ON THE MORNING of the 29th of March 2006 I started my guard shift at 0200 hrs. AT 0215 the FIRE BASE came under attack. Many members of the FIRE BASE CAME TO MY POSITION TO HELP IN DEFENDING THE FIRE BASE. TO MY ~~LEFT~~ RIGHT WAS CPT [redacted], CPT [redacted] THEN SFC STONE. THE FIRE FIGHT WAS VERY INTENCE AND FROM WITNESSES accounts THE VOLUME OF FIRE OUR ~~POST~~ POSITION WAS TAKING was extremely heavy.

During THE BATTLE CPT. [redacted] called out he was hit. When the medic was called for, the NAVY Corpmen arrived to help CPT [redacted]. It was at this time that SFC STONE was found. His body was lifeless and he had a small entry wound in the middle of his back. He was also bleeding out of his left ear and ~~nose~~ nose. He also appeared to have a wound to the back of his head. The Corpsmen said there was no pulse and that he "was gone". We covered his body and returned to our fighting positions. A few minites later the Special forces medic arrived ~~and~~ and he also pronounced that SFC Stone was "gone", after we tried chest compressions for several minites.

CPT [redacted] was removed from the roof to the CCP as well as SFC STONE.

In the morning after the sun had come up CPT [redacted] and myself returned to our positions from earlier in the morning.

STATEMENT OF b(6); b(7)(c) TAKEN AT FOB ~~Roberton~~ Robinson b(6); b(7) DATED 31 March 2006

STATEMENT (Continued)

We began going thru the events of the night before.

We began to check the mud wall that CPT b(6); b(7)(c) and SFC STONE were using for cover. We could see bullet wholes on the south side of the wall, the side they were standing on. When we checked the North side, were the enemy was firing from, There ~~wh~~ were no holes, nor any impact marks. We became very concerned. We returned to the south side of the wall again. We began looking at the impact mark and found what was left of a 7.62mm AP slug, or appeared to be. We then looked to our rear (south) and saw that a tent that we had set up for storage had numerious bullet wholes in it.

We went to the tent and found appx. two dozen bullet ~~w~~holes in the tent. ~~and also~~ We checked the mud wall between the tent and our position and found more bullet impacts on the south side of the wall as well as another slug. As we continued to move to the south we found two CONEX's that had bullet ~~w~~holes in them as well. (They were located to the South of the storage tent) The last object that we found with bullet wholes was a new generator.

We returned to our fighting position from the night before, ~~one~~ once there we lined up all the bullet wholes as best we could, it became clear to us that we received fire from the south.

STATEMENT OF b(6); b(7)(c) TAKEN AT FOB Robinson DATED 31 MARCH 2006

STATEMENT (Continued)

The only weapon that was visible and in line with the bullet holes was a 240B on the North east corner of the SF camp. I was told later that there were Canadian Soldiers there also but I never saw them, nor did I see the weapon system previously mentioned (240B) fire into my position, I was b(6); b(7) to b(6); b(7) buizzy returning fire. Also upon further inspection of CPT b(6); b(7)(c) body armor and based on his height and where he was standing it appeared to me he was shot from the south from the area of the 240B on the SF camps North EAST CORNER.

I reported my observations to MAJOR b(6); b(7)(c), the team Chief. Nothing follows.
