CPATT IPA-OPERATIONS DAILY SITREP

04 September 2007

Baghdad (MND-B) [redacted] (b)(6), (b)(7)(c)

Baghdad [redacted] (b)(6), (b)(7)(c)

(BC0002) Abu Ghraib Local Police Station: (TRA Level 3) The team suggested to the force protection supervisors that they begin keeping a daily log of civilians visiting the police station. The team witnessed several citizens being stopped and searched near the front gate; however, there was no system in-place to account for citizens after they were allowed entry onto the premises. The team also reinforced the vehicle search procedures to IPs responsible for force protection. It seems that on a few occasions, team members witnessed force protection IPs allowing privately owned vehicles belonging to IP's reporting for duty, to drive into the station without conducting a search of the vehicles.

(BC0003) Airport Police Local Police Station: (TRA Level NA) The team monitored the Guard Mount to observe the inspection and briefing process. The team met Colonel [redacted] (b)(6), (b)(7)(c) and discussed operations. Training was conducted for 5 IPs at the BIAP Station covering First Aid. Training was conducted for 4 IPs at the French Village Sub-Station was also First Aid. Team members monitored IPs performance at the terminal and provided mentoring when necessary. Special emphasis is placed on IPs practicing good officer survival and weapons retention techniques during the course of duty.

(BC0013) Al Dorah Traffic Police Station: (TRA Level 2) The team discovered several rusty weapons during an inventory of the Station's Armory. The team instructed the Armorer on the cleaning of weapons and the prevention of rust.

(BC0028) Al Karkh Police Directorate HQ: (TRA Level 2) The team spoke with the Command Staff in reference to ammo, weapons, vehicles and training. The information will be passed on to the appropriate IPAs.

(BC0033) Al Karkh Patrol Police Station (West): (TRA Level 2) The Station Commander advised the team he felt personnel at his Station had developed a very effective training program. The team will meet with the training officer in the near future to offer assistance and further guidance.

(BC0039) Al Mamum Local Police Station: (TRA Level 2) The team conducted training today concerning Officer Safety, with emphasis on the proper way to approach a suspect vehicle.

(BC0042) Al Meshahadah Local Police Station: (TRA Level NA) The team monitored Close Quarter Battle training conducted by Lieutenant [redacted] (b)(6), (b)(7)(c). Lieutenant [redacted] (b)(6), (b)(7)(c) did an excellent job of instructing a very comprehensive course.

(BC0051) Al Rasheed Local Police Station: (TRA Level 3) The first Combat First Aid class was held and attended by seven IPs. IP's were given training on the importance of controlling bleeding with both tourniquet and pressure bandage, assessment of injuries, splinting for fractures as well as force protection during incidents involving injuries.

One officer was mentored on the importance of searching detainees and their possessions prior to transport. He also was mentored on proper documentation of times and vehicles used for the transportation of detainees.

Compiled by [redacted] (b)(6), (b)(7)(c)
Email: [redacted] (b)(6), (b)(7)(c)

The team escorted the Station Commander and a security detail with 19 detainees to Baghdad for transfer.

(BC0052) Al Rashidia Local Police Station: (TRA Level 3) While the team was conducting an inventory of the armory the team discovered several ballistic vests were missing. The team expressed strong concerns to the Sergeant in charge because the team had completed an inventory just days earlier. The team was additionally concerned because the team had just delivered the Armory 10 new vest. The Arms Room Sergeant could not or would not give an acceptable answer for the missing vests. The Station Commander was advised of the situation. Team will conduct a follow up during the next visit.

(BC0061) Al Seilkh (Railway) Local Police Station: (TRA Level UNK) The team was approached about conducting training on NVG's the station had been issued. The team learned that the station was issued 12 sets of Generation 1 night vision by Coalition Forces at one time but had received no training on how to use or care for them. The team familiarized Lieutenant [redacted] with the basic function of night vision equipment and gave a brief instruction on their use and maintenance. The Lieutenant intends to conduct a training class for several of his IP's with the team's assistance. The team will verify that this training does not violate operational security prior to any further assistance we provide. Lieutenant [redacted] also advised he has conducted several small classes using lessons from the MOI training plan and he intends to use the CD to print handouts and training materials.

(BC0062) Al Suleikh Local Police Station: (TRA Level 2) The Team continued processing IPs in to the HIIDE system. The team mentored the Officer in charge of the evidence room in regards to proper tracking and handling of evidence.

(BC0064) Al Taji Local Police Station: (TRA Level 3) The team identified a lack of ballistic vest for the IPs on patrol. The team asked the Station Commander if he had requested any replacement or new vest from MOI and the Commander did not provide a conclusive answer. The team inventoried the Armory and discovered they do not have a reserve supply of 9mm ammunition. The team asked the Armory personnel to complete the appropriate request and supply the team with a copy. The team observed the IPs conduct an entry and search of a residence; the IPs used good Officer Safety Tactics.

(BC0065) Al Taji Patrol Police Station (West): (TRA Level 2) The Station Commander reported the he was expecting to receive 100 new personnel in the near future. The Station Commander would like to prepare for the increase in personnel by requesting more equipment. The team asked the Commander to provide them with copies of any request so they can track the progress through their logistical contacts.

(BC0073) Al Yarmouk Patrol Police Station (West): (TRA Level 2) The team discovered the Station Commander has not been providing the team an accurate accounting of his personnel numbers. The team will assist the Commander with the gathering of personnel number by implementing a new technique.

(BC0074) Al Yarmouk Traffic Police Station: (TRA Level 2) The Station Commander reported the station is still not receiving fuel from MOI because the contractor believes the route to the station is too dangerous. The Commander has been tasking his personnel with transporting fuel from the distribution center to the station.

(BC0085) Baghdad Provincial Patrol Police HQ: (TRA Level NA) The team provided the Station's personnel with instructions on how to operate Falcon View. The team spoke with the training department in an attempt to organize a class for the range.

(BC0086) Baghdad Main Provincial Police HQ: (TRA Level NA) The Commander stated that several Officers have been promoted but have been unable to get the identification that demonstrates their new rank. The team is working on providing assistance to resolve this issue.

(BC0090) Boob Al Sham Local Police Station: (TRA Level 3) The team requested Station Commander prepare his IPs to get ready to begin conducting joint patrols in the near future. The station has not conducted joint patrols in the past because of the high level of insurgent activity, but now the team feels that it's the right time to resume joint patrols.

(BC0102) Mahmoudya Local Police Station: (TRA Level 3) A 2-hour training block of instruction was provided for 2 IPs on the care and handling of the AK-47.

(BC0122) Sheikh Saad Local Police Station: (TRA Level 3) The team recognized 3 IPs for their attention to duty for their part in recovering a vehicle with contraband consistent with material for the construction of EFPs. The IPs stopped a suspicious vehicle and during a subsequent search of the vehicle the suspicions items were discovered.

(BC0401) Baghdad Taji IHP Station: (TRA Level 2) The team is in the process of identifying a suitable classroom within the Taji Patrol Complex to allow training of IP's from Taji Patrol as well as Al Khadamiya Patrol. The team is also trying to allocate a specific office for the Station Training Officer as well.

(BC0625) Mahmoudiyah Patrol Police Station: (TRA Level 3) A 2-hour training block of instruction was provided for 2 IPs on the care and handling of the AK-47.
