I, (b)(3), (b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On Wednesday, September 8, 2009, I was the Air Mission Commander (b)(2)High sitting in left seat of the (b)(2)High aircraft. Right seat Pilot in Command of trail aircraft was CW3 (b)(3), (b)(6) The (b)(2)High aircraft was piloted by Pilot in Command CW2 (b)(3), (b)(6) and Pilot CW2 (b)(3), (b)(6) Our team was tasked the mission of conducting a battle handover (b)(2)High with Scout Weapons Team 1 (b)(2)High in the Shuryak Valley in support of (b)(2)High SWT2 departed JAF at 0400 Zulu enroute for the Shuryak Valley. Once our team was in radio contact (vicinity of FOB Fortress) with the Day QRF SWT and (b)(2)High loitering to the southeast, we asked if they needed our assistance and they requested our team hold west of the river in vicinity of FOB Joyce and moniter the ground unit's internal frequency to gain situational awareness, we complied with the request. Day QRF SWT was in the process of finding the remaining wounded and KIA soldiers while directing two CSAR helicopters (callsign (b)(2)High and CAS (Callsign (b)(2)High and was not in need of our assistance at the time. We continued to develop the situation based on our scheduled mission, fuel remaining, and after holding for (b)(2)High without needing to assist Day QRF SWT, decided to refuel and expedite our BHO with (b)(2)High in order to posture their team at FOB Wright for any needed assistance in the Ganjigal. (b)(2)High conducted the BHO with (b)(2)High at 0505 zulu and assumed our scheduled mission in support of Operation Lethal Storm in the Shurvak Valley. At approximately 0610 zulu (b)(2)High was retasked to conduct relief on station with Day QRF SWT in support of (b)(2)High in the Ganjigal Valley. Our team departed the Shuryak and refueled at FOB Wright to maximize our station time once BHO was complete with Day QRF SWT. After refuel was complete, we departed FOB Wright and held west of the river in vicinity of FOB Joyce; same place we did at the start of our mission. (b)(2)High held for approximately (b)(2)High minutes and monitered (b)(2)High internal frequency and the Day QRF SWT internal frequency to gain situational awareness before being called in by the QRF SWT to conduct the BHO. After completion of the BHO with Day QRF SWT in the Ganjigal at 0710 zulu, (b)(2)High reported at 0715 zulu to be taking continuous and effective small arms and heavy machine gun fire from Ganjigal Village, north of his position. (b)(2)High suppressed the spur northwest of the village in efforts to cover (b)(2)High movement out of the village and effective range of enemy weapon systems. (b)(2)High continued to report taking effective fires while breaking contact to the southwest towards FOB Joyce, and (b)(2)High continued to engage possible enemy positions in corn fields and spurs to the west and north of Ganjigal Village. Once (b)(2)High reached his Objective Rally Point (ORP), he reported no longer taking effective fires from the village. (b)(2)High remained on station conducting continuous reconnaissance in all engagement locations of that day and the village until 0900 zulu. At 0900 zulu (b)(2)High conducted a BHO with (b)(2)High and departed for FOB Wright. At 0910 zulu, (b)(2)High TOC informed us to shutdown at FOB Wright and save flight hours for the time being until anything further developed from the Shuryak Valley and (b)(2)High or from the Ganjigal Valley and (b)(2)High continued recovery operation back to FOB Joyce. Upon (b)(2)High starting our aircraft for the second time, all (b)(2)High elements were in safe distance to FOB Joyce or withing the perimeter wall of FOB Joyce. At 1100 zulu (b)(2)High was then directed to support and help provide continuo in the Shuryak Valley in support of (b)(2)High for the remainder of our mission time. //Nothing Follows (b)(3), (b)(6)
