9.
I, (b)(3), (b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 8 September, 2008, I was the Crew Chief assigned on (b)(2)High (b)(2)High s we responded to a 9-line request in the Ganjgal valley. The request was for two urgent-surgical patients. We took off and headed south to meet up with the SWT that where on station. Once on station they stated the ground forces were still in heavy contact with AAF. CW(b)(3), (b)(6) conflicted the airspace as we held off just west of the TIC. We pushed the ground frequency and listened to the ground battle develop. As we were in orbit it witnessed the SWT engaging enemy locations coordinated by the ground forces. The ground forces stated the were being engaged in three directions. The ground forces stated they had injured and were attempting to set up a CCP in the valley. The ground forces stated they were still in heavy contact. I saw the SWT engage multipul times. By listening to the ground forces give know AAF positions by terrain features and generic compass direction, SWT identified a location to come in for the patient pickup. CW2 (b)(3), (b)(6) nounced a one minute inbound call over the radio. As we landed at the CCP I came out my window on the right side of the helicopter to find a patient and pull security. I saw a soldier in ACU covered in blood holding his neck. Two soldiers where helping him come up a rock w(b)(3), (b)(6) (b)(3), (b)(6) oved him to the aircraft and loaded him. I climbed in my window and made sure we where able to take off. As we began to take off, I heard mark engaging on the left and I fired torwads the tail. The soldier was shot in the right lower portion of his neck, but I was watching outside until we got to ABAD. I ran to the PZ control to get a gator because there was no FLA. We loaded the patient into the gator and they drove off. Once they came back to the aircraft CW(b)(3), (b)(6) ated we were enroute to the same location to pickup more patients. We linked up with the SWT and they reported the ground forces were still in heavy contact with AAF. CW(b)(3), (b)(6) ordinated with the SWT to identify casualties and locate an appropriate CCP for pickup. We were held off for an unknown time so SWT could suppress the AAF. Another SWT attemted to help the curr(b)(2)High and the current one didnt want help. There where (b)(2)High outside the valley and only one was assisting the ground element. The Ground element asked for more firepower so I sent multip(b)(2)High essages to (b)(2)High asking for CAS an(b)(2)High ecause (b)(2)High over his head and needed help. No help came but Doc saw th(b)(2)High behind us going south and we called them to help. They went t(b)(2)High nd droped off there patients. We entered the valley to pick up 3 patients. We exited the location and opon exiting we showed the Air Force the LZ then turned torwads (b)(2)High started to h(b)(3), (b)(6) d Doc in route till we got(b)(2)High e got(b)(2)High nd unloaded them to the FST.
