I, b(6); b(7)(c), HMCS/USN/AD, b(6); b(7)(c), want to provide the following statement, under oath:

at approximately 0200 on 3/29 I was sleeping in the medical space on the TOC Compound at Camp Wolf. Awakening to the sound of gunfire from our roof, I saw Doc Stone sit up & tell me he was going up to help & to sit tight in case anyone needed me in the medical space. After about 5 minutes, I heard someone screaming "Medic". I walked out & asked MAT b(6); b(7)(c) what I could do. He said they needed me on the roof. I approached the roof on the internal (NW) staircase & asked where the injured were. CPT b(6); b(7)(c) was about 15 feet ahead of me, on his back w/ 2 soldiers attending to him. I crouched to his location & noted a severe frontal wound w/ no serious bleeding. Applied a pressure dressing & began a secondary assessment. CAPT b(6); b(7)(c) was alert & oriented & said his leg hurt. I then noticed a gunshot wound to his upper thigh with entrance & exit wounds. I determined that the bullet had not hit the artery or the femur & took another look @ his frontal wound. Then directed the soldiers to get him downstairs. At this time, another soldier yelled "Check on that guy, he's shot in the back". I watched as a soldier laid the second victim on his back & he cried out. "It's Doc Stone". CAPT b(6); b(7)(c) was stable, so I moved to Stones side. He had an obvious head wound w/ massive blood loss. He was unresponsive, not breathing & without a pulse. I noticed his eyes were open but non-reactive (pupils). I began CPR, continued for approx. 2 minutes & then entered he was not going to respond. I could hear the radio & knew we had more injured headed to the TOC compound. I told the soldiers nearby that I had to go back down & would send someone up to get Doc Stone.
