I, (b)(3), (b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

Q. What is your duty position and what was it during the mission?

I am the day BTL CPT for TF Chosin. I assumed duty at 0800L on 08SEP09 from CPT (b)(3), (b)(6) I served as BTL CPT until 2400L on 08SEP09.

Q. What are the facts and circumstances surrounding the attack on the ETT and ANA Soldiers?

Ganjgal valley is traditional hotbed of enemy activity both through actual enemy contact and through (b)(2)High reporting. Although it is very close to our FOB it remains mostly isolated because of narrow and unstable road that are flanked by high ground that get progressively restrictive as you move deeper in the in the valley. Because of this the valley presents a communications and maneuver challenge. The people Dam Dara and Ganjgal (town) the largest and most assessable population centers were, until the ambush, what I believed to be pro US and supportive of the ASAF and Afghan Government.

Q. Describe the nature of the attack and the response from the ETT and ANA forces.

At 0437L ANA and ABP were ambushed by a well organized and equipped 30-60 AAF located inside of the town and in the high ground to the north south and east. These AAF maintained the element of surprise until the majority of forces were inside of the town of Ganjgal and inflicted most casualties in the initial minutes of the ambush. The ETT and ANSF returned SAF grenades and smoke and attempted to break contact. They also immediately requested for air support, fire support and transmitted MEDEVAC request for their wounded.

Q. Initial reports indicate that the U.S. Marines were killed in action during this engagement. If so, who had operational control of these Marines?

Operational control of the Marines was with (b)(2)High MAJ (b)(3), (b)(6) the Ground commander and Senior EET for the ANA additionally after the contact began it was assumed by (b)(3), (b)(6) CPT (b)(3), (b)(6) the senior Army ETT for the ABP.

Q. What was the mission of these Marines?

To train and mentor their ANA counter parts through a successful KLE with local elders and knock and search of possible AAF safe houses in the village of Ganjgal.

Q. What type of support assets did the U.S. Marines request before the mission?

I had no involvement in the planning of the Operation.
