Gentlemen,

[redacted] en't been able to find out much of anything on this. I called down to MND-B and they weren't even aware of this inquiry. [redacted] said he would look into it. I looked through CIDNE for a report, nothing found. Nothing in the CCIRs either. I took a short walk and looked in our EARFs for the evening of the 13th. Nothing CJSOTF related in the area we are looking at. There was a mission on the evening of the 13th though. A CLP mission seemed to take place in the Baladiat neighborhood that evening. I flagged this mission in the SJA group box and will forward you the EARF request email. Other than that, I couldn't find anything else. Basically, this is a mystery at this point.
