CENTCOM Member personal email address (where can receive routing family readiness or emergency information)			

Marital Status (Check one)		
Married:	Single:	Geographically Separated:

Spouse Name
Spouse personal email address (where can receive routing family readiness or emergency information)

The CENTCOM family email distribution list is established to assist in dealing with various situations that may occur during a sponsor's absence. The family email distribution list is one of the most efficient ways of getting the correct information to your spouse in a timely manner and getting them assistance when unforeseen problems arise. Your family will be notified through email by the Family Readiness Manager with important information pertaining to the Family Readiness Program.

The Family Readiness program is your primary link with the Command in the event of deployment and is a means of communicating important information from our senior leadership. The email distribution list may be used for any of the following reasons: Social events, general information pertinent to CENTCOM and Families, deployments, homecoming information, and emergency information.

The function of the email distribution list is to keep you informed with the most up-to-date information available concerning service support programs within MacDill and the local area. The list is strictly confidential and protected by the privacy act and is not to be used for solicitation, chain mail, or mailing lists of any kind.
