

~~(S//NF)~~

Currently, COPs Keating and Fritsche are the target of a complex coordinated attack in which insurgents have breached the perime tive

(b)(2)High

(b)(2)High

COP Fritsche received IDF around midnight on the three days leading up to this attack, 1x round 30 September, 1x round 01 October, 4x rounds 2 October. These IDF attacks were likely to test counter fire measures and security responses.

Currently FOB Bostick is receiving suppressive indirect fire; unconfirmed reporting indicates enemy fighters near Bostick. Attacks on Keating and Fritsche were initiated with IDF. FOB Falcon, an OGA base south of COP Lowell, is reporting receiving enemy fire. Attacks on FOB Bostick are likely to quell any QRF or aerial assets being launched to support Keating, Fritsche or Falcon Base.

As of approximately 0700z OP Mace in Naray District Konar was prepping a fire mission to counter suspicious activity.

CAS was called on station at 0226z two GBUs were dropped. An air weapons team on scene was on scene consisting of 2x Apaches, at 0427z the air weapons team reported SAFIRE and RTB'ed to conduct BDA. As of 0644z 2x F15s and a B1 are on station. Reports of 2x DHSKa's in the area to suppress Aerial Assets. As of 0713z QRF is enroute to Fritsche.

At this time (b)(2)High are providing (b)(2)High with (b)(2)High , ETA: 0730z.
