

HUMAN SUBJECT PROTECTION TRAINING

- 1: Register at www.citiprogram.org under Brooke Army Medical Center creating your own username and password (8-12 characters).
- 2: Select Group 2 Biomedical.
- 3: Review the Instructions Page on the website for the modules you must complete.
- 4: Complete the modules specific for Group 2 Biomedical
- 5: Complete the Confirmation of Course Completion, print out the page and click on the submit button.
- 6: A Certificate of Completion will be maintained with the Master files at USAISR and the BAMC IRB.

For questions or further assistance, please contact:

(b)(6)

Or

Department of Clinical Investigation at Brooke Army Medical Center

(b)(6) at USAISR

For those who have previously completed the CITI Training Program, provide the site under which you registered, e.g. Madigan Army Medical Center, and we will obtain the information.

If you have completed another Human Subject Protection Training Program such as NIH, provide us with that information.
