I, (b)(3), (b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I was the (b)(2)High on 08 SEP 09. Our mission was to provide area security in the (b)(2)High for TF Lethal. I do not have complete recollection of times, but I am estimating based on my mission debrief. On our first trip to ABAD (b)(2)High at approx. (b)(2)High from (b)(2)High contacted us on the CAG frequency requesting assistance for troops in contact. I informed him that we were inbound for refuel, but I would contact (b)(2)High TOC, and asked him to do the same with (b)(2)High to see if we could be diverted. (b)(2)High TOC notified me that we were to continue to support Lethal. We departed (b)(2)High and returned to the (b)(2)High to support Lethal. While supporting lethal we once again heard a request from (b)(2)High for assistance. We contacted (b)(2)High TOC again to confirm that we were to stay with Lethal. We were told to continue to support Lethal and that day QRF was enroute. Shortly thereafter we received a BFT from Chosin telling our team that we were cleared to depart lethal and support Chosin. I once again checked with (b)(2)High TOC and was told to stay with Lethal and the day (b)(2)High was on the way. At approx. (b)(2)High we went back to (b)(2)High The day (b)(2)High requested to take the (b)(2)High pads before due to troops pinned down and being (b)(2)High. We allowed them to re-arm first. We then re-fueled, re-armed and returned to Lethal. At approx. (b)(2)High arrived to conduct battle handover. During battle handover (b)(2)High told us that we had a follow on mission to escort a MEDEVAC from (b)(2)High. We picked up the MEDEVAC and escorted it to the (b)(2)High (b)(2)High and returned to (b)(2)High. During our flight back north there was also a weapons element. The Weapon element conducted a battle handover with the (b)(2)High in the Ganjigal village. We returned to the FARP at ABAD to refuel and develop the situation. We conferred with (b)(2)High and decided to rotate teams into the Ganjigal. Our team conducted a battle handover with the Weapon element at approx. (b)(2)High While on station our lead aircraft was talking to the highlander element on the ground while trail monitored the combined arms net that had been established on the MEDEVAC frequency. Our team was providing area security and assisting in finding the location of the friendly casualties. After being on station (b)(2)High came back on station from (b)(2)High and stacked above my team in altitude. The lead aircraft reported taking small arms fire (b)(2)High but the source of the fire was never found. The lead aircraft identified four casualties in a ditch, and once that information was communicated to Highlander we conducted a battle handover with (b)(2)High and returned to (b)(2)High to standby for battle handover with DQRF when needed. While waiting at the (b)(2)High returned to the (b)(2)High and informed us that we were not approved for a 2 hour extension by MG (b)(3), (b)(6). We departed toward (b)(2)High and received a (b)(2)High message that we needed to escort a Dustoff element from (b)(2)High. When we returned to (b)(2)High the (b)(2)High elements informed us that one of the (b)(2)High helicopters would be escorted back by (b)(2)High, and that the other would not be returning to (b)(2)High for a few days. The (b)(2)High remaining at ABAD requested escort to and from (b)(2)High and we obliged. We escorted them to (b)(2)High. After arrival at Joyce Dustoff was informed that all casualties needed to go to (b)(2)High. We escorted the (b)(2)High element to (b)(2)High and were end of mission.
