SHOPPING

Shop Smart

Be a smart shopper and keep these shopping tips in mind – wherever you choose to shop.

Remember where you are: Park in a well lit area and don't forget to note where you are parked. Write down which department store or mall entrance is closest to your car. When leaving the mall, do so through the nearest exit to where you parked (don't wander the parking lot alone especially after dark).

Don't tempt thieves: DO NOT leave valuables in plain view in your car. Put items and packages in your trunk, in fact if there are items in your car before you leave to go shopping put them in your trunk BEFORE you leave. That way when you arrive at your destination you are not giving the thieves a clear view of what you have. LOCK your car, even if only going in for a few minutes, and take your keys with you – NEVER leave them unattended in the car.

There's safety in numbers: Whenever possible, shop with someone else. Not only will it make your shopping trip more enjoyable, but you'll have someone to help carry the bags.

Protect yourself: Always be alert. Don't hesitate to ask a mall security officer for help or to escort you to your car.

Be discreet: DO NOT flash large amounts of cash. Know where your purse, wallet, credit cards, cash, and keys are at all times.

Do NOT lay them in the open. Keep your purse securely closed and at your side at all time. NEVER leave your purse unattended in a grocery shopping cart, in fact use the child seat belt to secure it while you shop.

Be aware: Always be aware of what is happening around you. If something looks suspicious, report it immediately to mall or store security a store manager, guest services.
