CPATT IPLO DAILY SITREP

L7

02June2007

Baghdad (MND-B) [redacted] (b)(6), (b)(7)c

Baghdad

(BC0039) Al Mamum Local Police Station: The Team met Lieutenant [redacted] (Shift Supervisor) and discussed MOI Training Initiative. He continues the process of collecting certificates for training records. Lieutenant [redacted] advised the candidates list for the FTO Program has been submitted to Major [redacted] (Station Commander). The Team inspected the Armory and found the need for replacement uniform equipment and ballistic vests. Written requisitions for the items have been rejected by MOI authorities without cause. No IPs were available for Training or Joint Patrols.

(BC0041) Al Mesbah Local Police Station: The Team met Colonel [redacted] (Station Commander) and discussed Station operations. The Station has 6 AWOLs which have been reported to MOI for disposition. Colonel [redacted] advised that he heard about the MOI Training Plan but has not received official word from MOI concerning implementation. The Team inspected the Detention Facility and found 37 detainees incarcerated in overcrowded and hot conditions. The Station is without power to operate the air-conditioning units. The Team met Commissioner Fadhal who reported the Station received fuel for vehicles today.

(BC0042) Meshahadah Local Police Station: The Team conducted Training for 12 IPs and 1 Officer covering Reaction to Suicide Bomber Procedures and Intelligence Awareness. Lieutenant Yahia (STO) was present and received special instructions concerning lesson plans. Latrines at the Station are inoperable due to the sewage holding tank being at capacity and drivers of disposal trucks will not travel due to existing dangerous conditions.

(BC0045) Al Nasir Local Police Station: The Team conducted Training for 12 IPs and 1 Officer covering Traffic Stop Procedures. The Team conducted 1 Joint Patrol with IPs and observed officers stopping vehicles using proper techniques. The Team met Captain [redacted] (Station Commander) and discussed Station operations.

(BC0047) Al Quds Local Police Station: The Team met Major [redacted] (Station Commander) who stated he was not familiar with MOI Training Initiative. The Team downloaded a copy of the Field Training Manual for future reference. The Team inspected a Checkpoint and found none of the IPs wearing their protective vests or helmets and none had their weapons in possession at the time of the observation. Air-conditioners remain out of service at the Detention Facility and a repair service has been notified for repairs.

(BC0051) Al Rasheed Local Police Station: The Team met Captain [redacted] (Station Commander) and continued mentorship concerning management skills. He has little experience as a Commander and was recently appointed to the position. The Team conducted 2 Joint Patrols with IPs and visited 5 Checkpoints. IPs at the Checkpoints were not checking vehicles and appeared uninformed as to their responsibilities. The Team will address the issue with the Station Commander (for corrective action) and conduct remedial training if necessary. The Teams' Military counterpart delivered IP uniforms to the Station several days ago for immediate issue to those requiring same.

(BC0058) Al Saliyah Local Police Station: The Team met Major [redacted] (Station Commander) and discussed Detention Facility security. The Team inspected the Detention Facility and found 129 detainees incarcerated in overcrowded, hot conditions. The Team requested that 80 detainees be taken outside for an inspection of the cells. Major [redacted] was

(b)(6), (b)(7)c

(b)(2), (b)(3), (b)(6)

mentored on improvement procedures for security of the jail. Recommendations included conducting unannounced shake-down searches and restricting personal belongings being kept inside the cells.

(BC0059) Al Sha'ab Local Police Station: The Team met Lieutenant [redacted] (Deputy Station Commander) to discuss MOI Training Initiative. He advised that he has not received any information concerning the Training Plan. The Team downloaded a copy of the Field Training Manual in Arabic on the Station Computer for future reference. An STO has not been assigned reference the Training Plan.

(BC0062) Al Suleikh Local Police Station: The Team conducted Training for 10 IPs covering Contact and Cover Procedures. Attempts to install a new generator (by JSS mechanics) failed due to the unit being under-sized for handling the load capacity.

(BC0063) Al Saliyah District Police HQ: The Team met Colonel [redacted] (Station Commander) who advised approval for a fuel tank at the Station. His concern is that there are no means for transporting the tank to the Station. MOI Training Initiative was discussed. The Team is unable to download the Field Training Manual onto the Stations computer and the issue is jeopardizing the Teams completion date objective. Colonel [redacted] advised he will attempt to transfer 46 detainees to Rustafa Main Prison in the near future.

(BC0069) Al Thawra Local Police Station: The Team met Colonel [redacted] (Station Commander) and observed that he does not place a high priority on Training. He has not read the MOI Field Training Manual. He advised that Lieutenant [redacted] (STO) has experience as an instructor at the Police Academy. He further stated that the STO only does training when requested to do so by an IP. The Team observed that Colonel [redacted] is operating a fairly organized operation and may place higher priority on training if the security situation was more stable. The Team inspected the Detention Facility and found prisoners incarcerated without air-conditioning. Colonel [redacted] stated did not place priority on correcting the issue due to his feelings that jail should be an unpleasant experience for prisoners.

(BC0075) Al Zaafaranyah Local Police Station: The Team arrived at the Station and found no IPs manning Force Protection posts and found 8 IPs sleeping inside the Station and no one else was visible. The Team located Lieutenant Colonel [redacted] (Station Commander) and notified him of the situation. He contacted a Lieutenant (assigned to Force Protection) to correct the issue. The Lieutenant was observed out of uniform and also appeared to have been sleeping. The Lieutenant proceeded to make arrangements for Force Protection manning and the Military counterpart advised there is a 'strong Militia presence' at the Station.

(BC0078) Al Zohour Patrol Police Station: The Team met Lieutenant Colonel [redacted] (Station Commander) and discussed the STO training program. He advised that he has not received any directions from MOI concerning the matter. The Team met Lieutenant [redacted] (STO) and provided instructions concerning the Training Plan.

(BC0079) Bab Al Muadam Patrol Station: The Team conducted 1 Joint Patrol with IPs at Haji Hab central maintenance area and no incidents were experienced. The Team inspected the Detention Facility and found 12 detainees incarcerated without air-conditioning. Information revealed the body of an IP kidnapped last week near the Station was recovered in Sadr City. Details indicated the kidnappers were operating 2 vehicles and kidnapped 14 people during the incident. Further information revealed IPs sent to recover the body (from another IP Station) were threatened with the statement that a hit list

(b)(2), (b)(3), (b)(6)

contained 6 names including Colonel [redacted] (Station Commander). Colonel [redacted] and IPs refused to give any further information about the situation and indicated they were afraid.

(BC0090) Boob Al Sham Local Police Station: The Team met Colonel [redacted] (Station Commander) who advised no information has been received from MOI concerning STO classes. The Team mentored 1st Lieutenant [redacted] (STO) concerning Use of Force lesson plans. The Team conducted 1 Joint Patrol and Foot Patrol with IPs in surrounding neighborhoods and no incidents were experienced.

(BC0097) Latifiya Local Police Station: The Team was informed that Captain [redacted] was fired for not following orders given by General [redacted] directing that Checkpoints be set-up to protect the Station.

(BC0109) Nahrawan Local Police Station: The Team conducted Training for 10 IPs covering Vehicle Search Procedures. 1st Lieutenant [redacted] (STO) presented the class and students were attentive to the material presented. The Team conducted 1 Joint Patrol and Foot Patrol with IPs. Checkpoints were visited and no incidents were experienced. The Team met Colonel [redacted] (Station Commander) who advised training folders were being prepared in reference to the MOI Training Initiative.

(BC0119) Rusafa Patrol Traffic Station: The Team conducted 1 Joint Patrol and Foot Patrol with CF, IP and NP to search Muhalla 505 for contraband and no incidents were experienced.

(BC0121) Saba Al Boor Local Police Station: The Team met Major [redacted] (Station Commander) and discussed MOI Training Initiative. He advised no progress has been made concerning the issue. The Team was assigned to QRF responsibilities and no training was conducted. In addition, no Joint Patrols were conducted due to the lack of fuel for IP vehicles. Lieutenant [redacted] reported 10 IPs have not been paid after working at the Station for 3 months.

The Team visited the Station on May 31st and conducted Training for 16 IPs covering Weapon Safety and Interview Techniques. The class resulted after observing IPs with their fingers on the triggers of their weapons. The Station is not receiving vehicle fuel and only limited amounts of diesel is being delivered for generator operations. The Team met Major [redacted] concerning the appearance of discipline issues developing at the Station. He was advised that 1st Lieutenant [redacted] (Deputy Commander) is directly responsible for the deficiency. The Team requested for Major [redacted] to request an additional Captains' position as Assistant Station Commander in an attempt to correct the problem. The Team visited the Station on May 30th and conducted Training for 17 IPs and 1 Officer covering Command Policy, Force Protection and Interview Techniques. 1 Joint Patrol and Foot Patrol was conducted with IPs and no incidents were experienced.

Babylon (MND-CS/S)

Al Qadisiyah

(b)(3), (b)(6)

(BC0026) Nahda Local Police Station: *The PTT team met with Station Commander, Major [redacted] who reported that a Jamhuri IP had been found shot and killed earlier today.*

IP Investigator, Lt [redacted], advised the team that he receives 70-80 cases per month, mostly vehicle accidents and simple assaults. About 25 deaths have been reported so far this year, but he only does an initial report and turns the cases over to the

Major Crimes Unit. He appears quite capable and said that he does not have any cases that are too hard for him to handle. He is frustrated because after four years he still has not been issued a weapon, and has been told by a visiting 'two star' from Provincial that he still has not proven himself. The commander agrees there is no real reason for the refusal except that it is for political reasons. He went on to say, although the LT should have been promoted at least twice, they do not expect it for the same reason.

The team was shown a camera received from Provincial that was pitifully cheap and unusable. Although it was brand new, it was broken and inoperable. They received a shipment that was supposed to be uniforms but it only contained socks and underwear, a few trousers unfit for duty, and twenty pairs of shoes (all the same size and too small). They report that the shoes can be purchased for less than 2,000 Dinar (approx.$2.00 US) at any market. The shoes are so cheap they told us all they could do is laugh. They advised the fuel received is not adequate to effectively run the station. PTT obtained a complete inventory of the arms room for our records.

(BQ0602) Balda District Police HQ: The team met with Lieutenant [redacted] as General Hussein was not present at the station. The team showed the LT lesson plans that will be given to station commanders regarding checkpoint operations and vehicle searches and reviewed them with him. He said he would make copies and assured the Team that all commanders in his district would implement proper check point procedures. PTT advised him that station commanders are still complaining that they are not receiving supplies as they should from the Provincial level and he said he would follow up on the problem.

(b)(6), (b)(7)c

(BQ0603) Diwaniyah Local Police Station: The team met with Lieutenant Colonel [redacted], second in command at the station. The LTC advised that after being on duty at this station for less than a week he will be transferred again within the next few days. He has no explanation for the frequent transfers and they are giving him no reason, just that the decision is coming from the Provincial level. He said that 50 others had been fired or retired recently and 15 are being transferred frequently without explanation. He said that in his opinion all of the affected IPs are good and that the moves are all for political reasons.

(b)(6), (b)(7)c

The Station Commander, Colonel [redacted] arrived and the team met with him. The team tried to review the lesson plans and requested to be allowed to demonstrate search procedure but the Colonel stayed long enough to assure us again that he trains every day at shift change and then he got up to leave. We asked him specifically about the riot control training and he said it had been shown to every IP at this station. He reported the need for at least twenty more IP's for the station. He said an expected uniform shipment arrived at the station but only contained socks and underwear.

The team inspected the arms room and found it in good order; however, they are in need of additional weapons and magazines.

(NoFFID#) Al Jazaar Patrol Police Station: The team met with Major [redacted] Officer in Charge who stated that he had no IPs available for training. There were four detainees in the cell, all for minor traffic violations.

(b)(6), (b)(7)c

The station generator is functioning but they do not receive an adequate supply of fuel to run it. The Army provided the station with 15 gallons of fuel. There is also a continuing problem receiving sufficient fuel for the IP vehicles. The IP's are provided only sufficient fuel to operate one vehicle.

(b)(2), (b)(8), (b)(6)

(BQ0107) Qadisiyah Checkpoint Police HQ: The team met with Colonel [redacted] who stated that there were no serious incidents at the Check Points since the last visit. He was asked if IA troops were still giving his IPs a difficult. He said that it is more of isolated incidents. The Colonel also informed the PTT Team that one of his water trucks was fixed and his IPs were now getting water. He said there were five officers on duty and 30 IPs who were busy manning the checkpoint and providing force protection so no training was provided. The team monitored the IP's while they searched numerous vehicles/persons at the checkpoint.

(b)(6), (b)(7)c

(BQ0022) Hay Rafat Patrol Police Station: The team met with the on duty commander Major Nausaud and the station's Intelligence Officer who had no new activity to report. It should be noted it was pay day at the station all the IPs came for their money and left; therefore, no training could be conducted. The generator is still in need of repair and the station is still receiving an inadequate amount of fuel for their needs.

Wasit Province [redacted]

(b)(3), (b)(6)

The team from Delta advised there was no mission scheduled as the military PTT team scheduled a down day for maintenance and recovery. IPLOs met to discuss and prepare for the coming week's Crucible and in-service training for Wassit Province IP's.

Babil Province [redacted]

(b)(3), (b)(6)

(NoFFID#) Tunis Local Police Station: The team met with station commander, Major [redacted] who stated there have been no issues or problems the past 48 hours. He said there were four officers and 34 IP on duty. The Major also stated that the station is lacking in fuel for the generator. There was only one interpreter available to the team. As the Major just returned to the station, there was considerable personnel information to be obtained by the team. The necessary information was obtained; however, the team was unable to do any mentoring or instruction.

(b)(6), (b)(7)c

(BB0043) Babil Iskandariyah IHP Station: This station visit was primarily for setting up AK-47 training/shooting for IPs at the station's range, next Tuesday. The team was able to obtain the needed information. The station only has one issue concerning an Officer who failed to show up for work. They have been unable to determine the reason for the absence. There are currently four officers and 91 IP on duty.

No team movement on this date for Fob Reo; the military members of the team were conducting vehicle maintenance.

Dhi Qar / Al Muthanna (PIC) [redacted]

(b)(3), (b)(6)

PTT members attended the daily operational/planning briefing in Camp Terendak and the daily MTT/CPATT meeting in MAJ [redacted] office.

(b)(6), (b)(7)c

PTT members met with PRT regarding the financial training of Dhi Qar financial officers on June 9th-13th in the PRT/Dhi Qar building

Tikrit (MND-CW) [redacted]

Diyala

(b)(3), (b)(6)

(b)(2), (b)(3), (b)(6)

CPATT IPLO DAILY SITREP

(TD0103) Diyala ERF 1 Facility: PTT spoke with LTC [redacted] as BG [redacted] was gone for the day. A formation of 48 IP was assembled and an inspection was completed. The PTT also spoke with the IP while in formation. LTC [redacted] said a number of the IP present today wanted to quit. The Team spoke with the IP and answered questions and listened to their concerns. After the meeting none of the IPs stated they would quit. However, many of them are scared to leave the station due to the security situation. The same formation was used also to conduct a police call around the station and trash was picked up and burnt.

The PTT also received another copy of a request for more HESCO barriers and T-Walls for the front of the station near the gate. The IP are still receiving sniper fire from the area of Mufrek Circle. The PTT will pass this request up through the chain of command as well.

(NoFFID#) Al Durah Local Police Station: PTT traveled to Al Durah LPS and spoke with LTC [redacted] who stated that he had 28 IP working 3 check points and 5 IP and 1 officer at the station. PTT was advised that requests for supplies are going unanswered by IPS headquarters. LTC [redacted] stated that only a phone call had been made and no formal written requests had been made. PTT again advised him of the procedure to follow. PTT also completed a leader biography of LTC [redacted]

Salah Al Din

All teams where down for TRA level brief and refit.

Mosul (MND-N)

Ninewah

(MN0056) Ninewah Provincial Headquarters: PTT was unable to conduct a headquarters visit this date as the military members stood down for vehicle maintenance.

(MN0099) Major Crimes Unit/Major Terrorist Unit: PTT did not travel to MTU on this date, due to the military PTT being reassigned to perform vehicle maintenance and mission planning.

(MN0076) Tall Afar DHQ: PTT did not visit stations today in order to allow the military to continue their RIP. PTT held a planning meeting with members of the new unit.

(MN0222) Rabiyah DHQ: PTT did not visit stations today in order to allow the military to continue their RIP. PTT held a planning meeting with members of the new unit.

(MN0020) Hassenqoi LPS: PTT did not visit stations today in order to allow the military to continue their RIP. PTT held a planning meeting with members of the new unit.

(MN0134) Abu Maria LPS: PTT team is conducting late night operations with the IP. No information available at this time.

(MN0907) Al Sarai LPS: PTT did not visit stations today in order to allow the military to continue their RIP. PTT held a planning meeting with members of the new unit.

(MN0142) Al Qadisiyah LPS: PTT did not visit stations today in order to allow the military to continue their RIP. PTT held a planning meeting with members of the new unit.

(MN0201) Ninewah SWAT: This station was not visited today due to military re-tasking

(b)(2), (b)(3), (b)(6)

CPATT IPLO DAILY SITREP

(No FFID) 1st Emergency Response Battalion: This station was not visited today due to military re-tasking

(No FFID) 2nd Emergency Response Battalion: This station was not visited today due to military re-tasking

(No FFID) 3rd Emergency Response Battalion: This station was not visited today due to military re-tasking

(No FFID) 4th Emergency Response Battalion: This station was not visited today due to military re-tasking

(No FFID) Emergency Response Unit: This station was not visited today due to military re-tasking

(MN0009) Al Hadba District Police HQ: PTT met with LTC [redacted] Executive Officer, who inquired concerning a CD that was being distributed in the market place containing the identities of IP. LTC Ali explained a copy of the CD in question is in the possession of COL [redacted], Internal Affairs Officer, at NPHQ. The CD actually contained video of 20 IP from [redacted] who had been captured and executed, along with the execution of ten IP from Baghdad, an IA COL, and two IA soldiers who were also murdered. These individuals were allegedly taken prisoner at a fake checkpoint, which was set up somewhere between Diyala and Kirkuk. In the video, it shows the executions and warns all IP if they continue to be policemen then this will happen to them.

Certain individuals, who wish to remain anonymous, advised that NPHQ has started a policy of paying 100,000 Dinar to all IP as a subsidy for being available as a QRF. However, of the 100,000 Dinar, 70,000 Dinar is being deducted to pay for food, which was delivered to the DHQ on May 30th. It is believed the money being taken out for this food is being used as a kick back to certain individuals in the IP command staff. Information gathered is that BG [redacted] has received money to remain cooperative or quiet with regard to this issue.

PTT noted the jail contained one prisoner, who claimed to be the bodyguard for COL [redacted] of ERB4 and was arrested for carrying a handgun without a permit, which he advised was given to him by COL [redacted]. Efforts to verify this information are still pending. The prisoner has been in custody for three days and complained of medical problems with his stomach and back. PTT noted the prisoner currently has an IV tube in his wrist. The CF medic examined the prisoner and photographs were taken of his condition. The detainee made no mention of mistreatment and had been provided food.

(MN0008) Al Gizlani LPS: This station was not visited today due to the military portion of the PTT being re-tasked to Al Hadba DHQ PTT.

(MN0214) Al Waqaas LPS: This station was not visited today due to the military portion of the PTT being re-tasked to Al Hadba DHQ PTT.

(MN0045) Al Kazrag LPS: This station was not visited today due to the military portion of the PTT being re-tasked to Al Hadba DHQ PTT.

(MN0036) Al Dawasa LPS: This station was not visited today due to the military portion of the PTT being re-tasked to Al Hadba DHQ PTT.

(b)(2), (b)(3), (b)(6)

(MN0022) Al Rabaein DHQ: This station was not visited as the military unit stood down for maintenance.

(MN0024) Al Sheak Fathi: This station was not visited as the military unit stood down for maintenance.

(MN0923) Al Yarmook: This station was not visited as the military unit stood down for maintenance.

(MN0924) Al Jamouri Hospital LPS: This station was not visited as the military unit stood down for maintenance.

(MN0215) Mosul Al Gadeda LPS: This station was not visited as the military unit stood down for maintenance.

(MN0220) Al Karama DHQ: PTT currently assigned to Badoush Prison duty.

(MN0221) Al Kadra LPS: PTT currently assigned to Badoush Prison duty.

(MN0928) Abi Tamaam District Police HQ: *PTT met with Station Commander, COL [redacted] who was en route to the local hospital to visit three IPs who were shot today while manning a check point in the Al Zuhoor neighborhood.* (b)(6), (b)(7)c

PTT had planned to gather PSMR data, but there were no other ranking officials at the station when COL [redacted] left. PTT plans to obtain the needed information later this week. PTT plans of introducing the Community Oriented Policing philosophy to COL [redacted] on the next training day. (b)(6), (b)(7)c

(MN0070) Al Suweis LPS: Military currently involved in a RIP (Replacement In Place) therefore no stations were visited this date.

(MN0918) Al Fasalia LPS: Military currently involved in a RIP (Replacement In Place) therefore no stations were visited this date.

(MN0136) Al Ahrar LPS: Military currently involved in a RIP (Replacement In Place) therefore no stations were visited this date.

(MN0068) Al Somer LPS: Military currently involved in a RIP (Replacement In Place) therefore no stations were visited this date.

(MN0018) Al Nasir DHQ: Military currently involved in a RIP (Replacement In Place) therefore no stations were visited this date.

(MN0030) Bab Shamas LPS: PTT currently assigned to Badoush Prison duty.

(MN0381) Al Zuhoor Local Police Station: PTT was advised the LPS IP are currently maintaining two day and two night patrols along with manning two check points in the local neighborhood. PTT introduced Community Oriented Policing to the IP who have spoken with residents in different neighborhoods. The IP are currently gathering intelligence, in an attempt to formulate a plan which will reduce AIF attacks or activity in the local community.

Hesco barriers and sand bags were delivered to the station to increase force protection, but the IP currently have no way to fill them. PTT will also request T-barriers in addition to fill

dirt. PTT noted the IP are still awaiting body armor, uniforms, and AK-47 magazines. PTT will follow-up on the equipment request for a possible ETA.

CPT [redacted] Station Commander, was mentored by the PTT on how to organize the stations filing system. PTT placed emphasis on personnel files, training files, and logistics. PTT also explained the importance of Community Oriented Policing and the benefits the station could receive from the program.

At Tamim [redacted]

(NoFFID#) ERU: PTT met with CPT Tarik and discussed training and personnel issues. CPT [redacted] stated that when the station opened and was assigned IP, that these IP were mostly less desired IP. He advised since that time, ERU has tried to transfer the undesirable IP out. He also advised they approach IP that have good reputations at others station, and request them to ask for a transfer to ERU. He advised that when the desired IP asked PHQ for a transfer to ERU, ERU would then try to transfer out the less desirable IP.

(TT0026) Rahemawa Patrol Police Station: PTT was concerned after arriving at the station to find the IP at the ECP and also observed there was no IP standing guard at the front door of the station, since the door was open. PTT located and spoke with MAJ [redacted] and asked him why there was no one guarding the main entrance of the station. The MAJ responded with "why do we need to have someone standing and watching nothing." PTT advised him one IP must be present at all times at the main entrance for the safety and security of the station. PTT asked MAJ [redacted] to make a schedule with the six IP present and have them stand four hour rotations. MAJ [redacted] was not happy with this request, but he did comply with it. PTT inventoried the arms room, reviewed the vehicle maintenance program, and spoke to the mechanic about any vehicle issues.

(TT0027) Rashad Patrol Police Station: May 28th: PTT met with Chief [redacted] and discussed the issue of station IP not receiving their pay on time. The Chief also advised he has not received fuel money for the current month and that the station was running low on fuel. PTT advised the supply has been frozen from PHQ and should be released soon. PTT also discussed the need for an inspection of IP and their equipment. The Chief agreed there was a need for IP inspections and advised he would schedule one for next week.

May 29th: PTT started entering IP into BATS and explained that this would help to identify them if they were injured or kidnapped. PTT also attended an officers meeting with Chief [redacted] PTT noted that they discussed the need for an officer to always be assigned to an IP checkpoint. They also discussed preparing for the BGs inspection.

May 30th: PTT continued entering the IP into the BATS. PTT also conducted an inventory of the arms room and noted the IP record system was accurate and organized. PTT also conducted a joint foot patrol, with five IP from the station, around the local community. PTT stressed the need for IP to interact with the community and build a working relationship. While on patrol, the PTT noted that the IP conducted the patrol in a professional manner and they were also observed stopping and talking to people in the local village.

May 31st: PTT continued entering the IP into BATS which currently has over half the station IP into the system. PTT attended the security meeting between the Chief and the IA. PTT noted that the need for continued joint patrols was discussed. Chief [redacted] advised the all of the station vehicles were currently out of fuel and has contacted PHQ of this issue, but has received no response. Chief [redacted] also advised the IP have been paying for fuel from their

money. PTT advised the Chief that he needed to discourage this, since the IP may not get reimbursed.

(TT0031) Shwan Local Police Station: PTT observed that a shift change and training was currently being conducted by the IP. Training consisted of weapons maintenance followed by an inspection prior to the IP reporting to duty. The Chief did leave the PTT an estimate of repairs for the station. PTT will need to meet with the Chief to discuss which repairs are necessary and to get additional quotes for the repairs

(TT0010) Hawijah District Police HQ: PTT met with the station commander along with COL [redacted] to discuss issues relating to the staffing and operation of the JCC. COL [redacted] decided that one of the commanding officers would be available during off hours to handle assignments and dispatch problems. These command officers would also be responsible for solving the problems.

(b)(3), (b)(6), (b)(7)c

PTT assisted the IP during a mounted patrol in the local area. The TCP south location was assessed and the needs were documented. PTT noted that only two of the four IP who were assigned were currently present when the PTT arrived at the checkpoint. PTT observed the IP had no AK47s and insufficient amounts of ammunition for the PKCs.

The following afternoon, PTT went to Hawijah Station #1 and conducted a review of the armory and detention cell.

Irbil

No station visits conducted

Sulaymaniyah

No station visits conducted

Dahuk

No station visits conducted

Ramadi (MND-W)

Al Anbar

(b)(3), (b)(6)

(RA0025) Al Huria Local Police Station: The Police Transition Team met with the Station Chief and conducted a site assessment of the new station which appeared to be progressing well. PTT conducted a routine inspection and ensuring that all detainees appeared to be in good heath. PTT discussed site security when responding to emergency calls and riot control. The Station Chief advised he would like classes taught in riot control and repot writing.

(RA0029) Jazeera Patrol Police Station: The Police Transition Team taught classes on the Basics of Democratic Policing and Police Ethics. A total of 20 detainees were being housed. The detainee who was transferred with a catheter inserted in his bladder still has not had the device removed. The IP and coalition medics lack the proper equipment for its removal. Preparations are being made to transfer the subject to the hospital for its removal.

(NoFFID#) Albu Faraj - Jazeera Sub-Station: Extended Visit: May 29th: PTT convoyed to Police Support Unit (PSU) 1 for training. IPs from Albu Faraj did not show up. The IP

(b)(2), (b)(3), (b)(6)

Colonel sent his IP to Strongpoint 2 by mistake. While at Albu Faraj, the PTT assisted IP with building an arms room and covered the documentation needed by the arms room Officer in Charge. The PTT also gathered information for the PSMR. The station currently has 3 detainees.

May 30th: The Police Transition Team (PTT) completed the arms room and information was gathered for the PSMR. Albu Faraj currently has 3 detainees.

May 31st: The Police Transition Team (PTT) did not make a station visit due to being tasked for other military missions. Iraqi Police (IP) did not show up for scheduled training at Police Support Unit 1.

June 1st: The Police Transition Team (PTT) visited Albu Faraj Station and met with the Station Chief to discus various improvements that need to be addressed before the PTT can move into the station on a permanent basis. No training was conducted due to ongoing operations. The station currently lacks running water and the generator supplying power needs maintenance.

(NoFFID#)Albu Aetha - Jazeera Sub-Station: Extended Visit: May28th: The Police Transition Team (PTT) met with the Station Chief to discus shift change and briefing procedures. The Chief maintains a roster of Iraqi Police assigned to each post during each shift, along with names of supervising officers. The Chief has access to daily Intel briefs and relays the information to oncoming shifts. The Chief advised he will post written policies for the station. No detainees on this date.

May 29th: The Police Transition Team (PTT) convoyed to Police Support Unit (PSU) 1 and conducted training for 22 PSU personnel. Iraqi Police from Albu Aetha did not show for their scheduled training. The training consisted of vehicle checkout procedures, operations, maintenance, and radio procedures. The PTT will be covering the material again for the IP who failed to attend the classes. The PTT inspected the station's checkpoints at 2300 hrs and found only 2 of 6 manned and could only account for 6 IP and 2 officers. The station currently has no detainees.

May 30th: The Police Transition Team (PTT) met with the Station Chief and discussed the lack of IP on post the previous night. The Chief stated there is a curfew in effect and there are no vehicles on the road. The Team stressed the threat of insurgent activity and the need for the IP to remain on their assigned posts. The Chief will address this issue with his IP.

May 31st: The Police Transition Team (PTT) met with the Station Chief and gathered information for the Station Database. The PTT conducted a class with the IP investigator covering how to work a confidential informant. This investigator has used informants in the past and maintains records of the information; however, he does not share their identities with any of the Iraqi Police at the station. It was suggested that he conduct a complete background investigation on all of his informants. The PTT also met with an IP Captain and covered maintenance records for the vehicles assigned to the station. The PTT convoyed to Police Support Unit (PSU) 1 to conduct joint training with IP from Albu Faraj. The PTT covered Democratic Policing and Defensive Tactics. The training lasted 3 hours and 8 IP from Albu Aetha were trained. Albu Aetha currently has no detainees.

June 1st: PTT did not make a station visit due to other military missions.

(RA0030) Ramadi South Local Police Station: The Police Transition Team (PTT) conducted one class which was attended by the Station Chief and 2 lieutenants. The class

(b)(2), (b)(3), (b)(6)

was based on detention operations. There are currently 42 detainees being housed at the station. With the breakdown of South Station personnel going to sub-stations, it is becoming increasingly difficult to locate and train IP. While the detainees were out of the detention room for an accountability formation, the PTT searched the area and confiscated several contraband items such as lighters and razor blades.

(RA0046) Qatana Local Police Station: No station visit was conducted as no convoy was available. The PTT completed administrative paperwork.

(RA0048) Ramadi District Police HQ: The PTT went to the Ramadi Training Center and delivered training aids and material to the class room where the Detective Course will be taught. The PTT met with the Brigade Rule of Law Officer in regards to several upcoming IP courses.

The Police Transition Team conducted a station visit and provided one class on the use of force and the lawful justification of the force used. The Iraqi Army also held classes on check points and vehicle searches. Currently there are 104 detainees in the holding and 118 police officers working at the station.

(RA0072) Rutbah District Police HQ: The new Rutbah District Police Chief arrived and the PTT spent the day advising and mentoring him on his duties and responsibilities.

(RA0095)Baghdadi District Police HQ: The Police Transition Team (PTT) convoyed to the Baghdadi District Headquarters to conduct a station visit. While at the station, PTT discussed payroll, inventory of weapons, and conducted an inspection of the jail facilities. PTT had heard rumors of PKC's being sold and conducted an inventory of all PKC's assigned to the station. All PKC's were not accounted for and the inventory will continue tomorrow. Three detainees were in the jail and appeared to be in good health.

PTT confiscated all pay log books and will be conducting an investigation concerning IP pay being stolen. More information to follow as it is received.

PTT escorted 4 IP to Camp Al Asad to be flown to Habbaniyah to be certified as Training Officers.

(RA0013) Fallujah District Police HQ: An extended station visit is in progress. The PTT provided orientation classes for the new Police Support Unit (PSU). In addition, PTT inspected and assessed the newly constructed jail facility at the Fallujah District Headquarters. Over crowding and sanitation are still the major issues with the facility.
