I, ___ (b)(3), (b)(6) ___, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I was the Battle Captain for (b)(2)High TOC on the morning of the 8th of September 2009. From the best of my knowledge the following is the timeline of events that transpired. O/A (b)(2)High on 08 SEP 09 the RTO and S-2 informed the TOC that a TIC had posted in the Chosin Window on (b)(2)High. Patrol - 16 U.S. 1 interpreter taking SAF from 3 directions. TF (b)(2)High monitored the post and the S-2 began monitoring the Intel windows for more information. O/A (b)(2)High. TF (b)(2)High received a phone call from TF (b)(2)High requesting Air support, TF (b)(2)High was informed that they needed to contact (b)(2)High in order for Aviation Assets to either be diverted or QRF launched. The only Air Asset we currently had out was (b)(2)High providing security for the deliberate operation (b)(2)High shortly after O/A 0218Z the phone call we received a call from (b)(2)High saying they were being directly contacted by a (b)(2)High asset requesting support and that they were in an Ambush. O/A (b)(2)High we contacted (b)(2)High TOC and asked if they we monitoring the TIC vic Ganjigal. They stated they did not have any further details and would work to develop the situation. We asked if they wanted us to divert (b)(2)High to support

9. STATEMENT *(Continued)*

The Ganjigal TIC and they told us No, remain over (b)(2)High because they are About to enter a series of houses with the Suspected (b)(2)High I had the (b)(2)High contact the (b)(2)High and inform them to stay in support of (b)(2)High O/A (b)(2)High our (b)(2)High informed us that they had received a (b)(2)High message for the (b)(2)High element in (b)(2)High Stating the we had Approved them to retask to support the TIC. We clarified that this was Not true and to remain in support of (b)(2)High (b)(3), (b)(6) We contacted (b)(2)High TOC and informed them that their (b)(2)High element was contacting our Aircraft directly and that (b)(2)High had directed them to remain on station with (b)(2)High They Said they were tracking and working with the BAE. O/A (b)(2)High (b)(2)High received the call to launch the QRF in Support of the TIC in Ganjigal. We contacted the QRF in their CP. Crews headed out to the Aircraft on Golf Ramp and the ANC came to the TOC to update weather and get and S-2 update and grid location. O/A (b)(2)High the QRF (b)(2)High and (b)(2)High called wheels up in route to the TIC. The QRF Arrived on site O/A (b)(2)High The biggest piece I can take from this is the time wasted from the posting of the O/A (b)(2)High to the request for QRF O/A (b)(2)High. The majority of the delay Appears to have happened from the ground BNs unfamiliarity with the procedures for requesting air support. This is Not the first time we have received direct contact from BN TOCs requesting Aviation Assets. Each time they have been informed that they need to call their brigade to request support. From the posting of the (b)(2)High the severity of the incident was Never completely expressed.

STATEMENT OF (b)(3), (b)(6) TAKEN AT FOB FENTY DATED 20090918

9. STATEMENT *(Continued)*

The original SALTUR only mention the 16 Soldiers U.S. patrol with the one interpreter involved in the TIC. SAF fire from 3 sides no clear submission of suspected enemy size. Once the BAE was clearly informed of the security of the situation they directed launch of the QRF. The notification to on site time of approximately (b)(2)High minutes is not out of the ordinary for the response to that A/O. Most of the time took in the the BN/CO continued efforted to try to directly contact us or directly redirect the aircraft. This is the timeline to the best of my knowledge and addresses issues that led to the delay to the best of my knowledge/wnw
