Tikrit (MND-CW) [redacted] (b)(3), (b)(6)

Diyala

(TD0024) Diyala Provincial Police HQ: (TRA Level 3) PTT met with CPT [redacted] of the provincial MCU who provided information regarding the QRF LT that had been arrested for murder in 2005. These documents are awaiting translation. PTT also provided the MCU with a list of names of a group of detainees that will be released from the Al Balda District HQ in the coming week. The names should be reviewed for current outstanding warrants that may exist for the released detainees. PTT-P then traveled to IPS HQ and met with LTC Ahmed, Chief of Logistics. Issues concerning equipment, ammunition, and weapons were discussed. (b)(6), (b)(7)c

(TD0103) Diyala ERF 1: (TRA Level 3) LTC reported the station is not receiving enough fuel. The PTT-D instructed the LTC to request more fuel and to furnish the PTT-D a copy of the requisition for follow-up. LTC [redacted] also advised PTT-D that, out of 37 IP assigned to ERF, only 1 graduated from the training at HQ. LTC [redacted] advised that the station received 150 boots and 250 Kevlar helmets. LTC [redacted] also advised that the station is in need of body armor and asked if PTT-D would check with HQ to see if they have any to issue. PTT-D advised they would check on the vests. The PTT-D trained 15 IP on medical survival training during the remainder of the visit. (b)(6), (b)(7)c

(TD0104) Diyala Provincial QRF (Neshda): (TRA Level 3) PTT-D met with COL [redacted] who reported that on he had to attend the graduation of 9 QRF IP from IPS and asked for PTT-D to join him. PTT-D attended the graduation. (b)(6), (b)(7)c

(TD0607) New Baqubah Local Police Station: (TRA Level 4) PTT-D spoke with LTC [redacted] who advised that MAJ [redacted], the Chief of the Inner Baqubah stations, was at the location. PTT-D spoke with the Chief regarding the New Baqubah station. The Major stated that the station is a very good station. He also advised that he is happy with the equipment and manpower at the station. PTT-D advised MAJ [redacted] and LTC [redacted] that they will be training the IP in the near future on Iraqi law and constitution. PTT-D then trained 12 IP on a medical survival course. (b)(6), (b)(7)c (b)(6), (b)(7)c (b)(6), (b)(7)c

(TD0051) Mandeli Local Police Station: (TRA Level 2) Two trucks and 20 IP were gathered for a nighttime mounted and dismounted patrol of Mandeli. PTT conducted foot patrols and spoke to numerous people in reference to the upcoming Ramadan celebrations and concerns with civil unrest.

Scorpion Academy: 35 IP were trained on IED recognition and scenarios involving IED's.

(TA0037) Al Owja LPS: (TRA Level 2) PTT visited with MAJ [redacted] about lapses in force protection at the station in the afternoon and evening hours. The Chief stated that GEN [redacted] had brought the issue to his attention via memo and the issue had already been resolved. The training officer, LT [redacted] took the IPA to each fighting position at the station and asked for suggestions on how to improve them. PTT then conducted a station attack drill and observed the IP take their positions. PTT then conducted a weapons room inventory and reviewed training and personnel records for validation. MAJ [redacted] then discussed vehicle issues with PTT.

(TA0077) Salah Al Din IHP HQ: (TRA Level 3) PTT met with LTC Tareq. PTT advised the LTC that he should have the deed for the new HQ station on 09 Oct 2007. The exact location is not known at this time, but it is believed to be near the isouthern bypass of MSR Tampa and Business 1. LTC [redacted] had a long list of itmes he felt he needed, or that needed to be fixed, that were not being supported by Provincial HQ.

(TA0079) Check Point HQ (TRA Level 2) PTT spoke with LTC [redacted] who stated that this station is still having problems with basic logistical support and he is frustrated with PTT's inability to help him in this situation. PTT went over the request procedure. LTC [redacted] said that they have been following proper procedure to no avail. PTT then conducted a presence patrol thru Tikrit and Al Alam.

(TA0080) Salah Al Din PHQ: (TRA Level 2) PTT met with COL [redacted] and MAJ [redacted] of the Salah Ad Din Provincial Logistics Department. COL [redacted] advised that GEN [redacted] had decided the staff of this office would not be changed. He advised that 6,000 of the 8,000 IP uniforms have been delivered and are being distributed to the departments. At this time they have less than 1,000 left to issue. He is unsure if the remaining ones will be finished before the end of the year. He has been trying to obtain a contract with a firm in Mosul to make more uniforms, but no agreement has been reached at this time.

New members of the CF team were introduced and a tour of the warehouse facility was conducted. COL [redacted] informed the new CF team that he does not want CF from other units to bring IP from stations to obtain equipment. He explained the ordering process for stations and districts to the new CF members. He wishes for the CF to help make the Iraqi process work, and not to circumvent it.

(TA0099) Tikrit District HQ (TRA Level 2): PTT traveled to the Tikrit District Headquarters and spoke with BG [redacted] Immediately after PTT left COB [redacted] while on Route Tampa, PTT observed two teenage boys 12 to 14 years of age on the side of the road with two plastic AK-47's raised above their heads in a celebratory manner as the convoy drove by. These toy AK-47's were only distinguished as toys due to one of the barrels being broken off. PTT informed BG [redacted] of this situation and the possible dangers associated with this type of action and BG [redacted] stated that he would inform the Station Chief of the Local IP station so he could make the public aware.

PTT discussed vehicle issues with BG [redacted] and entertained possible solutions to the problems. PTT and BG [redacted] also discussed the recent census in Tikrit that was stopped by the Govorner. BG [redacted] advised that he would like to see the census started again. The census would aide the IP in tracking new comers to the area and is a great tool in identifying Insurgents in the area. PTT advised that they would attempt to obtain more support to have this census completed. BG [redacted] advised PTT that the Al-Alam northern checkpoint on RTE Prune was hit with a VBIED and the VBIED severely damaged the Ministry of Agriculture building t in the same vicinity of that same checkpoint. While PTT was

inside the station, another VBIED attack was reported at the Mukashifia station. There were no details concerning this attack.

(TA0005) Ad Dwar DHQ: (TRA Level 3) PTT met with LTC [redacted] at the JCC while the other 2 teams visited the Checkpoint HQ and the Ad Dawr LPS. Also in attendance at this meeting, was the Mayor of Ad Dawr and four of the local Sheiks. Discussions included several issues about PTT and what the mission was throughout Iraq. One Sheik said that if more IP where hired, the attacks on PTT would decrease. When asked what he meant by this, he stated that there are not enough jobs for the men and if they had jobs, they would be too busy to attack PTT. The meeting ended on good terms.

(TA0084) Samarra DHQ: (TRA Level 3) PTT met with the new Chief of Thar Thar and learned that LT [redacted] had been removed for drinking and wrecking the IP vehicle. LT [redacted] is now the new Chief of the Thar Thar station. He has problems with the NP living in the same area as the IP in Thar Thar. PTT will attempt to bring the NP and the IP chiefs together to work out their issues. PTT also learned that there was a VBIED attack on the Dihjlay Station. Details from the IP indicated a fuel tanker had exploded near the station. Two men were introduced to IPA as the new judges that have come to Samarra. They are going to be here for a couple days at a time and then return to Tikrit. The Judges asked to meet with PTT later. PTT also observed 50 of the detainees outside the jail with the NP standing guard over them. The detainees were then released as the Judges said there was not enough cause to continue their detention.

(TA0136) Al Hardania Police Station: (TRA Level 4) PTT met with Hardania IP Chief LTC [redacted] The primary focus of this mission was to complete the monthly PSMR report, to ascertain the location of certain suspected insurgents and to address immediate logistical needs of the station. PTT members also continued IP identification activities to include fingerprints, retinal scans and photographs.

(TA0604) AD Dujayl HQ: (TRA Level 3) PTT inspected a location that COL [redacted] had recommended for use as a training facility. Training, finance and fuel use issues were also discussed. COL [redacted] stated that he had only received one million dinar for the months of October, November and December. He requested and received this fuel allotment through Tikrit.

(TA0810) AD Dujayl IHP: (TRA Level 3) PTT met with IHP station Chief MAJ [redacted] to discuss request forms through GEN [redacted] in Baghdad for supplies. At this time they are not receiving items they have requested. PTT helped separate and maintain files with the investigator at the station. PTT conducted two checkpoint inspections along MSR Tampa with the IP.

(No FFID) Sulyman Bak IPS: (TRA Level 3) PTT met with LTC [redacted] and asked what information he had regarding the CF reported firefight between the IP and insurgents near the main town bridge, and also about the CF report of two IED's all occurring the night before and within this IP Station's Area of Operations. LTC [redacted] stated that the two explosions were not significant and that their IP did not respond because of an agreement between them (IP) and the IA of the same area. The agreement was that the IP will handle all incidents within the town and the IA would handle all incidents on the roads outside of the town. Additionally, he had no information pertaining to a firefight with the IP and insurgents at the town's main bridge. He advised that when he relieved his nightshift counterpart, he was not briefed or advised of any of the above mentioned incidents.

LTC [redacted] was advised that PTT was unaware of any such agreement regarding the IA dealing with road incidents and the IP handling incidents within the town. PTT advised him

there needed to be a Standard Operating Procedure implemented. Once this is established, the shift officer in command must brief his relief on all serious incidents that occurred during the prior shift.

PTT inspected the Sulyman Bak IP Station's recently implemented custody cell. This cell also serves as this area's IA station. No IP were present at the holding cell. It was PTT's understanding that once the holding cell was put into use, it would be the IP responsibility to monitor and maintain the prisoners. LTC [redacted] said that he was unaware of that arrangement and only that the IP would be responsible for the food, water and any medical attention the prisoners may need. PTT advised the LTC that this was a directive of his commanding officer, COL [redacted] When asked the names and charges against the prisoners, he directed one of his subordinates to retrieve this information, from the prisoners themselves. Eventually, this information was produced. LTC [redacted] was advised that a custody log book must be established and maintained by the IP maintaining custody. PTT advised they need to log in the time and date of intake and biographical information about the prisoner.

Mosul (MND-N)

Ninewah

(MN0008) Al Gizlani LPS: (TRA Level 3) PTT met with MAJ [redacted] who provided requested information. MAJ [redacted] advised that there have been no attacks on his IP in the past 24 hours. MAJ [redacted] advised that he has an IP that was taken into custody three weeks ago. He was released fifteen days ago but his issued 9mm Glock was not released by CF. The IP was given a receipt for the weapon. MAJ [redacted] was advised to get a copy of the receipt and PTT would attempt to recover the weapon.

(MN0016) Al Kisik LPS: (TRA Level 3) PTT conducted training with LT [redacted] and retrieved the station's computer to return it to the FOB. The computer has never worked and cannot be repaired.

(MN0027) Al Tahadi LPS: (TRA Level UNK) PTT met with CPT [redacted] who reported a quiet AO. PTT then conducted a joint mounted patrol with the IP.

(MN0036) Al Dawasa LPS: (TRA Level 2) PTT visited the station to obtain information for the IPFSR. LTC [redacted] provided all the information required. LTC [redacted] advised that his TCP's have been shot at within the last 24 hours with no injuries noted, and three civilians were shot Sunday night with no suspects noted. The PTT Then inspected the jail which was found to be in good order, with inmates well fed and uninjured.

(MN0070) Al Suweis LPS: (TRA level 2) PTT traveled to Al Suwear LPS to conduct a IPFSR update. All necessary IPFSR data for the station was obtained. The team met with the XO, LTC [redacted] LTC [redacted] advised the team that his men found and disarmed an IED near the station. LTC [redacted] advised that logistics is a problem and PTT advised him to continue to submit the request up to NPHQ and that if he would provide the team with a copy of the request. An inspection of the area, and police station was conducted and found to be in order.

(MN0076) Tal Afar DHQ: (TRA Level 2) PTT did not conduct a station visit on today's date. BG [redacted] visited FOB Sykes to discuss security issues for the final days of Ramadan. An increase in patrols at stations as well as spot checks of the checkpoints by Tal Afar command staff is planned.

(MN0099) Major Crimes Unit / Major Terrorist Unit: (TRA Level UNK) PTT met with COL [redacted], commander of MTU. PTT continues to advise COL [redacted] on pending cases going before the IJ. PTT advised COL [redacted] that an investigator class will be given to IPO investigator. PTT needs five IPO to attend the two week classes. COL [redacted] stated he will provide the investigators from MTU, Abi-Tamam, AL-Nasir, AL-Karama and AL-Hadba'a stations. COL [redacted] stated the names will be given later this week to PTT. PTT requested reports from COL [redacted] on cases that are finished and were sent to IJ. PTT continues to monitor criminal cases transfer to MTU and recommend when it is a need.

(MN0134) Abu Maria LPS: (TRA Level UNK) PTT met with LTC [redacted] and assisted in the creation of a directive for a Firearms training day at the LPS Range. The directive included a request for ammunition to conduct the training. PTT inspected the Arms room and found the weapons clean and in order. PTT conducted a joint mounted patrol in the AO before returning to FOB Sykes without incident.

(MN0215) Mosul Al Gadeda LPS: (TRA Level 2) PTT met with the Station Commander, CPT [redacted], who stated he received a telephone call from an unknown female regarding the attacks on IA and CF in the area of Al Yarmook LPS. The caller stated the vehicles involved were a yellow Chevrolet Taxi and a gray Opel. CPT [redacted] stated the caller had additional information, but she stated she would call back later with the information. CPT [redacted] then provided PTT with copies of his request for supplies, ammunition and fuel that he had sent to Provincial HQ. CPT [redacted] stated he needs 1000m of electrical cable in order to connect to the main power grid. This would provide the station with electricity twenty four hours a day, instead of depending on the generator. The station does not receive enough diesel fuel to run the generator for the entire month. The generator fuel lasts approximately fifteen days. PTT advised CPT [redacted] the firing range at Provincial HQ has been reserved for firearms training. The training has been scheduled for (date and time withheld). PTT requested CPT [redacted] to provide ten IP to participate in the training. PTT advised CPT [redacted] the ammunition will be provided for the training, but the IP need to bring weapons, holsters, extra magazines and stocks for their rifles. PTT advised CPT [redacted] to continue with the mounted and foot patrols in the area.

(MN0220) Al Karama DHQ: (TRA Level 2) PTT met with the commander. Who stated that, earlier in the day, a VBIED went off while the IP were performing a joint patrol with the IA in the Al Khadra neighborhood. The commander stated there were no injuries and vehicles damaged. The commander advised they recently received a tip about insurgents driving a white Subaru in the Al Sanaam neighborhood. Along with the IA, the IP arrested ten subjects. PTT and the commander discussed performing joint patrols in the community. The commander stated that he was short on fuel. PTT also delivered various office supplies for the station. PTT also conducted a check of the detention facility and found the facility clean and the detainees cared for.

(MN0232) 1st Emergency Response Battalion: (TRA Level UNK) PTT made contact with COL [redacted] the Battalion Commander and discussed the upcoming training for the ERB Units. PTT requested that ten IP attend the training and also reminded COL [redacted] a new class would start every month. COL [redacted] advised PTT he did not have a generator at the 1st ERB and he is on the local power supply, which fails regularly. PTT also met with LT [redacted] the Communications Officer who advised PTT the 1st ERB has 80 radios of which only 32 are working. In addition LT [redacted] advised PTT the batteries are very bad and only last a brief period of time. COL [redacted] completed a request for the radios and batteries and provided PTT with a copy.

(MN0914) Tal Afar Traffic Circle LPS: (TRA Level 2) PTT conducted a disarming techniques class and inspected the jail and one prisoner. PTT heard gunfire which

appeared to come from a nearby IP checkpoint. PTT conducted a joint mounted patrol to investigate the source and reason for the gunfire, but was unable to locate or ascertain the cause.

(MN0924) Al Jamouri Hospital LPS: (TRA Level 2) PTT met with the Station Commander, COL [redacted], who reported the station is still in need of two towers, one on the front gate and one in the rear of the station. Force Protection is his main focus. COL [redacted] stated the Connex boxes have not been outfitted for the IP. The Connex boxes were going to be used for IP sleeping quarters. The IP sleep outside due to the limited space in the station. COL [redacted] informed PTT the hospital has given a small office to the station for the investigator. COL [redacted] stated the HESCO barriers have not been filled and the empty baskets are lying on the sidewalk. COL [redacted] stated the HESCO barriers would add to the security and Force Protection of the station.

PTT informed COL [redacted] the firing range at Provincial HQ has been reserved for firearms training. The training is scheduled for (date and time withheld) COL [redacted] stated he can send one IP to the training. COL [redacted] stated he would like to send more IP to the training, but with the added responsibility of manning the front gate, the station does not have enough staffing to send additional IP. COL [redacted] stated he has forwarded a request to Provincial HQ for twenty more IP. PTT will follow up at Provincial HQ on the request for additional IP. COL [redacted] stated he also requested office supplies, a computer, and funds to outfit the Connex boxes and uniforms for the IP. COL [redacted] stated he will furnish copies of all requests on PTT next visit.

(MN0928) Abi Tamaam DHQ: (TRA Level 2) PTT met with assistant station commander COL [redacted] who reported a VBIED threat was in effect for the station until after prayer. The vehicle is described as a green in color dump truck bearing a Mosul license plate. Force protection was increased by the IP. PTT also assisted with added force protection while out at the station. Information was provided to the station that the vehicle was possibly located in the Al Sinaa neighborhood. Coalition forces were unable to locate the vehicle. PTT was advised that all IP shifts would be on duty for the remainder of the night.

Training was conducted by PTT on the topic of Response to Violent Crimes. PTT was advised that a new intelligence officer had been assigned to the station. The intelligence officer was identified as LT [redacted] There was one small arms and IED attack on IP this date in the University market area near the fuel point. No IP or IPO were injured during the attack. Six IP have not returned to work over the past three days. PTT was advised that the station will wait until the next schedule shift change to see if the IP return to work. If they fail to return to work, then an investigation will be conducted as to the whereabouts of the IP as well as their handguns.

At Tamim

(TT0002) Alton Kupri Patrol Police Station: (TRA Level 2) PTT met with Station Commander, COL [redacted] to obtained IPFSR information and discuss the STO program. COL [redacted] stated the STO, LT Mazim Salim, was sick and probably would not be back on duty until approximately 26 October. Until his return, COL [redacted] and the station XO have been giving classes to their IP on Tuesdays and Thursdays. COL [redacted] stated that for the IP assigned to their substation, Kaluur LPS, he will have the STO either go to Kalur three times per week to give training; or have the IP come to Alton Kupri twice a week on their days off.

(TT0005) Kirkuk Provincial HQ: (TRA Level UNK) PTT met with COL [redacted] along with command staff from the 10th MTN Div and SOCCENT. Discussions included all major issues concerning the upcoming police academy class as well as the Academy staffing and community ethnic make-up. This was compared to the classes at the academy and the

academy staff. COL [redacted] showed how his assignments in the academy were based on ability and not because of ethnic or political affiliation. Also discussed were the logistical constraints placed on the academy by local and MOI factors. PTT then discussed security issues for the upcoming class, and force protection around the academy with COL [redacted] COL [redacted] agreed to take measures to ensure that his supervisors take extra care in directing the IP assigned to the checkpoints.

(TT0015) Kalur Patrol Police Station: (TRA Level 3) PTT covered PSMR items with LTC [redacted] provided training to ten IP and one IPO on disarming techniques for the handgun and rifle.

(TT0024) Qarah Anir Patrol Police Station: (TRA Level 2) PTT met with the shift commander and conducted a training review on building searches. PTT then conducted a training class on setting up perimeters, and entering and searching buildings.

(TT0031) Shwan Local Police Station: (TRA Level 2) PTT visited the station to obtain IPFSR information.

Irbil [redacted]

(NO FFID) Camp Irbil: (TRA Level UNK) PTT traveled to Ainkawa in the attempt to obtain tools for EOD technicians. Plans were also made to visit the Department of Civil Defense for Robot maintenance. The Team was downed for vehicle repair issues.

(NO FFID) Irbil Sector 4 Traffic Control Points: (TRA Level 4) PTT toured the sector 4 Traffic Control Points as designated in the Irbil Traffic Control plan. Sector 4 is the next to last section to be surveyed prior to submitting an assessment brief to the Engineering Directorate.

(MI0606) Irbil National Crime Lab: (TRA Level 3) PTT traveled to the Irbil National Crime Lab for day seven of a ten day Forensic Photographers Course. A total of eight Crime Lab personnel attended the course today. The primary subject for today's class was the presentation of a crime scene scenario to apply the techniques learned to date.

Sulaymaniyah [redacted]

(NO FFID) Sulaymaniyah Police College: (TRA Level UNK) PTT met with students at the Police College for a class in advanced investigation. Today's discussion was on the importance of Protecting the Crime Scene with emphasis on keeping pertinent evidence uncontaminated until it could be recorded and collected. The departure from old ineffective and traditional ways was stressed citing many examples of how Crime Scenes of the past had been grossly overlooked and therefore contaminated. A step-by-step explanation as to why the old ways needed to be abandoned and new and improved ways embraced were discussed at length. The importance of securing an outer and inner perimeter upon first arrival, and contacting essential witnesses and/or interested parties at the outset was also taught and emphasized. How to approach the C.S. and what to look for and how to subsequently identify and mark evidence was taught by demonstration with PTT "walking through" a makeshift C.S. showing the class how this procedure was to be followed. How to deal with non-essential personnel in the C.S. was taught as well as the importance of, and how to set up an outside Command Post. How to deal with the media and what could/should be conveyed to them about the crime(s) was also discussed. At the conclusion of the class, the students agreed that the above training/concepts were much more preferred and effective, to those of the past. IPA remains on lock down due to security threat. IPA in camp spent the day preparing for up coming classes.

CPATT IPA-OPERATIONS DAILY SITREP

Dahuk [redacted]

No activity was reported on this date.

Ramadi (MND-W) [redacted]

Al Anbar [redacted]

(RA0002) IP Headquarters PHQ: (TRA level 3) Provincial Police Transition Team (P-PTT) members worked on a system to track vehicles for the motor pool with corresponding paperwork. The P-PTT also assisted with martyrs pay. Training/Security sections conducted field training classes on standing post.

P-PTT members met with the Inspector General regarding alleged human rights violations and set up a tentative schedule to interview detainees held by IHP. P-PTT members also met with MOI Iraqi and Coalition representatives. The group discussed a plan to reconcile hiring orders, the 2007 budget and salary obligations of the Iraqi Police. MOI will audit Provincial Headquarters hiring orders for all Iraqi Police assigned to al Anbar.

(RA0013) Fallujah District Police HQ: (TRA level 2) Delayed reporting due to limited communications.
07 October 2007 The Police Transition Team (PTT) visited Jolan, a sub-station of Fallujah District Headquarters, in preparation for scheduled training. PTT met with the Station Chief to discuss the upcoming training and personnel issues. The Station Chief advised PTT the Iraqi Police (IP) who were trained during the last visit, were using their skills to train other IP assigned to the station. The Station Chief also advised PTT he would like to see the IP trained in fingerprint detection, combat first aid, explosive ordinance disposal (EOD) and K-9 handling. PTT advised the Station Chief their request would be documented and forward to the next higher command for review.

08 October 2007 The Police Transition Team (PTT) met with the District Chief and the Fallujah District Training Officer. PTT advised the Training Officer about two upcoming training programs, Train-The-Trainer and a Leadership Course, to be held at the Fallujah Iraqi Training Center. The Training Officer was advised he needed to provide the names of 6 Iraqi Police to attend the training. Communication was difficult with the Training Officer due to the poor English skills of the interpreter. PTT Leader stated a better interpreter would be made available soon.

The PTT traveled to Jolan, a sub-station of the Fallujah District Headquarters. The PTT met with the Station Chief to discuss the number of Iraqi Police (IP) he would have for the training class. The PTT provided training for 7 IP on pre patrol operations.

(RA0022) IHP-7: (TRA level 2) The Police Transition Team (PTT) met with the Station Chief and his Staff to discuss equipment, pay and training issues. PTT was given a list of items that are needed for day to day operations. The items listed were flashlights, gloves, cold weather gear, ammunition and new body armor.

The Station Chief stated the Iraq Police (IP) are now being forced to go to Ramadi to obtain their pay. In the past, pay was brought to them in Fallujah. The concern is that the majority of IP reside in the Fallujah area and it is a burden to go to Ramadi to receive pay. The Station Chief would like the pay to be issued in the Fallujah area. he PTT also provided training for 46 IP on pre-patrol operations.

(RA0052) IHP-6: (TRA level 2) The Police Transition Team (PTT) traveled to Combat Outpost Golden to escort tankers delivering fuel and water and to conduct a general inspection. The scheduled visit to IHP-6 was postponed due to vehicle communication issues.

(RA0054) Al Taashi: (TRA level 4) No station visit was conducted. Military members of the Police Transition Team (PTT) were assigned to operations not related to the PTT mission.

(RA0069) Habbaniyah District HQ: (TRA level 4) The Police Transition Team (PTT) met with a group of community leaders in regards to 6 detainees being housed at the Khalidiyah detention facility. This meeting was at the request of a Captain from the Intelligence Division. The PTT also provided training for 13 Iraqi Police on search and seizure. The PTT met with investigators from all stations within the Investigation Division. They were advised that all cases are to be brought to the Major in charge of Investigation Division at the District Station. The group agreed to meet once a week to discuss their cases.

(RA0070) Civil Camp Police Station (Habbaniyah): (TRA level 3) The Police Transition Team (PTT) provided training for Iraqi Police on crimes against persons. The PTT inspected the detention facility where no issues were noted and no detainees were present.

(RA0071) Coolie Camp Police Station (Habbaniyah): (TRA level 3) The Police Transition Team (PTT) provided training for 18 Iraqi Police on crimes against persons. Three Training Officers were present for train-the-trainer skill building.

(RA0080) Al Qaim (Husaybah) District HQ: (TRA level 2) The Police Transition Team (PTT) supervised the release of 17 detainees from District Headquarters. Two of the detainees were to be transported and released in the Ramadi area and one in the Hit area. One detainee was continuing to be held at the Al Qaim District Headquarters pending charges in the Husaybah area.

(RA0081) Hit Dist HQ: (TRA level 4) The Police Transition Team (PTT) traveled to Al Asad to escort the PTT Leader to a meeting.
