Sir,

LTC (b)(3)(b)(6) is meeting with the Riva Ridge physician today, but he may just interview the CSH physician telephonically. I told him to draft an MFR regarding the interview. LTC (b)(3)(b)(6) is also collecting all the necessary medical records either today or tomorrow.

FYSA, I met with LTC (b)(3)(b)(6) last night and he has conducted interviews of all the involved Soldiers, as well as the daughter of the victim. He also took extensive photos of the area and also acquired photos of the body (taken by the daughter on her cell phone). LTC (b)(3)(b)(6) is headed back to the BN HQ in Ameriyah to take a statement from (b)(6) the interpreter who was also involved in the incident.

I will continue to check up on the investigation to see what else he needs. If you have any questions, please let me know.

v/r,

(b)(3)(b)(6)

I just spoke to TF 31 CSH. One of the surgeon's who worked on the case is a 180 day rotator, and he is due to rotate home on 19 September. If your investigator wants to talk to him, he should do so soon.
