CPATT IPLO DAILY SITREP

23May2007

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: The Team conducted Training for 4 IPs covering Pre-Patrol Operations. Students were attentive to material presented and actively participated in classroom discussions. The Team met the morning guard mount and observed all IPs in proper uniform and ready for assignments. The Team continues to monitor and mentor officers' performance at the Terminal and French Village Sub-Station.

(BC0009) Al Alawiyah Local Police Station: The Team conducted Training for 4 IPs covering Reaction/Signs of Ambush. Special emphasis was placed on not rushing to the scene without conducting an evaluation for possible set-ups to be ambushed. The Team met Colonel [redacted] (Station Commander) who advised a recent raid yielded 61 fake identification cards and 1 fake Press Pass from the 'Central Committee Terrorism Organization'. He further advised there was no known such organization. Contract work was completed on 4 new guard positions and the Team observed that little was accomplished to make the positions safe for IPs. The Team met Sergeant Major [redacted] and discussed training ideas for future classes. The Team asked Colonel [redacted] to consider appointing Sergenat Major [redacted] for the STO position. The Team provided 60 liters of fuel for the Stations generator. (b)(6), (b)(7)c

(BC0018) Al Jazaaer Local Police Station: The Team conducted Training for 3 IPs covering Intelligence Awareness and Communication. The Station Commander was not available at the JSS due to visiting another Station. The Team observed only 3 IPs performing security duties and the rest of the Station was empty.

(BC0037) Al Kahdra Local Police Station: The Team met Colonel [redacted] (Station Commander) to discuss increasing violence within the AOR. During the conversation a VBIED attack occurred approximately 250 meters north of the Station. Immediately afterwards, an IED and SAF attack was perpetrated against a NP convoy 200 meters south of the initial VBIED explosion. The Team observed that IPs appeared confused about responding to the incident and apparently there is no SOP in place concerning defense of the Station. It was obvious Station personnel relied solely on Coalition Forces for protection of the Station. The Team plans to address the issue with training as soon as possible. (b)(6), (b)(7)c

(BC0038) Al Khansa Local Police Station: The Team conducted Training for 4 IPs covering Patrol Procedures for Mounted/Dismounted Patrols and Vehicle Searches. The Team met Major [redacted] (Station Commander) who advised that he could only send 5 IPs for the upcoming training scheduled at FOB Rustamiyah. Lieutenant [redacted] has been selected as STO and will attend the class prior to instructing classes. (b)(6), (b)(7)c

(BC0043) Al Muthana Local Police Station: The Team conducted Training for 10 IPs covering Police Ethics and Fire/Movement Procedures. The Teams' Military counterpart provided fuel for vehicle patrols during the visit due to the Station not receiving fuel. The Team met with the Station Commander and discussed improvements for the Stations Force Protection. The Station Commander submitted 7 IP names for the upcoming 4 week training class at FOB Rustamiyah.

(BC0049) Al Rashad Local Police Station: The Team conducted Training for 8 IPs and 2 Officers covering Patrol Procedures, High Risk Traffic Stops, Weapons Safety and

Vehicle/Person Searches. The Team conducted 1 Joint Patrol with IPs in Zone 30 and no incidents were experienced. Several traffic stops were initiated and officers were observed using good safety skills and search techniques during the operations. The Team met Lieutenant Colonel [redacted] (Station Commander) who is working on a list of IPs for attending the training class at FOB Rustamiyah. Lieutenant [redacted] was selected to attend the STO training class.

(BC0058) Al Saliyah Local Police Station: The Team inspected the Detention Facility and found 123 detainees incarcerated in overcrowded conditions. The Team found the temperature very hot in the cell and requests for repairs to the air-conditioning unit and proper ventilation remain unanswered. There is no running water available for prisoners to bathe and the smell caused by the conditions was nauseating. There was no Station OIC present and information revealed the Command Staff was attending a meeting with the Military at the IZ.

(BC0069) Al Thawra Local Police Station: The Team met Colonel [redacted] (Station Commander) and he advised the AOR had been quiet during the past 24 hours. The Team will provide the Commander with a downloaded version of the Field Training Manual at earliest convenience. 1st Lieutenant [redacted] (STO) was present and advised that he attended the Train the Trainer Class to support the Program.

(BC0079) Bab Al Muadam Patrol Station: The Team conducted Training for 11 IPs covering Vehicle Search Procedures. The Team met Colonel [redacted] (Station Commander) who advised the AOR had been quiet during the past 24 hours. The US Military placed additional concrete barriers in front of the Station to bolster Force Protection. The Team conducted Training for 8 IPs covering Vehicle Search Procedures. The class was cut short due to the interpreter being used by the IA for other duties (suspect interrogations). The Team met Colonel [redacted] (Deputy Commander) who advised of an attack on an IP Patrol in which no officers were killed, however, some sustained minor injuries. The Team observed 6 suspects being detained in the Detention Facility concerning the attack and all were scheduled for court appearance the next day. No further details were available concerning the matter.

(BC0080) BabAl Sheikh District Police HQ: The Team met Colonel [redacted] (District Deputy Commander) to discuss MOI Training Initiative and he had no knowledge of the Training Manual. The Team was unable to download the information for him due to the Training Section being locked. Colonel [redacted] advised the new system for obtaining emergency fuel is not working.

(BC0085) Baghdad Provincial Patrol Police HQ: The Team mentored IP Instructors during a Tiger Team Training class for 17 IPs covering VIP/PSD Procedures. The Station has 70 AWOLs and all names have been reported to MOI for disposition. The Team met Colonel [redacted] and discussed the possibility of incorporating a Management Class (for higher ranking officers) during the upcoming Training Plan. He is currently selecting 7 candidates to attend the class.

(BC0086) Baghdad Main Provincial Police HQ: The Team conducted Training for 20 IPs covering Recognition/Identification of IEDs and Scene Security. Students were attentive to the material presented and observed training-aids provided by Coalition Forces. The Team met Colonel [redacted] (BHQ Director) and discussed policy covering AWOL processing procedures. Captain [redacted] (BHQ Warehouse Chief) was contacted regarding needed corrections being made for previous statistics reported.

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

(BC0092) Baghdad IHP HQ: The Team continues working through a reorganization process and is proceeding with the 7 day training course. The MOI Training Plan continues to be reviewed by IHP Headquarters Training Staff. No Joint Patrols are being conducted per orders from Brigadier General [redacted] (IHP Headquarters Commander). He stated there is not a good working relationship with the IA and IPs have been threatened to be shot or arrested by members of the IA. The Team is planning to conduct a Joint Patrol with IPs and CF later in the month. Major [redacted] advised IHP has not received fuel for 20 days and CMF advised IHP fuel was given to other Stations. The Team will conduct a follow-up on the matter and attempt to resolve same.

(BC0094) Hy Al Amil Patrol Police Station: The Team met Lieutenant Colonel [redacted] (Station Commander) to discuss proposed construction issues and future Training Plans. The Commander stated he will soon be receiving 60 new recruits that have not attended the Police Academy. The Team suggested a 5 day formal pre-academy training session be conducted for the recruits at FOB Falcon. Plans to implement the process are underway by coordinating the effort with the Teams Military counterpart.

(BC0095) Jisr Diyala Local Police Station: The Team conducted Training for 6 IPs and 2 Officers covering Weapons Safety, Room Entry Procedures and Crime Scene Protection. The Team met Major [redacted] (Shift Commander) who advised an IP Patrol was fired on in the area of Routes Corn and Pluto on May 18th. Details revealed the patrol returned fire and vacated the area as soon as possible with no injuries sustained. Major [redacted] also advised an IP radio was lost on May 19th. He advised that more dead bodies are turning-up in the AOR indicating Shiute-Sunni violence is increasing. He advised intelligence reports show Iranians are supplying radios and weapons to insurgents. Turmoil within the Station seems to be rising as many good IPs are becoming frustrated with corruption issues present. Information revealed Colonel [redacted] (Station Commander) is leading the corruption and it is rumored he is a member of JAM. The Team documented this issue in a previous survey and indicated he must be removed before improvement can be realized at the Station.

(BC0098) Mada'in District Police HQ: The Team met General [redacted] (Headquarters Station Commander) to discuss payroll problems and possible fraud allegations at Jisr Diyala and Madian Police Stations. The Team advised that the main allegations are against the Station Commanders and the problems are of such a serious nature that if not corrected, they will have a major impact on the ability for each Station to function as a Unit. General [redacted] requested training equipment and supplies through the Chain of Command but has received no response.

(BC0099) Mada'in Local Police Station: The Team conducted Training for 15 IPs and 1 Officer covering Weapons Safety, Room Entry Procedures and Crime Scene Protection. Lieutenant Uday was selected as STO and plans to order training folders. The Team met Major [redacted] (Station Commander) and confronted him with corruption issues involving his operating a fraudulent payroll to collect money for ghost employees. Major [redacted] has been suspect for some time now and denied the allegations.

(BC0119) Rusafa Patrol Station: The Team conducted Training for 12 IPs covering Vehicle Search Procedures. The Team met Colonel [redacted] (Station Commander) to discuss MOI Training Initiative and he had no knowledge of a MOI Field Training Manual. Colonel [redacted] advised the AOR had been quiet during the past 24 hours.

(BC0120) Rusafa Directorate Police HQ: The Team met Colonel [redacted] (Logistics OIC) and delivered a 'Jump' Kit for collecting biometrics information to process IP badge applications. The Team learned 2 IPs have been trained to operate the system and are

(b)(3), (b)(6), (b)(2)

currently preparing a work station to begin the process. Brigadier General [redacted] (Station Commander) and Colonel [redacted] (Computer Section) are familiar with the badge application process and they are assisting with preparations. The Team contacted several different sections of the Station attempting to ascertain how many IPs require new badges. The Station Commander advised he has not received any information from MOI concerning implementation of MOI Training Initiative.

(b)(6), (b)(7)c

Babylon (MND-CS/S) [redacted]

Al Qadisiyah [redacted]

No stations visited

Wasit Province [redacted]

(b)(3), (b)(6)

Camp Delta Crucible #2 Academy: (Training Day 3 of 5): A total of 33 students arrived for Crucible training on Weapons Maintenance and EOD/IED. Students had practical lessons on Crisis Management and Check Point Operations. 9mm handgun ammunition is needed for the firing range, as well as ear protection for the IPs.

Babil Province [redacted]

(b)(3), (b)(6)

(BB0500) Al Hillah Regional Police Academy: The PTT team from Fob Reo met with the Academy Chief, Colonel [redacted], concerning 'in-service' training of active police personnel in the province. There was discussion concerning implementation and procedures to establish pistol re-qualifications and a close combat pistol course. The team will train provincial training officers, who will assume the program once it is on track. The commander still has a concern about obtaining replacement ammunition; the team will speak with Colonel [redacted] Provincial Budget Chief, regarding fiscal year funding. The proposed range will require minimal refurbishment which can be done locally. The Colonel mentioned the postponed 'in-service' training that General [redacted] had requested for all provincial sergeants on Crime Scene Management. The team explained that they were unable to obtain a commitment from military commanders for escort to the academy on Fridays (the only day classroom space is available). The team continued discussion on re-locating the Crime Lab onto the property. The Colonel agreed with the stipulation that a computer lab can be made available on the 1st floor. Electricity will need to be enhanced to produce sufficient power for the Crime Lab and Computer room.

(b)(6), (b)(7)c

(BB0014) Al Huriyah Local Police Station: The team convoyed to the station in regards to the task of entering the station's personnel into the Biometric Automatic Tool Set (BATS) system. This system is capable of digital electronic finger printing, retinal scanning, photographing, and entering biographical data of all personnel. The portable system will then be downloaded into a database of record. Total personnel assigned to this station are 143 IPs. During the visit, data was collected from 79 IPs. The team kept the event organized and moving in an orderly manner. The remaining IP personnel's data will be collected in the near future.

In addition, 20 IPs were trained at the Kalsu FOB. The instruction contained the following topics: Building Entry, Building Clearing, Crime Scene Investigations, and practical exercises. Total time of instruction was 10 hours.

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

Dhi Qar / Al Muthanna (PIC) [redacted]

PTT members attended the daily operational briefing in Camp Terendak and met with [redacted] PJCC personnel (COL [redacted]) to discuss personnel and logistics matters. In addition, PTT members met with [redacted] PDOP COL [redacted] to discuss Security Plans.

Tikrit (MND-CW) [redacted]

Diyala [redacted]

(TD0024) Diyala Provincial Police HQ: PTT traveled to the FPS/Economic Crimes and met with LTC [redacted] who turned over reports detailing the number of IP assigned to FPS broken down into the two individual departments; building guards and dignitary protection. There are currently 190 IP assigned to the building guard department and 882 assigned to the dignitary protection department. LTC [redacted] spent a considerable amount of time with the team going over structure and command of the FPS division. LTC [redacted] provided copies of orders from the Government Council signed by the PDOP regulating the number of IP assigned to the Governor's, Deputy Governor's, and each city council member's PSD team. LTC [redacted] pointed out that while this order restricts the Governor's PSD to 80 members and the Deputy Governor's PSD to 60 members, the Governor has 138 IP currently working on his PSD team and the Deputy Governor has 78 IP on his team. LTC [redacted] advised that this is a problem mainly because he is technically in charge of these IP but has no command over them and is not even updated if they ever report to work, get killed, injured, kidnapped, or become sick. Once the IP are hired by IPS HQ on orders from the governor and assigned to FPS, they are put to work on the PSD team at the governor's office and he never hears anything more about these IP. A report was obtained detailing each person being protected by the PSD department of FPS and how many IP are assigned to each dignitary. LTC [redacted] provided the names and rank of the command structure in the FPS department. He was asked to complete a report for the building guards department detailing the buildings protected and the total number of IP assigned to each building protection team. This report should be complete on the next visit of the team to FPS in the following week.

(TD0110) Diyala ERF 2 Facility: Today at ERF 2, PTT met with COL [redacted] and was told that ERF 2 had 122 IP working at 4 check points and only had 30 as force protection and QRF for the station. *While at the station COL [redacted] received a call from GEN [redacted] telling him to send IP to the bank since it was under attack. COL [redacted] sent 30 IP and a short time later he informed PTT that he had wounded from an engagement with AIF in the area of the bank. PTT went to the area of the bank and was also engaged by AIF, but was able to recover a wounded IP who later died at FOB Gabe. Another IP was transported to FOB Warhorse and two other wounded IP were treated and remained at ERF 2.* No training was conducted today due to AIF activity.

(TD0016) Mufrek Local Police Station: PTT met with LTC [redacted] of the Mufreq IP station who stated that 37 IP are assigned to the station with 11 currently on duty. Construction and force protection issues were discussed with Amir. No training was conducted by PTT do to lack of time so that other station visits could be made.

(No FFID#) Al Durah Local Police Station: PTT traveled to Al Durah LPS and spoke with LTC [redacted] who stated he had 40 IP on duty, 9 IP at the station, 16 on check points, 5 doing security at the COLs house and 10 on check points.

PTT conducted training to 12 IP on weapon safety and sight alignment.

(b)(3), (b)(6), (b)(2)

(TD0109) Al Hawaidir Local Police Station: PTT met with MAJ Abaas who stated that he had 50 IP working at 3 check points and force protection for the station. He added that he would like to get 15 plastic barricades for his check points. He also told PTT that he was out of fuel for his trucks and that when he requested more, he was denied. He also stated that he has received no diesel for his one Ford diesel IP vehicle since he received the truck. No training was conducted due to military time constraints.

(TD0051) Mandeli Local Police Station: PTT traveled to Mandeli DHQ and gathered 3 IP for a joint vehicle patrol of villages surrounding Mandeli. One village was visited that had been abandoned due to 15 homicides that had occurred a few days earlier.

Salah Al Din

(TA0080) Salah Al Din Provincial HQ: PTT met with COL [redacted] of the Salah Ad Din Provincial Logistics Office who provided a distribution list of ammo his department sent out to the Districts in the past few days.

A Provincial Logistics meeting was set up in which he requested PTT to attend so they could be witness to what he was telling the Districts concerning equipment issues. He explained that the Districts can get quotes for repairs of generators and submit them to the Provincial Finance Office for monies to do this if monies are available. He also stated that each District is provided monthly office supplies of which they must pick up. Arrangements were made for his department to pick up Hesco's and sea wire to keep at the ware house in case any District or station was in need of them.

PTT also met with MAJ [redacted] of the Provincial Communications Office who had a contractor present to discuss the expansion plans for this office and an inspection of the area was conducted. The contractor explained that once he is given the approval to start, the rooms would be completed within 30 days of the start date. These additions will more than double the space for the very crowded office.

(TA0100) Tikrit Emergency Patrol: The PTT was tasked with assisting A Battery, 319th with a joint patrol. The PTT and IP from the Tikrit Emergency Patrol conducted dismounted patrols in a community policing effort. The thrust of the patrol was to insert the IPS into the neighborhoods and interact with the residents. Several homes were visited and the residents were engaged in conversation with the IPs.

(TA0084) Samarra District HQ: PTT met with BG [redacted] and MAJ [redacted] who wants to ease the curfew for vehicles from 0700-1930 and have the foot traffic go until 2100. BG [redacted] and MAJ [redacted] agreed that they would need the assistance of the PTT to do the missions. PTT agreed and stated we would help them out.

GEN [redacted] came down from Tikrit today and talked with both BG [redacted] and MAJ [redacted]. During the conversation IPLOs advised GEN [redacted] that Samarra was very short on PKC rounds. GEN [redacted] agreed to send 5000 PKC rounds to Samarra. GEN [redacted] was also asked if he had received any of the paperwork for the Martyr pay for those IP killed during the VBIED. He stated he had not received the paperwork. BG [redacted] will have to send this up ASAP to make sure the families of the KIA IP get what they deserve from the MOI.

The last topic discussed was how to recruit more IP in Samarra. GEN [redacted] gave his approval to hire more IPs if they could be found in Samarra; if not he will assist from Tikrit.

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

At Tamim [redacted] (b)(3), (b)(6)

(TT0005) Kirkuk Provincial HQ: PTT convoyed to HQ to meet with COL [redacted] to discuss equipment issues. The COL stated that he was ordered by GEN [redacted] to stop distributing equipment until May 28th. COL [redacted] also informed PTT that GEN [redacted] has stopped all funds for the purchase of fuel until the 28th. COL [redacted] stated that outlying stations that can not travel to Kirkuk to obtain fuel would not receive funds to purchase it in there AOR.

(NoFFID#) Kirkuk Provincial JCC: PTT convoyed to the JCC and made contact with Shift Commander, LT [redacted]. PTT also checked the progress made on the class room construction. The training area is almost complete except for an electrical issue. PTT reviewed the emergency evaluation plan and scheduled a time to implement. The JCC would like to see three shifts implemented after additional officers and money become available.

(TT0004) Aruba Patrol Police Station: PTT convoyed to the Aruba Police Station and met with the Shift Commander, LT [redacted] LT [redacted] conducted guard mount, which consisted of formation, physical training and a briefing. The IPs were then given a short session of training in crime scene investigation.

(TT0910) Aydallah Patrol Police Station: PTT convoyed to the Aydallah Police Station and observed shift change and noted several issues with equipment and uniforms. COL [redacted] asked if any funds are available to fix the wiring and add fans and A/C to the training room as he would also like to use it as a community room for meetings with the public. The team agreed that it would be an asset to the station and citizens. The team trained six IPs on being first responders to a crime scene.

(TT0606) Mareay Local Police Station: PTT met with the station commander. MAJ [redacted] who advised he has 50 Iraqi police officers and 4 officers assigned to his station with 25 IPs along with two officers per 12 hour shift. Two training classes were conducted with 3.5 hours of training completed. The IPs seemed enthused with both classes asking good questions and willing to participate in the training scenarios.

(NoFFID#) Multaka Local Police Station: PTT traveled to the Multaka Station and met with the Mayor of the area village. Mayor [redacted] was out with the workers observing their progress in cleaning outside of the Multaka Station and asked the team to join him in the station while we waited for COL [redacted] return. The Major took this opportunity to explain to us that he was encouraged to see the Military in the area. PTT also learned that because of the efforts made by the Mayor and current officials, the unemployment rate is almost 0% in the 48 area villages.

CF then had an opportunity to explain to the Mayor what PTTs goals and objectives were for the Multaka region. Plans are being made to construct a new Police building located behind the current Station. The bids have been submitted and MOI is aware of the construction project.

(TT0024) Qarah Anir Patrol Police Station: PTT convoyed to the Qarah Anir IP Station and met with Station Commander LTC [redacted] PTT completed the Force Protection, the Personnel/Accountability and the Payroll/Finance portions of the PSMR.

(TT0025) Qoria Patrol Police Station: PTT arrived at Qoria IPS and delivered a trailer of bottled water due to the station still having water problems. PTT also talked with the chief about the German national that is still incarcerated in their detention cell. The German

national was also interviewed by PTT and CPT [redacted], the station investigator. A thumb drive that was in the possession of the German national was taken back to the FOB to be examined by S-2.

(TT0032) Taza Karhmatu Patrol Police Station: PTT convoyed to Taza Karhmatu Patrol Police Station and worked on guard mount. In addition, instruction on file management and other logistical tasks was given to logistics office by the team.

(TT0029) Riyadh #1 Local Police Station: PTT discussed installing the existing T walls on the grounds and acquiring a crane to maneuver them into place. PTT also discussed the various locations for training in the station and subjects to be covered. PTT then conducted check point operations and procedures at both the east and west access locations.

Mosul (MND-N) [redacted]

Ninewah [redacted]

(MN0056) Ninewah Provincial Police HQ: PTT spoke with LT [redacted], Finance department and checked into the allegation which IP stationed in Tal Afar were not being paid their full salaries. PTT will continue to check these allegations until they are verified or disproven.

PTT met with BG [redacted], Logistics officer, and discussed the need to establish a basic operational ammunition issue for each IP in all DHQ and LPS. PTT learned BG [redacted] has dictated that all IP will be provided a minimum issue of 120 rounds AK47 (four magazines), 45 rounds 9mm (three magazines) and 800 rounds for PKC as daily requirements. PTT determined damaged vehicles are being turned in to the IPA (Police Garage) to identify non-repairable vehicles and vehicles which can be repaired and returned to mission ready status. BG [redacted] advised local vendors have been identified from whom spare vehicle parts can be purchased so the damaged vehicles can be repaired. BG [redacted] advised there are currently 174 vehicles at the IPA which cannot be repaired and 18[illegible] that can be repaired. PTT expressed a desire to meet with local Mosul vehicle parts vendors to assist in making purchases to fill the needs of NPHQ and establish a future date for price comparison. PTT urged BG [redacted] to set a specific date for the DHQ to complete the turn in of excess weapons. BG [redacted] advised there are only two DHQ which have not turned in their excess weapons and these delays are due to current security problems. PTT was provided a copy of a letter of authorization signed by MG [redacted] which allows each DHQ to receive 20,000 rounds of AK47 ammunition from NPHQ.

PTT spoke with BG [redacted], PTOC OIC, who advised an IED had been located by an IP patrol near Al Yarmook LPS. The device exploded as IP EOD was attempting to move it to a safe place to either disrupt or explode it. He advised two IP were reportedly WIA.

The PTT spoke with MAJ [redacted] with Internal Affairs and discussed the IP incarcerated in the jail. PTT requested a report, which would outline their charges and the expected duration of their incarceration. He verbally explained the information requested and the PTT will follow up on later visits and examine the actual case files in an attempt to validate the veracity of their charges and the Internal Affairs investigative methods.

The PTT met with LT [redacted] and conducted an inspection of the jail. During the inspection, it was noted only two of the six toilet facilities were functional and both of the wash basins were broken. LT [redacted] advised these are repaired frequently, because the detainees break them quite often. There was one elderly detainee, who was sick and needed to be

taken to a medical facility. There is extreme overcrowding in the jail with 440 total detainees, including 28 IP, eleven Juveniles, and five FPS. The facility is rated for a maximum of 150 detainees.

The PTT met with COL [redacted], MTU (who also has operational control of the jail) and CF personnel within the BATS unit. PTT conducted the meetings to determine how the process of investigation, interrogation, BATS screening, and the judicial hearings could be expedited. A more expeditious process would allow a reduction in the number of detainees in the jail. PTT directed COL [redacted] attention to a recently prepared list by BATS personnel, which listed about 70 detainees which are eligible for release. He assured PTT he would check the list and begin releasing detainees as quickly as possible. The PTT will follow this situation daily until adequate improvement is made.

(MN0099) Mosul Major Crimes Unit: PTT discussed an investigation, which the PTT is monitoring to validate the investigative and judicial process. COL [redacted] advised the case has been presented to the Investigative Judge and he is awaiting a judicial decision. COL [redacted] advised he will provide the PTT with all of the documents regarding the case disposition. The PTT then reminded COL [redacted] about the previous day's conversation wherein it was suggested that he conduct a meeting with every officer in the division to discuss procedures for prisoner release. COL [redacted] also discussed that he discovered several prisoners had been ordered released by the Investigative Judge and personnel within his division had neglected to affect the releases.

PTT conducted training on crime scene sketching and measurements. Due to low attendance on the previous day, PTT revisited this portion of training. PTT conducted practical exercises where the students demonstrated their proficiency in proper crime scene sketching, as well as proper measurement techniques.

(NO FFID) 4th Emergency Response Battalion: PTT met with COL [redacted] who advised yesterday he was informed of some AIF activity in the Intisar neighborhood. While on patrol, ERB received small arms fire, at which time they engaged AIF. One AIF suspect was detained and another was killed during the engagement. COL [redacted] advised ERB seized one vehicle, three AK47's, one RPK, one pistol, four masks, and several rounds of AK47 and 9mm ammunition. COL [redacted] reported the AIF were part of Al Qaeda.

A patrol was sent to the Al Noor neighborhood to investigate two dead bodies found in the medium of the road. The bodies were taken the city morgue.

(MN0076) Tal Afar District Police HQ: PTT traveled to DHQ and met with BG [redacted] and two judges. The meeting was on the future trip to Mosul to pick up IP pay, ammunition, and transport prisoners. PTT also met with LTC [redacted] and CPT [redacted] of Investigations. PTT was advised paperwork and investigations are complete concerning 25 prisoners and are ready to go to Mosul.

(MN0137) Al Saad LPS: PTT observed IPs investigating the murder of a local citizen. The IP successfully located and apprehended the suspect. PTT also conducted training on pedestrian stops. PTT conducted an inspection of the jail and the condition of the detainees. PTT observed there were five detainees being housed inside of the detention facility.

(NO FFID) Nidh Co. LPS: PTT met with IP officers to implement training programs for the IP. PTT is assisting and mentoring in the training, which IP officers will instruct. The LPS currently has six levels of planning in place to instruct the IP. PTT conducted training for 26 IP on cultural differences.

(b)(3), (b)(6), (b)(2)

(MN0222) Rabiyah DHQ: PTT attended the weekly ISF intelligence briefing, which included the IP, IA, IP Border Patrol, and IP Port of Entry. The meeting is promoting interagency knowledge sharing and cooperation.

PTT spoke with CPT [redacted] about training for the IP. CPT [redacted] advised PTT that the IP were capable of training their forces, but if he needed anything he would let the PTT know. PTT plans to discuss the issue with the command staff.

(b)(6), (b)(7)c

(b)(6), (b)(7)c

Irbil [redacted]

(b)(3), (b)(6)

(MI0100) Soran Directorate Police HQ: PTT augmented with IPT continued to enhance the mentoring to the Directorate, by providing the second week of a three week Train the Trainer Qualification Program for seventeen IPs.

(MI0075) Soran Local Police Station: PTT met with LT [redacted] and obtained information for the upcoming station inventory report and discussed training, equipment, and facility status of the LPS. PTT concluded the detention facility survey and reviewed policies and procedure, which were discussed with the station commander. PTT observed one male prisoner recently taken into custody for a family dispute. The prisoner was in excellent condition and family members provided him with bedding and food. The detention facility has a separate restroom and shower area for the male and female persons who are detained.

(b)(6), (b)(7)c

(TS0052) Koya District Police HQ: PTT met with COL [redacted] at the DHQ. PTT noticed security had been upgraded around the station. PTT and COL [redacted] discussed computer training, which he would like for the DHQ. COL [redacted] advised he hopes the PTT would be able to assist the DHQ with computer training. PTT discussed their meeting with the Mayor and information discussed about the DHQ. PTT scheduled computer training for May 30-31. COL [redacted] advised that due to political issues he has had difficulty getting all of the assistance needed for the DHQ.

(b)(6), (b)(7)c

(b)(6), (b)(7)c

(b)(6), (b)(7)c

COL [redacted] discussed the base radios which he had received in April. COL [redacted] advised the base radio programmers had connected the radios and were now using them with the handheld radios. COL [redacted] advised the repeater was in the process of being placed on top of the mountain, which would allow the station to communicate with Sulaymaniyah stations via radio. PTT explained how important the radios were. COL [redacted] asked about identification of the user of each radio from the base radio and advised the programmer claimed he would bring other parts which would make the option possible. PTT and COL [redacted] discussed radio traffic and using numbers for each IP rather than names.

CPATT IPLO DAILY SITREP

Sulaymaniyah

(b)(3), (b)(6), (b)(7)c

(TS0010) Sulaymaniyah Provincial Police HQ: PTT met with BG [redacted] of the Sulaymaniyah PHQ. The purpose of the meeting was to establish a two week training class for fatality investigators and traffic investigation. PTT also discussed vehicle numbers, makes, and models for the proposed vehicle repair facility.

(b)(3), (b)(6), (b)(7)c

(TS0069) Qaradakh Local Police Station: PTT met with LTC [redacted] and checked on the overall moral of the LPS. LTC [redacted] advised the IP last received training a few months ago. The PTT advised the LTC the courses offered, which consisted of community policing, police ethics, first responder, and first aid training. The LTC advised the PTT he would be willing to assist the PTT in any way he could to ensure the success of training. The PTT and LTC tentatively scheduled training to begin on May 27th. The PTT advised LTC a couple of training aids for the first responder and first aid training needed to be procured, prior to training. LTC [redacted] was advised he would be contacted two or three days prior to the training, to ensure he had ample time to have the IP prepared to train.

(b)(3), (b)(6), (b)(7)c

(NO FFID) Persh Merga HQ: PTT traveled to the Persh Merga HQ where the last day of investigative training was concluded. The students were divided into three separate teams and provided minimal information about their mock crime scene scenarios. The teams were met by an emotional victim of a violent crime and had to successfully deal with the many stresses associated with unknown situations. The team leader coordinated the investigation and each team member performed their assigned role. Evidence was identified, photographed, sketched, collected, and packaged. Proper forms were filled out, attached, and subsequent reports were written by all involved and returned to the team leader and case manager for file compilation.

(TS0039) New Halabjha DHQ: PTT arrived at Said Sadik to conduct the final day of training on investigations. PTT will continue training with a new class in the near future.

Dahuk

(b)(3), (b)(6), (b)(7)c

(MD0002) Dahuk Provincial Police HQ: PTT met with CPT Hazem, the logistics officer to conduct a station assessment. He advised PHQ recently received 204 digital cameras. PTT was advised a LTC who signed for the shipment noticed all of the shipping cartons had previously been opened. When the shipment arrived in Dahuk and inventoried, CPT [redacted] found all of the camera boxes were missing the memory chip, batteries, and instruction booklets. These items were listed on the outside of the package as being included inside the box. It is unknown as to where or when these articles were removed. PTT advised him a report would be submitted on the matter for possible follow up.

(b)(6), (b)(7)c

(MD0635) Shekhan District Police HQ: PTT met with MAJ [redacted] at Shekhan DHQ. PTT was scheduled to conduct defensive tactics training for the ERB, however, was asked if it could be postponed until tomorrow, because the IP had been up all night working checkpoints. He advised they are also working on old cases and asked for assistance on one murder case in particular. PTT will review the report with MAJ [redacted] after training on May 23rd. PTT also conducted a station assessment.

The Shekhan District HQ is still working out of the fire department in Shekhan; however, new construction has started for the new DHQ station. They were advised the project should take approximately four months to complete.

(b)(3), (b)(6), (b)(2)

(b)(6), (b)(7)c

MAJ [redacted] advised they have two vehicles, but it is not enough to conduct patrols. The station currently has no radios and only two sets of handcuffs. The Major showed PTT four pairs of tactical goggles and 40 tactical vests for the ERB, which he bought with his own money. The MAJ was not sure if PHQ was going to provide these items, so the IP bought the equipment on their own. PTT advised MAJ [redacted] to be persistent with his requests since more equipment would be available through PHQ in the near future. He was advised a lot of equipment has already arrived at PHQ and is just waiting to be distributed.

(b)(6), (b)(7)c

(NO FFID) Zawita Camp: PTT continued with SWAT training for fourteen IP. In addition to stack and movement training, PTT provided training on the PKC. After the instructors finished explaining and demonstrating the proper prone shooting techniques, the students executed firing drills with both dry and live fire.

'Train the trainer' continued with the IP instructors who continue to excel in subject matter knowledge. The IP instructors are being allowed to transition to lead for some of the training. PTT and Kurdish instructors met after training to discuss extending the course three days, which would be beneficial to the students.

Ramadi (MND-W) [redacted]

Al Anbar [redacted]

(b)(3), (b)(6)

(RA0005) Amariyah Patrol Police: The PTT presented a class on budgets to the Chief and his Administrative Officer; however, the Chief expressed his doubt that a budget would be of any use to his administration at this time. He also stated they have submitted numerous requests for funds in the past that have gone unanswered by District and Provincial Headquarters. The PTT explained that a budget would be the first step in advancement to the next level for his administration. The PTT offered to assist the Chief in preparing a budget worksheet and completing his budget.

Iraqi Police Professional Leadership Development Course (IPPLDC): Ten IPs and one Training officer are present for a week of training covering Patrolman Development.

(RA0093) Rumana Local Police Station: The PTT attended a meeting with Iraqi Police and Iraqi Army officials to discuss the release of battle space. Discussions will continue through the week to determine the exact area to be released.

(RA0010) Tamim Local Police Station: The PTT interviewed one of the Iraqi Police station detectives in reference to the detainee and incident investigation packets. The IP Detective showed the PTT his reports, statements gathered, and where files were stored. The IP Detective was using blank paper to record information instead of forms supplied by the Team. The IP Detective was advised to use forms supplied by PTT for statements, booking and reports.

(RA0025) Al-Huryia Local Police Station: PTT met with a Major assigned to investigations and conducted a field training class on how to collect evidence and photographs from crime scenes. Instructions were also given on taking statements and interviewing.

(RA0029) Jazeera Patrol Police Station: PTT has begun the process of translating all prosecution packets to English to audit the material and information they contain. An over-watch was conducted of a traffic check point on Route Mobile in which random vehicle searches were conducted. A joint patrol was also conducted in which the last two mosques

(b)(3), (b)(6), (b)(2)

in the Jazeera area of operations were documented. A detainee check was completed with no issues found.

(RA0048) Ramadi District Police Headquarters: The Police Transition Team (PTT) went to the West Ramadi Iraqi Police (IP) Station for the weekly IP Chiefs' meeting. An IP Intelligence seminar was also scheduled to coincide with the Chiefs' meeting. PTT members were scheduled to give a two hour block of instruction to the IP Intelligence section concerning the IP Detective training and how the trained IP detectives could assist in intelligence collection. Prior to the Chiefs' meeting and the Intelligence seminar all electrical power was lost to the building. The Chiefs' meeting was held with limited discussion. Points covered were logistics and personnel. The Intelligence seminar was rescheduled for the next Chiefs' meeting.

(RA0070) Civil Camp Local Police Station: PTT conducted a dismounted patrol with 10 IPs through town (Civil station). PTT identified detainees at the station and checked for any signs of abuse.

(RA0134) Khaladiyah Local Police Station: PTT met with the Captain left in charge in the absence of the Station Chief. The PTT relayed the need to assign an officer as the 'Public Affairs Officer' to handle the community complaints. Currently these complaints are addressed in the street on MSR Michigan. The staff needs to designate the front office where the Public Affairs Officer can address the community complaints on a case by case basis.

PTT confirmed the shift-change schedule. The Captain presented the Daily Signature Sheet that developed for tracking personnel not showing up for duty. The Daily Signature Sheet showed 13 IP who did not report for work at the last shift change. The Daily Signature Sheet is completed each shift change for station record purposes.

PTT checked the 10 detainees currently held at the Khalidiyah Police Station. No detainee showed signs of being beaten or abuse.

(RA0095) Baghdadi District HQ: The Police Transition Team (PTT) convoyed to the Baghdadi District Headquarters to conduct a station visit. While at the station, PTT conducted an inspection of the armory and determined there is a need for more AK-47 magazines.

(RA0083) Hadithah District Police HQ: PTT conducted a station visit and worked on the station defense plan. A test was conducted to evaluate the response of the Iraqi police. Classes were conducted at Haditha Dam on Arrest, Custody, Crime Scene Management, and Systematic Approach to Law Enforcement. The afternoon portion was incorporating practical exercise on searches, arrest, and crime scene investigation.

(RA0089) Barwanah Local Police Station: The PTT made preparations for an upcoming multi-day joint patrol mission with IP. PTT worked on former recruit's packets that were previously entered in BATS and sent home.

(RA0081) Hit Dist Police HQ: PTT teams conducted payroll operations at Hit District Headquarters and fuel operations at Camp Hit.

(b)(3), (b)(6), (b)(2)
