1. (U) **SITUATION. Change.** MNF-I IG completed an inspection of Trafficking in Persons (TIP) activities in March 2006. In April 2006, MNF-I published FRAGO 06-188, Prevention of Trafficking in Persons in MNF-I (REF E). Reference E established measurable standards and responsibilities for combating trafficking. The FRAGO created a framework for MNF-I's continuing program to deter and combat human trafficking.

(b)(5)

(b)(5)

This FRAGO supplements MNF-I FRAGO 06-188 with additional responsibilities and clarifying guidance for combating TIP in MNF-I.

2. (U) **MISSION.** No Change.

3. (U) **EXECUTION. Change.**

3.A. (U) **COMMANDER'S INTENT.** No Change.

3.B. (U) **CONCEPT OF OPERATIONS. Change.** MNF-I employs a three-pronged approach to deter and combat trafficking in persons by DoD personnel and contractors in Iraq; education and awareness, policy and enforcement, and inspection.

3.B.1. (U) **EDUCATION AND AWARENESS.** The key to combating Trafficking in Persons is awareness. All DoD military and civilian personnel and DoD contractors must receive the mandatory TIP awareness training prior to deployment or after arrival in Theater, IAW References C and D.

3.B.2. (U) **POLICY AND ENFORCEMENT.** Contracts now incorporate language to compel the protection of individual rights (at both contract and subcontract levels); to promote rule of law in Iraq and in the labor recruiting process; and identify penalties through contracting mechanisms for non-compliance. Leaders at all levels will take measures to ensure contractor compliance with MNF-I standards. Contractor compliance, and subcontractor compliance via contractor direction, is compelled by contracting officers
