(RA0013) Fallujah District Police HQ: (TRA level 2) Police Transition Team (PTT) met with the Fallujah District Station Training Officer to discuss personnel issues and training classes that PTT was there to provide. The PTT provided training for 4 Iraqi Police (IP) on pre-patrol operations. PTT met with the IP Training Officer to discuss training for the next sixty days. The PTT located a training area for IP within the station. PTT checked the detention facility, armory, communications center, and supply center. The PTT met with the District Administration Officer to get a correct accountability of IP assigned to only Fallujah District.

The PTT traveled to Analoos, a sub-station of Fallujah District Headquarters where the PTT met with the Station Chief to discuss any station issues. The PTT provided training for 3 IP on pre-patrol operations.

The PTT traveled to Jolan, a sub-station of Fallujah District Headquarters, and met with the Station Chief to discuss issues within the station. The PTT has identified several logistical support issues. The PTT will mentor the Chief and work to resolve the issues.

The PTT traveled to Muallimeen, a sub-station of Fallujah District Headquarters. The PTT met with the Station Chief to discuss station issues. The PTT has identified several logistical support issues. The PTT will mentor the Chief and work to resolve the issues. The PTT provided training for 11 IP on pre-patrol operations.

(RA0016) Ferris Station: (TRA level 3) The Police Transition Team (PTT) met with the Assistant Station Chief to acquire the current number of Iraqi Police on shift and their status. Iraqi Police (IP) were in uniform and conducting their duties.

The PTT provided training for 5 IP on reaction to sniper fire and reaction to indirect fire. The IP appeared to enjoy the refresher training in the areas and understood the importance of the training. All of the IP trained advised they had received mortar fire and sniper fire and the IP discussed what they had learned during the incidents. The lessons learned during the incidents were identical to the lessons taught by PTT.

Compiled by [redacted] (b)(3), (b)(6), (b)(2), (b)(6)

10/16/2007

The PTT provided training for 3 IP on ethics, human rights and cooperation with the public. The IP advised they understood the importance of human rights and community policing; the IP stated that they used kindness to acquire information so that the citizens of Farris would be more receptive to the IP. The IP stated that the Farris IP and the Farris community worked well together to fight crime in the area. The PTT also inspected the detention facility and checked the welfare of detainees; no issues were noted.

(RA0018) Walid Local Police Station: (TRA level 4) The Police Transition Team (PTT) convoyed from Rutbah District Headquarters (DHQ) to Forward Observation Base (FOB) Korean Village and then to Waleed Local Police Station (LPS). During the station visit, the PTT assisted with pay operations, completed a detention and detainee check. After the completion of pay operations, the PTT convoyed to FOB Korean Village and then back to Rutbah DHQ.

There are two non-operational vehicles at this time. Rutbah DHQ is aware of this and is attempting to get support from Provincial to have the vehicles repaired. There was one detainee in the detention facility. He did not appear to have been physically abused and had ample amounts of food and water. Military members of the PTT gathered personal information on the detainee. If he is not on the wanted list, he will be released. The detainee has been in detention for approximately 14 days.

A renovation will begin on the current station; Iraqi Police (IP) move to another location while this takes place. A site for the temporary station will then become a sub-station of the renovated station. A civilian contractor, along with the PTT, will complete a site survey for the current station and the new location. The station has six Motorola hand held radios, three of which was programmed incorrectly and could not communicate with the other three. The PTT is working to resolve this issue

(RA0025) Al-Huryia: (TRA level 3) Delayed reporting due to limited communications.
14 October 2007 The PTT conducted a physical inspection of all detainees and inquired about any serious medical conditions. None were reported and all detainees appeared to be in good health. PTT members also conducted an evaluation of the station.

New military members of the PTT visited this station and spoke with a Captain as the Station Chief was out of the office. An inspection was done of the station and the new police station being opened soon to get an idea what will be needed to plan for upcoming training. PTT members met to discuss their findings.

15 October 2007 The Police Transition Team (PTT) inspected the detention facility and checked the welfare of detainees; no issues were noted. The PTT met with the Assistant Station Chief. The group discussed plans for the station and how the PTT will work with the assistant and the Station Chief.

(RA0052) IHP-6: (TRA level 2) Delayed reporting due to limited communications.
14 October 2007 The PTT returned to IHP-6 for an inventory and to inform station personnel of classes for the week. International Police Advisors (IPA) assigned to Forward Observation Base (FOB) Korean Village met with the IHP-6 PTT Leader at FOB Korean Village. IPA attempted to obtain support for an upcoming convoy; additional coordination will take place.

15 October 2007 International Police Advisors (IPA) assigned to Forward Operation Base (FOB) Korean Village participated with the IHP-6 PTT in an IHP-6 patrol. IPA observed the IHP-6 morning roll call and duty assignment formation. The joint mounted patrol departed

FOB Korean Village along Mobile Highway. The patrol stopped along the highway route and conducted a field interview. PTT and IHP-6 interacted with two Iraqi sheep herders. IHP-6 field interviewed both men and checked the location for illegal weapons and contraband. IPA observed IHP-6 setup a good security perimeter during the field interview.

The patrol departed the location and continued to patrol the highway for any suspicious vehicles or individuals. The joint patrol stopped at a service station a few miles east of the Syrian border. During the stop at the service station, IHP-6 demonstrated excellent perimeter security, not allowing any vehicles inside the patrol's area of operation. Also, IHP-6 utilized their community policing skills and interacted very well with the Iraqi citizens at the service station. The patrol departed the business and patrolled the roadways of Mobile Highway looking for any suspicious vehicles or individuals. IPA observed IHP-6 displaying proper road safety and maintaining proper vehicle intervals during the convoy operation.

(RA0069) Habbaniyah District HQ: (TRA level 4) Scheduled training was postponed due to Iraqi Police (IP) mission requirements; the training has been rescheduled. The Police Transition Team inspected the detention facility and checked the welfare of detainees. During the detainee inspection there were a number of issues were identified and will be addressed further with the Station Chief during the next station visit. The PTT scheduled training classes with the Investigation Division Officer and classes with the Intelligence Officers from all stations. These courses will be given in accordance to the Operations Planning Team guidance. The PTT met with the District Chief to discuss the judicial process and security issues concerning 2 IP that are being held at the station on criminal charges.

(RA0070) Civil Camp Police Station (Habbaniyah): (TRA level 3) The Police Transition Team (PTT) provided refresher training for 15 Iraqi Police (IP) on evidence collection and control. The class size was limited due to a special patrol that was taking place for refuel operations. Within the few weeks of the coordinated training schedule having been implemented, a marketed improvement in daily operations, report writing and leadership has been noted. The PTT also inspected the detention facility and checked the welfare of detainees; no issues were noted.

(RA0071) Coolie Camp Police Station (Habbaniyah): (TRA level 3) The Police Transition Team (PTT) provided refresher training for 18 Iraqi Police (IP) on evidence collection and control. The PTT discussed future location of a new building for Coolie Camp. The Station Chief proposed keeping the existing site since it is already on government property. A joint foot patrol was conducted to view two possible building sites for a new station.

(RA0072) Rutbah District Police HQ: (TRA level 3) Delayed reporting due to limited communications.

14 October 2007 The Police Transition Team (PTT) participated in an Iraqi Police (IP) community policing foot patrol in the City of Rutbah. The IP were very vigilant and safety procedures were followed. Interaction between residence and business owners took place as the IP met and talked to them. The PTT also monitored an 8 hour IP weapons cache patrol outside the City of Rutbah. The patrol located a very large cache of unexpended ordnance at two different locations. Explosive Ordinance Disposal arrived on scene and disposed of the ordnance. The PTT also inspected the detention facility and checked the welfare of detainees; no issues were noted. PTT then convoyed from Rutbah District Headquarters (DHQ) to Forward Observation Base Korean Village to pick up an additional vehicle. PTT then convoyed back to Rutbah DHQ.

15 October 2007 Police Transition Team (PTT) convoyed to Forward Operating Base (FOB) Korean Village to meet with the newly assigned military members. The PTT divided and

went on separate convoys. One group convoyed to Waleed and assisted with pay operations. The other convoy traveled to Akashat for a site survey. After completion of the separate visits, the convoys returned to FOB Korean Village and then proceeded to Rutbah District Headquarters (DHQ). The PTT inspected the detention facility and checked the welfare of detainees; no issues were noted.

(RA0080) Al Qaim (Husaybah) District HQ: (TRA level 2) The Police Transition Team (PTT) assisted with pay-call at the District Headquarters (DHQ). While at the station, Iraqi Police brought four explosive mines into the station that were discovered while on patrol. The PTT contacted Explosive Ordinance Disposal (EOD) and then conducted a training session on proper cordon and explosive evidence collection. EOD arrived and secured the mines. The PTT then convoyed to Camp Gannon and made their initial embedment. After establishing living quarters, the PTT convoyed to Camp Al Qaim to pick up assigned personnel and returned to Camp Gannon.

(RA0925) Al Salaam: (TRA level 3) The Iraqi Police (IP) Training Officer is continuing to conduct training on his own initiative. The Police Transition Team (PTT) monitored training he provided on building searches. The training used IP as role players and covered dealing with armed suspects and non armed suspects. This training will continue until all station IP receive it.

The PTT checked the packet for a detainee held at the station. The packet has been sent to the court and returned by the judge because it did not contain the original death certificate of the victim. The original will be obtained to complete the packet and ready it to be presented to the court for prosecution.

(RA0927) Al Faraj: (TRA level 3) The new Police Transition Team (PTT) made its first station visit to Faraj Station. The PTT carried out a station inspection. The Iraqi Police (IP) at the station all looked professional and in order. The PTT attended their morning accountability formation. The station is clean as to be expected. The PTT met with the Station Chief to discuss setting up a room in which to conduct training. He agreed to provide a room and have it set up with chairs. The PTT team checked on the force protection; no issues were noted. The detention facility was checked and found to be in order. Detainees stated they are fed three times a day and given water when needed. The detainees were checked by the medic for signs of abuse and any other problems; no issues were found. The PTT requested a copy of the station's log book containing all assigned equipment.

(RA0930) Samoud: (TRA level 3) The Police Transition Team (PTT) met with the Station Chief to discuss the proper method to request money for projects that need to be done around the station and for programs such as canal cleaning. The PTT asked the Station Chief to identify problem areas where the PTT could conduct joint patrols in the near future. The PTT also discussed supplies needed and advised the Supply Officer to make his written supply requests in duplicate and present them to the JCC. The Supply Officer was also advised to justify his requests and to keep a copy of all his supply requests. The PTT then met with the Training Officer to discuss future training. The training will cover hand held metal detection devices and check point procedures. The Training Officers are working on lesson plans for their training.

Ramadi Training Center: The PTT checked on the progress of the construction at the new RTC site. The PTT then met the local military cadre to discuss teaching aids and personnel needed to conduct three classes simultaneously. Classes are presently scheduled to begin in two days.

Iraqi Police Professional Leadership Development Course (IPPLDC): The cadre met with the PTT Officer in Charge (OIC) to discuss logistical support for the upcoming Patrol Development Course (PDC). The group discussed interpreter staffing, equipment and supplies. The area is currently understaffed with interpreters. The issue was resolved and the upcoming course should have no problems with interpreter staffing.

PSF-4 (Camp Fallujah): The Police Transition Team (PTT) trained 75 Provincial Security Force (PSF) personal at the Iraqi Training Center. The training consisted of practical application exercises on vehicle searches, personal searches and checkpoint procedures.

(BC0001) Abu Ghraib District Police HQ: (TRA Level 4) The team arrived at the station and loaded weapons to be transported to Nassir Wa Salem for utilization in the upcoming training. The team informed the military this will affect the planned completion date for the instructors.

(BC0025) Al Karada Patrol Police Station (East): (TRA Level 1) The team met with Col. [redacted] and discussed the possibility of assigning Lieutenant [redacted] as training officer. The Colonel was receptive to the idea and scheduled a meeting with Lieutenant [redacted] and the team to discuss implementing a more formalized in-service training plan. The team conducted training covering basic marksmanship with both the AK47 and Glock pistol. Lt. [redacted] co-taught the class with the team. (b)(6), (b)(7)c

(BC0038) Al Khansa Local Police Station: (TRA Level 2) On 10/09/07, the team assisted with recruiting new IP. The team was assigned to assist the military with preparing the IP assigned to the front guard post for crowd control, person searches, and force protection. The team conducted training for 5 IP covering crowd control, while 3 other IP were mentored on how to properly search IP recruits prior to entering the station. 55 IP recruits were selected throughout the day to be processed by the station's command staff. An inspection of the jail was conducted and the team medic conducted a medical check of all prisoners. The team then conducted training for the QRF covering identification of VBIEDS and IEDS.

On 10/10/07, the team continued the recruiting process. The team was forced to disperse a large crowd using less than lethal rounds fired into the ground. They successfully dispersed the unruly crowd in a safe manner. The team continued the recruiting process over the next 2 days. The team created a new database which will contain photographs and names of all IP who are currently assigned to the station.

(BC0049) Al Rashad Local Police Station: (TRA Level 2) The team met with Lt. Colonel [redacted] who reported the station received fuel for vehicles. He collected money from the IP to purchase fuel for the small generator. He also said he received positive feedback from the community regarding the team's joint patrol efforts. The team conducted a joint foot patrol with 4 IP while they interacted with several children and handed out stuffed animals and candy. The team conducted training for 4 IP covering crime scene protection and search techniques. (b)(6), (b)(7)c

(BC0052) Al Rashidia Local Police Station: (TRA Level 3) The team inspected the arms room and found the station is missing 10 vests. The team conducted 3 joint foot patrols and 3 joint mounted patrols. The team conducted training covering community policing tactics prior to the joint patrols. The team then returned to the station and conducted training with 9 IP covering Police Survival tactics.

(BC0056) Al Sa'adoun Local Police Station: (TRA Level 2) The team discussed with the commander the continuing problem of receiving enough fuel to meet the needs of the station. New requests will be forwarded to the MOI to increase the fuel allotment. 2 training classes were conducted covering person searches and first responder to a crime scene. The military medic conducted follow up care for a detainee who was treated during the previous visit for an infected injury on his chest.

(BC0058) Al Saliyah Local Police Station: (TRA Level 2) The team downloaded the second Part of the MOI training plan on the station's computer and made an attempt to

retrieve a seized Ak-47 from a CF check point.

(BC0098) Mada'in District Police HQ: (TRA Level 3) The team met with General [redacted] in reference to the lack of man power for force protection at the Mada'in LPS. The General said he correct the situation. The team advised the General there were 17 IP AWOL at the station. The General said Major [redacted] told him there was only 1 IP AWOL from the station, and 40 IP present for duty. The team informed the General the numbers were wrong and the actual number of IP AWOL is 17 and only 23 IP on duty. He requested Major [redacted] complete the proper AWOL paper work for all 17 missing IP.

(BC0099) Al Mada'in Local Police Station: (TRA Level 3) On October 10th the team met with Lieutenant [redacted] and Lieutenant [redacted] The team spoke with them in reference to force protection and the minimum number of personnel needed to provide proper force protection. They said several personnel have been transferred and have not been replaced by [redacted] They indicated new IP are assigned and then pay money to [redacted] to be transferred to a station of their choice. The team also spoke with them about conducting proper investigations for serious crimes, such as murders, rapes and robberies. The team set up a mock crime scene and conducted training on proper photographing techniques. Over the next 3 days, the team conducted training covering basic first aid, the proper techniques of dealing with unexploded ordnance and used the NP firing range to test fire the IP's weapons. Training was conducted at the range covering proper firing methods and round accountability. The team conducted a joint patrol with 4 IP on the last day of the station visit. The IP handed out tip line information to local residents.

CPATT IPA-OPERATIONS DAILY SITREP

Babylon (MND-CS/S) (b)(3), (b)(6)

Al Qadisiyah

FOB Echo: The IPAs continue to prepare for the next group of IPs. The VISTA program is also awaiting the arrival of the new IPAs that will assist in the training and participate in PTT Missions.

Babil (b)(8), (b)(6)

(BB0032) Babil Provincial Police HQ: (TRA Level 1) PTT met with General [redacted] (b)(6), (b)(7)c and his assistants to discuss the handover of ownership of the IP station Taheer LPS located at Mussayib District from the MOH to MOI. It was explained to PTT that the IP station Taheer LPS was already under MOI ownership, so a memo transferring the station over would not be needed. Before renovation plans proceed with the building, confirmation of ownership was required.

FOB Kalsu: FOB Kalsu continues to suffer internet issues, and is not able to submit reports at this time.

Wasit (b)(3), (b)(6)

FOB DELTA: Nine Missions were scheduled on this date and all missions were attended by IPAs. The reports from these missions were not available at time of submission. IPAs also worked on the training documentation needed for the D-StaRC training session, and also assisted MPRI in discerning why an Academy delivery person was being detained by [redacted] (b)(6), (b)(7)c LPS. (b)(6), (b)(7)c

Dhi Qar / Al Muthanna (PIC) (b)(3), (b)(6)

Training materials were reviewed and prepared by PIC members in anticipation of next week's Senior IPS training in Basic Investigations. Additionally, team members worked on gathering information for a resource list for the upcoming TSU Class. The resource list is to include any support needed from the Australian Battle Group. PIC members also continued to work on the financial tracking form.

PIC members attended an all morning conference with the Australian MiTT planning the new order for the military to concentrate on the Iraqi 10th Division Army and ISF to help further them into self reliance. The Australian Military needed input from PIC members regarding operational and logistical needs for the presentation to the Deputy Brigade Commander this evening.

Security Planning PIC member attempted to contact both the Dhi Qar and Al Muthanna PJCC's this date to discuss the ongoing ammunition inventory, financial tracking information and reporting to the NCC. Team members made contact with Lt. Col. [redacted] (b)(6), (b)(7)c of the [redacted] (b)(6), (b)(7)c PJCC. [redacted] (b)(6), (b)(7)c stated the majority of the Iraqi Police were celebrating the EID holiday and would return to work the next day. The PJCC is open and operational with a skeleton crew on this date. Col. [redacted] (b)(6), (b)(7)c had no significant events to report. The Dhi Qar PJCC has not responded to PIC member's request for information.

Baghdad River Patrol [redacted] (b)(3), (b)(6)

(BC0147) River Police Training Center: (TRA Level 2) The IZ police requested that a boat be sent to an area north of the "14th of July" bridge to check a boat on the river with five occupants. The five occupants were brought to the station and questioned. Photos and the names of the occupants were taken. The report and the photos will be put on file for future references. They were advised to stay away from the embassy and restricted areas.

Lt [redacted] conducted a class on proper procedures on fuel accountability. The class did a walk through procedure with an IPA mentor. There was also a lockdown drill conducted with force protection personnel. The boat crew was not available for the drill, as they were at the Main Station delivering paperwork to the Captain. Total time to secure the station and lockdown all the gates was two minutes and 15 seconds.

Tikrit (MND-CW)

Diyala [redacted] (b)(3), (b)(6)

(TD0024) Diyala Provincial Police HQ: (TRA Level 3) PTT-P met with COL [redacted] Chief of Personnel, who advised that BG [redacted] told him that verbal approval had been received from MOI to hire 6,000 more IP for Diyala; bringing the total to 21,000 IP provincial wide. The PTT-P then met with LTC [redacted] Chief of Logistics. Of the 40 PKM received last week from MOI, none have been issued. LTC [redacted] will not be distributing these weapons, and will only give them to stations with the PDOP's approval. This will keep a reserve of PKMs for future use. There are SA-58 rifles and mechanics tool kits that are at MOI for the province, but LTC [redacted] has not been notified of their existence. This information was received through CF channels. There are 3,000 rifles with full stocks and 2,000 rifles with collapsible stocks. There are 14,000 AK-47 magazines at MOI as well. Wajehiya LPS received 3 PKM this week.

PTT-P spoke with COL [redacted] Head of Training. PTT-P discussed the upcoming Sulaymaniyah Class. PTT-P also discussed the up coming course at FOB Gabe and the Instructor Course at IPS HQ. COL [redacted] and his staff are tracking all courses and have the students already lined up for the courses. COL [redacted] also advised he had received a memo from the Scorpion Academy requesting another generator for the Academy. COL [redacted] planned to discuss the issue with the PDOP upon his return from vacation.

(TD0104) Diyala Provincial QRF (Neshda): (TRA Level 3) PTT-D met with COL [redacted] who stated there have not been any attacks on the station, or any on the check points, in the last several days. COL [redacted] stated that he has 5 IP that are to attend the next Guardian Academy, and 3 IP at the next First Aid training at IPS.

(TD0111) Tahrir Local Police Station: (TRA Non Active Station) PTT-D met with CPT [redacted] The station has requested more rifles and pistols for their IP. There are no pistols issued to any of the IP and they are in need of 54 AK-47 rifles. The station has requested weapons, radios, vests, uniforms, winter jackets and hats. The station has recently been issued riot shields, berets and helmets. There are 2 IP from the station will attend the Sulymaniah Academy.

(TD0052) Baqubah Twin Bridges Checkpoint HQ: (TRA Non Active Station) PTT-D met with CPT [redacted] who stated that everything has been quiet. PTT-D conducted training with 6 IP on weapons handling and recovery of a down officer.

(TD0020) Buhriz Local Police Station: (TRA Level 3) PTT-D met with LTC [redacted] who advised the station is still in need of equipment. LTC [redacted] has requested furniture, uniforms, vests, helmets, weapons and ammunition from DHQ and IPS-HQ. The last time the station was issued any equipment was in Aug07. At that time, the station was issued 2,240 AK rounds and 2,100 PKC rounds. Construction started on the new station on 13Oct07, and appears to be going well. It is projected to take seven months to complete the building.

(TD0002) Al Abarra Local Police Station: (TRA Level 3) PTT-D met with LTC [redacted] and discussed the conditions of the checkpoints along route Canal. The checkpoints were improperly manned and vehicle searches were not being completed. This information was brought up to LTC [redacted] to present to LTC [redacted]. He then informed the PTT-D that he will be moving to the Hawaidir station as the new commander in two days. MAJ [redacted] from Hawaidir will be moving to Al Abarra to assist LTC [redacted]. Preparations for training later in the week were made and [redacted] was tasked with providing 10-15 IP for the training before he leaves.

(No FFID#) Al Durah Local Police Station: (TRA Non Active Station) PTT-D met with LT [redacted] after learning that LTC [redacted] took another five day vacation. This is his third vacation in less than three months. He continues to also disregard advice given to him by PTT and does not pass on information to his OIC. This lack of information has been very non-productive for the station. PTT-D then assisted LT [redacted] in drawing plans to build a training ground at the IP station. This plan would allow the IP to have a relatively secured area to park vehicles and conduct formations and organized training in the future.

(TD0109) Al Hawaidir Local Police Station: (TRA Level 2) PTT-D team spoke with LT [redacted] and trained 35 IP on policing in a democratic society.

(TD0035) Khalis District HQ: (TRA Level 3) PTT-D spoke with COL [redacted] who advised there were 5 kidnappings in Khalis on 14 October. He said he sent MCU to the location, but they have no leads at this time.

(TD0018) Balad Ruz District Police HQ: (TRA Level 2) PTT-D met with CPT [redacted] the head of CID. CPT [redacted] requested the team's assistance in serving two arrest warrants in the city. PTT-D then advised CPT [redacted] on the proper way to set up on the houses and conduct a search of the home. The team assisted CPT [redacted] and eight IP with the warrants. Neither suspect was located.

Scorpion Academy: 35 IP were trained on Democratic Policing and Force Protection Procedures.

Salah Al Din [redacted]

(TA0037) Al Owja LPS: (TRA Level 2) PTT spoke with MAJ [redacted], the station commander, and noted 14 IP on duty. The Chief advised that four of his IP were conducting a traffic checkpoint in the village. PTT also discussed training with the training officer.
