CPATT IPLO DAILY SITREP

27May2007

Baghdad (MND-B) [redacted] (b)(3), (b)(6)

Baghdad [redacted] (b)(3), (b)(6)

(BC0009) Al Alawiyah Local Police Station: The Team conducted Training for 2 Officers covering Interview and Interrogation Techniques. The Team met Colonel [redacted] (Station Commander) to discuss Station operations who advised that IPs received a tip from family members concerning the kidnapping of a 16 year old male. A raid was conducted on the location with the suspects being arrested and the victim unharmed. Details revealed the crime initiated as an aggravated robbery and turned into a kidnapping for ransom. MOI Training Initiative was addressed and Colonel Jammal stated he continues to wait for instructions from MOI on the issue. Fuel allocation continues to be an issue and the Team is attempting to locate 2 large fuel storage tanks for the Station.

(BC0012) Al Dorah Patrol Police Station: The Team met Lieutenant Colonel [redacted] (Station Commander) who advised the Station will soon be receiving 63 IP recruits. It was determined the recruits will undergo a 30 day training period and will need police equipment and uniforms. The Commander was notified to request the items through the Chain of Command and the Team will monitor the process. Colonel [redacted] expressed his concern that the requests will not be answered using the current process. The Team will monitor the training process and provide necessary guidance and assistance. The Station is currently making preparations for processing 74 IPs requiring IP badges.

(BC0013) Al Dorah Traffic Police Station: *The Team met Lieutenant [redacted] (Shift Commander) to discuss operations when IP [redacted] reported Colonel [redacted] had just been kidnapped by gunmen. Details revealed [redacted] and Colonel [redacted] were leaving Al Bayaa Fuel Point at approximately 0915 hours (Colonel [redacted] driving) when 2 men approached the IP truck and pulled [redacted] out from the passenger side. He was told by suspect #1 to run and not look back. [redacted] stated he saw Colonel [redacted] being pulled from the truck by suspect #2. [redacted] advised he ran along a row of c-wire until finding a gap to slide underneath. [redacted] then flagged-down a taxi which returned him to the Station where he reported the incident. IP [redacted] reported leaving the Fuel Point prior to the incident and observed 4 or 5 men with Glock pistols standing around the exit gate. He stated he saw part of the incident then changed his story to report he did not see anything and stopped answering questions posed by the Team. Both accounts of the crime appeared sketchy to the Team which observed [redacted] uniform was unsoiled from sliding under c-wire as he reported. Colonel [redacted] body was located at Yarmouk Hospital morgue at approximately 1130 hours by unknown IPs which did not furnish their names or details of where the body was found. No further information was available about the death at the time of this report.*

(BC0025) Al Karada Patrol Police Station: The Team conducted Training for 6 IPs covering Officer Safety. Special emphasis was placed on officers wearing protective gear on duty and keeping their weapons on hand at all times. The Team met Captain [redacted] (Shift Commander) who advised of a rocket attack on the market area which killed 3 civilians and injured 12 on May 23rd. The Team met Lieutenant [redacted] (STO) and he was requested to requisition training supplies and equipment for MOI Training Initiative.

(BC0026) Al Karamah Local Police Station: The Teams Military Medic provided surplus medical supplies for 2 IPs identified as 1st responders at the Station. The Team inspected

(b)(3), (b)(6), (b)(2)

the Detention Facilty and conducted an unannounced shake-down. IPs assisted in the process and several contraband items were confiscated during the operation.

(BC0041) Al Mesbah Local Police Station: The Team conducted Training for 2 IPs covering Community Policing and Foot Patrols. The Station was out of fuel and the Team conducted a Foot Patrol with IPs with no incidents experienced. The Station has not received fuel for 13 days.

The Team inspected the Detention Facility and found 45 detainees incarcerated and prisoners complaining about the heat. The Station is without power and IPs refused to travel to Al Dora Station for diesel fuel (to operate the generator). A Military Medic provided medication for prisoners complaining of illness. The Team observed 2 blindfolded civilians being loaded into an IP vehicle and information revealed they were being released from custody. Details revealed they were suspects from an earlier kidnapping. The Team met Colonel [redacted] (Station Commander) and discussed MOI Training Initiative who seemed willing to participate in the Program and has not received any official word from Superiors regarding implementing the Plan.

(b)(6), (b)(7)c

(BC0043) Al Muthana Local Police Station: The Team met Lieutenant Colonel [redacted] (Station Commander) and discussed the critical fuel shortage. He has stopped IPs from taking fuel from street vendors (black market) for operations. Information revealed IPs are now using 1 liter plastic bottles to beg for fuel. Lieutenant Colonel [redacted] advised MOI notified him that someone from the Fuel Point would contact him (via cell phone or radio) about when to dispatch officers for fuel pick-ups.

(b)(6), (b)(7)c

(BC0049) Al Rashad Local Police Station: The Team conducted Training for 4 Officers and 4 IPs covering Defensive Tactics, Handcuffing, and Vehicle Search Techniques. The Team met Lieutenant Colonel [redacted] (Station Commander) and found he is becoming more frustrated with MOIs failure to supply fuel and equipment for Station operations. He advised complaints to his Superiors remain unanswered. Some IPs at the Station still do not have duty belts and holsters which have been requisitioned through the Chain of Command. The Commander advised 10 new recruits are scheduled to arrive at the Station soon. The Team agreed to assist with providing the needed training for the recruits. The Station Commander is currently preparing a list of names for attending classes at FOB Rustamiyah in compliance with MOI Training Initiative.

(b)(6), (b)(7)c

(BC0078) Al Zohour Patrol Police Station: The Team met Major [redacted] (Deputy Commander) who advised a kidnapping occurred on Route Dover at 0900 hours with IPs present in the area (at the time of the crime) and they failed to take any action. A witness recorded the IP vehicle number and reported the information to Coalition Forces which located the officer and vehicle. The IP vehicle and officer was escorted to Boob Al Shaam Station for questioning and the investigation continues. The Team met Colonel [redacted] (District Administration OIC) and discussed District operations.

(b)(6), (b)(7)c

(BC0089) Belat Al Shuhadaa Local Police Station: The Team conducted Training for 10 IPs covering AK-47 Familiarization and Safety Procedures. Special emphasis was placed on proper techniques for carrying the weapon and muzzle discipline. The Team met Major [redacted] to discuss operations and he reported the generator is out of service. He was notified the Military stopped supplying fuel for the Station and fuel must be obtained using the MOI Fuel Directive process. Major [redacted] was notified all IPs needing identification badges should be available at the Station for the upcoming badge process. He was notified about the upcoming medical training class and select 20 IPs to attend the class. He advised he would send as many as possible without jeopardizing Station security.

(b)(6), (b)(7)c

(b)(6), (b)(7)c

(b)(3), (b)(6), (b)(2)

CPATT IPLO DAILY SITREP

(BC0090) Boob Al Sham Local Police Station: The Team met Lieutenant [redacted] (Shift Commander) who stated none of the requested equipment or supplies have been received reference implementation of MOI Training Initiative. Names have been selected for attending STO and FTO training classes.

(BC0111) New Baghdad District Police HQ: The Team met Lieutenant Colonel [redacted] (Station Commander) who advised the fuel shortage was severely impacting the ability for the Station to function. He advised the Minister of Interior visited the Station complex earlier and met with him and Lieutenant Colonel [redacted]. Lieutenant Colonel [redacted] stated he did not mention the fuel shortage issue (during the meeting) because he did not want to appear rude to his guest. Lieutenant Colonel [redacted] stated even though there was no fuel for patrol vehicles, the Minister seemed to have no problem finding fuel for sixty Land Rovers which transported his entourage to the Station. Colonel [redacted] voiced support for the JSS being established at the new Headquarters building and same would enhance capabilities to provide better service. Colonel [redacted] advised he will not make any move to implement MOI Training Initiative until receiving a directive from MOI.

(BC0113) New Baghdad Patrol Police Station: The Team conducted Training for 4 IPs and 1 Officer covering Vehicle Stops/Searches and Person Searches. Special emphasis was placed on officer safety while conducting searches at Checkpoints. The Team conducted 2 Joint Patrols and 1 Foot Patrol with IPs and no incidents were experienced. The Team noticed officers' situational awareness and ability to select vehicles for searching had greatly improved.

The Team met Major [redacted] (Shift Commander) who advised 1 US soldier was killed and 1 IA soldier was shot at by a sniper on May 24th. Further details revealed the sniper (working the area) was known to travel Baghdad in a large box type vehicle equipped with a refrigeration unit and similar in appearance to an ice-truck. No vehicle description or information was available concerning the matter.

(BC0121) Saba Al Boor Local Police Station: The Team conducted Training for 19 IPs covering Police Role in Society. Students displayed good understanding of the concepts and they participated in class discussions related to the subject matter. The Team met Major [redacted] and discussed MOI Training Initiative. He advised there has been no response to the request for training supplies and equipment. He further advised MOI has not provided any official communication to him about the Program. Major [redacted] advised 10 IPs have been working at the Station for the past 3 months and have not been paid. The pay issue has been reported to District Headquarters for disposition.

Babylon (MND-CS/S) [redacted]

Al Qadisiyah [redacted]

(BQ0608) Shamiyah District Police HQ: The PTT team from Fob Echo met with Brigadier General [redacted] who informed the team that the lost, mentally challenged child of last weeks visit was reunited with his [redacted] in Karbala. The General is obtaining copies of all police reports regarding this incident. He was introduced to a community policing program which he found to be advantageous to his command. He mentioned his IPs are in need of training in the field of report writing. He also asked if any preformatted forms were available in order to maintain uniformity of documents within his command. The team will assist the General in formulating a training session and help developing preformatted forms.

CPATT IPLO DAILY SITREP

(BQ0023) Jamhuri Patrol Police Station: The team met with the acting commander Lieutenant Colonel (LTC) [redacted] (b)(6), (b)(7)c and discussed the stations force protection plan. He informed the team that he has increased foot and vehicle patrols in his district and has conducted joint patrols with the Polish Army. The team introduced Community Policing to the LTC, as well as giving pointers on how to manage and utilize his man power effectively. He was very open to the new ideas. This station has an Investigative office, Juvenile office, Identification and Information office. The LTC was asked to produce a list of all the IPs assigned to his command. The team initiated training the IPs in control holds and properly handcuffing prisoners.

(BQ0040) Zawraá Patrol Police Station: The team met with met with Colonel [redacted] (b)(6), (b)(7)c who advised that the current shift was made up of 46 IPs along with six officers. Construction at the station was discussed. The Colonel stated that the new addition should be completed in another 12-15 days. Along with the new station addition there are two new towers and a back gate being constructed. The Colonel stated that female detainees were being held at his station and that any males picked up were sent to either Jazaár Station or the Attica Prison. Upon completion of the new addition, all female detainees from the Diwaniyah area will be housed in the new jail addition and any males picked up by Zawraa will be held in the current/old jail. At the present time there are eight female detainees along with two small children..

A discussion was conducted on the times, amount, and subject matter of training received by IPs. The Colonel stated that from 0730-0800 and from 1930-2000 hours, all IPs are involved in training. He said that there is a training school in place that involves Force Protection Drills at the above mentioned times. In addition, every day from 0800-0900 hours the IPs are involved in weapons training. Every Thursday all weapons assigned to the Station arms room are cleaned and serviced. The Station has 43 Glock pistols but only half the IPs on each shift are assigned these weapons.

An inspection of the jail was conducted. The jail appeared to be clean and satisfactory. A room was used for detainee visitation between the hours of 1000 and 1100 hours, every Friday. Detainees are allowed to shower on a daily basis.

The daily roster of the IPs was discussed. The Colonel stated that currently one Officer and six IPs were on foot patrol, one Officer and four IP's patrolling by vehicle, one Officer with four IP's at a checkpoint, two IP's on gate duty, four IP's in the towers, two Officer's performing investigative duties, three Administration Officers, one Officer and two IP performing intelligence duties, one postal IP, two station Armors, two IP's out sick, and one IP AWOL. The IPs and Officers patrolling, conducting tower duties, checkpoint duties, and gate duties, were on rotating shifts being replaced every four hours.

(BQ0498) Al Hussein Local Police Station: The team met with Colonel [redacted] (b)(6), (b)(7)c who stated that the IPs are conducting vehicle and foot patrols, each consisting of ten IPs and a Lieutenant. The Colonel requested training for his IPs in crime scene preservation and report writing. The team informed the Colonel that training materials for his request will be obtained and delivered. The Colonel stated that he doesn't have potable water, such as the IA have, and lacks vehicle and generator fuel. The Colonel stated no equipment has been received from PHQ either.

(BQ0602) Balda District HQ: The team met with Gen [redacted] (b)(6), (b)(7)c at the station and reminded him of his responsibilities as District Commander and asked him why training was resisted by the station commanders. His response was that we could only train if we arrived at a station before 0800.. PTT asked for his assistance in making sure that the station

commanders worked with the team and assign a training officer so they could do the training themselves and he was noncommittal. PTT then asked him to verify a report of three murders in the last twenty four hours which he did, and added that one of them was an IP assigned to the Wihdah Wahada IP station but would not give details. When asked for his advice on how PTT could prolong the current 30 day cease fire the militia agreed to, he said he had none to give since it could not be done.

(BQ0603) Diwaniyah Local Police Statoin: The team met with the station commander, Colonel [redacted] (b)(6), (b)(7)c. After recent promises made by the Colonel that training would become a daily practice, the team asked him if any training had been done. He reported that the riot control training was completed at roll call on May 24th. Conversations with IPs and the training officer indicate that the training was NOT done. The commander departed the station before inquires could be made concerning this matter.

The Investigations office needs office supplies, such as paper and pens and a filing cabinet as they are working out of paper boxes. A conversation with an Investigator Captain indicates that he has about 200 open cases, most of them tied up with evidence testing at a Babylon lab, a fact he is extremely frustrated about. The station received a digital camera about a week ago that the commander took possession of. The Captain says he continues to pay for his own investigative photos. PTT took photos and did short biographies on 31 of the 35 IPs and officers present in preparation for a station identification book.

(BQ0026) Nahda Local Police Station: The team met with the second in command, Major [redacted] (b)(6), (b)(7)c who is a former Army Ranger and is well informed and a capable trainer. He has asked for more lesson plans which the team will provide and also that the team assist him with zeroing weapons. He was advised that the team will work to accomplish this. The team reviewed lesson plans given to the commander during previous visits and answered questions and gave suggestions about the station force protection. The written lesson plans seem to work for this station and they are reportedly passed along to the IPs.

The Team spent considerable time in the arms room with the Major and the Armorer to help streamline their checkout and accounting procedures. The team conducted a thorough inspection of the arms room and eventually accounted for all weapons. Suggestions for safe storage were offered.

The team gave them 20 liters of fuel for their generator since their allotment is insufficient. The detentions cell was inspected. The bathroom in the cell was extremely dirty and it was suggested that it should be cleaned while it is empty.

Wasit Province [redacted] (b)(3), (b)(6)

No station visits

Babil Province [redacted] (b)(3), (b)(6)(b)(3), (b)(6)

Kalsu had no mission today; however, a test review and final exam was conducted. A graduation ceremony was held for 20 IP.

Dhi Qar / Al Muthanna (PIC) [redacted] (b)(3), (b)(6)

PTT members attended the daily MTT/CPATT meeting in MAJ [redacted] (b)(3), (b)(6) office. COL [redacted] (b)(6), (b)(7)c and BG [redacted] (b)(6), (b)(7)c failed to show up for their meeting at Camp Terendak on May 26th.

CPATT IPLO DAILY SITREP

Tikrit (MND-CW) [redacted]

Diyala [redacted]

(TD0104) Diyala Provincial QRF (Neshda): PTT arrived at QRF Neshda to meet with the new station commander LTC [redacted] The Chief accepted several rolls of camouflage shade netting for the front entry guard area. PTT asked if he could provide any supervisory rank personnel for the Greywolf Course at FOB Warhorse and was told that his manpower was far too low at this point to allot any personnel for training. The chief advised his total manpower stands at 190. There was no training conducted.

(TD0604) Ba'qubah District Police HQ: COL [redacted] advised the team that he intended to open up the temporary IP station in Tahrir in approximately 3 days. COL [redacted] reported that out of the original 83 IP candidates from Tahrir, 61 had been accepted and hired for the new station. The team also inquired about the status of 70 names of prospective IP from Buhriz that the station turned in recently. The HQ staff stated they had no information on them and that Buhriz may have turned them in directly to Provincial Headquarters. The team made sure the staff was aware of the upcoming graduation of 30 Buhriz IP from the training at Provincial Headquarters.

The team discussed a recent small arms attack on the District facility that left them with 1 IP WIA. Discussion on reorganization of the HQ staff also continued. On the subject of supplies, COL [redacted] reported that he had recently received 400 liters of fuel for the inner Baqubah stations, but none for the outer ones. When asked about requested supplies for Buhriz, mainly vehicles and hand held radios, COL [redacted] said he had a Chevrolet pickup waiting to be handed over to the station as soon as they wished to pick it up, but the request for the radios would have to be forwarded on to Provincial Headquarters. The team also requested that the staff provide a list of DHQ/Al Sharky IP from the rank of sergeant to captain that had not been to the Gray Wolf leadership training at FOB Gabe.

(TD0110) Diyala ERF 2 Facility: PTT met with COL [redacted] and was told that ERF 2 had 156 IP working. Of those, only 23 IP were at the station acting as force protection and QRF for the IP working check points and patrols. CF transported 15 IP to check point 408 on May 24th and IP were still occupying the area. Of the 22 new hire IP that reported to the station last week, all have resigned. COL [redacted] told PTT that DHQ has refused to send any more new IP to ERF 2, and he was not told why. Injured IP from earlier engagements with AIF asked if there was a way for them to see a doctor at Warhorse for follow up issues to their injuries, such as shrapnel and gun shots.

(TD0607) New Ba'qubah Local Police Station: PTT met with COL [redacted] of New Baqubah and discussed force protection issues and equipment. COL [redacted] was advised of additional force protection issues that could be implemented at the station, such as an outside perimeter wall. COL [redacted] stated that his current construction contract would allow for a 12 foot wall on the outside of the station and had already made plans for it. [redacted] was asked to provide copies of his current equipment requests to be handed over to PTT for follow up on equipment issues. [redacted] reported that 15 IPs were employed at the station along with two junior officers. Information that was needed regarding administration personnel that have attended the Grey Wolf Leadership Training Program was provided by [redacted]. He stated that he along with LT [redacted], LT [redacted] SGM [redacted] and SGT [redacted] have attended the training.

(TD0020) Buhriz Local Police Station: PTT traveled to Buhriz LPS and met with Station Commander CPT [redacted]. While there the CPT requested if further repairs could be

done to the following areas, a new door for the arms room, and the building of new showers and toilets. The Team informed the CPT that money could be acquired through the TIPS Funds only after a contractor has submitted a bid for the work. At present there are 30 to 40 IP per shift with 23 IP manning 5 CP, with a total 100 IP assigned to the station. Also the Team with IP assistance did a mounted and dismounted patrol into the market area to distributed leaflets, on how to contact the IP for help. The CPT further related to the Team that he needed 10 more hand held radios and one vehicle for patrol. Training was performed with 10 IP in attendance, on weapons cleaning, safety and patrol procedures.

(TD0009) Al Udaim Local Police Station: PTT members met with LT [redacted], the officer in charge of the Al Udain station. [redacted] stated that the COL was in the village of Dojimay because one of his IP was killed while on vacation. LT [redacted] stated that 55 IP were assigned to the station with 11 currently on duty. No attacks were reported in the last week and one PKC was broken. The station has no other malfunctioning weapons at this time. [redacted] reported that no officers or NCO class IPs have attended the Grey Wolf Academy or the Combat Lifesaving Academy.

Salah Al Din [redacted]

PTT-D traveled to F.O.B. Danger to conduct training with local IP. PTT had 13 IP in attendance for training 6 from the Al-Alam District and 7 from the Tikrit District. Training was conducted on Community Oriented Policing which consisted of a lecture type presentation, discussion, question and answers, and an exchange of Community Policing Ideas between American and Arab cultures. PTT also issued a full pallet of large Hesco Baskets to the Tikrit District Headquarters for distribution to Stations in their District.

(TA0084) Samarra District Police HQ: LT [redacted] had taken 6 IP outside BP4 to search some houses where they had information the insurgents were hiding and arrested 6 suspects and confiscated RPGs and Mortars.

(TA0064) Bayji District Police HQ: PTT arrived at the Bayji District H/Q and contacted COL [redacted] in reference to documentation of disciplinary actions for IP and building the chain of command. PTT requested input on ways to implement and administer the disciplinary action to the IP. PTT also talked about who would be responsible for such actions. PTT requested that COL [redacted] allow his command staff the ability to take a more active approach in dealing with the IP and decision making. This would allow COL [redacted] to address other issues at hand.

(TA0050) As Saniyah Local Police Station: PTT taught 11 IPs on equipment accountability and crimes. All IP were in uniform and attentive to the class.

At Tamim [redacted]

No stations visited

Mosul (MND-N) [redacted]

Ninewah [redacted]

(MN0099) Mosul (Ninewah) Major Crimes Unit: PTT was unable to conduct a headquarters visit this date as the military members of the team were re-tasked to conduct a visit to Dahuk on a separate PTT mission. However, PTT did attend a meeting concerning the Mosul crime lab with the Brigade Provost Marshal aboard FOB Marez.

(MN0928) Abi Tamaam District Police HQ: PTT conducted a joint patrol in a local neighborhood in order to mentor the IPs on community oriented policing. PTT was able to observe the IP make contact with citizens in the community. PTT also traveled to the local elementary school and observed the IP handing out toys to students. PTT traveled to the DHQ and were advised that COL [redacted] was on vacation. PTT met with the new XO, COL [redacted] who advised COL [redacted] was transferred from the Al Rashidyah LPS. PTT was also advised COL [redacted], the previous second in command was transferred to the Al Karama station.

The COL advised that IP were conducting moving patrols, stationary check points, and several had been sent to NPHQ for training. COL [redacted] advised he will not know who will be assigned to Abi Tamaam until the IP have completed their training. Abi Tamaam is in need of approximately 60 additional IP and 25 IP officers. This will enable COL [redacted] to open the new Al Sukar LPS, which will provide increased patrols in the district.

(MN0008) Al Gizlani LPS: PTT observed TCP's on the East and West side of the city. The IP at the check points were observed to be alert and most of them were wearing body armor.

(NoFFID#) Badouch Prison: PTT discussed training schedules and outer tower inspections. PTT met with COL [redacted] who advised he would like to see more training on personnel and vehicle searches along with AK-47 qualifications. PTT were advised that force protection planning called for moving the vehicle and personnel searches from the main entrance to 500 meters down the service road and digging a tank ditch around the facility.

PTT conducted training for 20 IP on personnel searches, vehicle searches, and AK47 range safety.

PTT also conducted live fire exercises at the range. The range had to be cancelled due to force protection vehicles taking small arms fire from the local village. CF felt it was un-safe to complete the training. PTT conducted refresher training for fifteen IP on personnel searches and handcuffing.

PTT met with MAJ [redacted] who was very pleased with the training and requested the PTT to conduct the same training for the new group of IPs. A force protection plan was completed and reviewed.

The IP assigned to towers requested fans and refrigerators. MAJ [redacted] requested cell phones, loudspeakers, portable radios, and ballistic glasses for the IP.

(MN0076) Tall Afar District Police HQ: PTT met with COL [redacted] and the Logistics officer CPT [redacted]. PTT advised they will escort COL [redacted] to Mosul in order to pick up ammunition, payroll and five IP vehicles. In addition, approximately 30 detainees from DHQ will be transported to Mosul. CPT [redacted] advised he continues to inventory supplies and will seek ideas and assistance from PTT in regards to proper distribution of supplies.

PTT also met with BG [redacted] and discussed the issue of the IP wearing their proper uniforms and station badges. BG [redacted] advised he is aware of some of the uniform issues and advised many of the problems were due to the recent transfer of a large number of IP and command staff. Once all personnel are in place, BG [redacted] advised he will begin to pressure the station commanders to enforce the uniform policy. PTT also visited the DHQ

jail facility and completed the monthly detention facility report. PTT were advised payroll will be picked up on schedule, prior to the end of the month.

(MN0134) Abu Maria LPS: New PTT members were introduced to the IP. The PTT also checked on the status of LTC [redacted], who was shot in the arm on May 24th. PTT was advised LTC Sahl is doing fine and recuperating at home. PTT and IP also conducted a patrol to inspect an IED site, which was detonated May 25th.

(MN0142) Al Qadisiyah LPS: PTT met with COL [redacted] about terrorist activity in the local area and to introduce the new PTT leader which will be assisting the LPS. LT [redacted] advised COL [redacted] was not present. He advised other than a rocket which hit just north of Qadisiyah two days ago all had been quiet. PTT also conducted a mounted patrol in the local area with IP from the LPS.

PTT observed one detainee in jail who is being held for suspected terrorist activity. He has seen the judge who ordered him to remain in jail pending further investigation. The prisoner was observed to be in good health and advised he was receiving food and cared for fairly.

(TT0005) Kirkuk PHQ: PTT convoyed to the Kirkuk TIPs Academy. Upon arrival, PTT reviewed security plans for the academy graduation ceremony tomorrow and assessed the needs of the room which will be needed for the upcoming police symposium on June 6th. The class and conference room currently does not have any working air conditioners and is in need of updated equipment. The air conditioners are the most immediate need for a successful, comfortable symposium.

Provincial Chief MG [redacted] joined the PTT at the Academy. MG [redacted] advised he had two meeting with [redacted], Minister of Interior. He was assured from the Minister he will get MOI's help and support during his tenure as Provincial Chief. MG [redacted] advised PTT he also discussed three issued with the Minister, which included weapons, ammunition, and fuel.

MG [redacted] did mention that he planned on speaking to the Kirkuk Provincial Council to adjust the percentages of Arabs, Turkoman, and Kurds for the upcoming academy classes. He advised that as it stands, the percentage for the Arabs is too high and the percentage for the Turkoman was supposed to be higher.

(TT0023) Azadi Patrol IP Station: PTT met with the station commander and ascertained if the designated officer of the station would be attending the officers' training class currently under way. The Chief advised the officer was not attending, since he is on vacation. PTT also discussed the necessity for the department developing intelligence information and suggested the IP use field interview cards for interviewing persons encountered in the field.

PTT also met with the investigations CPT who advised he had developed a case filing system and it was working well. The CPT suggested the PTT accompany the Azadi investigators to a crime scene, so they could learn investigative techniques through practical exercise in the field.

(NO FFID) ERU: PTT met with the station commander and XO. PTT discussed the alleged illicit involvement of some of the station IP in insurgent activity related to the making of IED's. The chief and the XO advised they had no knowledge of the matter, other than the involved IP which had been sent to MCU for investigation.

PTT were advised there were currently 170 IP on duty. The XO advised three IP were absent and action was being taken to terminate them because they had missed over ten days of work this month.

(TT0606) Mareay Local IP Station: PTT met with the Station Chief, MAJ [redacted] who stateed that he has requested 26 new IPs from the graduating TIPS class. PTT conducted training on situational awareness for eleven IPs. PTT was requested by the class to conduct a firearms and weapons retention class in the future. PTT discovered many IP at the station did not have identification cards and if they did, their cards were expired. PTT brought this to MAJ [redacted] attention and he advised he would request new cards for those in need.

(b)(6), (b)(7)c

(TT0025) Qoria Patrol IP Station: PTT photographed the Qoria detention facilities.

Irbil [redacted]

(b)(3), (b)(6)

(NoFFID#) Camp Zaytun: PTT met with CF LNO at Camp Zaytun and discussed a request for the PTT to participate in an upcoming movement to inspect a Kurdish facility. PTT also agreed to provide a convoy escort and will coordinate any movement with the PDOP. BG [redacted] was informed of this request and offered his complete support.

(b)(6), (b)(7)c

(MI0001) Irbil PPHQ: PTT discussed the upcoming TIFF funding with BG [redacted] who requested the funds be used to purchase gasoline generators. PTT notified CF who requested the PTT to secure a vendor who could provide this item. PTT was able to identify a vendor and the proper documentation was submitted for approval. The transaction is scheduled to take place next week,

Sulaymaniyah [redacted]

(b)(3), (b)(6)

No station visits

Dahuk [redacted]

(b)(3), (b)(6)

No station visits

Ramadi (MND-W) [redacted]

(b)(3), (b)(6)

Al Anbar [redacted]

(b)(3), (b)(6)

(RA0016) Ferris Patrol Police Station: PTT provided training to the Station Chief in basic budgeting. After the training session, the PTT provided the Station Chief with a budget worksheet and requested he gather the necessary information needed to draft an operational budget to be reviewed during the next visit. The Chief advised they have submitted numerous budgets to Provincial Headquarters in Ramadi in the past with no action taken. PTT has received similar feedback from all stations that received budgeting training. The Chief was receptive of this idea but feels that it will not do any good until the Provincial begins to use the information to help his station.

PTT was informed 12 Iraqi Police have been killed in the line of duty since March 20th.

(RA0080) Al Qaim District Police HQ: PTT conducted an assessment on the station's investigations capabilities concerning the role of the district investigative judges in investigations, the chain of evidence custody and the stations' oversight role in the process

(b)(3), (b)(6), (b)(2)

and station training in matters of Iraqi law. Also discussed, was the issue of Training Officers, Field Training Officers, Investigators, and Police Chiefs attending authorized Iraqi Police Training Courses, and the establishment of a formal Field Training Officer program for new IPs. In addition, a complete force protection assessment was conducted and a discussion of issues regarding MOI procedures for logistics and equipment maintenance plans were addressed. The military members of the PTT are currently working on military related issues relating to logistics and Iraqi special course training for officers and trainers.

(RA0010) Tameem: PTT conducted a mounted patrol with the Iraqi Police during which time the PTT observed them hand out food supplies to the community at various locations. In addition, the PTT conducted training with 4 IP on room entry. Training was provided to 10 IP on pat down searches of persons and securing weapons found during search. The PTT conducted hand cuff training with 4 IP along with hand restraints.

(RA0020) East Station: The PTT convoyed from Combat Out-Post (COP) Camp Corrigedor to East Ramadi Station. This is the second day of instruction and guidance in the use of communication equipment in police vehicles. The classroom instruction given to the Iraqi Police (IP) was on Radio Communications, Patrol Procedures and Awareness Training. There are no detainees currently being housed at the East Ramadi Station. Construction in and around the station continues at a slow pace.

(RA0025) Al-Huryia: Police Transition Team (PTT) met with the Station Chief. During a routine search of the detainees the, PTT found there to be 27 detainees and all but two have completed detainee packets. The Detainee officer advised the other two packets would be completed today. PTT gave a class to the Station Chief and a Patrol Lieutenant today on patrol scheduling. Approximately 20 Iraqi Police (IP) were trained by PTT today on patrol movements and radio discipline. The IP were advised on how to communicate by radio while on patrol.

(RA0029) Jazeera: The Police Transition Team (PTT) received Iraqi Police (IP) input on the newly required detention packets for Coalition Forces. A detainee check was completed with no issues found. There are 21 detainees on hand with the longest being there for 66 days. Inspections were made of IP manned check points which are on the final approach to Jazeera.

(RA0030) South Station: The Police Training Team (PTT) mentored Iraqi Police (IP) during a joint patrol on how to gain entry through asking for permission from the home owner and how to seek out information/intelligence while in conversation with the home owner and his family. The IP were also mentored on how to gather information/intelligence or complaints of what was needed in the community.

(RA0048) Ramadi District Police HQ: The Police Transition Team (PTT) convoyed to the West Ramadi District Headquarters Iraqi Police (IP) Joint Coordination Center (JCC) and met with the IP Command Staff and JCC military personnel. The PTT Command Staff and IP Command Staff along with 7 Police Chiefs had a meeting where finance and administration issues were discussed. PTT also conducted one class on criminal identification. The living area for the IPs need air conditioners installed and running water for bath areas. A backup generator is also needed.

(RA0089) Barwanah Local Police Station: PTT completed recruiting packets on 12 IP recruits and processed them with BATS for an upcoming academy.

(RA0104) Al Phurat Local Police Station: PTT screened 216 Provincial Security Force (PSF) candidates and successfully recruited 175 of those candidates at the J.C.C. (Joint Coordination Center).

(RA0134) Khaladiyah Local Police Station: PTT conducted a station visit to meet with the Chief's designee and the Lead Investigator. They presented the IP duty Signature Sheet which showed only 2 IPs not showing up for the May 25th shift-change. PTT is attempting to understand how the shifts operate and assist with manpower accountability and distribution problems. PTT has mentored LPS Command Staff on Manpower Allocation and suggested they review their current practices.

PTT reviewed the investigation folders on Detainee #K51 and Detainee #K106 with the Investigations Officer. PTT members are working closely with him as he prepares cases. Mentoring has been provided on interviewing techniques, documentation, and Rule of Law.
