[14:18] <Darknight_Ops> BACN approved, t/o 1530z from KAF expect a FL of 450-500

[14:18] <Darknight_Ops> they will need all a/c that are talking on gn33 to switch to MN39: 308.55

[14:19] <Darknight_Ops> they will initially check in w/ DK34 and let him know that the bridge is set.. at which time we will have to work to get all the a/c over onto MN39

[14:19] <Darknight_34> c

[14:20] (b)(2)HighMC> do we need to switch as well?

[14:22] <Darknight_34> i would assume so, sb for words form DK OPS

[14:22] <Darknight_Ops> aff, once BACN checks on and sets the bridge up

[14:22] <Darknight_34> just heard BE22 check on with DK32

[14:23] <Darknight_Ops> c

[14:24] <Darknight_34> confirm fl170-190 with HG on tacp ADMIN

[14:24] (b)(2)HighMC> we were cleared to drop to 20k in 92cu cv we are southeast of the tic

[14:24] (b)(2)HighMC> is that ok with you darknight

[14:24] (b)(2)High MC> ?

[14:25] <Darknight_34> we are going to put BE22 at FL200, not sure what keypads he will need

[14:25] <Darknight_34> s/b

[14:26] <Darknight_Ops> DK34 aff on HG on TACp admin

[14:26] <Darknight_34> DK OPS confirm the Air Space with Pyramid, this is strictly procedural
