CPATT IPLO DAILY SITREP

Ramadi (MND-W) (b)(3), (b)(6)

Anbar (b)(3), (b)(6)

(RA0084) Baghdadi PS: PTT issued 50 uniforms with duty gear and 50 IP badges.

(RA0093) Rumanah PS: PTT was able to badge sixty six IPs. Thirty four IP's were on duty. The station rates 179 IPs and is currently staffed with 129. The station has 80 AK-47's on hand while rating 179, the shortfall is being pursued in supply. Eighteen Officer Candidates are currently attending the BPC.

The IPs were working on the station, painting rooms and blocking up exterior entries to the proposed detention facility. The armory is completed and a door was hung on its hinges. Electricity is coming in but is hooked into the local grid. There is no backup generator at this time. The water line is blocked with mud and the line is partially collapsed from a heavy vehicle crossing it. IP's are inspecting the line to see if it can be unblocked. The station for this location is still not under construction, the IP's are operating out of a Forward Operating Base, BP Guam, and they are collocated in an adjacent schoolhouse. The location and the building have no fortification.

(RA0060) Saqlawiha PS: PTT assisted the IPs in fortifying the stations force protection measures and conducted joint patrol operations with the command. PTT delivered forty two rifles to the station.

(RA0025) Al Huria PS: On arrival at the station, all posts were manned by uniformed IP's. The station had 45 IP's in the station, which has been a steady number in the past few days. Several IP's are not showing up due to not receiving their pay. Ten IP's which consisted of the stations QRF team was tasked with manning CP 293. The major concern in the station from the IP's is not receiving their monthly pay. Two IPs had been arrested during the night for attempting to steal uniforms from the supply room. The new Commanding Officer of the station Major Falal conducted roll call and addressed the troops and their concerns. The cleanliness at the station is unacceptable and will be discussed with the Major.

Basrah (MND-SE) (b)(3), (b)(6)

The IPs were working on the station, painting rooms and blocking up exterior entries to the proposed detention facility. The armory is completed and a door was hung on its hinges. Electricity is coming in but is hooked into the local grid. There is no backup generator at this time. The water line is blocked with mud and the line is partially collapsed from a heavy vehicle crossing it. IP's are inspecting the line to see if it can be unblocked. The station for this location is still not under construction, the IP's are operating out of a Forward Operating Base, BP Guam, and they are collocated in an adjacent schoolhouse. The location and the building have no fortification.

(RA0060) Saglawiha PS: PTT assisted the IPs in fortifying the stations force protection measures and conducted joint patrol operations with the command. PTT delivered forty two rifles to the station.

(RA0025) Al Huria PS: On arrival at the station, all posts were manned by uniformed IP's. The station had 45 IP's in the station, which has been a steady number in the past few days. Several IP's are not showing up due to not receiving their pay. Ten IP's which consisted of the stations QRF team was tasked with manning CP 293. The major concern in the station from the IP's is not receiving their monthly pay. Two IPs had been arrested during the night for attempting to steal uniforms from the supply room. The new Commanding Officer of the station Major Falal conducted roll call and addressed the troops and their concerns. The cleanliness at the station is unacceptable and will be discussed with the Major.

(BQ0029) Qadisiyah PHQ: PTTP met with General (b)(6), (b)(7) who informed the team that he has received complaints that the IP's attending the Wasit Police Academy were being physically and verbally abused. Allegedly an IP was injured after being kicked in the back by one of the local national cadre, and is hospitalized at Camp Echo. Other incidents involve the mockery of the IPs religion and other forms of physical abuse. The Academy staff has been contacted concerning the allegations and reports have been filed by the PTTP.
