CPATT IPA-OPERATIONS DAILY SITREP

11 September 2007

Baghdad (MND-B) [redacted]

Baghdad [redacted]

(BC0002) Abu Ghraib Local Police Station: (TRA Level 3) The team discussed with Colonel [redacted] his plan to receive an anticipated 200 new hires arriving in a couple of weeks. He advised he is waiting on coalition forces to provide trailers in order for the IPs to have a sleeping area while on duty. It was suggested he have a contingency plan such as varying shifts, not allowing IPs to sleep at the station as well as non-traditional work schedules. The suggested plan would be on a short term basis until more permanent accommodations can be made.

(BC0003) Airport Police Local Police Station: (TRA Level NA) The BIAP IPA Team Leader conducted a meeting with the BIAP Station and BIAP Warehouse IPAs. This meeting was to discuss upcoming training classes and preparation. The BIAP station training class was conducted covering "First Aid". Although the IPs had a class in first aid several months ago, many have expressed an interest in a refresher class. The BIAP station class had 5 IPs in attendance. The French Village class was cancelled due to a shortage of vehicles and available training personnel.

(BC0011) Al Dorah Local Police Station: (TRA Level 4)The team spoke with Col. [redacted] and learned Major Hamed Husson was reported missing after leaving his home and en route to the Al Dorah LPS. The team instructed the IPs to get the proper paperwork together so the team could escort them to receive fuel. This was the third attempt to get them to complete the paperwork so they could receive fuel and they continue to fail completing the task.

(BC0017) Al Hurrya Local Police Station: (TRA Level 3)The team entered detainees into the HIIDE system. The team hen met with Captain [redacted] and completed the training portion of the PSMR.

(BC0018) Al Jazaaer Local Police Station: (TRA Level 1) The PTT team met with Lt. [redacted] and discussed firearms training for the IPs. The team maintained security on the detainees outside while the detention cell was searched. One small knife and one pair of scissors were discovered. The team spent an hour on a joint patrol without incident.

(BC0020) Al Kadhimiya District Police HQ: (TRA Level 2) The team visited the Karkh Directorate conducting a meet and greet with the personnel from the station. The team met with Lt [redacted] and he expressed an interest in getting his IPs into a combat life savers course. He stated he wanted to get his officers as much training as possible. The team will return this week with medics to instruct the CLS course.

(BC0021) Al Kadhimaya Local Police Station: (TRA Level 2) The team conducted training covering Community Policing and had the IPs participate in Team Building exercises.

(BC0025) Al Karada Patrol Police Station (East): (TRA Level 1) During this visit the team observed the Colonel handle two personnel issues. The Colonel appears to enforce the rules regardless of his personal feeling toward involved Staff members. The Colonel's methods of enforcing Station rules can sometimes be unorthodox.

Compiled by [redacted]

(BC0030) Al Karkh Highway Traffic Police Station: (TRA Level 2) The team completed a short visit to the station to check for any problems or officers that may have failed to report for work. The team determined everything looked good.

(BC0039) Al Mamum Local Police Station: (TRA Level 2) The team conducted a night mission and conducted some simulated station attack drills to test their readiness in case of an actual attack. The team then mentored Major [redacted] on the proper way to react and respond if there was an attack on the station. The Major stated that Major [redacted] normally ran the drills. Major [redacted] was informed he should also know the drills in case something happened to Major [redacted] The drills continued without incident.

(BC0041) Al Mesbah Local Police Station: (TRA Level 2) A joint patrol was conducted with 11 IPs and two vehicles. The patrol was conducted in response to a report of a possible ambush and IED on Route Mississippi. The patrol was organized and the IPs took the lead. The IPs conducted dismounted operations ahead of the vehicles, checking for possible command wires. Two IEDs were located by the IPs and the patrol spent the remainder of the time securing the area waiting for EOD's arrival. A negligent discharge was made by one IP while exiting the patrol vehicle. The IP was counseled by the patrol leader and additional training was recommended. The IPs expended 500 PKC rounds and 300 AK rounds during a firefight the previous day. A request for additional ammunition was completed prior to the team's arrival and a copy given to the Team. The IPs on force protection were found to be alert and wearing all protective equipment. The force protection at this Station is better than most due to frequent attacks. The training that was scheduled for the mini academy was not conducted due the time spent on joint patrol.

(BC0051) Al Rasheed Local Police Station: (TRA Level 3) The team continued with the IPA training program.

(BC0064) Al Taji Local Police Station: (TRA Level 3) The team met at the 1/7 Cav offices in the continuing process of designing and planning a training course for the new IPs from Taji LPS and Sabi Al Bore LPS. There are approximately 180 IPs from these two Stations who have not attended a police academy. The first point of discussion was the renaming of the course to be called the "IP Prep Course". A training curriculum has been developed. Four training sessions were agreed upon by the PTT. A location for the IP training room, living quarters and firearms training were all discussed and agreed upon. Logistical issues such as food, cell phones, prayer and exercise were worked out. A week prior to the first course, a trial run will be conducted to identify areas needing improvement. The next meeting time and date was established for the continual development of the IP Prep Course.

(BC0085) Baghdad Provincial Patrol Police HQ: (TRA Level NA) The team met with vehicle maintenance personnel and gathered information for PSMR, as well as coordinating vehicle repair between CID HQ and FIAFE. The Team also met with the operations personnel and observed the IP's utilization of Falcon View. The Team observed 14 CID IPs start tactical Firearms training on the PHQ range.

(BC0086) Baghdad Main Provincial Police HQ: (TRA Level NA) The Team met with the Logistics Officer to make arrangements to pick up weapons and ammo for the training that is being conducted at FOB India. The Logistics Officer stated he was aware of the request for the weapons and ammo and made arrangements for the team to pick up the items. The team picked up 50 AK47, 50 Glock 9mm, 100 AK magazines, as well as 1500 rounds each of 9mm and 7.62 mm ammo and transported all items back to base.

(BC0100) Mada'in Patrol Police Station (East): (TRA Level 2) The Team spent the day working on various logistical matters. The transformer was being replaced so the station could be reconnected to the national power supply. The station has been running on generator power for about 16 days. The prior transformer was damaged in a mortar attack about 2 weeks ago. Arrangements were made for the parts to repair 7 of the disabled vehicles and CF Lt (name withheld) picked up the receipt earlier for the money that was spent. CF Sgt (name withheld) also advised that included in the parts order was a surplus supply of oil, oil filters and other maintenance items for the vehicles. CF Sgt (name withheld) advised the Captain the motor pool was creating a list of similar items to be requested through HQ. This is being done to help the station build a surplus of vehicle maintenance items so parts will be readily available to the station and help reduce the amount of down time for the patrol vehicles. The team also discussed using the new computers that the station received to help keep up with the shifts, other inventory and equipment around the station such as firearms and who they are issued to. IPA will assist them with creating a form on the computer for this purpose. The team also discussed setting the computer up with different user names and passwords to help keep each officer's forms separate.

(BC0101) Mahmoudya District Police HQ: (TRA Level 3) The team arrived prepared to teach lesson three of the Train the Trainer course. However, the students were absent. The team advised Col. [redacted] that on or about (date withheld) to begin the PSD training scheduled for this month. He agreed to confirm this date with BG. Abed. The team also spoke with Col. [redacted] to discus the reorganization of the administrative section. He moved his staff into the three available offices in an attempt to divide them by function. The computer officer and the personnel staff are now located in one office. Ltc. [redacted] is in another office, while the purchasing and supply staffs are located in the third. The offices were cleaned out and organized and looked very good. A joint mounted patrol was conducted to hand out school supplies donated by US students to the Iraqi students. No incidents were reported. Fuel supply remains an issue and is currently supplied by CF.

(BC0103) Major Crimes Unit HQ: (TRA Level 2) The team gathered information for the PSMR. The team met with Col. [redacted] in fleet maintenance to discuss a plan of action to facilitate the repair of CID vehicles.

(BC0112) New Baghdad Local Police Station: (TRA Level 2) This mission was an introductory meeting with the new squad and the IP command. Colonel [redacted] voiced concerns regarding how the 2-69 INF was interfering with police business.

(BC0120) Rusafa Police Directorate HQ: (TRA Level 1) The new military Team Leader was present at the station today. The team met with the Rusafa Operations OIC and delivered a printer which had been repaired. The team also met with the Directorate Finance Officer and received the list of all IPs paid from the HQ for the month of August. This list will be used to verify all names in the data base collected last month for use in issuing temporary IP badges. A lengthy meeting with the Rusafa HQ Commander was conducted. Several issues were discussed including the current recruiting initiative and security preparations for the upcoming holy month of Ramadan. Also discussed was the training of 300 new recruits at the HQ by the Rusafa ERF and the future deployment of the recently trained130 recruits to the Al Kessra Station. The team was informed another 58 recruits will be trained at the Main HQ and added to the 130 Al Kessra IPs.

(BC0122) Sheikh Saad Local Police Station: (TRA Level 3) The team met with Col. [redacted] and both officers on duty, obtaining statistics and reviewing issues. Col. [redacted] reviewed the new station plans and fielded questions about the design and functions, both short and long term, from the Team. Col. [redacted] met with the contractor yesterday and gave him a new layout plan for the Station. The contractor had his own plans and after

several hours they worked out some of the changes. The Team reviewed the changes and asked the Col. if these plans would meet today's, as well as future needs. Many questions were asked and together found several answers for future plans for the station. Col. [redacted] will again meet with the builder since several security needs in this design will need reworking. It is unclear when construction will start. The builder is waiting for materials from Iran or Syria since the building materials from the Baghdad area are low quality for construction.

(BC0124) Al Wehda Local Police Station: (TRA Level 3) The military continued to put the IPs into the HIDE system. The team only had one linguist so no training could be conducted.

(BC0125) Yousifiya Local Police Station: (TRA Level 4) Training was conducted covering the 7 tactical principles. The class was attended by 8 IP. It was brought to the attention of the team by Major [redacted] that 2 vehicles were sent to Baghdad for maintenance and Major [redacted] was informed by someone at MOI they will keep those 2 vehicles for MOI use and refused to return them. CF is only supply of station fuel. IP vehicles have been sitting idle for over a week due to lack of fuel.

IPs do not have enough radios for posts covered and batteries for these radios fail to hold a charge. As a result there is often no communication between posts and the base, which causes a problem (i.e. guards leaving their posts to retrieve a good battery, guards leaving their posts because they are not being relieved on time and guards leaving their posts because of bathroom and water issues. IPs are lacking uniforms and basic equipment.

It has been brought to IPA's attention by IP Lt. [redacted] there is an urgent need to provide the guard posts during nighttime operations with flashlights and tower lights. During the hours of limited visibility, the guards can't properly see the AOR they are monitoring.

At approximately 1900 hours there was a confrontation between IPs covering ECP 1 and IA personnel. IPs reported an IA vehicle with an unknown number of IA personnel approached the IP working the checkpoint. An IP reported the IA informed him he was not in the correct uniform since he was not wearing correct headgear (beret). The IP said the IA told him when they returned he would be arrested if he was not in the correct uniform, along with his Lt. on duty. The remaining IP on duty were angered by this event. IPAs assisted the IP LT. on duty in diffusing this situation. Nothing further developed. The team was informed this is an ongoing situation between IP and IA. IPAs will monitor situation and assist as needed.

(BC0625) Mahmoudiyah Patrol Police Station: (TRA Level 3) The team organized course of marksmanship was underway being presented by the IP Training Officer. Fuel remains an issue and is being supplied by CF.

Babylon (MND-CS/S) [redacted]

Al Qadisiyah [redacted]

FOB Echo: The V.I.S.T.A program resumed today with only 10 IPs. Captain [redacted] of the Diwaniyah Police Academy continues to have internet problems and is limited on his communication with the IPs. This is one of the major problems for the lack of IPs. After speaking with Captain [redacted] he assured the IPAs that he is working on better communication with the IPs and the local stations. The Ukrainians assisted the IPAs with the training.

Babil [redacted]

FOB Kalsu: PTT conducted orientation (training) on FOB Kalsu for 199 Iraqi Police Officers that will make up the North Babil ERU (Emergency Response Unit). Training was conducted from 0600 through 1730. First day ERU class students arrived. Classes presented were orientation and standards of conduct.

(No FFID #) Tunis Local Police Station: (TRA Level 2) PTT arrived at Tunis LP Station and made contact with Major [redacted]. Major [redacted] advised that IP's under his command had not been involved in any significant action or incident since the previous PTT visit. PTT discussed the upcoming Ramadan holiday with Major [redacted] and inquired as to any special details or precautions he was implementing in regards to the holiday period. Major [redacted] expressed that he did not anticipate any major problems during this period but stated that he did intend to bolster security at the two mosques within his jurisdiction over the holiday. Major [redacted] also advised PTT that he had selected Lieutenant [redacted] to replace recently transferred Captain [redacted] as the Tunis Local Police Station Training Officer. Lieutenant [redacted] was not present during this PTT visit but the IPA element of the PTT will make contact with Lieutenant [redacted] to discuss curriculum and training ideas as soon as possible.

Major [redacted] sought assistance from PTT in regards to "night guards" in the Tunis area. Major [redacted] explained that night guards are private citizens that are contracted by local merchants to conduct armed patrols of business premises while they are closed at night. He stated that there are five such night guards that work in Tunis, that he is personally acquainted with each of these guards, and that he trusts that each of them are unaffiliated with any anti-Iraqi or anti-Coalition forces. Major [redacted] also stated that the night guards have assisted his IP's in regards to security concerns and relaying intelligence in the past. Major [redacted] stated that these night guards have recently expressed to him that they are encountering problems with coalition patrols that happen upon them and detain them due to the fact that they are armed. Major [redacted] requested PTT assistance in determining if there was some way these night guards could be afforded official identification designating them as being authorized to carry weapons and perform night guard duties. After discussing the merits of providing assistance in this matter, namely the encouragement of any private citizen to assist in the security of the area, PTT agreed to contact U.S.A. Capt. (name withheld) (AO Commander of the Tunis region) and present the issue, along with possible solutions, for his input. The idea of an official letter, transcribed in both English and Arabic and endorsed by Major [redacted] and Capt. (name withheld), being issued to each night guard was discussed as a possible solution. Major [redacted] was also advised to pursue this matter via his chain of command concurrent with PTT assistance efforts.

During the PTT visit to Tunis LPS on 09/09/07, Major [redacted] advised the PTT that one the IP's under his command had been detained by IA forces for an unknown reason. During the PTT visit this date Major [redacted] stated the IP had been released and relayed the following details regarding the incident from testimony he had obtained from the IP in question. Major [redacted] stated that the Tunis IP and three IP's assigned to the Iskandariyah Highway Patrol Station were traveling to work in a privately owned vehicle when they were stopped at Checkpoint 18 on MSR Tampa. Major [redacted] stated the collective IPs had issued weapons in the vehicle and that two of the IHP IPs were in uniform. Major [redacted] stated that the IPs were subsequently detained because none of them had Police identification. Major [redacted] stated that US forces were present at the checkpoint when the IPs were detained. Major [redacted] stated that the Tunis IP in question reported to him that he had been beaten while in IA custody and said that the IP did bear signs of physical abuse. The IP had been relieved of duty for the day and had already departed the station, negating PTT efforts to interview him and photograph his injuries. The military component of the PTT assured Major [redacted] that the testimony presented thus far would be forwarded thru the military chain of command for initiation of a possible investigation into the matter. Major [redacted] stated that a large

percentage of IP's under his command had yet to be issued Police identification and that this has caused multiple incidents of a similar nature in the past. PTT agreed to research the matter in order to alert those at the Provincial Level of the problem and provide Major [redacted] with a status on actions being taken to remedy it.

(BB0043) Babil Iskandariyah IHP Station: (TRA Level 2) PTT arrived at the Iraqi Highway Station and made contact with Captain [redacted] IHP Executive Officer. Captain [redacted] reported that an IP who was conducting patrols between checkpoints on MSR Tampa had located an IED near Checkpoint 17 at approximately 1900 Hrs. on 09/09/07, in accordance with IHP protocol, a secure cordon was established and US Army EOD assets were summoned to the scene. The IED was subsequently detonated in place.

PTT questioned Captain [redacted] regarding any special details or measures IHP would be implementing in regards to the upcoming Ramadan holiday. Captain [redacted] advised that Captain [redacted], who was not present, did intend to implement some special measures in regards to Ramadan but said that no plans had been finalized as yet. PTT also spoke with IP Captain [redacted] in regards to an incident in which three IHP IPs and a Tunis IP were detained by IA (Iraqi Army) elements at Checkpoint 18 on 09/09/07. Captain [redacted] stated he was familiar with the incident and had spoken with the three IPs from his command that had been detained. Captain [redacted] relayed that an argument between the IA personnel and the IP's had erupted when the IP's had expressed indignation at the IAs searching of their vehicle. Captain [redacted] stated the IPs were subsequently detained as a result of this confrontation. Captain [redacted] stated that his IPs did not report any physical abuse from the IA soldiers as the Tunis IP had reported to his Commander and that the detainment was a result of the argument and not that the IPs did not have Police identification as the Tunis IP had also reported to his Commander. Captain [redacted] did concur however, that a large percentage of the IPs under his command, including himself, had yet to be issued Police identification. The PTT agreed to research the matter and alert those at the Provincial Level of this problem, as well as report back as to what steps are being taken to remedy the situation.

FOB REO: PTT met with General Qais and Colonel [redacted]. Electricity for the ERU compound should be hooked into the local grid tomorrow and the sewer problem is under construction. General [redacted] was briefed on the progress of the new Crime Lab which is in the bid process now.

(NP9904) Iraqi Camp Charlie National Police Compound: (TRA Level 3) PTT Team conducted Emergency Response Unit (ERU) training in the area of Self Defense Tactics and Take-Downs. There was only one company available for training due to troop movement from/to Kalsu.

Wasit [redacted]

FOB DELTA: PTT continued with Session #12 of the Crucible Training Center. 21 students arrived for training. The training on this date consisted of First Aid, Community Policing and Vehicle searches. There were three Missions scheduled on this date, one of which was cancelled.

(BW0605) Wasit Iraqi Highway Patrol District Headquarters: (TRA Level 2) PTT members met with Colonel [redacted] at Wasit IHP DHQ Station. The Colonel advised that there as been no major incidents since the stations last meeting and that 2 patrols were currently in the area of Camp Delta due to a report of possible IEDs. PTT members briefed 18 IPs and conducted a joint patrol of local highways from 1140 to 1225 hours. The patrol

consisted of 4 PTT Humvees and 3 IP trucks. The patrol was conducted with no incident and debriefing was conducted upon returning to the station.

(BW0624) Al Balda District Police HQ: (TRA Level 2) PTT members met with Colonel [redacted] at Al Balda DHQ Station. The Colonel advised that there as been no major incidents since the stations last meeting. The Colonel inquired about the status of getting his IPs ID badges. Sergeant [redacted] advised him that as soon as their company camera was repaired they would be able to process their request for badges. PTT members provided the armory officer with gun cleaning oil for their weapons.

(No FFID#) Wasit 4th SRT: (No TRA Level) PTT met with Colonel [redacted] who is the Commander for the 4th SRT. He advised that there are 430 total personnel at the station. While speaking with Colonel [redacted] it was apparent that he is not going to be fully cooperative with coalition forces. He said his personnel would only do joint patrols in those safe areas and would not go to those neighborhoods that are militia.controlled.

PTT mentored 40 IPs on weapons maintenance. The majority of their weapons were not clean so this will be an ongoing process. PTT did observe the station to have poor force protection. This is mainly due to the lack of T-Walls, C-wire, and guard towers that are in need of replacement. PTT will address those issues on the next station visit.

Dhi Qar / Al Muthanna (PIC) [redacted]

Team members and the Australian DTC members engaged in training today at Camp Mittica with the Al Muthanna CIU. Training covered Principles of Close Quarters Battle and Urban Patrol Formations. This training will be ongoing for the next several weeks. Nineteen CIU members form the Al Muthanna Province were in attendance for training. PIC members attended a SSR meeting with Australian Military officials who passed on intelligence information to team members and discussed daily operations to the team. Team members met with the Australian MTT members and discussed the Dhi Qar PJCC Commander. Discussion centered around getting the PJCC Commander involved in activities and sharing information with PIC members and the Australian Army. PIC members held a brief meeting with MTT members regarding future scheduling of training and possible future missions in the Al Muthanna Province. Team members also met with the Australian DTC (Divisional Training Center) Commander in Camp Terendak reference future training obligations and scheduling of the IPS. CIU training was discussed and today's activities were reviewed by PIC and DTC members. Team members then met with the base Provost Marshall, a US Air Force Captain and Triple Canopy manager in Camp Terendak this morning. Discussion centered upon desert operations and training. Further, PIC members attended a meeting today in preparation for Red Man 10.

Tikrit (MND-CW) [redacted]

Diyala [redacted]

No report submitted due to internet issues.

Salah Al Din [redacted]

(TA0005) Ad Dwar DHQ: (TRA Level 3) PTT met with several members of the Command Staff of the Ad Dwar District Police HQ. LTC [redacted] addressed several issues that he is having with the Provincial Logistics Officer. He provided a list of supplies that have been allocated to the Ad Dwar District HQ from GEN [redacted] but when LTC [redacted] goes to get them, he is turned away. COL [redacted] told PTT that he is in need of IPs but he is not

wanting them from the Ad Dwar area because in his own words, "They are lazy." He has to supply 14 bodyguards to local Political Leaders. 6- Mayor 8- Sheik of City Council.

By population standards, the IP force is at least 150 IP short. Also discussed was the lack of MOI Cards for the IP and Officers. PTT did find out that the Provincial HQ is supplying Officers with Local Police ID cards good for one year. When COL [redacted] was questioned as to why he is shifting IP from station to station, he said that he does not want them to get used to one particular area. He wants them to have knowledge of the entire area. They have 50 new IP with 14 in the Academy now and 36 with FTO's. No training is being conducted at the local stations due to the lack of IP to cover a shift and attend classes.

Five IP have been absent from work for more than 5 days and they will either be docked pay or just fired. A copy of the pay list from Ad Dwar HQ to Provincial HQ was obtained and the list of names will be investigated for "ghost IP". There are currently 395 IP assigned to the area.

(TA0017) Al Aswar LPS: (TRA Level 2) PTT met with the MAJ [redacted] and found none of the station personnel have been to FTO training. This seems not to have hampered their training ability. The PTT reviewed the stations training records and they are following the training directive from TDHQ. The IP feel the required training is neither challenging nor realistic for their skill levels. This station is able to accomplish more challenging and realistic training tailored towards its needs. MAJ [redacted] still requests additional training from the PTT. PTT is directing training efforts toward showing the MAJ techniques for him to use for in service training. After the meeting, PTT taught less than lethal control holds to the MAJ and five IP. They were shown how to use the techniques in conjunction with previous handcuffing and search techniques as skill builders. The IP participated in practical exercises using the techniques, including extracting suspects from vehicles.

(TA0500) Salah Al Din Training Academy: (TRA Level 2) PTT met with COL [redacted] at the TIPS academy. PTT learned there were still 948 students in basic class #4. The Samarra #2 class is at 218 students. According to COL [redacted] the dispersed training is on schedule and continuing as planned. COL [redacted] is requesting more light towers and sand bags for the force protection of the academy.

(TA0084) Samarra District HQ: (TRA Level 3) PTT met with W/O Razaak and COL [redacted] and observed some of the equipment they picked up from Tikrit yesterday. W/O Razaak stated he picked up 2000 rounds of PKC ammo while in Tikrit. COL [redacted] stated they are to receive 120 new IP soon from Tikrit. He did not know an exact date that the IP would be here. The COL said most of the new hires would go to Emergency Battalion.

(TA0605) Tuz DHQ: (TRA Level 2) IP instructors gave class room instruction to 20 IP students on building clearing. After class room instruction, instructors and PTT put the students through practical training. Students in this class showed their inexperience by struggling to complete the given task of clearing rooms. IP instructors and PTT needed to do a slow walk through with the students and give them on the spot corrections as the students attempted to do the exercise. After nearly an hour of hands on training the students began to demonstrate the basics of the exercise and complete the task properly.

(TA0029) Al Messirah: (TRA Level 3) PTT conducted a station visit to deliver supplies. PTT met with the station Chief and learned that he had received 100 rounds of ammo for the PKC, and 200 rounds of AK-47 ammo.

(TA0050) As Saniyah: (TRA Level 3) PTT went to the station and found there were 23 IP on duty, but none were available for training as they were all assigned other duties. PTT checked the detention cell, there were 5 detainees. PTT also ensured that the detainees were receiving fair treatment and food. PTT made numerous checks to ensure that the towers were staffed with IP.

(TA0073) Kalat Rayash: (TRA Level 3) PTT received information yesterday that Kalat IP station had been attacked, 7 IP were KIA and 7 wounded. Information received was that the entire station had been leveled. PTT traveled to Kalat Station to gather information on missing weapons, ammo and uniforms. PTT recovered several AK-47 pieces and armored vests. No IP uniforms were found. The station appeared to have been looted after being blown up.

(TA0042) Al Salam LPS: (TRA Level 4) PTT went to the Al Salam LPS to deliver supplies and material to be used to strengthen the stations force protection. Station IP were receptive and eager to put the materials to use.

(TA0056) Balad DHQ: (TRA Level 4) PTT made contact with CPT (b)(6), (b)(7)c and discussed what training he wanted his IP to receive. He stated he was glad PTT were there to teach new police techniques to the IP. An inspection was made of the jail in which there were 41 prisoners. The jail was clean and inmates were in good physical condition.

(TA0071) Hatamiya LPS: (TRA Level 4) PTT arrived at Hatamiya and talked to LTC (b)(6), (b)(7)c. PTT discussed station improvements, supply needs and personnel rosters. PTT performed a class on force protection with the IP on station.

(TA0103) Yethrib Local Police Station: (TRA Level 4) PTT met with LTC (b)(6), (b)(7)c regarding procedures between the district level and station levels. PTT talked with MAJ (b)(6), (b)(7)c concerning the tower improvement project at Checkpoint Tango 38. PTT also discussed station improvements and supply needs.

(TA0604) AD Dujayl District HQ: (TRA Level 3) PTT met with COL (b)(6), (b)(7)c and discussed fuel allocation, funds for repair of IP vehicles and ammo. The jail was checked and the prisoners were being taken care of properly.

Mosul (MND-N) (b)(6), (b)(3)

Ninewah (b)(6), (b)(3)

(NO FFID) 5th Emergency Response Battalion: (TRA Unknown) PTT met with the ten instructors about the possibility of attending the upcoming Instructors Course at Q-West. There are six scheduled to attend at this time. Also, PTT spoke with LTC (b)(6), (b)(7)c about training new hires from the 5th Emergency Response Battalion in the very near future. PTT also scheduled to begin training IP from the other Emergency Response Battalions in late October. LTC (b)(6), (b)(7)c agreed to assist PTT with logistical needs for the training and billeting of the students.

(MN0009) Al Hadba DHQ: (TRA Level 2) PTT traveled to the Al Hadba District station to conduct a station visit and gather information for the IPFSR. The PTT was advised that the station had been mortared in the morning. No one was hurt and there was no damage. The PTT conducted a twenty minute walking patrol through the market next to the station without incident. The PTT was informed that there was 211 IP assigned to the station. There were

105 IP on duty as of this date. The PTT was also informed that there was 21 officers assigned to the station and one LT had quit.

LTC [redacted] went over the Police Ethics class with the PTT. The PTT mentored and advised LTC [redacted] in regards to what should be taught in the class. The PTT advised the LTC to teach the IP on corruption in law enforcement, professionalism, fairness, community policing, and Iraqi law in regards to Police Ethics. LTC [redacted] stated that he would have a class the next day. LTC [redacted] was informed by the PTT to put a request to get a new computer and give a copy of the request to the PTT. LTC [redacted] gave the PTT a copy of the request.

(MN0056) Ninewah Provincial Headquarters: (Level 2) The PTT met with BG [redacted], NPHQ TOC Commander, and discussed the significant events occurring in Ninewah Province during the past 24 hours. BG [redacted] advised that an IED detonation had occurred on an Al Nasir patrol in the Bob Shames neighborhood no casualties reported. One IP killed and three others wounded by IED in the Mosul AlJededa area.

Two bodies of local nationals were found at different locations in the Al Entesar district they appeared to have been shot in the head. The body of a female was discovered in the Palestine neighborhood and appears she had been shot in the head. Two females in the Palestine Neighborhood have been kidnapped no other information at this time. At the Al Jalele intersection an IP patrol from the Al Karma district was attacked by an IED resulting in one IP and four civilians wounded from IED. An IP from the Albaath was killed by IED while on patrol and two others were wounded. In the Al Entesar neighborhood three women were killed by a group of insurgents for no apparent reason. Several incidents of IEDs being disarmed or reduced by controlled detonation were also reported in various parts of the city, as well as several incidents of IP patrols being fired on by AIF.

The PTT met with MAJ [redacted] Detention Center Commander. MAJ [redacted] advised that the inmate count was 449 total detainees, with twenty seven IP, one IA, five FPS, two in Al Jamouri Hospital and twenty six juveniles. The detention center did release one detainee during the past 24 hours, but did receive fifteen additional detainees during that time. PTT was informed that there are 100 detainees who could be released but CF are preventing there release. The tracking system at NPHQ is not working at this time which allows CF to identify detainees at a later date. For this reason no detainees are being released until this matter can be corrected.

PTT worked with BG [redacted] and his command staff. The group worked on possible solutions to train as many IP's as possible before those 3250 IP's, who have not received BRT, are terminated as per the MOI memo from 12Jul07. BG [redacted] was advised that district and station commanders have failed to provide IP's for BRT. The problem is also shared by MG [redacted] who has failed to discipline commanders and IP for failing to attend BRT. In MPSA class, 24 there are 151 students, from the Mosul area. MPSA Class 25 continues with 236 students from Tall Afar and 53 from Mosul. PTT will continue to investigate this.

PTT met with BG [redacted] and staff members of Finance Department on this headquarters visit. PTT observed payments being made to the families of IP killed for the month of August. For the month of August 1102 death benefits were paid out which is much higher from the month of July. PTT met with LT [redacted] of the Personnel Department and was informed that the internet system had been installed and working at this time. PTT was presented with updated IP numbers for NPHQ as of 10Sep07 there are 2434 IP and 247 officers at NPHQ. PTT met with BG [redacted] of operations and he informed PTT that vehicle traffic in and around NPHQ was not allowed at this time. This is due to the information they had obtained of possibility attack on NPHQ.

(MN0099) Major Crimes Unit/ Major Terrorist Unit: (TRA Level 2) PTT met with COL [redacted] commander of MTU, to review the request from the previous Investigator Judge (IJ) meetings. PTT had identified a small but consistent number of MTU cases, during the IJ meetings, where COL [redacted] could have corrected the request issue by making contact with local DHQ. PTT requested COL [redacted] meet with his investigators and have them review all backlogged cases, and identify the ones where COL [redacted] has the ability to push for replies from the Mosul DHQ. This action will increase the number of completed cases that can go to the IJ for review. COL [redacted] advised he would meet with his investigators and discuss this issue. PTT received copies of the IJ/MTU requests from the 06Sept07 IJ meeting and began reviewing them. PTT also began collecting the IPFSR information for the month of August.

(MN0201) Ninewah SWAT: PTT met IP SWAT on FOB Marez. A mission brief was conducted by CF. The target was a mortar cell leader in the Al Thabat neighborhood. At 0030 hours IP SWAT and CF convoyed to the target location. Once at the objective SWAT dismounted and approached the target location. IP SWAT then made entry into the target house. IP SWAT then secured the location and all occupants. The target subject was located and arrested. IP SWAT transported the subject to tiger base and turned him over to the IA.

(MN0220) Al Karama DHQ: (TRA level 2) PTT met with the station commander. He advised PTT that three of his IP were killed today and one wounded about 1600 hours. The IP were at a checkpoint in the Al Sanaa neighborhood. The insurgents drove up in two small cars and opened fire, killing three and wounding one. Witnesses stated they didn't have any further description of the insurgents. The commander stated they were looking into the shooting. He stated since the incident today he is going to increase his patrols in that neighborhood. PTT briefly talked with the commander about conducting classes with his training officers. The commander then received several phone calls, and advised he had to leave.

At Tamim [redacted]

(NO FFID) PJCC: (TRA Level UNK) PTT met with COL [redacted] Discussion consisted of the increasing problem from lack of funds to maintain the PJCC vehicles and computers. Five vehicles have been taken from the PJCC, leaving key personnel having to rely on taxi's to transport them and their bodyguards to work. Fourteen computers are in need of replacement in the PJCC's jurisdiction.

(TT0005) Kirkuk Provincial HQ: (TRA Level UNK) PTT spoke with BG [redacted] and he stated that MOI authorized him to pick up an additional 200,000 rounds of AK-47 ammunition, 50,000 rounds of 9 mm and 65 AK-47 rifles. BG [redacted] stated that he had been informed by MOI BG [redacted] that no decision has been made about the 1700 recruits requested by BG [redacted] The delay is believed to be because a councilman from the Hawijah area is complaining to MOI that no Arab recruits were selected for this class and he wants 500 of the recruits to be Arab. BG [redacted] stated that the Arab recruits were intentionally left out of this class because the number of Arab IP in the providence is already greater than the 29 percent agreed upon by the Kirkuk council.

(TT0015) Kalur Patrol Police Station: (TRA Level 3) PTT trained ten IP in traffic stop procedures by setting up mock scenarios in the parking lot and stepping them through the process including felony stops. PTT then performed a joint patrol with IP.

(TT0022) Meghdad Patrol Police Station: (TRA Level 2) PTT collected IPSFR data.

(TT0031) Shwan Local Police Station: (TRA Level 2) PTT planned a joint patrol and went over criminal cases with the Investigative Judge and CPT [redacted]

(TT0032) Taza Karhmatu Patrol Police Station: (TRA Level 2) PTT met with COL [redacted] and the Investigative Judge for the Kirkuk area. The Judge was very concerned and advised PTT he has observed a pattern of civil rights abuse against Iraqi Nationals by CF. It seems CF brings detainees to police stations for holding. Little or no information is given to the station as to why the Iraqi National is in custody. The Judge advised PTT that Iraqi law requires probable cause for an arrest of an individual be submitted to a judge within 24 hours. The judge advised PTT he is finding Iraqi Nationals held anywhere from ten to twenty days just on the orders of CF. During this time frame CF does not return or even ascertain as to the individuals condition. The Investigative Judge advised PTT he would contact the head judge for the province and have this cleared up once and for all.

(TT0099) Kirkuk Major Crimes Unit: (TRA Level 3) PTT met with COL [redacted] PTT opened the discussion with a status check on outstanding warrants for three officers at the Rashad Station. The arrest warrants are not being addressed and COL [redacted] assured PTT that this matter would be resolved by 13Sep07. PTT will be working on getting a large safe that will house sensitive evidentiary items. This will be placed in the armory room under the responsibility of SGT [redacted] There will be a sign in and sign out sheet for the investigators to use when submitting evidence. This will allow for tracking and confirmation as to where and when the evidence was stored during the pretrial phase. Nine out of the fourteen IP on duty did not have a 9mm weapon with them. It was learned that the IP were recent graduates from the Kirkuk Police Academy and were not issued a weapon. COL [redacted] has asked that the force protection at the new MCU location be reinforced to provide better protection and also another entryway be added. The COL would like new Hesco barriers and a new gate to replace the current entry point. PTT discussed minimum standards for accepting Investigators into the MCU. PTT suggested that five years of experience, training and proven ability be key factors in accepting someone into the MCU.

Irbil [redacted]

(NO FFID) Kurdish Minister of Interior: (TRA N/A) PTT met with Director [redacted], the KMOI Contracting Officer, to discuss issues relating to the proposal for a new Vehicle Maintenance Facility in Irbil Province. PTT was instructed by CPATT to ask the KRG to provide land dedicated for the facility. PTT did so and assisted the PDOP in obtaining land that was 5000 Square meters. Director [redacted] was also informed by CPATT to do the same thing. The land he was provided was 4500 Square meters. Director [redacted] advised that he was contacted by the contractor for the maintenance facility project who advised that the land required would be 36000 Square meters. With this new information, Director [redacted] is going back to the KRG to ask for the appropriate amount of land. Director [redacted] advised that land of this size would not be available in Irbil City. [redacted] says the land will have to come from the Minister of Agriculture and will likely be several miles outside of the city. PTT is attempting to verify the amount of land required by CPATT. Director [redacted] was advised to wait until PTT confirms the land requirements before he proceeds further with the KRG.

(NO FFID) Irbil Training Center: (TRA Level N/A) PTT submitted new station information through PSMR website applying for FFID numbers for the stations. PTT will continue to apply for FFID numbers for stations in the Koya area until all newly located stations have been entered and FFID numbers requested for each. PTT scheduled a trip to Sulaymaniyah to meet with Sulaymaniyah Oil Police Directorate, that supervises Koya Oil Police General Directorate, to discuss the T3 (Train the Trainer) training PTT is planning for the Koya Oil

Police General Directorate in Koya. PTT continued work on obtaining original files and lesson plans in Kurdish that have not been garbled. PTT will deliver the lesson plans to Koya District Traffic Police HQ when the lesson plans have been located and printed for use by recently trained IP Training Officers.

(MI0044) Khabat District Police HQ: (TRA Level 3) PTT traveled to Khabat District Police HQ and met with LTC [redacted] LTC [redacted] thanked the PTT for the Hesco barriers and informed the PTT these would help complete the perimeter at the station. LTC was concerned about a problem with one of the Officers. LTC [redacted] said that the officer, a Lieutenant, had arrest papers issued on him. This problem concerns a local Judge and a known criminal that was put in jail for four days. LTC [redacted] requested to speak with a PTT supervisor in detail, about the situation. PTT advised that this issue would be addressed with the PTT supervisor and the request would be passed on.

(MI0079) Mirra (Supply) Station: (TRA Level 3) PTT contacted LT [redacted] of the Mirra (Supply) Station to coordinate further transfer of Equipment including HESCO Barriers from Camp Zaytun to the Kurdish Police. PTT again requested hand receipts for previously issued emergency generators. LT [redacted] advised he has not picked up the receipts from all the stations.

(MI0275) Irbil Provincial JCC: (TRA Level 3) PTT met with PJCC staff and discussed the relationship with the NCC in Baghdad. PJCC is reluctant to share any information with Baghdad due to major security concerns. PTT inquired about the correspondence between the two agencies and the PJCC advised that they talk by phone on a daily basis, at least one to two times per day, and advise the NCC of any incidents or activities they have responded to. PTT did not press the issue further due to the Kurdish mistrust of the southern regions. PTT does feel that the communication needs to be even more frequent, but feels also that the issue certainly cannot be forced. Once Ideal Innovations has their system operational and the data is entered, NCC should be able to track incidents and keep better track of any issues that arise. PTT will continue to try to foster a better relationship with the NCC, but it is going to be a slow process that must be approached very delicately. PTT will attempt to make contact with IPA counter parts at the NCC as well as CF personnel working there.

Sulaymaniyah

(NO FFID) Sulaymaniyah PJCC: (TRA Level N/A) PTT met with BG [redacted] and discussed PJCC operation. PTT received the information needed for the new paperwork on the PJCC as well as the other JCCs. Information will be translated and presented at a later date. BG [redacted] advised PTT that he had obtained oral confirmation from MOI finance that the funds had been approved for the equipment needed at the other JCC's. After receiving written confirmation, [redacted] will form a committee to make the equipment purchases.

(TS0005) Sulaymaniyah Emergency Police: (TRA level 2) The PTT conducted SWAT training at the Police Academy. Class had a total of twenty officers. The students did 45 minutes of physical agility. The class lessons were on team lineups, individual movement techniques, room clearing, entry methods, back clearing, and tactical fundamentals. PTT used numerous situations to help illustrate the importance on today's topic.
