuk, General Jahmal from the IA and CF command staff. In addition, present during the meeting was the Governor of the Ninewah Province. The Governor was briefed on the upcoming proposed operations in and around Mosul and the PDOPs plans appeared to be received well by the Governor. The specifics of the meeting will be left for CF to report, over a secured Internet line for security reasons. General [redacted] (b)(6),(b)(7)c and CF also pledged full support of the operations and they will be reported on by PTT as they take place. PTT will also work closely with the PDOP, and assist in any way possible, to make the operations a success.

A weapons and ammo inventory was conducted by General [redacted] (b)(6),(b)(7)c and the following information was obtained. Ammunition totals are as follows: 195,000 AK /7.62x39, 52,000 Pistol / 9mm and 21,000 PKC / 7.62x54. General Rasak states that they are below their inventory levels for the province. Weapons totals are as follows: 140 AK-47's, 47 Glock Pistols, 4 PKC Medium Machineguns, and 22 RPK Rifles.

A vehicle inventory for the Ninewah Province was conducted today by General [redacted] (b)(6),(b)(7)c and PTT was informed that 1,132 vehicles are in operation in this region.

CPATT IPLO DAILY SITREP

(MN0136) Al Ahrar LPS: PTT visited Al Ahrar LPS today and met with LTC [redacted] (b)(6),(b)(7)c LTC [redacted] (b)(6),(b)(7)c reported to the PTT that the station had conducted both checkpoints and patrols today. LTC [redacted] (b)(6),(b)(7)c advised that criminal activity in the LPS response area was minimal and station operations were back to normal after moving back into the same building with Al Suweis LPS.

LTC [redacted] (b)(6),(b)(7)c reported to the PTT that no IP had quit recently and that the station still needed more IP.

LTC [redacted] (b)(6),(b)(7)c reported that the station was receiving fuel for the trucks with no problem. They were advised that the station would not receive additional fuel for the generator because Al Suweis LPS was responsible for the fuel.

(MN0070) Al Suweis LPS: PTT visited Al Suweis LPS today and talked with MAJ [redacted] (b)(6),(b)(7)c. The MAJ advised the PTT that a citizen had reported a female in the area that was supporting the AIF by distributing flyers. The MAJ could not advise the name or address of the female. MAJ [redacted] (b)(6),(b)(7)c advised PTT that the Al Suweis LPS had a night patrol planned and had conducted two patrols and checkpoints today.

The PTT observed five inmates in the jail but the records only showed one inmate. MAJ [redacted] (b)(6),(b)(7)c told the PTT that a female accused one of the inmates of stealing her pocketbook and when the IP arrived, four other men in the shop advised the IP the man accused did not take the pocketbook. The accused and the four witnesses were detained and taken before a judge. MAJ [redacted] (b)(6),(b)(7)c advised PTT that the judge advised the IP to keep all five in jail tonight and bring them back to the judge tomorrow. No login procedure is currently being used at the Al Suweis LPS jail but MAJ [redacted] (b)(6),(b)(7)c agreed to work with the PTT to develop standard forms for the jail and implement the use of the forms.

MAJ [redacted] (b)(6),(b)(7)c reported to the PTT that three IP from the Al Suweis station were jailed at Al Nasir. The MAJ advised that one of the IP was jailed when he was fired and failed to return his duty weapon to the station. MAJ [redacted] (b)(6),(b)(7)c also advised that the weapon has not been recovered.

MAJ [redacted] (b)(6),(b)(7)c advised the PTT that the station had requested food rations through Nasir but still had not received any word about the request and the IP still had to purchase meals at the market.

(MN0209) Avgani LPS: IP are conducting patrols and TCP's in and around the area, however the lack of fuel has limited the quantity of patrols. The station commander advised PTT that TCP's would be extremely uncomfortable in the upcoming months without shelter and warming ovens.

Finance OIC was present at the station today and advised PTT that five IP have not received pay, some for eight months and others for six months. PTT was informed that the lack of pay is affecting moral with the IP. PTT was advised that Tal Afar district headquarters has been made aware of the situation by telephone; however, there are still no results concerning this matter. PTT advised Finance OIC to submit a written grievance to district headquarters. This was done while PTT was on station and PTT was given a copy of the document.

CPATT IPLO DAILY SITREP

The Police Station is not logistically sound. The police station consists of four mobile trailers, used as offices, and a small tent in the middle of the compound, used for sleeping quarters.

PTT conducted training involving eleven IP and one officer on how to maintain active engagement on known/established target/targets.

(MN0076) Tal Afar DHQ: PTT traveled to DHQ. Reference basing; PTT met with station personnel concerning the possible building of additional IP stations. PTT discussed the situation in Tall Afar and determined it was progressing well. Station leadership was addressed reference equipment, manning, training, and future plans, goals and needs that would be addressed and improved upon. PTT continued working toward completion of this month's PSMR.

(MN0068) Al Somer LPS: PTT met with MAJ [redacted] and discussed the current activities within his AO and patrol operations. MAJ [redacted] informed the team that his IP are conducting regular patrols now with the IA, and enjoying good cooperation.

Staffing levels for this station remain critically low to support effective operations; this is compounded by the number of IP attending training at the academy. Additionally, the station has a total of five officers including MAJ [redacted] (Station Commander) assigned, of which one is in training for the next two months, and one is off-duty recovering from an IED attack. Therefore, only three officers are currently working at the station, which does not allow for any time off. This situation needs to be addressed immediately, by district and NPHQ. PTT will discuss with Al-Nasir DHQ.

PTT discussed re-introducing the concept of regular in-service training for the IP assigned to the station again, with MAJ [redacted]. PTT reached an agreement with MAJ [redacted] that will be implemented within the week by PTT.

(MN0923) Al Yarmook LPS: PTT arrived at Al Yarmook and spoke with CPT [redacted] PTT advised him that PTT had received notice that the new IP station was ready to be manned. PTT still needs to gather information from CPT [redacted] on where he wanted the old T-barriers to be moved at the new station.

The station is still without there main generator, its unknown at this time on what the delay is.

PTT and IP [redacted] along with CPT [redacted] conducted QRF drills with twenty new IP and worked on patrol techniques by running a scenario that their patrol was under attack at a TCP.

(MN0009) Al Hadba DHQ: The Team completed gathering sufficient information to complete this month's DSR. The Team worked with LtCol [redacted] Training Officer and he scheduled a demonstration encompassing several police tasks the Team had been training the Headquarters IP to perform during the past month. He utilized a platoon of 24 on duty IP for the demonstration. LtCol [redacted] had the platoon perform a short physical training exercise, drill and ceremony with a rifle, a Quick Reaction Exercise to an imagined assault on the Headquarters, and squad weapons handling drills. The Team observed that all facets of the exercise were performed enthusiastically and competently by the IP.
The Team then spoke with Major [redacted], Investigations Officer and continued to Review class material for next weeks Iraqi Penal Law Classes.
The Team observed the IP did conduct a routine police patrol within the District's patrol zone between 0930 and 1030 this date.

Compiled by [redacted] **6/16/2008**

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

(MN0023) Al Rashedia/ LPS: PTT traveled to this police station for inspection on this date. PTT met with Col. [redacted] and there appeared to be no issues concerning the police station at this time. Iraqi police were alert and at their assigned post. Uniforms were clean and were neatly pressed. This was a scheduled visit. The primary purpose was to find out the status of the sand bags for barrier protection for the police station. No sand bags had been filled. They were lying where PTT had placed them when they were delivered. Training was also discussed with the station commander. He requested weapons training and investigations courses be made available. PTT informed him there would be an investigations class at Abi Tamaam this Sunday at 0900. He stated two investigators from his station would attend.

(MN0928) Abi Tamaam/ DHQ: PTT conducted a station visit today and met with General [redacted]. He appears to be pleased with recent joint CF/ PTT operations with his IP. Continuation of future joint operations and patrols were discussed. These joint operations not only allow PTT to observe the IP ability to perform but also give them a sense of security which allows them to focus on their objectives. Continuing training in investigations was discussed and a class was scheduled for this weekend. IP investigators from subordinate stations are expected to attend in addition to HQ investigators. No SIGACTS were reported on this date and station operations appear to be running smooth without major flaw.

(MN0381) Al Zuhoor/ LPS: The PTT is working with the station commander on preparing a team for violent situations in the jail. Tonight we focused on searching and containing violent inmates. The training will be conducted on several trips to the station.

(MN0214) Al Waqaas LPS: Today the team traveled to Al Waqaas LPS and talked with Station Commander Maj. [redacted]. The team talked about setting up and scheduling a 90 day sustainment training program and placing Lt. [redacted] over it. Under this continuing program, the trainer will constantly cover issues relative to police work and do it in a repetitive way.

The Iraqi Code of Law was given to Maj. [redacted] today to assist the station in making the correct charges of arrested individuals. This will be placed on the station computer when they receive one. Also discussed today was giving the IP at Al Waqaas several classes in Iraqi law.

PTT instructed the stations Internal Investigations Officer (Oday) in proper ways to develop and make proper investigations of IP relating to human relations.

It was learned today after returning from a one hour joint patrol with three IP from Al Waqaas that MAJ [redacted] was targeted for assassination today. The details are rather sketchy right now but from the information obtained it seems that one assailant (unknown) driving a white VW while passing MAJ [redacted] home fired a 9mm pistol at MAJ [redacted] striking him in the jaw and left arm. It is not known at this time if he was struck with one or two bullets. When the team returned back to the station from the joint patrol and learning this about MAJ [redacted] the team immediately departed Al Waqaas and went to the hospital to check his condition. Upon arriving at the hospital the team learned that the injuries to MAJ [redacted] are not life threatening and he even managed to talk to the team for a moment before doctors took him in for surgery. The team will continue to monitor the condition of MAJ [redacted] and the progress of the case on the individual (s) associated with this incident.

The IP who was assigned to Internal Affairs received no training from personnel at Al Habda District even though he reports to Maj [redacted] at that location. The commander agreed to establish a program to sustain and improve the level of training at the station.

Compiled by [redacted] (b)(3), (b)(6), (b)(2)

6/16/2008

CPATT IPLO DAILY SITREP

(MN0228) Barsheaka LPS: PTT spoke with the Chief in reference to the lack of fuel for his patrol vehicles. The Chief still has the same issues of lack of vehicles, supplies, and fuel as mentioned in the previous report. The station still has not received any new patrol vehicles or supplies. The military did in fact pick up the generator to have it repaired.

No problems were reported. All IP have been receiving their pay. Eight IP have resigned. The Chief stated that the IP quit because they are asked to patrol in Mosul, which is very dangerous. The IP feel that they should not have to patrol an area that is not theirs.

Vehicle search and evidence collection was conducted by the PTT and the military. The training was very successful. A follow up to vehicle searches will be conducted along with first aid on the next visit.

(MN0110) Bartilla LPS: Follow up on status of the Sultan brothers that were arrested on the last visit. No further information has been found in reference to afore mentioned prisoners. It is known that the Sultans are body guards for a Col. [redacted] (b)(6), (b)(7)c The prisoners have been transported to Mosul as of this visit.

(No FFID#) Major Crimes Unit : MCU/ PTT met with Colonel [redacted] (b)(6), (b)(7)c the MCU Commander, and Investigator Lieutenant Colonel [redacted] (b)(6), (b)(7)c to mentored and advised them on a case they were investigating from the night before. Colonel [redacted] (b)(6), (b)(7)c was interviewing two suspects he arrested that night.

As a result of this investigation, on 11 September, three subjects were detained and a cache of weapons, ordinance and six vehicles were seized by IP.
Items seized: Three (3) (122 mm) IEDs, sixteen (16) AK-47s and numerous BKCs, Grenades, rocket launchers and ammunition.

Irbil

(MI0905) Irbil Airport Security Police: Irbil PTT met with Dohuk PTT at the Irbil International Airport for the movement of 200 outbound and 329 inbound IP for JIPTC. The airport security staff coordinated the shuttling of IP and security searches. The movement was completed without incident.

(MI0056) Quandil Emergency Police: PTT met with station commander at Quandil Emergency Police and conduced a station inventory PSMR. PTT was advised that there had been a name change of one of the two stations within their building. PTT obtained information to update and change the data on the current PSMR.

(MI0100) Soran Directorate: PTT met with the station commander at Soran Directorate and Soran District Police HQ in reference to doing a station inventory PSMR at two stations in their District. PTT learned that one of the stations, Hiran Local Police Station no longer exists and was given directions to the other station. PTT will obtain further information on personnel and equipment from Hiran on another visit as soon as time permits.

(MI0035) Irbil Traffic Police Headquarters: PTT met with Gen. [redacted] (b)(6), (b)(7)c to discuss the loss of personnel over the summer and the low pay. The men that are left are working harder. Where they use to have two traffic officers, they now have one. This seems to have cut down on the complaints about the pay. Due to religious holidays and the low pay he doesn't expect to replace those who have quiet anytime soon.

PTT discussed the Basic Criminal Investigation classes given to the MOJ Investigating Judges Investigators and MOI Provincial Police Investigators. Gen [redacted] (b)(6), (b)(7)c said he was aware

of the class and would like to have two Traffic Investigators attend. He offered the use of the classroom in the New building for General Directorate of Traffic.

(MI0036) Irbil Police Maintenance Garage: PTT met with Col [redacted] (b)(6),(b)(7)c to discuss logistical needs for the police maintenance garage. He said their needs have not changed. They still need mechanic tools and some remodeling for the garage. Some equipment was promised which they never received. Now he is told they are to receive new vehicles. Col [redacted] (b)(6),(b)(7)c said no matter how many vehicles they receive, it will be difficult for them to maintain without the proper mechanic tools and equipment.

Sulaymaniyah [redacted] (b)(3), (b)(6)

(TS0008) Sulaymaniyah Provincial Police Headquarters: PTT members met with Colonel [redacted] (b)(6),(b)(7)c (Logistics) and inventoried the 50 repeater kits delivered by PTT members the night previous. All kits were re-inspected and hand receipts to be prepared. A request was made for technical assistance in the installations.....this request is the subject of ongoing dialogue with CPATT.

MG [redacted] (b)(6),(b)(7)c was again presented a summary of each training team's general course of instruction and advised that each team operated throughout the Province, a fact well-known to him. He was then given a historical presentation on the Investigative PTT efforts throughout the province, the numerous meetings, and discussions had about lack of capabilities, remedial recommendations, and shelved requests for readily available internal support by way of facility use, reorganization and both training and basic equipment requests. MG [redacted] (b)(6),(b)(7)c was briefed on the current courses of actions which proved necessary, to include bypassing the MOI and seeking cooperative assistance from the MOJ. MG [redacted] (b)(6),(b)(7)c was then briefed as to the recommended and implemented course of action with respect to training initiatives. MG [redacted] (b)(6),(b)(7)c verbally agreed to these recommendations and COAs, but insisted upon his direct involvement in selection of those to be trained, citing that crime scene technicians require extraordinary terms of instruction, preferably abroad. MG [redacted] (b)(6),(b)(7)c was advised that this was not the case and that the goal was to institute basic capabilities within a reorganized investigative structure acceptable to the courts. MG [redacted] (b)(6),(b)(7)c accepted this in part, with personal reservations. MG [redacted] (b)(6),(b)(7)c is to attend an ongoing training session on 091306 (administered in his headquarters building). He further agreed to send a member of the department with Investigative PTT members to a local camera shop to purchase digital cameras which for the previous four months were reportedly unavailable.

(No FFID#) Sulaymaniyah Asaish Main HQ: The Asaish PTT held today pistol training at the Sulaymaniyah Police Academy. The PTT instructed and assisted the eight Asaish agents with firearms safety and firing the firearms course. All agents did very well with the PTT Instructor seeing an overall improvement in the student's performance.

(TS0085) Saraa Police Station: The Community Policing PTT met with Lt. [redacted] (b)(6),(b)(7)c and Major [redacted] (b)(6),(b)(7)c at the Sulaymaniyah Main Hospital near the Saraa police station.

The group then had training for the next five hrs on the policing programs and security ideas for the hospital. The PTT taught subjects on Police Ethics and police tolerance with others view points, beliefs, and practices. The Basic Human rights of all people in a democratic society was discussed and the benefits to a positive interaction with the public.

The PTT team explained that the police need to build a partnership between the police service and the community to ensure that the police continually provide quality services to the public.

CPATT IPLO DAILY SITREP

(No FFID#) Sulaymaniyah Provincial HQ: The Investigations PTT talked with Major General [redacted] about the problems with his officers getting the funding for badly needed equipment. MG [redacted] was briefed on the problems the Crimes and Evidence Unit was having in getting their requests for equipment past the first level.

MG [redacted] pledged his support and cooperation to resolve these issues of equipment recon ordering. The PTT will return to the Crimes and Evidence and brief them on the meeting with MG [redacted] and have them resubmit their paper work for equipment.

(TS0009) Sulaymaniyah Internal Defense Battalion: The Tactical PTT met with the Internal Defense Battalion of the Sulaymaniyah Police.

The next hour of instruction was a review of basic first aid which entails the different ways to control bleeding and the treatment for shock. A short block was presented on Officer Awareness.

The PTT then presented the proper interview stance for IP to use when interviewing suspects and the general public. The basic diamond formation and reaction drills to threats was also reviewed and practiced.

The PTT then moved on to the practice of planning and using the proper routes for VIP transportation. The students were given examples of code to be used while communicating with each other.

The Glock class continued with cleaning and maintaining the weapon. There were thirty students for VIP Protection and five for the Glock.

(TS0015) Bakrajo Police Station: The Force Protection PTT conducted training for Bakrajo Police Station consisting of fifteen IP from Team A.

Today's Class was conducted with the hands on practical on the subject of Vehicle Searches and Station Defense Drills. Students were given a demonstration of a Vehicle Search and then required to complete the practical. Station Defense Drills were then practiced. Students were given a scenario of a station attack and were required to react accordingly.

Dahuk

(MD0002) Dahuk PHQ: Two PTT members were in Irbil to ensure that the 20[redacted] Dahuk Police slated to attend the next Basic Academy class in Jordan encountered no problems departing. No visit to provincial headquarters was possible this date due to scheduled ongoing training and the above mentioned trip to Irbil.

The six students attending the firearms "train the trainer" course spent the first part of the day on the range with the Glock pistol and were later taught a basic first aid course that concentrated on treatment of injuries that an instructor might encounter and have to deal with while teaching firearms.

PTT members conducted the third and final day of Advanced Shooting Tactics with the first squad of the Dahuk SWAT team. Training consisted of shooting with movement drills, team coordinated advance drills with live fire and ended with a qualification. The eight squad members all did very well.

CPATT IPLO DAILY SITREP

Ramadi (MND-W) [redacted] (b)(3), (b)(6)

Al Anbar **unassigned**

(RA0084) Baghdadi Local Police Station: PTT convoyed to the District Headquarters. PTT assisted with transport of 195 IP candidates to Al Asad for shipment to training at JIPTC. Twenty-nine JIPTC graduates shipped from Jordan to Baghdad and awaiting transport to Al Asad. PTT convoyed back to Al Asad without incident.

(RA0083) Haditha District Police HQ: PTT assigned to the Hadithah District HQ transported two (2) IP candidates to facilities at Al Asad for BATS processing. Both candidates completed the BATS process and were cleared for IP training. PTT finished the IP Pay Roster for September and submitted it to higher authority. PTT returned the AK-47 rifle that was confiscated as reported. The weapon was returned to the IP Officer that was assigned to it.

(RA0102) Husaybah Local Police Station (JCC): PTT did visit the JCC, and deployed a second PTT member. This station maintains now two PTT's, who will rotate with some overlap. They will work at the JCC and be housed on a rotating basis out of Camp Gannon. This element will develop a plan, and procedures to assist the IP's in the establishment of a functional JOCK.

(RA0101)Tripoli Local Police Station: (Unknown FFID at this time)Three Mile Station (Sub-station) Tripoli Local Police Station. The PTT did visit the station today. The PTT investigated an explosion near the Police station yesterday and a disturbance later in the day. The IP's arrested suspects related to the offenses. The PTT mentored and checked the Daily Log and accountability.

(RA0092) Karabilah Station: The PTT did make a station visit today. PTT mentored and checked the administrative logs of the station. Station accountability of personnel and Officers appeared adequate.

(RA0072)Korean Village Rutbah: STP at KV inquired if PTT could provide a period of instruction for their platoon. PTT conducted a training session focused on weapons disarmament and immediate action drills for STP.

(RA0110) Rawah District Police HQ: PTT made a visit to the Government building today. During the visit, it is reported that an IED was thrown from a moving vehicle at the front gate guard and detonated. An IP was immediately taken to an emergency unit but, the IP died enroute. The IA have been removed from the Government Building by the MIT Team. IP absentee's at the station is an issue. The IP's are now utilized as force protection at the present time. The IPs are threatening to leave if the situation is not quickly remedied. The marines and IPs have had to stand in as a supplemental force protection unit in place of the removed IA. PTT has called for a "Stand Down" in training until the force protection issues can be addressed and the area made safe for such training.

(RA0013) Fallujah District Police HQ: IPs are working on expanding the patrol armory. There was sufficient IPs reporting for proper patrol in various areas in Fallujah. PTT collected copy of equipment and supply list request to Supply Officer. IP officer advised budget report is being worked on. PTT received Equipment and Supply request from Patrol and Major Crimes Unit. Reports will be followed-up with IP Supply Officer. Major Crimes Unit and Patrol are reporting issues with attaining supplies and money for vehicle repair. PTT will review issues with CF. PTT is coordinating Firearms arms training for Major Crimes Unit, Patrol and QRF. PTT is also coordinating to monitor patrol procedures. PTT continue

to coordinate training plans for IP's. New IP's staff has been assigned to IP Training staff. A sufficient number of IP's reported for work this date.

Babylon (MND-CS) [redacted] (b)(3), (b)(6)

Al Qadisiyah [redacted] (b)(3), (b)(6)

(BQ0029) Provincial HQ Operations: Today the provincial PTT Team visited Three (3) Check Points in the Diwaniyah Area. Prior to visiting the Check Points, the Team went to the Provincial Operations Center to obtain the latest information concerning the Check Points. MG [redacted] (b)(6), (b)(6)c Provincial Operations Chief was not at the Operations Center. The On-Duty Officer was not familiar with the locations of the check points and was unable to assist the Team. The lack of adequately trained supervisor at the Operations Center will be brought up with MG [redacted] (b)(6), (b)(6)c at our next meeting, with a recommendation of intensive training for personnel.

(U/K FFID#) Falcon Check Point: After leaving the Operations Center, the Team traveled to the Falcon Check Point. At this location, the check point was manned by check point police, and approximately twenty meters away, ECP2 personnel were conducting a check point at a traffic circle. The PTT team observed both units checking vehicles. We questioned them on what they were looking for and we were told that they were checking all vehicles that didn't have license plates or dark tinted windows.
While watching them work, the team assisted the officers in some aspects of vehicle checks, but it was noted that more training and motivation is need.

(BQ0043) Sadeer Check Point: The second check point the PTT team visited was the Al Sadeer Check Point, which is a permanent check point. This was a well supervised and trained check point. The check point is well maintained, but there were several problems with the building which is only one and a half years old. The walls are cracking, and in one of the break rooms, the floor is buckling up causing a large bump in the middle of the floor. The officer in charge stated that the need more personnel at this check point. He said that he only and seventeen (17) personnel stationed at the check point, and only two (2) Officers assigned. He said that he needed more personnel to man the check point effectively and at lest one (1) more officer in case one of the officers should get sick of have to take a day off. The check point also didn't have adequate security lights at the check point.

(U/K FFID#) Old Afak Road Check Point: The third check point visited by the PTT Team was a new check point called Old Afak Road Check Point. This is the consolidation of two previous check points which were relocated at the edge of town. It was quite obvious that this check point was poorly supervised. While observing the check point personnel, a call was received from Provincial Headquarters to be on the lookout for a Black Daewoo car. The vehicle was reported to have two armed persons in the vehicle. In a span of approximately fifteen minutes, three (3) Black Daewoo cars passed through the check point without the check point personnel stopping the vehicle. The PTT Team will be meeting with the Command of personnel and discuss options and plans for correcting check point deficiencies.

Wasit Province [redacted] (b)(3), (b)(6)

The PTT team work in two teams this date. One team went out to check on checkpoints and the other part of the team remained behind to check all the equipment that arrived several days ago. The team listed all serial numbers on all 496 hand held radios and the base stations and double checked the LSR sheets to make sure all equipment was accounted for.

CPATT IPLO DAILY SITREP

It was learned by the PTT team that the Maida Militia had attacked the Damoo checkpoint two days ago; this checkpoint is located north of Al Kut by the river. There was a large exchange of gunfire but no reported injuries and there were no arrests made at this time. It is unknown why the militia attacked this particular checkpoint. The fighting stopped when the Al Kut SWAT team made an appearance and the militia went into retreat.

Basrah (MND-S) [redacted] (b)(3), (b)(6), (b)(6)

Al Muthanna [redacted]

Al Khidr experienced a confrontation with JAM concerning the arrests of three JAM members for murder. Approximately 20-25 Jam members surrounded the Al Khidr IP station between 1500-2130 yesterday. CPATT members are planning to address this issue as well as other JAM influences with the Mayor of Al Khidr in the upcoming meeting taking place soon.
Reports have been received alleging that JAM is planning three separate attacks in three major cities in the Muthanna Province soon. This is in response to the above arrests reportedly instigated by the Australians. The Australians are increasing their media presence with the local television and newspapers to combat this rumor and lessen the influence of JAM.

CPATT team members [redacted] (b)(6),(b)(7)c and [redacted] (b)(6),(b)(7)c are currently traveling with Australian Bravo Company as OP Don #6 has commenced. The focus and emphasis of their planned meetings will be a continuing assessment of the threat level specific militias such as JAM is posing to specific communities. CPATT team members will serve as consultants and advisers to key law enforcement personnel in order to advance specific strategies designed to impede and deter JAM affiliates.
