Baghdad (MND-B) **Unassigned**

Baghdad [redacted]

(BC0002) Abu Ghraib Local Police Station: (TRA Level 3) The team spoke with Major [redacted], the Deputy Station Commander. Discussions included the ongoing problem of retrieving Glock pistols after being seizure from IP by CF. The team will look into this matter and try to develop a solution. The team also discussed logistical issues and Major [redacted] was advised of the new supply form being sent with new requests. Copies of the form will be distributed on the next station visit. An issue of sleeping quarters, latrine facilities and other accommodations for the new IP coming from Camp India were also discussed. The Deputy Commander expressed concern about the further demands that will be placed on his already struggling station and personnel.

(BC0003) Airport Police Local Police Station: (TRA Level NA) The team monitored the morning IP Guard Mount. The team then met with the Global Security personnel and the IP command staff to exchange any current security concerns as well as to discuss station operations. The BIAP security profile has increased and more personnel are needed for the additional post. The Team Leader attended a meeting with the Military Commander of the 89th MPs. This meeting was to discuss BIAP station operations. The team checked on the conditions at the BIAP and French Village sub-station and found everything to be in order. The team instructors started working on the upcoming training schedule. The team conducted the daily inspection of the BIAP station jail with no irregularities found.

(BC0007) Al Adhamiya Patrol Police Station (East): (TRA Level 2) The team continued the distribution of new Baghdad identification badges to the IP. The team met with COL [redacted] to discuss day-to-day operations. The Colonel said he wanted to weed out corrupt IP as a result of the incident which occurred two days ago. The team encouraged him to continue holding his IP accountable for their actions.

(BC0009) Al Alawiyah Local Police Station: (TRA Level 2) The team conducted training covering Domestic Violence. Sgt. Maj. [redacted] and Col [redacted] were given information about Domestic Violence Awareness and the laws in the United States. It was explained to them how these laws make men and women equal aside from religious doctrine. The team heard a complaint about an investigator who treated people poorly while making an arrest at a residence. The complaint could be verified and no action was taken.

(BC0022) Al Kadhimaya Patrol Police Station (West): (TRA Level 2) The team spoke with Colonel [redacted] regarding the IED that exploded just blocks from the station a few days ago. The team also addressed the list of supplies he wanted the team to buy with TIFF money. He was told the team could not buy the supplies until he first sent a request to MOI for those items. The team can only buy items that have been denied by the MOI. He said he understood and would work on the list.

(BC0030) Al Karkh Highway Traffic Police Station: (TRA Level 2) The team met with Lieutenant [redacted] concerning a new S.O.P. he had written concerning force protection. This was the first SOP that has been written by the station's command staff.

(BC0039) Al Mamum Local Police Station: (TRA Level 2) The team conducted force protection defensive drills for the station. They ran the drill successfully but need more practice. The team advised Major [redacted] he needs to write a SOP for the IP so everyone is following the same procedures. He agreed and said he will write one and pass it to the IP. He also said he will conduct station drills at least once a week. The team delivered a refrigerator for use in the D-cell.

(BC0042) Al Meshahadah Local Police Station: (TRA Level NA) The team consolidated the Arabic training programs from the PETL program to one list in order for the IP training officer to select the course(s) he intends to teach in each two week cycle. New Glocks arrived for distribution to IP who have had their Glocks confiscated by CF, as well as for those who were never issued pistols. A memo from MOI indicated IP will be required to carry insurance in the amount of 3,000,000 Dinar to cover their pistols from now on. Another MOI memo instructed IP to stop wearing US Army style boots and return to the black IP shoes. The team discussed plans to start a new IP station at Taramiya. The team discussed the possibility of getting IP candidates security jobs with CF until the new station is operational. This would give the candidates a secure job with a paycheck and allow them to get familiar with the area before they start working for the IP station. The city council has shown interest in this program and has agreed to screen the candidates.

(BC0046) Al Quanat Local Police Station: (TRA Level 2) The team issued 45 new Baghdad identification badges to IP on the current shift. The remaining badges will be issued on next visit.

(BC0064) Al Taji Local Police Station: (TRA Level 3) The team conducted a 72 hour station visit to Taji LPS. About 65% of the IP are new and have not received training other than the training conducted at the station. The team visited a furniture factory in the area in order to buy a desk for the IP. The team bought two desks for the IP station. The team conducted a joint foot patrol with 3 IP in an attempt to locate a small group stopped earlier near MSR Tampa while a convoy was passing. The IP did a good job maintaining security. During the foot patrol, the team heard several shots from an area they just left. Upon returning to the area the team arrested a drunk who had been firing a pistol. A search of his house was conducted and several other weapons were recovered. A total of 4 suspects were arrested by the IP during the joint patrol.

(BC0065) Al Taji Patrol Police Station (West): (TRA Level 2) The team conducted a 72 hour station visit to Taji IHP Station. The station is undermanned. Out of the 150 IP authorized, only 48 are assigned. At this time, Col [redacted] is the only officer assigned to the station. Force Protection is staffed by CF due to manpower issues.

(BC0074) Al Yarmouk Traffic Police Station: (TRA Level 2) The team met with Gen. [redacted] and discussed the cleanliness of the station. He said he requested having an outside contractor clean the station, but it was denied by the MOI. The team was also notified the Command Staff submitted a request for paint and cleaning supplies. The team also discussed the possibility of having the Station's Command staff meet with personnel from the power company about having the station connected to the 24/7 power grid.

(BC0081) Bab al Sheikh Local Police Station: (TRA Level 2) The team met with MAJ [redacted] The team then conducted a mounted patrol with 4 IP.

(BC0100) Mada'in Patrol Police Station (East): (TRA Level 2) The team inspected the Force Protection of the station and found two unmanned guard towers facing RTE Wild. This route has a history of having IED's and EFP's. The team advised Lt. Col [redacted] of the deficiency.

(BC0101) Mahmoudya District Police HQ: (TRA Level 3) The team met with BG [redacted] and discussed the recruit list, the format for the list, planning a meeting with General [redacted] and the IP/IA interaction in the Yousifiyah area.

(BC0111) New Baghdad District Police HQ: (TRA Level 2) Training was conducted covering the Searching of Persons. The team then went to the station's entry check point and observed the IP conduct person searches on civilians coming through. The team conducted a mounted patrol with 4 IP and 1 IP vehicle with no significant incidents reported.

(BC0125) Yousifiya Local Police Station: (TRA Level 4) The team conducted a joint patrol in the villages of Mullafiyat and Yousifiyah with no significant incidents reported. After a meeting with CF, the team and IP donated scrap wood to a family across from the JSS to assist in rebuilding parts of their homes.

(BC0401) Baghdad Taji IHP Station: (TRA Level 2) The team discussed with the Command Staff the future plans of having the station relocated. A location has not been determined. The station's most significant problems are a lack of fuel, rooms that lack furniture and force protection.

(BC0628) Rusafa Directorate Checkpoint Police HQ: (TRA Level UNK) No training was conducted due to the issuing of new Baghdad identification badges to station personnel. [redacted] said he did not want any training conducted until Ramadan has ended. He expressed a need to receive laptops for his IP in order to handle their administrative duties. He also said the station has not received 9mm ammunition in 2 years. The team told him an inventory of the armory would need to be conducted to verify their needs.

The XO stated that one IP from the station was killed on September 16 while on vacation. He stated the IP died after his vehicle was struck with a road side bomb. The XO stated that the investigators for the station are currently investigating over 50 cases, some of which are back logged due to lack of evidence. PTT intends to meet with the investigators on future visits to obtain an overview of how they conduct there investigations and advise and mentor them on new tactics. PTT observed the jail facility to be maintained and cleaned to standards. No signs of prisoner abuse were observed by PTT. The XO stated that logistics continue to be an issue at the station and the local stations under Al Nasir have not received adequate logistical support. PTT again reminded the XO to make copies of all logistic supply requests sent to PHQ in order for PTT's use in helping to solve some issues with the logistical supplies. PTT met with one of the IP assigned to maintain the weapons room. PTT observed the room to be in working order and each weapon logged by serial numbers with records kept for each IP assigned a weapon for the duty day.

(MN0020) Hassan Qoi LPS: (TRA Level 2) PTT spoke to SGT [redacted] who reported the AO has been quiet. Hassan Qoi LPS runs on City electricity. Hassan Qoi LPS has a generator, but does not have a need for one. PTT conducted a joint dismounted patrol with several IP the AO and returned to FOB Sykes without incident.

(MN0066) Sinjar DHQ: (TRA Level 3) PTT traveled to Tal Afar Traffic Circle LPS, Tahadi LPS and Al Sarai LPS for the purpose of conducting spot checks of the stations and checkpoints to verify that proper security was in place for Ramadan and to find any areas in need of improvements. PTT met with the OIC at each station to ascertain information regarding any activity in the area. The overall readiness of each station visited was very good.

(MN0076) Tal Afar DHQ: (TRA Level 2) PTT traveled to AL Kisik LPS, Checkpoint Company LPS and DQH with BG [redacted]. The purpose of the visits was to conduct spot checks of the stations and checkpoints to verify that proper security was in place for Ramadan and to find any areas which needed improvements. BG [redacted] and PTT met with the OIC at each station. The overall readiness of each station visited was very good.

(MN0134) Abu Maria LPS: (TRA Level 3) PTT spoke to LT [redacted] who reported the AO was quiet. LT [redacted] was the IP who shot at the IED two days ago. LT [redacted] said JCC told him they were not coming out and to shoot it. LT [redacted] said one of the Coalition Forces was present when this occurred. The IED did not explode. LT [redacted] said our intelligence regarding the IED, was incorrect. LT [redacted] said there were four detainees including [redacted], [redacted], [redacted] and [redacted]. All four detainees are suspected of terrorism. LTC [redacted] is investigating the case. One of the detainees, [redacted], was shot in the leg on Friday. Another citizen shot him and another person. LTC [redacted] is investigating the incident. LT [redacted] said they released three people from jail on this date. The three were suspected of terrorism. All three were cleared. LT [redacted] said LTC [redacted] apologized to all three and turned them free. PTT conducted a mounted patrol with several IP.

PTT has not been to the station in sometime and noticed the Convex container boxes and HESCO barriers were still on the sidewalk outside the station and were not in use. PTT asked the Station Commander the status of using the Convex container boxes, which were supposed to be used to house the IP. He informed PTT he needs approximately five to six million dinar to make them habitable for the IP. The Station Commander stated the Convex container boxes need air conditioning units and bedding for the IP. The Station Commander stated he believes it would be cheaper and more cost effective to purchase housing units. The Station Commander also stated he needs two towers for Force Protection. He needs one tower at the main front gate and one in the rear of the hospital. The Station Commander also needs a front loader or shovels to fill the HESCO barriers to add to the Force Protection around the station, since the station is attacked on a regular basis. The Station Commander stated the IP now provide personnel to secure the main gate. The station is supposed to have 182 IP assigned and the station, but has only 62 IP assigned at this time. This has created more of a shortage of IP for the area. The Station Commander advised the IP do not conduct mounted patrols unless they are joint patrol with the IA. The Station Commander stated the Force Protection around the hospital is his main focus which is why the towers and HESCO barriers are his top priority. PTT advised the Station Commander that the Team will follow through with NPHQ to check on the status of a high loader for the HESCO's and construction of two towers for the hospital. PTT also advised the Station Commander that the Team would check to see if funds are available from NPHQ for housing units or the supplies need to outfit the Convex container boxes.
