Mr. (b)(6)

I was coming around the corner of Bldg. 565 and saw the fall mid-stream. I did not see how the fall originated. When I realized it was a person that had fallen I increased my step to gain a better view and try to render assistance. I ran into an Air Force Major in front of 565 and we commenced to pull the fence apart to get to the area he fell to. We were the first two people on the scene.
