CPATT IPLO DAILY SITREP

08 July 2007

Baghdad (MND-B) [redacted]

Baghdad [redacted]

(b)(3), (b)(6), (b)(3), (b)(6)

(BC0003) Airport Police Local Police Station: The Team met with the IP command staff to discuss station operations and the upcoming firearms training. The prospects for locating a firing range have diminished considerably. The power shortage and any negative effects on station's operations were also discussed. The Team will meet with the Director General to discuss possible solutions to the current training problems. Due to the current power shortage being experienced, Team members were assigned to mentor IPs this coming Friday & Saturday. All available IP personnel are assigned to various security posts at the BIAP. The security effort intensifies during the Iraqi weekend. The Team conducted hands on mentoring of the IPs. The Team also checked on station operations at the French Village sub-station. The sub-station was well manned and there were no operational concerns detected during the visit.

(BC0010) Al Bayaa Local Police Station: The station and vehicles are in poor condition from past VBIED attacks. There is no power, most exterior/interior doors are missing there are no glass in windows, no running water; the generator is failing and destroyed vehicles are still in place with others damaged without windshields/windows, etc. The Team is seeking responses to:. generator repair and servicing availability, ammunition allotments, point-of-contact for vehicle repair maintenance issues and point-of-contact for availability of up-armor kits for IP vehicles. The Team also desires to know the availability of expendable supplies for start-up of a training office at the Station.

(BC0017) Al Hurrya Local Police Station: The Team conducted Training covering Arrest Tactics/Procedures, Handcuff Techniques and Contact/Cover Tactics. The class was attentive to the material presented and understood the concepts. The Station Commander advised the MOI Training Plan is currently being placed into action.

(BC0026) Al Karamah Local Police Station: The Team met with the Station Captain. The Team conducted Training covering Defensive Tactics. The Team conducted 1 Joint Patrol and no incidents were experienced.

(BC0030) Al Karkh Highway Traffic Police Station: No Training was requested or conducted due to IPs being assigned to traffic posts and unavailable for training. No fuel problems are being experienced at this time. This Traffic station receives approximately 24 liters of fuel per day from Al Kadimiya Police HQ. The Station Commander is requesting a new generator for the station. This Station is fully functional and rated a Level #2.

(BC0041) Al Mesbah Local Police Station: The Team conducted Training covering handling/drawing the Glock Pistol in a correct and safe manner, as well as the proper ways to carry and holster the weapon.

(BC0101) Mahmoudiya District Police HQ: The Team assisted the Military counterparts with a recruitment drive at the Mahmudiyah training center.

(BC0119) Al Rusafa Patrol Station: The Team conducted Training covering Weapons Handling and observed the issuance of weapons/ammunitions during a shift change. A Joint Patrol was conducted with 4 IPs occupying 1 vehicle and Checkpoints were visited. The Team was given a tour of the Force Protection Towers by the Military.

(BC0628) Rusafa Checkpoint Directorate: The Team met with the Station Commander who advised he is a Legal Officer and implied he is an attorney. No one on the Team recognized the Colonel and the topic of local Militias was discussed. The Colonel was asked if he thought it might be possible for local police to negotiate with local militias within his jurisdiction to possibly curb violence. The Colonel stated there are many different Militias within his jurisdiction, most providing financial assistance from outside sources including the supply of munitions. He would not be specific on how many Militias there were within the area. He did imply some of the financial assistance was coming from Iran. The Colonel advised that, due to financial corruption, it would be nearly impossible to stop. The Colonel was asked if he had any suggestions on how to stop munitions from entering his jurisdiction. He advised that Checkpoints needed to be manned by "moral" men. He states that at one time all checkpoints were manned by multi-jurisdictional teams.

Babylon (MND-CS/S) (b)(3), (b)(6)

Al Qadisiyah (b)(3), (b)(6)

There were no missions scheduled on this date due to a CC mandated stand down as a result of threat level.

FOB Echo: Training was put on hold today due to an Iraqi religious day. Training will continue on Sunday 7/8/07 at 0800hrs (course) Combat Life Support.

Babil (b)(3), (b)(6)

FOB Reo: The team from FOB Reo reported, there will be 580 IP's living at Camp Charley. Each group will be on a three-week training rotation for a 12-week period. The curriculum is broken down into three sections which include Administration, Law Enforcement and on the job training with Al Hilliah SWAT Unit. A rotation between a unit trained at Kalsu and a unit trained at REO will take place every three weeks. The Team's area of responsibility will consist of, but not be limited to, Rule of Law, Crime Scene Management, Evidence Collection and Community Policing. Station Visits will probably be only once a week.

(BB0043) Babil Iskandariyah IHP Station: The PTT team from FOB Kalsu met with Captain [redacted] and discussed the arrival of new IP's for the IHP station and the new IP station at Diyarah. The new IP's will not arrive until 08JUL07. All of the new IP's will be housed at the IHP station until the transition to Diyarah is complete. Captain [redacted] from the Babil-Iskandariya IHP station is to be the new commander at Diyarah. The IHP station received 75 new AK-47s.

FOB Kalsu: The team worked to prepare the training compound for the arrival of 150 IP's that will take part in the ERU training starting July 8.

Wasit (b)(3), (b)(6)

CPATT IPLO DAILY SITREP

Dhi Qar / Al Muthanna (PIC) (b)(3), (b)(6)

PIC members held a team meeting concerning team goals and objectives for the second quarter. A review of the first quarter goals and objectives were conducted to evaluate the teams progress in their assigned PIC responsibilites for this quarter. All team members are current and progressing well with their assignments. PIC team met with the Australian (b)(6), (b)(6) for targeting of future activities concerning the Al Muthanna and Dhi Qar IPS.

Several IPS meetings were cancelled today due to the civil unrest between JAM and the IPS in Al Muthanna. Meetings scheduled that were cancelled covered finance, PJCC, and NIIA, and logistics. Team members attempted to make contact with the NCC CPATT contact, however, emails were returned. Team members were seeking information concerning the PJJC operations on a national level. PIC members also attended a meeting with the Australian Military concerning upcoming desert operations. Team members requested information concerning Iraqi National Academy to the CPATT contact in Baghdad concerning the designation of Al Muthanaa and Dhi Qar IPS Academies.

Tikrit (MND-CW) (b)(3), (b)(6)

Diyala (b)(3), (b)(6)

(TD0024) Diyala Provincial Police HQ: PTT-P visited IPS HQ today and spoke with MAJ (b)(6), (b)(7)(c), Chief of Communications. MAJ (b)(6), (b)(7)(c) agreed to provide PTT-P with a list of the IP frequencies, currently in use, at the next Command & Staff meeting. PTT-P then visited with the MOI Badging Team currently working at IPS HQ and discussed their upcoming schedule to visit other stations. The five MilVans dropped at IPS HQ last Monday were then recovered and transported back to FOB Warhorse.

PTT-P Training advisor met with COL (b)(6), (b)(7)(c), head of Diyala Training. The COL advised he had the following course going on at this time. Khalis TIPS 19 IP, Muqdadiya TIPS 20IP, Balad Ruiz TIPS 38IP, Basic Course (KMTB) 40IP, Basic Course (IPS HQ) 29IP. COL (b)(6), (b)(7)(c) also advised he had 6IP at Taji at a Radio Maintenance Course. PTT-P also received the POI for TIPS and the Basic Course taught by IPS Instructors.

(No FFID) Tahrir Local Police Station: Today PTT-D traveled to the Tahrir IP station to meet with the Chief, MAJ (b)(6), (b)(7)(c), and discuss next weeks planned move for the station to a new permanent facility, more centrally located in Tahrir. Both Chief (b)(6), (b)(7)(c) and a local Sheik, present at the meeting, voiced their disappointment at the slow pace of Provincial Headquarters approval and fielding of new IP recruits for the area. The IP advised that their pay was more than a week late. This is reportedly due to a possible move of the local bank from its current location to one closer to the Provincial Headquarters facility. The team also escorted 10 of the Tahrir IP to the Buhriz station to take part in a class on contact and cover.

Brigadier Gen Subhi Academy: 38 IPs were trained in weapon control and peaceful and violent demonstration response.

Scorpion Academy: PTT trained 25 IP today. The IP were instructed in building security. The IP were instructed and had a practical exercise on securing a station, defending against attack and clearing the structure of subjects. The IP also were refreshed on weapons safety in preparation for use of shoot house.

(TD0039) Dali Abbas District Police HQ: PTT traveled to Dali Abbas Local Police Station to perform a joint patrol. There was no interpreter available for this mission so no training was conducted. Two IP's accompanied us on a joint patrol on route purple

(TD0609) Dali Abbas Local Police Station: 220 IPs are employed at the Dali Abbas Station. 37 IPs were working on today's date. There were 8 on check point and the remainder were security around the station. The COL expressed some concern about his ammo supply. He stated he needed more. He also expressed a need for fuel. He stated he was not receiving money he needed to purchase fuel.

The COL stated insurgent strong hold was growing in his area and needed further assistance from Coalition Forces to step up patrols in the area. He showed me a flyer that was being passed around by Al Qaeda stating that local citizens should stand up and fight against coalition forces and if they did not they would be considered an infidel and killed. We gathered 10 IPs and conducted a dismounted patrol in the city. We discussed patrol formations and made citizen contacts.

(TD0006) Muqdadiya District Police HQ: PTT conducted joint patrols with the Iraqi Police from the JCC. Before deploying on patrol IPLO mentored and discussed tactical home entries and searching of properties, mainly focusing the discussion on finding weapons and IED materials. PTT then observed the Iraqi Police conducting several home entries during the course of the joint patrol.

(TD0001) Abu Saida District Police HQ: PTT traveled to Abu Saida and met with COL [redacted]. The COL requested maps of the area and a bulldozer to fill Hesco barriers. The COL would like assistance in conducting a recruiting drive. COL [redacted] advised that the station has been receiving regular shipments fuel. However, the fuel pumps are non-operational. COL [redacted] from Dali Abbas also attended this meeting. The PTT Team was advised that COL Braheem and COL [redacted] came to an agreement that they would start conducting convoy operations together to improve security while traveling to Baqubah.

Salah Al Din [redacted]

(TA0084) Samarra District HQ: PTT met with LT [redacted] in reference to the vehicles at the motor pool. LT [redacted] stated that there are a total of 132 vehicles at the motor pool, 39 of them are in working condition, 42 vehicles need parts to get them up and running and 51 of the vehicles are not fixable. These vehicles were blown up during attacks against the IP.

MAJ [redacted] stated that he would like to take from the Emergency Battalion's pool of IP and use them in to man other departments. MAJ [redacted] stated that he feels that the IP working with the Emergency Battalion are not doing anything besides lying around and they could use them to assist with the other departments. This has not yet been approved. We will need to get with LTC [redacted] to see if this is something he sees as a feasible plan.

(TA0050) As Saniyah Police Station: Upon our arrival we contacted the on duty watch commander, LT [redacted] who stated that there were 12 IP on duty including himself with five of the IP currently at the check point. The Team conducted training with [redacted] on the responsibilities and duties of the watch commander and instructed him on the chain of command and delegation of duties. We then conducted a two hour training class on weapon handling. There was then a practical application and hands on training to test their procedures. During the day, two of the IP quit due to threats to their families and the station went on heightened security due to the fact that there were only IP on duty from Bayji and none from the Saniyah. There were 19 Glocks returned that were not turned in when the previous IP quit, this was due to searches of residences of former IP two days prior.

Camp Bernstein (Tuz): PTT had IP instructors come to the Fob and discuss next week's training schedule. The IP instructors continue to show progression as trainers. Instructors have been coming up with better suggestions as to training plans and class room structure.

Mosul (MND-N) (b)(3), (b)(6)

Ninewah (b)(3), (b)(6)

(No FFID) Al Ramah LPS: PTT met with the station commander and was advised that CPT (b)(6), (b)(c) was shot and killed by AIF while the Captain was riding in his vehicle. He further advised the IP driving the vehicle, (b)(6), (b)(c), was injured during the attack. The station commander was visibly upset over the loss of his CPT. He advised he would not be able to properly conduct a station visit with PTT this date. PTT obtained the name of the injured IP and traveled to Mosul General Hospital to meet with the IP. PTT observed the extent of his injuries and was advised by him that the attackers had ambushed them in a market near their station. The IP stated the attackers used motarola radios and had PKC rifles. The IP believed the attackers to be Pershmerga due to the Kurdish language they were speaking.

At Tamim (b)(6), (b)(6)

(TT0005) Kirkuk Provincial HQ: PTT attended a meeting between the MCU staff and the Chief Investigative Judge and MG (b)(6), (b)(c). The meeting was to provide MCU investigators the freedom to investigate cases and only getting permission from the Investigative Judge to make arrests and conduct searches. PTT also met with MG (b)(6), (b)(c) to discuss public service flyers to be distributed by IP.

(TT0099) Criminal Investigations Unit: PTT, along with Civil Affairs Provincial Reconstruction Team attended, a meeting between Chief Investigative Judge (b)(6), (b)(c) and MG (b)(6), (b)(c). The meeting was to provide the MCU more freedom to investigate cases with only needing to seek permission for conducting searches and making arrests. The meeting continued with MCU investigators being able to discuss cases and get further instructions on the procedures directly from Judge (b)(6), (b)(c). The meeting was very successful and future meetings to discuss cases will be held. This new procedure is necessary as the Major Crimes Court will need cases thoroughly investigated with more speed than can be accomplished with traditional methods.

(No FFID) ERU: PTT met with LTC (b)(6), (b)(7)(c) and MAJ (b)(6), (b)(7)(c) to discuss training and equipment needs. PTT discussed the recent attacks on the IP. PTT was informed that all three IP had been treated and released from the hospital. PTT discussed the problems with manning of the patrols/TCP. They have a critical shortage of drivers for the patrols as the drivers are working more hours than the regular patrol IP with no extra pay. PTT again discussed the fact that the IP must use their own supply system before PTT can spend money on supplies or equipment for the station.

(TT0606) Mareay Local Police Station: PTT trained IP on securing a crime scene. PTT trained the two station shift commanders on their duties and responsibilities and in turn had them brief and train their IP. PTT had the IP perform their duties in two mock scenarios. During the scenarios PTT found the IP lacked general knowledge of securing a crime scene, clearing/searching the area of any suspects still on scene and questioning witnesses. During the second scenario, the IP improved.

(TT0030) Saragaran Patrol Police Station: PTT arrived at the station to conduct training and inspect the maintenance records but the IP had already left to conduct several TCP. PTT asked the shift commander, MAJ [redacted] (b)(3), (b)(6) to make contact with one of the patrols to provide the PTT with an escort to the location of one of the flash TCP. PTT asked some of the IP what they had been briefed and they were able to explain exactly what their mission was. The IP conducted a 100% search of vehicles that came through the TCP. In the planning process the station included a chase car which was utilized three times to pursue vehicles that attempted to avoid the TCP. Most of the day was uneventful, but IP did detain one driver that traveled from Baghdad. The driver was working for a company that provides rides for civilians traveling to Mosul. While the vehicle was being searched, four Iraq passports were discovered. The driver claimed that they belong to his family but no one was able to verify his story.
