Subject: CENTCOM Staff Lecture Series

ALCON,

The CENTCOM CCJ5-SE wants to thank all who attended yesterday's CENTCOM Staff Lecture Series presentation "Understanding Jihad-The Enemy Perspective" by CENTCOM J2 Red Team's own (b)(6) . Mr. (b)(6) gave an excellent presentation exploring the thought process and motivation of an Islamic extremist.

Please note that Staff Lecture Series events will be held monthly and will continue to bring subject matter experts on the Middle East and Islam. The lecture series is designed to foster a common understanding for CENTCOM/SOCOM staff about the nuances of Middle Eastern culture, religion, and current challenges in the region. Future guests will include Dr. Walid Phares and Mr. Robert Spencer, both renowned authors of numerous books on these subjects. Look for upcoming NOC messages advertising future lectures. Lastly, to all who attended yesterday's presentation, we welcome any comments/opinions on Mr. (b)(6) lecture and the overall format of the event. Please send your input to (b)(6) @centcom.mil. We are continually striving to improve our lecture series and your comments are very helpful.
