**SECTION IV - FINDINGS** (para 3-10, AR 15-6)

The (investigating officer) (board) , having carefully considered the evidence, finds:

A. Assess the use of force with respect to the Rules of Engagement and the Law of Armed Conflict.

(b)(2)High, (b)(3)(b)(6)

(b)(3), (b)(6)

B. Identify all individuals wounded in the EOF. Determine whether wounded local nationals were engaged in hostilities against Coalition Forces at the time of the incident.

One Iraqi civilian, the driver, was killed by (b)(2)High bullet that went through his head.

C. Determine whether local nationals involved in the incident should receive compensation for injuries and/or damage to their vehicle. Describe what efforts the unit has made to pay the killed civilian's family.

The local national involved in the incident is dead so no compensation has been granted. Compensation should be granted to the deceased person's family due to the fact that the vehicle was not a confirmed VBIED. No effort has been made to compensate the family because the deceased person's identity is unknown.

D. Determine if there was a threat for VBIED in this particular area. Determine how many times 2-69 CAB patrols have been attacked by VBIED in this current deployment. Provide an intelligence analysis of the current threat to VBIED to the battalion.

There is no history of VBIED attacks on the battalion.

(b)(2)High

(Enclosure 4). 2-69 AR has not received any VBIED attacks against Soldiers in

**SECTION V - RECOMMENDATIONS** (para 3-11, AR 15-6)

In view of the above findings, the (investigating officer) (board) recommends:

SSG(3), (b) and his crew used proper escalation of force and the minimal amount of deadly force required to defend themselves and their unit. SSG(3), (b) personally dismounted his tank to offer assistance to the driver of the vehicle but upon arrival to the vehicle discovered that the driver was dead. Iraqi Army, Iraqi Police, and National Police units assisted in removal of the drivers remains. Dealer company maintained overwatch on the vehicle until it was removed by local nationals.

1. (U) I have reviewed the investigation into the facts and circumstances surrounding the escalations of force by D Company, 2/69 Armor, that occurred on 18 July 2007. I make the following determinations:

a. (U) The proceedings complied with the legal requirements of *AR 15-6, Procedures for Investigating Officers and Boards of Officers* (2 October 2006).

b. (U) The investigation does not contain any material errors or errors of appointment, and have not violated any individual's substantial rights

d. (U) The investigating officer's recommendations are consistent with the findings.

2. (U) Because the EOF resulted in a death, the approval authority for the investigation is the Commanding General, Multi-National Division-Baghdad.

(5) (U) In many EOF engagements, the local national citizens claim that the driver of the vehicle panicked when he was fired upon. That explains most acceleration and erratic driving. The panicked driving is interpreted by Soldiers as a hostile act or display of hostile intent. Most experienced American drivers would probably panic if an armed person were firing at their vehicle.

c. (U) Such engagements undermine the theme of reconciliation at the neighborhood or family level in Iraq. Below is an excerpt of the current reconciliation guidance.
