9. I, (b)(3)(b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH

On Saturday, January 12th, 2008 I was in Tower 5 of Cop Cahill with Spect (b)(3)(b)(6), (b)(3)(b)(6) looking R (b)(2)High approximately 1045 a white bongo truck approached the median in between the civilian use road and the road leading to the main gate. After pausing in front the warning sign against using the entrance road, the truck continued into the restricted lane. I understood that once they crossed the warning sign I was authorized to fire warning shots at the vehicle. Spect (b)(3)(b)(6) I allowed the truck to travel another five to ten meters and proceeded to fire warning shots with our M-4 rifles. After four warning shots the truck moved out of range of the window facing to the north east and continued to travel down the restricted lane without pause. At this point I switched to the window facing to the east and as i did so Tower I opened fire with the M240 once the vehicle passed the stop line. Understanding that once they passed the stopline (b)(2)High I then fired on the truck three to four more times and hit the driver who proceeded to fall out of the vehicle. The driver lay motionless in the road and the truck slowly rolled to the jersey barriers on the side of the road. Spect (b)(3)(b)(6) I then attempted to call up the incident to Hardrock X-ray however we were unable to and so called it up to our NCO's on the P.I.T net.

I, (b)(3)(b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On Saturday, January 12th, 2008 I was in Tower 1 of Cop Cahill overlooking Route (b)(2)High when a white bongo truck approached the vehicle restriction sign. The truck paused then proceeded down route (b)(2)High tower 5 opened fire and the truck kept coming down the restricted lane. After three or four more shots, the truck continued and came into my field of fire I fired warning shots with my 249 saw, a three round burst and the truck continued. I fired a second warning shot, a 3 round burst and the truck continued. My next three round burst I fired towards the truck aiming at the grill trying to hit the engine. The truck then rolled into the jersey barriers, the driver exited the vehicle and then collapsed. At that point I called SOG(SSG (b)(3)(b)(6) and informed him of the situation and told him we needed a medic (b)(3)(b)(6)

9. I, (b)(3)(b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

The following information pertains to the escalation of force incident resulting in one local national KIA on 12 Jan 08. Our RAID Camera was not functional that day due to water damage so we were not able to view the engagement from our Company TOC or record the incident. The Camera was fixed a few days later by a US civilian contractor. I have been in charge of the security of COP Cahill since the day we occupied by force, since then I have routinely given updated guidance to my PLs & PSGs on the security of COP Cahill, ROE & EOF. I mandated several months ago that each tower will contain a sector sketch for the entire COP, the sector sketch for the specific tower, general orders and a checklist for assuming guard duty & instructions for the NCO in charge of each tower. The company has reviewed EOF/ROE routinely with every Soldier to specifically include the EOF measures in place on the perimeter of the COP and when and where Soldiers should utilized EOF. I am very confident that all of our Leaders and Soldiers pulling guard duty are fully aware of the ROE/EOF for their specific position. Communication from the towers to our Company TOC is conducted by MBITRs on the Company FM Frequency. Soldiers in the guard towers or at the front gate contact Hardrock X-ray, our TOC with all updates. The TOC NCO then coordinates the initial action/reaction and notifies the Company XO, FSO or Cdr of any significant activities. In this case, (b)(3)(b)(6) HQ PSG and TOC NCO assumed control of the situation until my XO arrived in the TOC shortly after. (b)(3)(b)(6) and my XO continuously updated the Dragon X-Ray Battle CPT on the event by utilizing the SVOIP Phone. Hardrock's AO has sustained 5 VBIED attacks during this deployment and we receive HUMINT / SIGINT reports routinely on the likely AQI use of a VBIED in our AO against COP Cahill or the Salman Pak JSS. I consider the VBIED threat the enemy's most dangerous course of action and have developed the COP security plan to mitigate that threat. We have maintained the South Bound lane on (b)(2)High Road to civilian traffic since we first occupied the COP and have continuously improved our Force Protection and EOF measures inside and outside of the COP. We have emplaced Jersey Barriers and Virginia Barriers along (b)(2)High Road channelize civilian traffic into the North Bound lane outside of the main ECP, however due to the civilian use of Rt. (b)(2)High Road North of the COP and smaller trails leading East we are unable to completely block off the South Bound Lane to civilian traffic without severely hampering their movement in and out of their houses surrounding the COP. We have continuously re-emplaced jersey barriers to impede traffic and enhance FP measures though they need to be wide enough to facilitate movement of large logistical vehicles to enter and exit the COP. We typically have 1-2 EOF incidents per month resulting in warning shots fired in front of vehicles attempting to utilize the South Bound Lane in front of the COP though this is the first time we have had to utilize lethal force to stop a vehicle from traveling directly to the main ECP. Generally we do not have any issues with civilian traffic and they all utilize the North Bound Lane to move south of the COP along (b)(2)High Road. Our Soldiers do have Green Lasers in the Towers but they are only effective for signaling civilian traffic during hours of limited visibility. I feel extremely confident that all of my soldiers are well trained on utilizing EOF to defend the COP from enemy attacks. During the last 10 months of occupying COP Cahill we have successfully defended the COP against over 50 well coordinated attacks. The two Soldiers involved in this incident have been pulling guard duty for 2-6hrs per day for the last 10months and are extremely knowledgeable as to what looks right and what appears to be an enemy attack. These Soldiers absolutely did the right thing in their use of EOF and prevented a possible enemy VBIED attack against the COP.

ON 12 JAN 2007 SP (b)(3)(b)(6) AND PF (b)(3)(b)(6) WERE IN TOWER 5 FOR A TWO HOUR GUARD SHIFT. FROM THE FDC TRACK I HEARD FOUR SHOTS FROM AN M4 FOLLOWED BY TWO BURSTS FROM THE 240 IN TOWER 1. AS SOON AS I HEARD THESE SHOTS I GOT A CALL OVER THE RADIO ON THE PLATOON FREQUENCY SAYING THAT AN INDIVIDUAL WAS SHOT. I IMMEDIATELY WENT UP INTO THE TOWER TO SEE WHAT HAPPENED. AS I LOOKED OUT THE WINDOW TO THE EAST I SAW THE SHOT INDIVIDUAL LAYING DEAD IN THE ROAD. ABOUT 50 METERS TO THE SOUTH OF THE BODY WAS HIS WHITE BONGO TRUCK. BOTH THE BODY AND THE TRUCK WERE IN THE KILL ZONE. I ASKED PF (b)(3)(b)(6) WHAT HAPPENED AND HE TOLD ME THAT THE TRUCK DIDN'T STOP AT THE WARNING SIGN. HE THEN FIRED TWO WARNING SHOTS ALONG WITH SPECIALIST (b)(3)(b)(6) IN FRONT OF THE VEHICLE. THE TRUCK CONTINUED DOWN THE RESTRICTED ROAD INTO THE KILL ZONE. PF (b)(3)(b)(6) THEN FIRED TWO MORE ROUNDS INTO THE VEHICLE BUT THE VEHICLE CONTINUED TO DRIVE HEADING FOR THE FRONT GATE OF COP CAHILL. PF (b)(3)(b)(6) THEN FIRED TWO MORE ROUNDS AT THE INDIVIDUAL WHICH KILLED HIM INSTANTLY. THE INDIVIDUAL FELL OUT OF THE TRUCK AND THE VEHICLE CONTINUED TO COAST ABOUT 50 METERS DOWN ROUTE (b)(2)High Nothing follows.

On 12 JAN 2007 SPC (b)(3)(b)(6) and PFC (b)(3)(b)(6) reported to the SOG at the FDC Track to be inspected. The Tower guards are inspected by the SOG To ensure the soldier has all necessary equipment and a proper passdown of anything going on. They were briefed To give a radio check once in the Tower to the TOC in which they did. The platoon was ready to change from night to day crew. while standing outside of the FDC Track I heard small arms fire and fire from the 240 in tower 1. Immidietly after that I got a call on the radio from the tower guards saying there was a dead body laying in the road. Right after hearing this I ran up to the tower to see what happened. After viewing what happened I reported to the TOC to inform them what happened. The reason why the Tower called platoon instead of company was because they lost the fill in the radio. Nothing follows.

9. I, (b)(3)(b)(6), WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 12 January, 2008, the radio and communications procedures were followed according to the SOP for the Hard Rock Company as well as the Dragon Battalion. The initial radio report that is expected from our towers is the SALT-A report: Size, Activity, Location, Time, and Action taken. We received all of this information on the initial report from SGT (b)(3)(b)(6) SOG of Tower 5. I then called Baker X-Ray to verify with their guards in Tower 1. They confirmed the same SALT-A report was given to them by their tower. Usually we can rely on the R.A.I.D. camera to verify the situation that is happening around COP Cahill, but it was NMC and was awaiting repair by the technician. After calling Baker X-Ray, I called Dragon Battle Captain via the SVOIP to inform him of the situation. I sent one squad from Hard Rock out to secure the scene along with a medic to evaluate the casualty. I also requested pictures be taken of the scene to send up with a power point slide to convey what happened to higher. After receiving the pictures and getting sworn statements from the soldiers who were in the towers, I was able to piece together what occurred on the ground and relay this to our battalion elements to show that our soldier performed with the EOF parameters that were in place for each of the towers. *Illustrations Follow*
