[03:52] <Darknight_34> [03:47] <Darknight_34> you tracking DE flight stuff.

[03:52] <Darknight_34> [03:48] <Darknight_34> (b)(2)High left at 0329 (b)(2)High is chasing (b)(2)High as they head home (b)(2)High is RTB with a Weapons malfunction after bomb drop. DE01 is overhead att.

[03:53] <Darknight_Ops> good to go

[03:53] <Darknight_Ops> just focus in here, this is the capt

[03:55] <LEMAY_MC> Lemay35 here. Can anyone in here see our feed?

[03:55] <RC_EAST_MUTANT> we've got you at bagram

[03:56] <Darknight_Ops> grid for bostick yd 2972 9927

[03:56] <Darknight_Ops> shoot directional there

[03:56] <Darknight_Ops> need rover code

[03:56] <LEMAY_MC> ROVER 5310 digital

[03:57] <LEMAY_MC> sb for rover at bostick

[03:57] <Darknight_Ops> dk34 are able to receive the pred ROVER r is it tasked out looking at fighter feeds?

[03:58] <Darknight_Ops> need status of Burns when able, is he on the ground yet

[03:59] <LEMAY_MC> rover pushed. good handshake at bostick?>

[03:59] <Darknight_Ops> Lemay try to shoot directional to FOB Fenty to test ability to pick it up....XD
37807 07347

[04:00] <Darknight_Ops> DK34 ROVER tied up with fighter feeds

[04:00] <LEMAY_MC> c\

[04:01] <Darknight_Ops> may not work due to range

[04:01] <Darknight_34> (b)(2)High Engaged 20mm at YE 1129 2194 at 0402.

[04:04] <Darknight_34> Didn't engage. Comms issue for clearance. DE01 re-attacked now.

[04:05] <Darknight_Ops> c

[04:07] <Darknight_Ops> push feed to Bostick now, no aircraft over DK34

[04:07] <Darknight_Ops> DK34 ROVER for (b)(2)High is 5310

[04:08] <Darknight_34> feed is choppy at best.

[04:08] <Darknight_Ops> wait for directinal to be shot to you

[04:08] <Darknight_Ops> Lemay push feed to Dk 34 at Bostick plz

[04:08] <LEMAY_MC> c sb

[04:09] <LEMAY_MC> pushing analog to bostick att - 5310

[04:09] <Darknight_34> c

[04:11] <LEMAY_MC> good handshake?

[04:11] <Darknight_34> neg

[04:11] <Darknight_34> choppy

[04:12] <LEMAY_MC> will try switching to digital

[04:13] <LEMAY_MC> digital pushing att

[04:13] <Darknight_Ops> (b)(2)High airborne be there in 14 min

[04:13] <Darknight_34> c

[04:14] <Darknight_34> rgr, request they maintain 200 and below.

[04:14] <LEMAY_MC> how now?

[04:14] <LEMAY_MC> with ROVER

[04:14] <Darknight_34> Lemay: still 5310?

[04:15] <LEMAY_MC> affirm

[04:15] <Darknight_34> c

[04:15] <Darknight_34> Lemay: LOS not coming through.

[04:15] <Sijan_MC> can you hear sj06 on comms.?

[04:15] <Darknight_Ops> (b)(2)High confirm you're supporting dk34

[04:15] <LEMAY_MC> c Darknight. no ROVER

[04:15] <Darknight_34> : Not yet, request 2050 alt.

[04:16] <Darknight_34> (b)(2)High 06 we have your feed through S2 channels.

[04:18] <Darknight_Ops> DK34 look at your stack, you have (b)(2)High coming in and (b)(2)High

[04:19] <Darknight_Ops> provide us your stack when able we'll relay in centrix

[04:20] <Darknight_34> (b)(2)High 260 above, (b)(2)High below,
Attack weapons 3,500 below.

[04:20] <Darknight_Ops> (b)(2)High is 40nm...

[04:21] <Darknight_Ops> c...

[04:21] <Darknight_34> c

[04:21] <Darknight_34> we hearing breaking squelch.

[04:21] <Darknight_Ops> backhand should be 30nm offset

[04:21] <Darknight_Ops> s (b)(2)High can come in at 270

[04:22] <Darknight_34> affirm

[04:22] <Darknight_Ops> c, passing now

[04:24] <MT_03> don't forget..backhand and Redridge should be ROVER cap also

[04:24] <Darknight_Ops> actually, move DE to 19K, they need at least 1k sep in the stack

[04:24] <Darknight_Ops> backhand is not right now

[04:24] <Darknight_34> c

[04:25] <Darknight_Ops> redridge oly if their systems works\

[04:26] <Darknight_34> (b)(2)High below,
Attack weapons 3,500 below.

[04:26] <Darknight_34> G2V(b)(2)High

[04:26] <Darknight_Ops> good...keep in mind(b)(2)High may want lower for weapons employment, beready to move assets for that

[04:27] <Darknight_Ops> c, o(b)(2)High

[04:27] <Darknight_34> c

[04:30] <Sijan_MC>(b)(2)High @ fl20.5 92CU 2,3,5,7

[04:30] <Darknight_34>(b)(2)High 200

[04:31] <Darknight_Ops> process this when able... The BDE S3 is asking for pre-assault fires for the ingress for the QRF package coming in

[04:31] <Darknight_Ops> c, on sijan

[04:31] <Sijan_MC> c stby

[04:32] <Darknight_Ops> working to keep the warrior alpha out of hair..but Falcon base is receiving contact

[04:32] <Darknight_34> (b)(2)High ft 190
below, Attack weapons 3,500 below.

[04:36] <Darknight_34>(b)(2)High BT = 2 x f-15 (b)(2)High is single ship.

[04:38] <RC_EAST_MUTANT> DK34: confirm you have rover? and who are you receiving from?

[04:39] <Darknight_Ops> dk34, worry about your aircraft first

[04:40] <Darknight_34> c

[04:41] <Darknight_Ops> Consider moving red ridge up to 250, then put bone at 220...Red ridge is a manned asset therefore requires time to move out of the way whenyou need them to employ

[04:41] <Darknight_Ops> work your stack so CAS assets are above your unmanned assets\
[04:42] <Darknight_Ops> BE 21 is 10 mins
[04:42] <Darknight_34> c
[04:45] <Darknight_34> Can you confirm if (b)(2)High is overhead? We haven't heard anything from them in awhile.
[04:45] <Darknight_Ops> he holding 30nm offset at 260 jamming GSM
[04:46] <Darknight_Ops> sounds like weather may be rolling in where you're at...Lemay need a wx check from you
[04:47] <Darknight_Ops> DK34 recommend getting a PIREP from a fighter guy as well
[04:47] <LEMAY_MC> we have approx 30 minutes remaining before we have to leave
[04:47] <Darknight_Ops> c, execute a wx check and give us a good estimate of the wx
[04:48] <Darknight_Ops> I'm getting reports of wx rolling over Keating
[04:48] <Darknight_Ops> We need to get a floor for the wx
[04:48] <Darknight_Ops> preds may have to leave
[04:49] <LEMAY_MC> we just watched (b)(2)High wx sweep. the clouds are bldg quickly, will not be able to get above
[04:49] <Darknight_Ops> c, WX about 210K
[04:50] <Darknight_34> okay, let me know when they clear the air space.
[04:51] <Darknight_Ops> DK34, we'll need a wx ceiling call from a fighter and PT for fighters as well
[04:51] <Darknight_34> c
[04:51] <Darknight_Ops> QRF departed Bostick for keating...not sure if DK32 is on it or not
[04:52] <Darknight_Ops> (b)(2)High being pulled for wx
[04:52] <Darknight_Ops> (b)(2)High call when clear of airspace
[04:52] <Darknight_Ops> clear of 92CU6
[04:53] <Darknight_Ops> C (b)(2)High is now moving due to wx..(b)(2)High and (b)(2)High call clear of 92CU6
[04:53] <LEMAY_MC> wilco

[04:54] <Darknight_34> Cloud deck 16-17K broken over keating. Clear over bostick. 1.5 pt for DE01, DE21 flight has about 2.5 hr pt.

[04:55] <Darknight_Ops> c

[04:55] <Darknight_Ops> start working any CAT1 grids for any drops you need

[05:27] <Darknight_Ops> affirm

[05:28] <Darknight_Ops> DK34 if you need to 210K is available, SPAD is not ISO of your TIC, and ill not support your TIC

[05:28] <Darknight_Ops> *will

[05:29] <Darknight_34> c

[05:29] <Darknight_34> 210 available.

[05:30] <Darknight_Ops> CAOC is asking for PT of all fighters

[05:30] <Darknight_Ops> confirm you could work with Vipers, do you need SATCOM only aircraft?

[05:30] <Darknight_34> Neg using radio relay

[05:31] <Darknight_Ops> that's what i thought

[05:32] <Darknight_Ops> I'll relay again to CAOC for no vipers... still need PT for everyone, and if possible need weapons count

[05:33] <Darknight_34> (b)(2)High off to tanker (b)(2)High +15 pt

[05:33] <Darknight_Ops> c

[05:33] <Darknight_Ops> that's weapons count of what the fighters have remaining

[05:36] <Darknight_Ops> No (b)(2)High on-stn, being pulled. (b)(2)Highs being retasked to support, so leave Kisling block open

[05:36] <LEMAY_MC> 14+ hrs pt, 1xAGM-114sP

[05:36] <Darknight_34> (b)(2)High full load (b)(2)High 2 x 12, guns only.

[05:37] <Darknight_Ops> c, confirm (b)(2)High on-stn

[05:41] <Darknight_Ops> (b)(2)High there is DSHKA fire that is shooting up every helo

[05:41] <Darknight_Ops> we're working to get a grid for it

[05:41] <Darknight_Ops> prep (b)(2)High for a linear tgt, once I confirm grid and field CDE

[05:43] <Darknight_Ops> sabre is MQ-9, expect them to fill in at 21K

[06:29] <Darknight_Ops> c

[06:29] <Darknight_Ops> (b)(2)High what do you need for wx, alt blk

[06:30] (b)(2)High MC> FL215 would be great

[06:30] <Darknight_34> C

[06:30] <Darknight_Ops> for preds suggest move them 1K up in blks
(b)(2)High

[06:31] <Darknight_Ops> at 215

[06:31] <Darknight_Ops> (b)(2)High 200

[06:31] <Darknight_34> (b)(2)High Bingo att.

[06:31] <Darknight_34> RTB

[06:31] <Darknight_Ops> no MQ-9 on-stn those blks are clear\

[06:31] <Darknight_Ops> ask them to tank, confirm they can stay on-stn longer

[06:32] <Darknight_Ops> I'm confirming with Trinity to extend them

[06:32] <REDRIDGE> THIS MIGHT BE IN REF TO THOSE GBU'S- 167.0/0632Z/NO DF/1- ARE YOU NEXT TO THEM? NUMBER THREE IS OFF. DO YOU HAVE PANSHIR'S NUMBER? 2- WHAT DID THEY SHOOT?/RR

[06:32] <Darknight_34> (b)(2)High is trying to tanker att.

[06:32] <Darknight_Ops> c

[06:33] <Darknight_Ops> stby for trinity

[06:33] <Darknight_Ops> c, thx red ridge

[06:34] <Darknight_34> (b)(2)High below.

[06:34] <Darknight_Ops> c, stack

[06:34] <Darknight_Ops> dk34 if able get (b)(2)High third bomb grid, since it was close

[06:34] <Sijan_MC> confirm we will be moving to FL210?

[06:35] <Darknight_34> Correction: (b)(2)High

[06:35] <Darknight_Ops> c

[06:36] <Sijan_MC> c

[06:38] <Darknight_Ops> still working (b)(2)High

[06:39] <Darknight_Ops> (b)(2)High bingo RTB

[06:49] <Darknight_34> As of right now he is RTB

[06:50] <Darknight_Ops> Slow it down right now...DK34 confirm (b)(2)High is off-stn and you're not in comms with him?

[06:51] <Darknight_34> Rgr

[06:51] <Darknight_Ops> c...

[06:51] <Darknight_Ops> (b)(2)High confirm your status

[06:51] <Darknight_34> (b)(2)High is heading home. He is trying to work a tanker att. If he gets the tanker he will return to us alt block 230. If not he is RTB.

[06:51] <SMC_3SOS> lemay is unable to maintain altitude, moving south att

[06:52] <LEMAY_MC> current status: unable to maintain alt @ FL200 pointed toward JBAD

[06:52] <Darknight_Ops> DK34, stby c on (b)(2)High

[06:52] <Sijan_MC> (b)(2)High vacating the area... currently heading south in 92cu6

[06:52] <Darknight_Ops> (b)(2)High how far south are you going

[06:52] <Darknight_Ops> c, on (b)(2)High

[06:52] <Darknight_34> (b)(2)High is RTB

[06:53] <Darknight_Ops> c on (b)(2)High where are you going right now

[06:53] <Darknight_Ops> keypad?

[06:53] <Kisling_06> darknight, eta 1+20, where do you want us?

[06:53] <Darknight_Ops> (b)(2)High stby

[06:53] <Darknight_34> (b)(2)High what is your max alt?

[06:53] <Darknight_Ops> stop... work your current stack

[06:54] <Darknight_Ops> they are 1+20 out

[06:54] <Darknight_34> c

[06:54] <Darknight_Ops> confirm your stack first, assets are needing to move due to wx

[06:54] <Kisling_06> 210 max

[06:54] <Darknight_34> I am tracking my stack.

[06:55] <Darknight_Ops> what is it

[06:55] <SMC_3SOS> lemay is 7miles northwest fob asadabad, hugging border, moving south towards 91CT9

[06:55] <SMC_3SOS> unable to maintain altitude and directed to put a/c in safe position

[06:56] <Darknight_34> c

[06:56] <Darknight_Ops> C,(b)(2)High is heading back towards JAF,(b)(2)High confirm your current keypad

[06:56] <LEMAY_MC> currently in 91CU3

[06:56] <Darknight_Ops> c

[06:57] <LEMAY_MC> 91CU2*

[06:57] <Darknight_Ops> confirm your current keypad
(b)(2)High

[06:59] <Darknight_Ops> confirm your keypad plz

[06:59] <Darknight_34> Stack: Redhand 280, Backhand 270, DE 19 and below.

[07:00] <Darknight_Ops> C, RedRidge at 280, Backhand 270, DE 01/02 19K and below

[07:02] <Darknight_Ops> DK34, TY showing DE02 off to tank, which DE do we have on-stn

[07:02] <Darknight_34> DE01

[07:02] <Darknight_34> I messed up and made a correction.

[07:04] <Darknight_Ops>(b)(2)High get (b)(2)High Keypad for me

[07:04] <LEMAY_MC> currently in 92CU7 moving S

[07:04] <Darknight_Ops> c, thank you

[07:05] <Darknight_Ops> DK34 we're working two 2-ships of A-10s in your direction, confirming a FAC-A...

[07:06] <Darknight_Ops> HG55 will be first followed by HG 57 10 min later

[07:06] <Darknight_Ops> waiting on ETA for HG55

[07:06] <Darknight_Ops> Think about pushing DE up in the blk, once HG checks on

[07:07] <Darknight_Ops> Consider utilizing DE for any BOC type stuff for pre-assault (helos will be transitioning up the BK pass) and could some pre -assault if you guys have tgts

[07:10] <Darknight_Ops> HG flights are +50 min out

[07:11] <Darknight_Ops> uh-60 are 5-10 min out from OP fritsche

[07:13] <Darknight_Ops> *UH-60s dropping into Fritsche

[07:14] <Darknight_Ops> DK34, sending DK52/53 up your way on the next lift into Bostick

[07:15] <Darknight_Ops> HG57 will be the only FAC-A

[07:16] <Darknight_Ops> Correction, both are FAC-A

[07:16] <REDRIDGE> REDRIDGE OFF STATION (BINGO FUEL) 0715Z

[07:17] <Darknight_Ops> c, thx

[07:20] <POLAD> say who's replacing REDRIDGE if able

[07:21] <Darknight_34> Redridge RTB

[07:22] <POLAD> copy RE is RTB...who will replace him? this is Mutant 01 btw i'm on the POLAD station.

[07:23] <REDRIDGE> PURSUE43 (RC-12/MARSS COMINT BIRD) IS BEING PREPPED AT BAF ADDITIONAL SUPPORT

[07:23] <Darknight_Ops> no replacement from the S2 sir

[07:24] <Darknight_Ops> S2 has not confirmed any tasking

[07:24] <POLAD> rgr...thnx

[07:25] <Darknight_Ops> c, redridge, thx

[07:26] <POLAD> DT Ops... i'm in the SAR with the CG and staff, the J2 is trying to get a replacement for RD.

[07:27] <POLAD> J2 is saying that MARS will be replacing REDRIDGE... r u tracking same?

[07:27] <Darknight_Ops> not down here yet, stby

[07:28] <Kisling_06> dk34, eta 1+00 if we can get through the weather, what alt do you want us?

[07:29] <Darknight_34> 210

[07:29] <Darknight_Ops> MT01 S2 confirming with J2

[07:29] <Darknight_Ops> c,(b)(2)Highat 210

[07:29] <POLAD> rgr...

[07:30] (b)(2)High_06> dk34, we might not be able to work 210 due to wx, anything lower?

[07:30] <Darknight_34> Backhand 290,(b)(2)High210, DE 190 + below.
