CPATT IPA-OPERATIONS DAILY SITREP

20 September 2007

Babylon (MND-CS/S) [redacted] (b)(6), (b)(3)

Al Qadisiyah [redacted] (b)(6), (b)(3)

FOB Echo: V.I.S.T.A. program resumed with 15 IPs for the Basic SWAT course. The IPAs and Ukrainians prepared for the IPs graduation All three team members assisted with various training procedures such as building entries, vehicle assaults, combative, and firearms training. With weather cooling, training has inspired more work enthusiasm and we anticipate more effective training.

Babil [redacted] (b)(6), (b)(3)

FOB Kalsu: PTT conducted training on FOB Kalsu for 199 Iraqi Police Officers that will make up the North Babil ERU emergency response unit. IP's were trained in multiple team room clearing and using the Glock 9mm pistol.

(No FFID #) Tunis Local Police Station: (TRA Level 2) PTT made contact with Captain [redacted] (b)(6), (b)(7)(c), (Shift Commander), Lieutenant [redacted] (b)(6), (b)(7)(c) (Logistics Officer) and Lieutenant [redacted] (b)(6), (b)(7)(c), (Training Officer). The manning levels were obtained and Captain [redacted] reported that Tunis IPs had not been involved in any significant action or event since the previous PTT visit. Captain [redacted] then requested assistance from the PTT in coordinating the repair of an electrical junction terminal in the Tunis jurisdiction. Captain [redacted] explained that a crew of civilian workers, escorted by six Tunis IPs, needed to conduct repairs in a remote area outside the city. Captain [redacted] stated the junction terminal in question is located in an area of Tunis that is regularly bombarded by artillery based on FOB Kalsu. Captain [redacted] asked if any planned bombardment of the area could be suspended until the repairs were completed. The military component of the PTT coordinated with FOB Kalsu to allow for a safe span of time in the area to conduct these repairs.

Lieutenant [redacted] (b)(6), (b)(7)(c) provided PTT with a complete inventory of equipment that had been issued to the Tunis LPS, as well as the serviceability status of this equipment. PTT requested a list naming IPs who had been issued official identification badges from Lieutenant [redacted] (b)(6), (b)(7)(c) as follow-up on the issue from a previous PTT visit. Lieutenant [redacted] could not immediately produce this list due to computer problems, but estimated that 25-30% of Tunis' assigned IPs had yet to be issued official identification. Lieutenant [redacted] (b)(6), (b)(7)(c) stated he would compile the requested list as soon as he could repair the computer. Lieutenant [redacted] (b)(6), (b)(7)(c) also stated he was unaware of any efforts at the Provincial level to rectify this problem.

Lieutenant [redacted] (b)(6), (b)(7)(c) had not yet been notified by Major [redacted] (b)(6), (b)(7)(c), (b)(7)(d) that he had been designated as the new Tunis LPS Training Officer, but appeared to be motivated about the assignment. PTT recommended that Lieutenant [redacted] (b)(6), (b)(7)(c) and Major [redacted] (b)(6), (b)(7)(c), (b)(7)(d) implement a training regimen then advise PTT as to what can be done to assist with this training. In regards to equipment and personnel issues, Captain [redacted] (b)(6), (b)(7)(c) stated Tunis needs additional manpower and another vehicle in order to maintain 24 hour manning on the newly established checkpoint on MSR Christie. Capt. [redacted] (b)(6), (b)(7)(c) also stated the dirt driveway leading from MSR Christie into the Tunis LP Station needed paving. He stated the road will become impassable during the upcoming rainy season. PTT advised Captain [redacted] (b)(6), (b)(7)(c) that these requests needed to be pursued via the IP chain of command. Captain [redacted] (b)(6), (b)(7)(c) admitted that these issues had not yet been submitted up the IP chain of command, but expressed he did not have any faith that the issues would be resolved in a timely fashion once they are submitted. After

departing the Tunis LP Station, PTT stopped at a Tunis IP checkpoint on MSR Christie and conducted joint checkpoint operations for approximately 20 minutes.

(BB0043) Babil Iskandariyah IHP Station: (TRA Level 2) PTT made contact with Captain [redacted]. Captain [redacted] advised IPs manning Checkpoint 18.5 on MSR Tampa came under small arms fire on 09/17/07. He stated the IPs returned and suppressed the incoming fire and a later sweep of the area from which the incoming fire originated yielded no AIF casualties. There were no IP casualties as a result of the incident either. PTT requested a list of IHP IPs that possessed official identification from Captain [redacted] as follow-up on a previous PTT issue. Captain [redacted] stated he did not have these figures readily available but estimated 40-50% of the IPs assigned to IHP have not been issued identification badges. Captain [redacted] stated he has reported this issue to District Headquarters several times to no avail and stated he has yet to receive an identification badge either.

PTT visit was conducted in IHP's new station building that was recently completed. The building is spacious and well ventilated and lends a much more professional atmosphere to operations within the station. The former IHP station building is now under renovation and will be used as a barracks for IPs.

FOB REO: General [redacted] reported they have 9000 vests without any plates. Requests have been submitted to obtain 18,000 plates from MOI logistical support in Baghdad.

(NP9904) Iraqi Camp Charlie National Police Compound: (TRA Level 3) PTT assisted with Emergency Response Unit (ERU) training in the areas of Rule of Law. A representative from the State Department, along with a representative from the Babil justice system, gave a basic overview of Iraqi law and court system. The portions of law that governs the activities of the ERU were covered in-depth. The other two companies received training in the areas of Tactical Room Search and Triage.

Wasit

FOB DELTA: 4 IPAs were scheduled for a total of 6 PTT Missions. One PTT mission was cancelled by military personnel. All additional PTT missions were completed with out any incidents. Remaining IPAs not on mission help with second CLS academy training class conducted by military personnel.

(BW0015) Al Kut Local Police Station: (TRA Level 3) PTT members met with Lieutenant Colonel [redacted]. PTT collected biographical information from Commander Lieutenant Colonel [redacted] and the Deputy Commander. PTT mentored again on requests being submitted to Provincial HQ. Lieutenant Colonel [redacted] advised that his main day to day problems are with IPs being unmotivated, lack of community support and IPs spending their own money on basic supplies to function. PTT mentored him about these problems.

(BW0054) Wasit Provincial Police HQ: (TRA Level 1) PTT team met with the Wasit Provincial HQ Chief of Police General [redacted]. General [redacted] has been in his current role has the P-DOP since September 8, 2007. General [redacted] is becoming more familiar with his Province and his local IP staff. General [redacted] was asked if there were any issues with in the Province. General [redacted] expressed that he has requested a large number of weapons to support his local stations and IPs. When asked why so many weapons were requested, he stated because most of the weapons used by the local IPs are their own personal weapons and not Provincial-issued weapons. This causes a concern for IPs that can not afford a weapon or have never been issued a weapon due to supply issues.

PTT team met briefly with Colonel [redacted] / PHQ Administration Section. Colonel [redacted] only concern was he would like one centrally located room that would be large enough to store all administrative paperwork. He currently has his paperwork at several different locations with in PHQ.

(BW0630) Wasit River Patrol: (TRA Level 3) PTT members met with Commander [redacted] station Commander of River Patrol Station. Items discussed included; River Patrol shifts, location of boats / IPs and their functions. It was also learned that River Patrol falls under the control of Police Patrol then Provincial HQ. River Patrol Station has ten (10) boats total with one boat down for repairs. They are to provide a copy of repair request next time we are at station for follow-up by PTT members. Five of his IP's are temporarily assigned to Internal Affairs and Inspection Unit. PTT members are to bring a map so he can point out the substations and location of all boats / IP's. Commander also requested a map for his office.

(No FFID#) Wasit Traffic Unit: (No TRA Level) : PTT met with General [redacted] the commander of the Al Kut Traffic Division. He said, his unit worked under the MOI and did not report to PHQ. He also advised his unit was responsible of all traffic posts and traffic control posts in the city, they handled all accident reports, enforced all traffic laws and arrested traffic violators when it was appropriate. General [redacted] said he has been with the Iraqi Police for 17 years with the last 2 in charge of Al Kut Traffic Division. Supply and training issues were addressed in this meeting.

(No FFID#) Wasit 4th SRT: (No TRA Level) PTT met with Colonel [redacted] who is the Commander for the 4th SRT, and Deputy Commander Lieutenant Colonel [redacted] Today was [redacted] last day as he was being transferred to the Provincial Joint Coordinator's Center, PJCC. His replacement will be Colonel [redacted] The SRT had been doing both temporary checkpoints and area patrols for the last 5 days. The Team expressed concern as when no day patrols are conducted, it allows opportunity for insurgent activity to take place. Colonel [redacted] said this order came via PHQ had. PTT gave the unit 10 gals of diesel fuel and 10 gals of gas for their patrol vehicles.

Dhi Qar / Al Muthanna (PIC) [redacted]

PIC members spent the morning training the Al Muthanna CIU. Today was the final training day. A review of the past two weeks was provided by PIC members. Shortly after the review, a practical exercise was given to the CIU members to perform as a final exercise. All members of the CIU graduated and performed well in the practical assessment. Twenty CIU members arrived for training at Camp Mittica. A graduation ceremony was held today for the students and certificates were issued to the Al Muthanna IPS. PIC members also provided training to the Dhi Qar Provincial Trainers in Crime Scene Investigation.

Tikrit (MND-CW) [redacted]

Diyala [redacted]

Due to internet issues, no report was submitted on this date.

Salah Al Din [redacted]

(TA 0002) Abe Dalaf LPS: (TRA Level 3) This station is directly on MSR Dover, the major road in the area. There is too much traffic at this location and not enough force protection in place to properly protect the station.

(TA 0005) Ad Dawr DHQ / LPS: (TRA Level 3) The station is in need of repairs and, until they are done, should not be used as an IP Station.

(TA0080) Salah Al-Din Provincial HQ: (TRA Level 1) PTT-P met the Provincial Warehouse Manager, MAJ [redacted] (b)(6), (b)(7)(c). The Team provided several utility uniforms that will be used at the TIP's Academy. In addition, vehicle parts for American style vehicles were issued to the Motor Pool.

(TA0099) Tikrit District HQ: (TRA Level 2) PTT-D went to the station and spoke with BG [redacted] (b)(6), (b)(7)(c) who advised PTT that the attack on the pipeline yesterday was in Al-Fatah; which is within the area of responsibility of the Al-Alam DHQ. BG [redacted] (b)(6), (b)(7)(c) advised that the attack has created a spill that is leaking into the Tigris River. BG [redacted] (b)(6), (b)(7)(c) also advised that the Deputy Governor's convoy was attacked with an IED attack as is passed through the Abu-Jeel area yesterday on Route Clemson.

(TA 0279) Ad Dwar JCC: (TRA Level 3) PTT met with LTC [redacted] (b)(6), (b)(7)(c), LTC [redacted] (b)(6), (b)(7)(c) and MAJ [redacted] (b)(6), (b)(7)(c) at the JCC. Most of the conversation was based on the issue concerning the amount of money that is paid to the IP that have lost their lives in the line of duty. The amount of 200,000 Dinar was questioned and MAJ [redacted] (b)(6), (b)(7)(c) said he submits the paperwork to PHQ correctly; but what the PHQ Finance Officer does with it, he has no idea. PTT was questioning if the PHQ submits the payroll to MOI as is or if PHQ submits these people as being alive and working and someone at PHQ getting the Dinar for them selves. PTT also met with LTC [redacted] (b)(6), (b)(7)(c) from the Mujamma LPS at the JCC. Several key areas concerning his station were covered during this meeting. Manning of the station is critical with only about 25 percent of the IP that are needed assigned there.

(TA0605) Tuz DHQ: (TRA Level 2) PTT met with COL [redacted] (b)(6), (b)(7)(c) to discuss having an old water tower torn down to allow for construction of a new JCC building. The COL advised he has not heard back from the Ministry of Water as of yet. He did try to call them while we were at his office but he had no contact. PTT asked about training IP at the station and he advised that Tikrit has pushed down orders to start training soon. PTT spoke with Training Officer, MAJ [redacted] (b)(6), (b)(7)(c), who provided copies of his training schedules for the class. PTT will monitor this training closely and will report its progression. COL [redacted] (b)(6), (b)(7)(c) stated the BVIED a few days ago did injure 3 IP, but theinjuries were not serious in nature and the IPs have returned to duty.

(TA none) Sulyman Bak DPS: (TRA Level 4) PTT met with LTC [redacted] (b)(6), (b)(7)(c) about several force protection issues and training IP at his station. LTC [redacted] (b)(6), (b)(7)(c) advised he was given direction from Tikrit to begin training any IP who does not have academy certification. PTT then took photos of the station for future force protection development and layout.

(TA0056) Balad District HQ: (TRA Level 3) PTT went to the station to check the progress of the MOI sanctioned academy. There were only a few IP there and they advised there was no class for the day. This is a recurring theme and, on future visits, the team will attempt to see if a roster is being kept and what curriculum is being taught.

(TA 0071) Hatamiya LPS: (TRA Level 4) PTT met with the Station Commander, COL [redacted] (b)(6), (b)(7)(c), we inspected all items in the arms room and helped make repairs to items that were damaged. PTT inspected the holding facility, then spoke to the investigators and jailers on station for the PSMR.

(TA0034) Al Musafi ESU: (TRA Level3) PTT went to the station today and talked with the Commander, LT [redacted]. PTT conducted a class on suspect apprehension, personal searches and handcuffing. LT [redacted], the ESU Training Officer, was lead instructor during the block of instruction. A practical exercise was conducted by all attending IP.

(TA none) Al Messirah: (TRA Level 3) PTT met with the Shift Commander, MAJ [redacted] and discussed the VBIED problems. There have been 5 VBIED's at the intersection of Hershey and Tampa. Along with the VBIED's, yesterday a convoy took small arms fire from the roof tops in Messirah. The MAJ stated there were no 'bad guys' in Messirah. The MAJ said they were not planning to patrol that area because it is so dangerous. While at the station, PTT taught class on situational awareness.

(TA0050) As Saniyah DHQ: (TRA Level 3) PTT met with Colonel [redacted] regarding security issues in the AOR. COL [redacted] said that his security plan was that if any attack happened in Saniyah during Ramadan the Sheiks would be held accountable. While at the station, PTT conducted a class on high risk vehicle stops and reaction to an ambush. After the class, PTT conducted a patrol of the Saniyah perimeters and inner city limits with the IP on duty.

(TA0064) Bayji DHQ: (TRA Level 3) PTT met with COL [redacted] and discussed a Ramadan security plan for Bayji, plans include more patrols, more checkpoints and that all IP need to be at the station for quick response. PTT also spent time discussing the supply issue in the district.

Mosul (MND-N) [redacted]

Ninewah [redacted]

(No FFID) FOB Q-West: (TRA Level None) PTT conducted training for thirteen IP at the Advanced Training Center located on FOB Q-West. The training consisted of Community Policing and Officer Survival and Safety.

(No FFID) 5th Emergency Response Battalion: (TRA Level UNK) ERB/ERU PTT traveled to the 5th Emergency Response Battalion (ERB) to conduct a Station Visit and conduct Instructor Training. Upon arrival, PTT members spoke with MAJ [redacted] regarding the upcoming training Session for the IP assigned to the 5th ERB. PTT spoke to MAJ [redacted] regarding the importance of training. MAJ [redacted] agreed the IP needed to be trained and spoke of an incident on 18SEP07 where the IP were engaged in a battle and shot several rounds, but were not successful in hitting their target. PTT also conducted Instructor Training with four IP and one LT, covering the course of fire for the Glock Pistol on the Range.

(MN0009) Al Hadba DHQ: (TRA Level 2) PTT met with LTC [redacted] who was preparing to assist Al Gadeda station with a cordon operation along with the IA. PTT then met with ERB LT [redacted] who advised that, on 18SEP07, three IP were injured and the IP truck destroyed when they hit an IED on Yarmook Circle. All three IP were taken to Al Jamouri Hospital with unknown injuries. LT [redacted] expressed a need for more IP vehicles and young officers. PTT informed the LT that the Team will be following up on this with NPHQ. The station has been under sniper attack daily since Ramadan started, and ammunition requests for AK-47 and BKC have been submitted daily per the advisement of PTT. The station has very limited electrical service with power surges and nothing has been done with the water or septic problems. PTT informed LT [redacted] that a follow up with the city sanitation and water plant was in planning. PTT delivered logistical furnishings and 800 meters of 3/4 inch electrical wire to hook the station to the power grid. PTT will deliver a

generator to replace the damaged one within two weeks. PTT will follow up with the ERU (13 West) for fuel issues regarding fuel for all the IP vehicles and not just the three working ones. PTT will also contact NPHQ PTT for assistance in hooking up the electrical service which has been attempted several times in the past.

At approximately 1125 hours., a large explosion occurred followed by small arms fire. The roof IP started to take sniper fire when the PTT took a position on the roof to return fire if there was positive ID (none of the IPA discharged their weapons). A mortar exploded mid air when it prematurely detonated, never reaching the facility. The earlier explosion was later identified as an IED that hit another coalition unit. PTT was requested to assist with traffic on the way back to the FOB.

(MN0056) Ninewah Provincial PHQ: (TRA Level 1) Upon PTT arrival all station, force protection was in place. The team inspected the detention office and talked with MAJ [redacted] who gave me the information regarding the inmate population numbers. The MAJ stated there are two medical individuals assigned to the detention facility that routinely make rounds and he has not seen them in two weeks.

In MPSA class 24 there are 151 students, from the Mosul area. MPSA Class 25 continues with 236 students from Tall Afar and 53 from Mosul. The Police Station Training Officer Course began on this date. The class has 21 officers from the Mosul area. BG [redacted] advised of no severe problems limiting training's goals.

(MN0099) MCU / MTU: (TRA Level UNK) PTT met with COL [redacted] of MTU. COL [redacted] and PTT discussed the issues with Tal Afar MTU's failure to respond to requests. COL [redacted] advised that Tal Afar MTU has begun responding to requests in a timelier manner. COL [redacted] advised that the CCCI has approximately 56 cases ready for trial and should have more by the end of the week.

PTT met with COL [redacted] of MCU and discussed the replacement of the vehicle destroyed by CF. COL [redacted] was asked to get a letter of authorization to receive funds from CF to replace the vehicle. COL [redacted] stated that he would speak to the PDOP as soon as possible to get the letter. COL [redacted] also stated that a request was sent to MOJ requesting permission to send more that 25 FPS workers for Badoush Prison to criminal court. These FPS workers are being charged with criminal acts during the escape approximately 6 months ago. MCU has not received a response to this request.

(MN0131) Bughah LPS: (TRA Level 4) PTT mission at Bughah LPS was to obtain any information regarding AIF activity in the LPS AOR, and to deliver supplies. PTT met with MAJ [redacted] who stated he received recognition (a certificate) from FOB Sykes for recovering several IED in the Bughah AOR. West of Bughah near "Yasser" village, sources are reporting that there are suspicious trucks seen in the area that are believed to be working with ACF. MAJ will obtain additional information regarding this intel. [redacted] invited a citizen of Bughah to inquire with PTT about an arrest of four individuals from Bughah that were arrested in Rabiyah during a raid. It was reported to PTT that the incident occurred four days ago at a village named Jarriasin (unknown exact spelling). The citizen personally knows [redacted] and they vouch for the four that were arrested as being non-combatant citizens on the side of CF. PTT departed Bughah LPS and convoyed to Avgani LPS to conduct a joint patrol with IP.

(MN0137) Al Aidayala LPS: (TRA Level 3) PTT mission this date was to travel to Avgani, meet newly installed COL [redacted], obtain personnel data and conduct a joint patrol with IP in the city. COL [redacted] is a Sunni, has military college degree, attended IP academy in 2005. COL [redacted] main requested PKC and AK47 ammunition for his IP. PTT

conducted a joint night mounted patrol with IP in the city of Al Aidayala (Avgani). The IP patrol was carried out without incident.

(MN0222) Rabiyah DHQ: (TRA Level 2) PTT conducted a station visit at the Rabiyah LPS for the purpose of conducting a joint mounted patrol. PTT inspected all of the checkpoints to ascertain the staffing level and work load.

(MN0914) Tal Afar Traffic Circle LPS: (TRA Level UNK) PTT conducted a class with the investigator, LT [redacted] PTT then conducted a joint un-mounted patrol.

(b)(6), (b)(7)(c)

At Tamim [redacted]

(b)(6), (b)(3)

(TT0025) Qoria Patrol Police Station: (TRA Level 1) PTT spoke to the station chief, COL Taha Salah. PTT obtained information sufficient to prepare an organization chart for the station.

(TT0026) Rahemawa Patrol Police Station: (TRA Level 3) PTT observed the STO, LT [redacted], train eighteen IP on Use of Force and IP Safety. PTT also re-inventoried the AK-47's that are assigned to the station. There appears to be a shortage of AK-47's at the station and PTT is attempting to locate the weapons.. PTT believes the shortage is due to IP's taking the weapons home instead of returning them to the armory after their shift. PTT also finished working with the station chief to design and formulate a station organization chart...

(b)(6), (b)(7)(c)

(TT0031) Shwan Local Police Station: (TRA Level 2) PTT met with COL [redacted] and on-duty staff. Various issues were discussed including the recent shooting death of an IP and the circumstances surrounding that incident. PTT viewed a videotape of recent IP work in the Hawijah area. 300 IP from the Kirkuk Province were assigned to assist IA and CF in a sweep through the city of Hawijah. 67 Shwan personnel were involved.

(TT0032) Taza Karhmatu Patrol Police Station: (TRA Level 2) PTT met with COL [redacted] PTT mentored Administration Division. PTT inspected the station and found it to be operational.

(b)(6), (b)(7)(c)

Irbil [redacted]

(b)(6), (b)(3)

(NO-FFID) Taq Taq Traffic Police Station: (TRA Level 3) PTT met with Commissioner [redacted]. Commissioner Shorsh advised PTT that the station commander was home due to a recent surgery. The stations only vehicle was in Koya with the ill CPT. PTT agreed to bring this to the attention of MAJ [redacted] in Koya at the Koya District Traffic Police HQ during PTT's next visit. Taq Taq Traffic Police Station has only two officers and the captain, plus six IP to cover the traffic issues in the town of Taq Taq. PTT delivered six rain gear suits for the IP. Commissioner [redacted] informed PTT that the station was short on personnel and in need of a police station as they were now working out of a metal building downtown. PTT discussed sending a request for the needed items, but Commissioner [redacted] stated they would have to wait for the return of CPT [redacted] to fill out any request forms. The traffic police were doing a good job working traffic considering their limitations of equipment and personnel.

(b)(6), (b)(7)(c)

(MI0064) Shaqlawa Anti Crime Local Police Station: (TRA Level 3) PTT met with LT [redacted] to discuss logistical issues and incidents in Shaqlawa. The LT advised PTT that one of his trucks was not operational, and their computer has not been working for several months. As far as incidents were concerned, the most common incidents were car accidents and fighting. The LT advised PTT that in the past few months his station had investigated several cases of women burning themselves because of family problems. The

LT also advised his station has investigated 25 traffic accidents last month. PTT explained to the LT how his station should document the logistical problems and send them up his chain of command. PTT also advised the LT to keep copies of his reports for future reference. The LT asked for firearms training to help keep his men ready for various situations, and advised that most of his policemen had not fired their weapons in three years. PTT advised that once the firearms instructor returned from leave, a training class would be discussed.

(MI0275) Irbil Provincial JCC: (TRA Level 3) PTT met with staff at the PJCC and discussed the delay of the shipment of radio equipment from Baghdad. PJCC staff was awaiting the arrival of this equipment, as was the communications center. PTT advised the PJCC that another meeting with the PDOP would have to be scheduled to find out when other arrangements could be made to try and facilitate delivery of the items. PJCC is concerned that the PDOP will not attempt another convoy due to the loss of vehicles and major injuries to personnel from this region in the past two attempts. PTT assured the PJCC that a meeting would be scheduled soon to determine what could be done and when another attempt would be made. PTT advised the PJCC staff to concentrate more on the distribution plan and have everything in place so they will be prepared when the equipment does arrive.

Sulaymaniyah (b)(6), (b)(3)

(NO FFID) Sulay PJCC: (TRA Level UNK) PTT met with BG (b)(6), (b)(7)(c) and discussed PJCC operation. BG (b)(6), (b)(7)(c) advised that there were no major incidents over night and that this was common during Ramadan. PTT was shown the new office space that the PJCC was given. MAJ (b)(6), (b)(7)(c) and two other members of the Administrative staff will utilize the new office space. This move should improve productivity with the Administrative staff due to them working in a quieter environment away from the constant activity of the JCC call taker area.

(NO FFID) Sulay Police College: (TRA Level UNK) Today's instruction was on Interview and Interrogation and the distinction between both. Role playing the different techniques used with victims, witnesses, family members and suspects were demonstrated. A lengthy segment on protecting human rights was discussed, with PTT denouncing all forms of torture and coercion.

(TS0015) Barda Qaraman: (TRA Level UNK) PTT traveled to Barda Qaram and conducted the new DRS with the Station Commander, LTC (b)(6), (b)(7)(c) PTT observed the detention areas and no persons were in these areas. The cells were clean and very neat. PTT also conducted class on "Shell Casings Collection" for the Station. The class was given oral and hands on demonstration on the proper method used to conduct this type of evidence collection. Proper marking and needed information on the evidence containers was also explained in detail. PTT Investigations also assisted PTT Community Policing in a class that was give on this date.

(TS0610) Barda Qaraman LPS: (TRA Level 3) PTT traveled to Barda Qaraman LPS and conducting Community Policing training with twenty IP who were available for the training. In today's classroom session, the twenty IP present were instructed on the concept of the Community Policing program and Police Ethics. The block of instruction covered basic acceptable and unacceptable behavior as is expected from professional police officers. The class was extremely receptive and attentive to the training which was presented to them.

Dahuk (b)(6), (b)(3)

No activity was reported on this date.

Ramadi (MND-W) [redacted] (b)(6), (b)(3)

Al Anbar [redacted] (b)(6), (b)(3)

(RA0002) IP Headquarters PHQ: (TRA level 3) The Provincial Police Transition Team (P-PTT) met with the Provincial Deputy Chief of Police (PCOP) to discuss vehicle fuel issues and a future trip to the MOI to acquire money to pay for the detainee food once the new jail is completed. There has been confusion as to the days in which fuel can be issued to Iraqi Police (IP) vehicles. In at least one instance, an IP convoy tried to obtain fuel claiming they were transporting the PCOP when in fact they were not. A meeting was held this date to try and eliminate the confusion. P-PTT then met with the Provincial Administrative Chief to discuss hiring order issues. The hiring authority is still not clear since MOI contends we have a hiring freeze, yet the PCOP continues to hire. P-PTT also met with the Provincial Training Chief and held a formation and roll call training pertaining to grooming standards and cleanliness of the jail facilities.

Three injured Iraqi Police were transported to Camp Lueken for emergency treatment. One of these was pronounced dead at Camp Lueken, one was flown by helicopter to Al Asad and the other was transported to Al Asad by ground. These Iraqi Police Officers were assigned to the Baghdadi local station. No international Police Advisers were in the area when the incident occurred.

(RA0096) Dulab Local Police Station: (TRA level 4) Delayed reporting from an extended visit.

16 September 2007 The Police Transition Team (PTT) was tasked with an inventory of assigned equipment. The interpreter for the Dulab Team went on vacation three days ago. The Police Transition Team convoyed to forward operating base Baghdadi to pick up a replacement interpreter and to complete the Police Station Monthly Report (PSMR) for Dulab. While en route to Baghdadi FOB, the PTT encountered a civilian vehicle with 3 people in it. One of them was wearing an Iraqi Police uniform shirt. The PTT stopped and inspected them. They had 3 AK47's and each had 3 magazines of ammunition. All 3 men had Provincial Security Force identification badges. The men said they were from Hit and they were escorting a dump truck of gravel. The PTT explained they could not use Iraqi Police issued equipment to do side jobs. The PTT took possession of the AK's and the ammunition and told the men to have their supervisor come to the Dulab Station tomorrow to meet with the PTT

17 September 2007 An Iraqi Police Lieutenant (LT) from Hit District came to the Dulab Station to pick up the 3 AK's the Police Transition Team (PTT) had confiscated the previous day. The PTT explained to him the men are not allowed to use Iraqi Police equipment to do side jobs. The LT said he understood and that it wouldn't happen again. We gave him back the weapons and ammunition and he returned to Hit.

Dulab Iraqi Police informed the PTT that a local citizen came forward with a complaint about the Iraqi Army. The citizen said that an Iraqi soldier had come in his house and scared a woman of the house. The PTT met with an Iraqi Army major; he was already investigating this allegation. The Iraqi Army major and the Police Captain sat down and discuss the

situation. The Police brought the complainant in to discuss the issue with the Iraqi Army major. The situation was resolved without further incident. The PTT discussed the importance of report taking when the public comes in with a complaint. The PTT also participated in an IP night foot patrol in the town of Dulab.

18 September 2007 The Police Transition Team (PTT) convoyed to Zukhaikhah, a sub-station of the Baghdadi District Headquarters. This station is staffed by Provincial Security Forces (PSF). There are no actual Iraqi Police assigned. Many of the PSF have quit due to lack of pay and said they would return when they start getting paid. They have not been paid since May. The PTT met with the station leadership to discuss pay issues and current operations.

The Dulab Iraqi Police (IP) detained a man believed to have posted a terrorist propaganda poster in the town. They brought him to the station to conduct an interview. The PTT monitored the process. The IP wrote a report with a statement from an IP who had a confrontation with the suspect. The suspect was released after the police after the interview. The PTT reviewed the written report with investigators.

19 September 2007 The Police Transition Team (PTT) met with the new Dulab Station Chief. The old Station Chief was recently fired. The group discussed fuel issues. Coalition Forces will no longer be providing fuel for the Iraqi Police. The Chief understood the policy and has already set up plans for obtaining fuel. The group also discussed the lack of Officers at the Dulab station. Right now, the Station Chief is the only officer assigned to the station. The PTT recommended the Station Chief request additional officers from the District Headquarters to assist him in the daily operations of the station.

(RA0098) Muhammadi Local Police Station: (TRA level 3) The Police Transition Team (PTT) met with the Station Chief to coordinate for pay operations. The PTT conducted a mounted patrol with the Iraqi Police (IP) and Coalition Forces. The IP had received a tip from a local citizen regarding the location of weapons cache in the area. The IP organized the patrol to locate the suspected cache. During the patrol, the IP conducted themselves in a professional manner. They used good tactics and maintained proper security at all times. Although no cache was located, the PTT noticed that the IP were very willing to take the lead role in the search and seem to seek more responsibility each day.

(RA0110) Rawah District Police HQ: (TRA level 3) The Police Transition Team met with the Station Chief to discuss staffing information. There was no training or station assessment due to lack of linguist.

(RA0133) Habbaniyah District HQ: (TRA level 4) The Police Transition Team (PTT) mentored the Intelligence Investigators as they worked on a 3 year old murder case of 3 Iraqi nationals. This consisted primarily on interview techniques. The PTT also taught a class on introduction to report writing to 6 Iraqi Police. The PTT met with the Assistant Station Chief to discuss force protection for the station.

(RA0134) Khaladiyah Police Station (Habbaniyah): (TRA level 2) The Police Transition Team (PTT) inspected the detention facility and checked the welfare of detainees. The facility was inspected for cleanliness and the PTT medic assessed the health of detainees; no issues were noted. The PTT met with the Investigations Section about utilization of the new reporting forms. The caseload at the station was discussed and they are still keeping up with the proper paperwork. Training on building search and weapons safety was conducted.

The PTT traveled to Husayba Watch, a sub-station of Khaladiyah. The PTT inspected the detention facility and checked the welfare of detainees; no issues were noted. The PTT met with the Station Chief. The PTT learned that the building that is currently being used as the IP station is going to be taken back by the Sheik that loaned it to them. This is to take place within the next three months. The Station Chief stated that he has already spoken with Coalition Forces about this issue. While on station, the PTT met with 4 Iraqi Police who are to become Training Officers. The PTT discussed what was going to be expected from them. They are also going to start attending the training that is being conducted at Khalidiyah.

(RA0252) Fallujah JCC: (TRA level 4) The Police Transition Team continued working on the new structure plan established as the result of a work shop by the military. Work is being done to implement the plan by creating training schedules and other essential material necessary for implementation. Research and tracking is being conducted to ascertain why requests for supplies and fuel from Iraqi Police are not being filled by Fallujah District Headquarters and Provincial.

(RA0807) Fallujah Local Police: (TRA level 3) The International Police Advisor is conducting in-service training for the Fallujah District.

(RA0901) West Ramadi: (TRA level 3) The Police Transition Team (PTT) inspected the detention facility and checked the welfare of detainees; no issues were noted. The PTT met with the Station Chief to discuss community cleanup and training to be given at the station. The Station Chief stated he would like to attend additional crime scene training.

(RA0905) Warrar: (TRA level 3) The Police Transition Team provided training on use of force. Iraqi Police were reminded about weapons safety and weapons discipline in light of a recent incident of friendly fire casualties. Target identification and shoot don't shoot situations were discussed.

(RA0917) Al Wallah: (TRA level 3) The Police Transition Team met with the Shift Commander concerning his responsibility for the Iraqi Police (IP) working his shift. Specifically, an IP on detention duty was escorting detainees in and around the station without his weapon. This IP was advised to take his weapon with him while escorting detainees. The Shift Commander was also advised that he needed to correct this problem and any others that may occur during his shift.

(RA0920) Tway: (TRA level 3) The Police Transition Team (PTT) provided training for 5 Iraqi Police (IP) officers and 6 IP. The training covered crime scene assessment and processing. The PTT inspected the detention facility and checked the welfare of detainees. Juveniles were housed separate from adults.

During the station visit, investigators brought in three pressure switches recovered from a house where the bomb was built that killed the sheik. The switches were turned over to Explosive Ordinance Disposal.

The PTT left Tway Station and went to an old school building being used as a holding facility for investigations. The building is located on the same property as Tway Station and it is affiliated with the IP station. The PTT went there looking for a detainee that was alleged to have been involved with the Sheik's death. Upon arrival, the PTT was met by an IP officer. The PTT found 8 detainees being held in 1 room with their hands bound behind them and wearing blind folds. Several of the detainees had bruising on their faces. The PTT checked the detainees for other signs of abuse. Five of the eight detainees appeared to have been abused. The detainees were questioned. The PTT learned they had been in that room with their hands bound behind them and blindfolded for 5 days. One of the detainees that appeared to have been abused was found to be a juvenile. The PTT called brigade to report the problem. The detainees were removed by the PTT and taken to the Camp Ramadi detention facility.

Hammurabi Training Center (Al Asad): International Police Advisors contacted military counterparts at Camp Ripper. The course schedule was reviewed and modified. The course is being shortened to three days from four.

Iraqi Police Professional Leadership Development Course (IPPLDC): The cadre met a representative from the Al Qaim Coalition Forces Judge Advocate General to evaluate results of the last Criminal Intelligence Investigations Course. The group attempted to determine how the course has effected relations between the station investigators and the local Iraqi Judges. Based on the conversation, the cadre made modifications to the course. The cadre also gathered material for an upcoming Logistics/Budget Course and prepared the next 90 day training schedule.

PSF-4 (Camp Fallujah): The Police Transition Team (PTT) began training a new class of Provincial Security Forces. Training was provided on vehicle stops, weapon safety and formation procedures.
