CJTF76-SJA - Foreign Claim Investigation, Claim # AIU-06-088 (

a. **Legal Rules.** Under AR 27-20, para. 10-3, the incident that forms the basis for the claim must arise in a foreign country and be a result of either noncombat activities of the U.S. armed forces or the negligent or wrongful acts of civilian employees or military members. "Noncombat activity" is defined in the Glossary of AR 27-20, as "authorized activities essentially military in nature, having little parallel in civilian pursuits, which historically have been considered as furnishing the proper basis for payment of claims. Activities excluded are those incident to combat, whether in time of war or not, and use of military personnel and civilian employees in connection with civil disturbances."

b. **Application of Rules.** In this case, the claim arose in Afghanistan, a foreign country. An investigation is being completed between U.S. Forces and the local Afghanistan police. After the incident, U.S. Forces and Afghani law enforcement conducted separate investigations. Evidence supports the negligence of the U.S. Forces and therefore the claimant should be compensated accordingly.

5. **Damages.** The claimant filed an SF 95 on 26 June 2006. The SF 95 requests compensation for the loss of the brother.

6. **Proposed Settlement or Action.** This claim is payable under the Foreign Claims Act because the loss occurred as a result of a U.S. government personnel's negligence. This claim should be settled for 200,000 Afghani to compensate the family for their loss.
