I discovered that the driver, a male, was dead; there was no one in the front passenger seat, but the door was open on the passenger side. Then I saw the three children in the back. One boy, about (b) (6) years old on the right, and two girls, one in the middle and one on the left. They were both about (b) (6) years old. The boy was covered in blood + screaming. The two little girls were layed over to the right with the one in the middle dead and the one on the left barely breathing with a wound to the arm + to the stomach. ~~I pulled the p.~~ I went around to the other side of the car and found the mother crouched down beside the car. I got her to stop back and then I pulled the boy out of the car through the window. ~~I then started~~ He appeared to have a small cut on his ~~head~~ head, but that was it. I then pulled the other two girls out of the vehicle with the help of Spec (b) (3), (b) (6). We layed both of them down on the stretcher. Our medic came over + declared both of the girls dead. SSE began on the site, but I was not a part of that. I went back to the truck which had been repositioned to provide better security. There I ~~monitored~~ supervised my truck and also the positioning of all of the other trucks to make sure security was up. The National Police later showed up and took over with some of the SSE and handled the bodies. 2nd Plt. B Co also showed up later to help with security and to speed up the SSE process along with D6. After everything was done we grouped up and headed back to COP Ford.
